Summary of purpose and/or changes:

Legislative Bill 787 would provide that staff secure juvenile detention facilities be placed under the general oversight of the Jail Standards Board. The bill would define staff secure facility for purposes of the statutes that control the Jail Standards Board. The bill would add staff secure facilities to the section of law allowing for the return of unused prescription drugs from facilities regulated by the Jail Standards Board. The bill would add a tenth member to the Jail Standards Board and require that member to be an administrator of a staff secure facility. The Jail Standards Board would have to develop minimum standards for and inspect staff secure facilities. The bill would also give a staff secure facility access to the sealed juvenile records of an individual placed there.

Explanation of amendments:

Committee Amendment 2266 would strike section two of the bill to address opposition of the Nebraska Board of Pharmacy.
