Mr. Patrick J. O'Donnell
Clerk of The Nebraska Legislature
PO Box 94604
Lincoln, NE. 68509-4604

Dear Mr. O'Donnell:

Enclosed for your information is a copy of the Notice required pursuant to Neb. Rev. Stat §58-270 of our statutes.

NIFA is reviewing the issuance of Single Family Bonds in multiple issues through December 31, 2017 in an aggregate amount not to exceed \$500,000,000. As discussed in the notice, NIFA expects that loan demand will be steady throughout the 2017 calendar year. Please call with any questions.

Thank You

Very Truly Yours,

A handwritten signature in blue ink, which appears to read 'Judy A. Krasomil', is written over the typed name.

Enclosure

**NOTICE REQUIRED PURSUANT TO
SECTION 58-270, REISSUE REVISED STATUTES OF NEBRASKA**

The Nebraska Investment Finance Authority (the "Authority") hereby gives notice in accordance with the Nebraska Investment Finance Authority Act, Sections 58-201 et seq., Reissue Revised Statutes of Nebraska, as amended (the "Act"), to the Honorable Pete Ricketts, Governor of the State of Nebraska (the "State"), and Patrick J. O'Donnell, Clerk of the Legislature of the State, of the proposed issuance by the Authority of the following bonds:

\$500,000,000

Nebraska Investment Finance Authority
Single Family Housing Program Bonds
(consisting of one or more Series of Bonds
to be issued during the periods described herein)

The Authority anticipates that it will authorize the issuance and sale of one or more separate issuances of single-family housing bonds (which may be revenue bonds, general obligation bonds, or some combination thereof) (collectively, the "Bonds") from time to time as provided herein. The Authority would from time to time issue an amount of Bonds in order to make funds continuously available for the public purposes of the Authority (described below). Based upon the needs identified below, the Authority believes, depending upon capital market conditions, a beneficial method of carrying out its public purposes for the Authority's Mortgage Loan Program (defined below) may be to issue its Bonds (in one or more issues and as one or more series in an amount not to exceed \$500,000,000) over the period of time from the date hereof to December 31, 2017 or as otherwise provided herein. The issuance of Bonds on this basis, together with implementing other financial strategies in connection with the Authority's Mortgage Loan Program, will:

(a) as the capital markets permit, allow the Authority to continue to timely and orderly provide for funds for the financing of (i) first mortgage loans ("First Mortgage Loans") (as whole loans and/or as mortgage-backed securities) to be originated in connection with the Authority's several single-family housing programs, (ii) down payment and closing cost assistance ("Home Buyer Assistance") to be provided in connection with certain of the Authority's First Mortgage Loans and (iii) mortgage loans which may or may not be FHA-insured, VA-guaranteed or USDA/RD-guaranteed or conventional mortgage loans and which may or may not be guaranteed or insured by private mortgage insurance or other insurance and which may include mortgage loans with varying terms to maturity of 30 years or less, mortgage loans that are below market rates or noninterest bearing and Mortgage Loans, such as rehabilitation or home improvement loans, that may or may not be secured by first lien mortgages and to acquire mortgage-backed securities that are not issued or guaranteed by GNMA, Fannie Mae or FHLMC ("NIFA Portfolio Loans," and, collectively with the First Mortgage Loans and the Home Buyer Assistance described above, the "NIFA Program Mortgage Loans");

(b) minimize the costs the Authority experiences during the period from Bond issuance to the time Bond proceeds would be used to finance NIFA Program Mortgage Loans; and

(c) reduce the risk of nonorigination of NIFA Program Mortgage Loans should interest rates generally fall subsequent to the issuance of the Bonds.

