Introduced by Health and Human Services

1           1. Strike the original sections and insert the following  
2 new sections:

3           Section 1. Section 43-285, Revised Statutes Cumulative  
4 Supplement, 2012, is amended to read:

5           43-285 (1) When the court awards a juvenile to the care  
6 of the Department of Health and Human Services, an association,  
7 or an individual in accordance with the Nebraska Juvenile Code,  
8 the juvenile shall, unless otherwise ordered, become a ward and  
9 be subject to the guardianship of the department, association,  
10 or individual to whose care he or she is committed. Any such  
11 association and the department shall have authority, by and with  
12 the assent of the court, to determine the care, placement, medical  
13 services including the determination of eligibility for medical  
14 assistance under section 68-911, psychiatric services, training,  
15 and expenditures on behalf of each juvenile committed to it. Such  
16 guardianship shall not include the guardianship of any estate of  
17 the juvenile.

18           (2) Following an adjudication hearing at which a juvenile  
19 is adjudged to be under subdivision (3) of section 43-247, the  
20 court may order the department to prepare and file with the  
21 court a proposed plan for the care, placement, services, and  
22 permanency which are to be provided to such juvenile and his  
23 or her family. The plan shall include a written determination

1 regarding the eligibility of the child for medical assistance under  
2 section 68-911. The health and safety of the juvenile shall be  
3 the paramount concern in the proposed plan. When the plan includes  
4 the provision of services in order that the juvenile can remain  
5 in his or her home and such services are to prevent out-of-home  
6 placement, the plan shall be prepared and shall clearly state  
7 that the services described in the plan are to prevent placement  
8 and that absent preventive services, foster care is the planned  
9 arrangement for the child. The department shall include in the  
10 plan for a juvenile who is sixteen years of age or older and  
11 subject to the guardianship of the department a written independent  
12 living transition proposal which meets the requirements of section  
13 43-1311.03. The court may approve the plan, modify the plan,  
14 order that an alternative plan be developed, or implement another  
15 plan that is in the juvenile's best interests. In its order the  
16 court shall include a finding regarding the appropriateness of  
17 the programs and services described in the proposal designed to  
18 assist the juvenile in acquiring independent living skills. Rules  
19 of evidence shall not apply at the dispositional hearing when the  
20 court considers the plan that has been presented.

21 (3) Within thirty days after an order awarding a juvenile  
22 to the care of the department, an association, or an individual  
23 and until the juvenile reaches the age of majority, the department,  
24 association, or individual shall file with the court a report  
25 stating the location of the juvenile's placement and the needs of  
26 the juvenile in order to effectuate the purposes of subdivision  
27 (1) of section 43-246. The department, association, or individual

1 shall file a report with the court once every six months or at  
2 shorter intervals if ordered by the court or deemed appropriate  
3 by the department, association, or individual. Every six months,  
4 the report shall provide an updated determination regarding the  
5 eligibility of the child for medical assistance under section  
6 68-911. The department, association, or individual shall file a  
7 report and notice of placement change with the court and shall  
8 send copies of the notice to all interested parties at least  
9 seven days before the placement of the juvenile is changed from  
10 what the court originally considered to be a suitable family  
11 home or institution to some other custodial situation in order to  
12 effectuate the purposes of subdivision (1) of section 43-246. The  
13 court, on its own motion or upon the filing of an objection to  
14 the change by an interested party, may order a hearing to review  
15 such a change in placement and may order that the change be stayed  
16 until the completion of the hearing. Nothing in this section shall  
17 prevent the court on an ex parte basis from approving an immediate  
18 change in placement upon good cause shown. The department may make  
19 an immediate change in placement without court approval only if  
20 the juvenile is in a harmful or dangerous situation or when the  
21 foster parents request that the juvenile be removed from their  
22 home. Approval of the court shall be sought within twenty-four  
23 hours after making the change in placement or as soon thereafter  
24 as possible. The department shall provide the juvenile's guardian  
25 ad litem with a copy of any report filed with the court by the  
26 department pursuant to this subsection.

27 (4) The court shall also hold a permanency hearing if

1 required under section 43-1312.

2 (5) When the court awards a juvenile to the care of the  
3 department, an association, or an individual, then the department,  
4 association, or individual shall have standing as a party to file  
5 any pleading or motion, to be heard by the court with regard to  
6 such filings, and to be granted any review or relief requested in  
7 such filings consistent with the Nebraska Juvenile Code.

8 (6) Whenever a juvenile is in a foster care placement  
9 as defined in section 43-1301, the Foster Care Review Office or  
10 the designated local foster care review board may participate in  
11 proceedings concerning the juvenile as provided in section 43-1313  
12 and notice shall be given as provided in section 43-1314.

13 (7) Any written findings or recommendations of the Foster  
14 Care Review Office or the designated local foster care review board  
15 with regard to a juvenile in a foster care placement submitted to  
16 a court having jurisdiction over such juvenile shall be admissible  
17 in any proceeding concerning such juvenile if such findings or  
18 recommendations have been provided to all other parties of record.

19 (8) The executive director and any agent or employee of  
20 the Foster Care Review Office or any member of any local foster  
21 care review board participating in an investigation or making any  
22 report pursuant to the Foster Care Review Act or participating in a  
23 judicial proceeding pursuant to this section shall be immune from  
24 any civil liability that would otherwise be incurred except for  
25 false statements negligently made.

