(3) An application must be complete to establish the date of the application. An application shall be considered complete once it contains the items listed in subsection (2) of this section, regardless of the Tax Commissioner's additional needs pertaining to information or clarification in order to approve or not approve the application.

(4) Once satisfied that the plan in the application defines a project consistent with the purposes stated in the Nebraska Advantage Act in one or more qualified business activities within this state, that the taxpayer and the plan will qualify for benefits under the act, and that the required levels of employment and investment for the project will be met prior to the end of the fourth year after the year in which the application was submitted for a tier 1, tier 3, or tier 6 project or the end of the sixth year after the year in which the application was submitted for a tier 2, tier 4, or tier 5 project, the Tax Commissioner shall approve the application. New investment or employment at a project location that results in the meeting or maintenance of the employment or investment requirements, the creation of credits, or refunds of taxes under the Employment and Investment Growth Act shall not be considered new investment or employment for purposes of the Nebraska Advantage Act. The use of carryover credits under the Employment and Investment Growth Act, the Invest Nebraska Act, the Nebraska Advantage Rural Development Act, or the Quality Jobs Act shall not preclude investment and employment from being considered new investment or employment under the Nebraska Advantage Act. (7) A taxpayer and the Tax Commissioner may enter into agreements for more than one project and may include more than one project in a single agreement. The projects may be either sequential or concurrent. A project may involve the same location as another project. No new employment or new investment shall be included in more than one project for either the meeting of the employment or investment requirements or the creation of credits. When projects overlap and the plans do not clearly specify, then the taxpayer shall specify in which project the employment or investment belongs.

(8) The taxpayer may request that an agreement be modified if the modification is consistent with the purposes of the act and does not require

a change in the description of the project. An agreement may not be modified to a tier that would grant a higher level of benefits to the taxpayer or to a tier 1 project. Once satisfied that the modification to the agreement is consistent with the purposes stated in the act, the Tax Commissioner and taxpayer may amend the agreement. For a tier 6 project, the taxpayer must agree to limit the project to qualified activities allowable under tier 2 and tier 4.

The credits may be used after any other nonrefundable credits to reduce the taxpayer's income tax liability imposed by sections 77-2714 to 77-27,135. Any decision on how part of the credit is applied shall not limit how the remaining credit could be applied under this section.

(b) The taxpayer may use the credit provided in subsection (3) of section 77-5725 to reduce the taxpayer's income tax withholding employer or payor tax liability under section 77-2756 or 77-2757 to the extent such liability is attributable to the number of new employees at the project, excluding any compensation in excess of one million dollars paid to any one employee during the year. The taxpayer may use the credit provided in subsection (4) of section 77-5725 to reduce the taxpayer's income tax withholding employer or payor tax liability under section 77-2756 or 77-2757 to the extent such liability is attributable to all employees employed at the project, other than base-year employees and excluding any compensation in

For a tier 1, tier 2, tier 3, or tier 4 project, the amount of credits used against income tax withholding shall not exceed the withholding attributable to new employees employed at the project, excluding any compensation in excess of one million dollars paid to any one employee during the year.

(c) Credits may be used to obtain a refund of sales and use taxes under the Local Option Revenue Act, the Nebraska Revenue Act of 1967, and sections 13-319, 13-324, and 13-2813 which are not otherwise refundable that are paid on purchases, including rentals, for use at the project for a tier 1, tier 2, tier 3, or tier 4 project or for use within this state for a tier 2 large data center project or a tier 6 project.

Once the required levels of employment and investment for a tier 2 large data center project have been met, the credits earned for a tier 2 large data center project may be used to obtain a payment from the state equal to the real property taxes due after the year of application and before the end of the carryover period, for real property that is included in such project and acquired by the taxpayer, whether by lease or purchase, after the date the application was filed. The payment from the state shall be made only after payment of the real property taxes have been made to the county as required by law. Payments shall not be allowed for any taxes paid on real property for which the taxes are divided under section 18-2147 or 58-507.

(e) Credits may be carried over until fully utilized, except that such credits may not be carried over more than nine years after the year of application for a tier 1 or tier 3 project, fourteen years after the year of application for a tier 2 or tier 4 project, or more than one year past the end of the entitlement period for a tier 6 project.

(2)(a) No refund claims shall be filed until after the required levels of employment and investment have been met.

