

## LEGISLATIVE BILL 7

Approved by the Governor March 7, 2013

Introduced by Krist, 10.

FOR AN ACT relating to the Engineers and Architects Regulation Act; to amend sections 81-3436, 81-3437, 81-3450, and 81-3454, Reissue Revised Statutes of Nebraska; to change and eliminate provisions relating to signatures and seals; and to repeal the original sections.

Be it enacted by the people of the State of Nebraska,

Section 1. Section 81-3436, Reissue Revised Statutes of Nebraska, is amended to read:

81-3436 (1) The practice or offer to practice for others the professions of architecture or engineering by individuals licensed under the Engineers and Architects Regulation Act through an organization is permitted if the criteria for organizational practice established by the board are met and the organization had been issued a certificate of authorization by the board. All technical submissions by an organization involving the practice of architecture and engineering, when issued or filed for public record, shall be dated and bear the signature and seal of the licensee qualified in the profession who prepared the submission or under whose immediate direction they were prepared. Public service providers are not included in this section.

(2) An organization desiring a certificate of authorization shall file with the board an application, using the form provided by the board, listing the names and addresses of all officers of the organization, the members of the organization's governing body, and the individual or individuals duly licensed to practice their respective professions in this state who shall be in responsible charge of the practice of those professions in the state through the organization. Any change in status of any of these persons during the certificate period shall be designated on the same form and filed with the board within thirty days after the effective date of the change. If the requirements of this section are met, the board shall issue a certificate of authorization to the organization and the organization may contract for and collect fees for furnishing professional services.

(3) The act shall not prevent an organization from performing professional services for itself.

(4) An organization is not relieved of responsibility for the conduct or acts of its agents, employees, officers, or partners by reason of its compliance with this section. An individual practicing architecture or engineering is not relieved of responsibility for services performed by reason of employment or any other relationship with an organization holding a certificate of authorization.

(5) Commencing one year after January 1, 1998, the Secretary of State shall not issue a certificate of authority to do business in the state to an applicant or issue a registration of name to an organization which includes among the objectives for which it is established the practice of architecture or engineering, or any modification or derivation of those design professions, unless the board has issued the applicant a certificate of authorization or a letter indicating the eligibility of the applicant to receive a certificate. The organization shall supply the certificate or letter with its application for incorporation or licensure.

(6) Commencing one year after January 1, 1998, the Secretary of State shall not register any trade name or service mark which includes the words architect or engineer, or any modification or derivative of such words, in its firm name or logotype except to those organizations holding authorization certificates issued by the board except as authorized in the act or in the Professional Landscape Architects Act.

(7) The certificate of authorization shall be renewed periodically as required by the board.

(8) A design professional who renders occasional, part-time, or consulting services to or for an organization may not for the purposes of this section be designated as being responsible for the professional activities of the organization.

Sec. 2. Section 81-3437, Reissue Revised Statutes of Nebraska, is amended to read:

81-3437 (1) The board shall issue to any applicant who, on the basis of education, experience, and examination, has met the requirements of the Engineers and Architects Regulation Act a certificate of licensure giving the licensee proper authority to carry out the prerogatives of the act. The certificate of licensure shall carry the designation Licensed Architect or

Licensed Professional (discipline) Engineer. The certificate shall give the full name of the licensee and license number and shall be signed by the chairperson of the board, the secretary of the board, and a board member representing the respective profession under the seal of the board.

(2) The certificate shall be prima facie evidence that the person is entitled to all rights, privileges, and responsibilities of an architect or a professional engineer while the certificate of licensure remains unrevoked and unexpired.

(3) (a) Each licensee authorized to practice architecture or engineering must obtain a seal. ~~It shall be unlawful for a licensee to affix his or her seal and signature or to permit his or her seal and signature to be affixed to any document after the expiration of the certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade the act.~~ The design of the seal shall be determined by the board. The following information shall be on the seal: State of Nebraska; licensee's name; licensee's license number; and the words Architect or Professional (discipline) Engineer.

