The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

This legislation is intended to expand the Nebraska Advantage Act by creating two new 'green' tiers. Both tiers would double the tax credit currently available under the Nebraska Advantage Act for manufacturers of windmills. This legislation also earmarks five million dollars in Job Training Funds for recruiting and retaining employees who work for businesses which manufacture or modify equipment which can be used to generate or produce energy from renewable sources.