(b) Refund claims shall be filed no more than once each quarter for refunds under the Nebraska Advantage Act, except that any claim for a refund in excess of twenty-five thousand dollars may be filed at any time.

Sec. 9. Section 77-5727, Reissue Revised Statutes of Nebraska, is amended to read:

77-5727 (1)(a) If the taxpayer fails either to meet the required levels of employment or investment for the applicable project by the end of the fourth year after the end of the year the application was submitted for a tier 1, tier 3, or tier 6 project or by the end of the sixth year after the end of the year the application was submitted for a tier 2, tier 4, or tier 5 project or to utilize such project in a qualified business at employment and investment levels at or above those required in the agreement for the entire entitlement period, all or a portion of the incentives set forth in the Nebraska Advantage Act shall be recaptured or disallowed.

(b) In the case of a taxpayer who has failed to meet the required levels of investment or employment within the required time period, all reduction in the personal property tax because of the act shall be recaptured.

(2) In the case of a taxpayer who has failed to maintain the project at the required levels of employment or investment for the entire entitlement period, any reduction in the personal property tax, any refunds in tax allowed under subsection (2) of section 77-5725, and any refunds or reduction in tax allowed because of the use of a credit allowed under section 77-5725 shall be partially recaptured from either the taxpayer or the owner of the improvement to real estate and any carryovers of credits shall be partially disallowed. The amount of the recapture shall be a percentage equal to the number of years the taxpayer did not maintain the project at or above the required levels of investment and employment divided by the number of years of the project's entitlement period multiplied by the refunds allowed, reduction in personal property tax, the credits used, and the remaining carryovers. In addition, the last remaining year of personal property tax exemption shall be disallowed for each year the taxpayer did not maintain such project at or above the required levels of employment or investment.

(3) In the case of a taxpayer qualified under tier 5 who has failed to maintain the average number of equivalent employees at the project at the end of the six years following the year the taxpayer attained the required amount of investment, any refunds in tax allowed under subsection (2) of section 77-5725 or any reduction in the personal property tax under section 77-5725 shall be partially recaptured from the taxpayer. The amount of recapture shall be the total amount of refunds and reductions in tax allowed for all years times the reduction in the average number of equivalent employees employed at the end of the entitlement period from the number

of equivalent employees employed in the base year divided by the number of equivalent employees employed in the base year. For purposes of this subsection, the average number of equivalent employees shall be calculated at the end of the entitlement period by adding the number of equivalent employees in the year the taxpayer attains the required level of investment and each of the next following six years and dividing the result by seven.

(4) If the taxpayer receives any refunds or reduction in tax to which the taxpayer was not entitled or which were in excess of the amount to which the taxpayer was entitled, the refund or reduction in tax shall be recaptured separate from any other recapture otherwise required by this section. Any amount recaptured under this subsection shall be excluded from the amounts subject to recapture under other subsections of this section.

(5) Any refunds or reduction in tax due, to the extent required to be recaptured, shall be deemed to be an underpayment of the tax and shall be immediately due and payable. When tax benefits were received in more than one year, the tax benefits received in the most recent year shall be recovered first and then the benefits received in earlier years up to the extent of the required recapture.

~~(6) Any (6)(a) Except as provided in subdivision (6)(b) of this section, any personal property tax that would have been due except for the exemption allowed under the Nebraska Advantage Act, to the extent it becomes due under this section, shall be considered delinquent and shall be immediately due and payable to the county or counties in which the property was located when exempted.~~

(b) For a tier 2 large data center project, any personal property tax that would have been due except for the exemption under the Nebraska Advantage Act, together with interest at the rate provided in section 45-104.01 from the original delinquency date of the tax that would have been due until the date paid, to the extent it becomes due under this section, shall be considered delinquent and shall be immediately payable to the county or counties in which the property was located when exempted.

(c) All amounts received by a county under this section shall be allocated to each taxing unit levying taxes on tangible personal property in the county in the same proportion that the levy on tangible personal property of such taxing unit bears to the total levy of all of such taxing units.

(7) Notwithstanding any other limitations contained in the laws of this state, collection of any taxes deemed to be underpayments by this section shall be allowed for a period of three years after the end of the entitlement period.

(8) Any amounts due under this section shall be recaptured notwithstanding other allowable credits and shall not be subsequently refunded under any provision of the Nebraska Advantage Act unless the recapture was in error.

(9) The recapture required by this section shall not occur if the failure to maintain the required levels of employment or investment was caused by an act of God or national emergency.
