

One Hundred Third Legislature - First Session - 2013

Introducer's Statement of Intent

LR155

Chairperson: Senator John Wightman

Committee: Executive Board

Date of Hearing: May 08, 2013

The following constitutes the reasons for this resolution and the purposes which are sought to be accomplished thereby:

This Resolution incorporates the language of LB 613. With some streamlining modifications, it tracks the language of LB 613 (Tax Modernization Commission) and would eliminate the need to enact a statute.

A special legislative committee is fully empowered and capable of carrying out all aspects of LB 613, plus, more flexibility is possible.

The Fourth "Whereas" adds the word "incentives" which is absent from LB 613, in order that the waterfront will be covered in the enumeration of items to be reviewed and evaluated.