(b) ~~The seal may be a rubber stamp or may be generated electronically. Whenever the seal is applied, the licensee's written signature and the date shall be across the seal. The board may adopt and promulgate rules and regulations for application of the seal. No further words or wording are required. Electronic signatures applied to electronic seals must be protected with an electronic revision approval system. Documents without electronic revision approval protection that are transmitted electronically to a client or a governmental agency shall have the seal removed from the file. The electronic media shall have the following inserted in lieu of the seal, signature, and date:~~

~~This document was originally issued and sealed by (name of sealer), (license number), on (date of sealing). This media should not be considered a certified document.~~

(c) ~~The seal, signature, and the date of its placement shall be placed on all technical submissions and calculations whenever presented to a client or any public or governmental agency. It shall be unlawful for a licensee to affix his or her seal or to permit his or her seal to be affixed to any document after the expiration of the certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade the act.~~

(d) ~~The seal, signature, and date shall be placed on all originals, copies, tracings, or other reproducible drawings and the first and last pages of specifications, reports, and studies in such a manner that the seal, signature, and date will be reproduced and be in compliance with rules and regulations of the board. The application of the licensee's seal and signature shall constitute certification that the work was done by the licensee or under the licensee's control. In the case of multiple sealings, the first or title page shall be sealed, signed, and dated by all involved. In addition, each sheet shall be sealed, signed, and dated by the licensee responsible for each sheet. In the case of an organization, each sheet shall be sealed, signed, and dated by the licensee involved. The architect or professional engineer in responsible charge shall sign, seal, and date the title or first sheet.~~

(e) In the case of a temporary permit issued to a licensee of another state, the licensee shall use his or her state of licensure seal and shall affix his or her signature and temporary permit to all his or her work.

~~(f) The design of the seal shall be determined by the board. The following information shall be on the seal: State of Nebraska; licensee's name; licensee's license number; and the words Architect or Professional (discipline) Engineer.~~

~~(g) (f) Projects involving more than one licensed architect or professional engineer shall have one designated as the coordinating professional. The coordinating professional shall apply his or her seal and signature and the date to the cover sheet of all documents and denote the seal as that of the coordinating professional.~~

(4) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of the act an enrollment card as engineer-intern which indicates that his or her name has been recorded as such in the board office. The engineer-intern enrollment card does not authorize the holder to practice as a professional engineer.

Sec. 3. Section 81-3450, Reissue Revised Statutes of Nebraska, is amended to read:

81-3450 An architect shall not ~~sign~~ affix his or her signature or seal to technical submissions unless they were prepared by the architect or under his or her direct supervision, except that in the case of the portions of such technical submissions prepared under the direct supervision of another architect employed by the first architect or by his or her firm, he or she may

~~sign and affix his or her signature or seal to~~ those portions of the technical submissions if the architect has reviewed such portions and has coordinated their preparation or integrated them into his or her work. He or she may ~~sign~~ affix his or her signature or seal to those portions of the technical submissions that are not required by the Engineers and Architects Regulation Act to be prepared by or under the direct supervision of an architect if the architect has reviewed or adapted in whole or in part such submissions and integrated them into his or her work.

Sec. 4. Section 81-3454, Reissue Revised Statutes of Nebraska, is amended to read:

81-3454 (1) A professional engineer shall not affix his or her seal or signature to sketches, working drawings, specifications, or other documents developed by others not under his or her direct supervision, except that in the case of the portions of such technical submissions prepared under the direct supervision of another professional engineer employed by the first professional engineer or by his or her firm, he or she may ~~sign and~~ affix his or her signature or seal to those portions of the technical submissions if the professional engineer has reviewed such portions and has coordinated their preparation or integrated them into his or her work. He or she may ~~sign~~ affix his or her signature or seal to those portions of the technical submissions that are not required by the Engineers and Architects Regulation Act to be prepared by or under the direct supervision of a professional engineer if the professional engineer has reviewed or adapted in whole or in part such submission and integrated them into his or her work.

(2) In the case of a temporary permit issued to a professional engineer of another state, the licensee shall use his or her state of licensure seal and shall affix his or her signature and a copy of the temporary permit to all his or her work.

Sec. 5. Original sections 81-3436, 81-3437, 81-3450, and 81-3454, Reissue Revised Statutes of Nebraska, are repealed.
