The distance limitation may be waived for vehicles when carrying dry beans from the field where harvested to storage or market when dry beans are not normally stored, purchased, or

No permit shall be required for the temporary movement on highways other than dustless-surfaced state highways and for necessary access to points on such highways during daylight hours of cost-saving equipment to be used in highway or other public construction or in agricultural land treatment when such temporary movement is necessary and for a reasonable distance.

(2) The application for any such permit shall specifically describe the vehicle, the load to be operated or moved, whenever possible the particular highways for which permit to operate is requested, and whether such permit is requested for a single trip or for continuous or continuing operation.

The vehicle may travel from its point of origin to such designated scale without penalty, and a scale ticket from such scale, showing the vehicle to be properly loaded and within the gross and axle weights authorized by the permit, shall be reasonable evidence of compliance with the terms of the permit.

(5) The department or local authority issuing a permit as provided in this section may adopt and promulgate rules and regulations with respect to the issuance of permits provided for in this section.

(6) The department shall make available applications for permits authorized pursuant to subdivisions (1)(a)(ii) and (1)(a)(iii) of this section