26 Sec. 2. Section 43-905, Revised Statutes Cumulative  
27 Supplement, 2012, is amended to read:

1                   43-905 (1) The Department of Health and Human Services  
2 shall be the legal guardian of all children committed to  
3 it. The department shall afford temporary care and shall use  
4 special diligence to provide suitable homes for such children.  
5 The department shall make reasonable efforts to accomplish  
6 joint-sibling placement or sibling visitation or ongoing  
7 interaction between siblings as provided in section 43-1311.02.  
8 The department is authorized to place such children in suitable  
9 families for adoption, foster care, or guardianship or, in the  
10 discretion of the department, on a written contract.

11                   (2) The contract shall provide (a) for the children's  
12 education in the public schools or otherwise, (b) for teaching them  
13 some useful occupation, and (c) for kind and proper treatment as  
14 members of the family in which they are placed.

15                   (3) Whenever any child who has been committed to the  
16 department becomes self-supporting, the department shall declare  
17 that fact and the guardianship of the department shall cease.  
18 Thereafter the child shall be entitled to his or her own earnings.  
19 Guardianship of and services by the department shall never extend  
20 beyond the age of majority, except that (a) services by the  
21 department to a child shall continue until the child reaches the  
22 age of twenty-one if the child is a student regularly attending a  
23 school, college, or university or regularly attending a course of  
24 vocational or technical training designed to prepare such child for  
25 gainful employment and (b) beginning January 1, 2014, services may  
26 be extended as provided under the federal Patient Protection and  
27 Affordable Care Act, 42 U.S.C. 1396a(a)(10)(A)(i)(IX), as such act

1 and section existed on January 1, 2013, for medicaid coverage for  
2 individuals under twenty-six years of age as allowed pursuant to  
3 such act.

4 (4) Whenever the parents of any ward, whose parental  
5 rights have not been terminated, have become able to support and  
6 educate their child, the department shall restore the child to his  
7 or her parents if the home of such parents would be a suitable  
8 home. The guardianship of the department shall then cease.

9 (5) Whenever permanent free homes for the children cannot  
10 be obtained, the department shall have the authority to provide and  
11 pay for the maintenance of the children in private families, in  
12 foster care, in guardianship, in boarding homes, or in institutions  
13 for care of children.

8 Supplement, 2012, is amended to read:

9 68-1207 (1) The Department of Health and Human Services  
10 shall supervise all public child welfare services as described  
11 by law. The department and the pilot project described in  
12 section 68-1212 shall maintain caseloads to carry out child

14 investigations and services to children and families. Caseloads  
15 shall range between twelve and seventeen cases as determined  
16 pursuant to subsection (2) of this section. In establishing the  
17 specific caseloads within such range, the department and the pilot  
18 project shall (a) include the workload factors that may differ  
19 due to geographic responsibilities, office location, and the travel  
20 required to provide a timely response in the investigation of  
21 abuse and neglect, the protection of children, and the provision  
22 of services to children and families in a uniform and consistent  
23 statewide manner and (b) utilize the workload criteria of the  
24 standards established as of January 1, 2012, by the Child Welfare  
25 League of America. The average caseload shall be reduced by the  
26 department in all service areas as designated pursuant to section  
27 81-3116 and by the pilot project to comply with the caseload

1 range described in this subsection by September 1, 2012. Beginning  
2 September 15, 2012, the department shall include in its annual

6 standards of the Child Welfare League of America or its successor.

7 (2) Caseload size shall be determined in the following  
8 manner: (a) If children are placed in the home, the family shall  
9 count as one case regardless of how many children are placed in  
10 the home; (b) if a child is placed out of the home, the child  
11 shall count as one case; (c) if, within one family, one or more  
12 children are placed in the home and one or more children are placed

15 case; and (d) any child receiving services from the department or a  
16 private entity under contract with the department shall be counted  
17 as provided in subdivisions (a) through (c) of this subsection

20 the child is placed with his or her biological or adoptive parent  
21 or a legal guardian and a child is considered to be placed out of  
22 the home if the child is placed in foster care, group home care, or  
23 any other setting which is not the child's planned permanent home.

24 (3) To insure appropriate oversight of noncourt and  
25 voluntary cases when any child welfare services are provided,  
26 either by the department or by a lead agency participating in  
27 the pilot project, as a result of a child safety assessment, the

2 the services to be provided and the actions to be taken by the  
3 department or lead agency and the family in each such case. Such  
4 case plan shall clearly indicate, when appropriate, that children  
5 are receiving services to prevent out-of-home placement and that,  
6 absent preventive services, foster care is the planned arrangement  
7 for the child.

8 (4) To carry out the provisions of this section, the  
9 Legislature shall provide funds for additional staff.

15 regulations shall provide alternatives to address nonsafety issues  
16 regarding housing and provide assistance to families in overcoming  
17 licensing barriers, especially in child-specific relative and  
18 kinship placements, to maximize appropriate reimbursement under  
19 Title IV-E of the federal Social Security Act, as amended,  
20 including expanding the use of kinship guardianship assistance

6 shall implement a formal grievance process for families involved in

9 the grievance process for fear of reprisal from the department,  
10 providers, or foster parents. A report of each grievance allegation  
11 and the determination of and any action to be taken by the  
12 department shall be provided to the Inspector General for Nebraska
