If the property to be beneficially owned by a governmental subdivision has a total acquisition cost that exceeds the threshold amount or will be used as the site of a public building with a total estimated construction cost that exceeds the threshold amount, then such property shall qualify for an exemption under this section only if the question of acquiring such property or constructing such public building has been submitted at a primary, general, or special election held within the governmental subdivision and has been approved by the voters of the governmental subdivision. Except as provided in Article VIII, section 11, of the Constitution of Nebraska, the payment in lieu of taxes shall be based on the proportionate share of the cost of providing public safety, rescue, or emergency services and road or street construction or maintenance services unless a general policy is adopted by the governing body of the governmental subdivision providing such services which provides for a different method of determining the amount of the payment in lieu of taxes.