The Authority expects to use the proceeds of the Bonds, if issued, (a) to provide moneys for the Trustee, on behalf of the Authority, to purchase or finance or, in some cases, reimburse the Authority (through funds provided from Authority operating funds or Authority borrowings), the Master Servicer or other parties for NIFA Program Mortgage Loans acquired and held in anticipation of the availability of Bond proceeds (in each case, "to finance") and NIFA Program Mortgage Loans made to qualified low- and moderate-income persons in the State under the Authority's "First Mortgage Loan Program" (with respect to First Mortgage Loans), the Authority's "Home Buyer Assistance Program" (with respect to Home Buyer Assistance) and the Authority's "Portfolio Mortgage Loan Program" (with respect to Portfolio Mortgage Loans) (such programs, including other related programs of the Authority, are referred to herein as the "Mortgage Loan Program"); (b) to make certain deposits into the funds and accounts created under the indenture(s) of trust securing the Bonds; (c) in the case of the proceeds made available by the issuance of "refunding Bonds" (not required to obtain volume cap), to pay the principal of or the redemption price on certain of the Authority's previously issued single-family mortgage revenue bonds and thereby make additional funds available to finance NIFA Program Mortgage Loans or to provide subsidy benefits applicable to certain NIFA Program Mortgage Loans; or (d) to pay or, in some cases, reimburse the Authority (through funds provided from Authority operating funds or Authority borrowings) for certain expenses relating to the Mortgage Loan Program.

The Authority desires, through its Mortgage Loan Program, to cause to be provided, through the issuance of the Bonds and the implementation of various other financial strategies, sanitary, safe and uncrowded housing for low- and moderate-income persons and families in the State.

Section 1. The Public Purposes To Be Effectuated and the Needs To Be Addressed Through the Issuance of the Bonds. The public purposes to be effectuated and the needs to be addressed by the Authority through the issuance of the Bonds are (i) to provide more adequate owner-occupied residential housing for low- and moderate-income persons and families, particularly first-time homebuyers, within the State by providing financing of mortgage loans at interest rates lower than those otherwise available; (ii) to continue to provide an ongoing program of making such financing available within the marketplace in an orderly fashion at below-market interest rates; and (iii) to encourage homeownership by low- and moderate-income persons, including particularly first-time homebuyers, which results in an overall benefit to society.

The Legislature of the State has found and declared that:

(a) from time to time the high rates of interest charged by mortgage lenders substantially restrict existing housing transfers and new housing starts, and the resultant

reduction in residential construction starts causes a condition of substantial unemployment and underemployment in the construction industry;

(b) such conditions generally result in and contribute to the creation of slums and blighted areas in the urban and rural areas of the State and a deterioration of the quality of living conditions within the State and necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident prevention and other public services and facilities; and

(c) there exists in the urban and rural areas of the State an inadequate supply of, and a pressing need for, sanitary, safe and uncrowded housing at prices at which low- and moderate-income persons, particularly first-time homebuyers, can afford to purchase, construct or rent forcing such persons to occupy unsanitary, unsafe and overcrowded housing.

The Legislature of the State has further indicated a need (as evidenced by Section 58-249 of the Act) to provide financing of mortgages for low-income persons at an interest rate below the interest rate which otherwise applies to mortgages financed from Authority single-family Bond issues.

Through Section 143 of the Internal Revenue Code of 1986, as amended (the "Code"), providing for the exclusion of interest on "qualified mortgage bonds," the federal government of the United States of America has recognized a need for and benefit in providing financing for mortgage loans to persons, particularly first-time homebuyers, with qualifying incomes for the purchase of owner-occupied residences at purchase prices not exceeding certain limits imposed by the Code.

Section 2. The Manner in Which Such Need Was Identified.

(a) *Summary of Existing Single Family Housing Programs.* The needs to be addressed as described in Section 1 above were identified by the Authority on the basis of demand for financing under the Authority's existing single-family housing programs. As of June 30, 2016, to provide funds for the Mortgage Loan Programs, bonds (the "Single Family Bonds") aggregating \$4,430,680,000 have been issued as 106 series pursuant to the Authority's General Indenture of Trust (Single Family Housing Revenue Bonds) dated as of July 1, 1994, as amended (the "Single Family General Indenture"), bonds (the "GNMA MBS Bonds") aggregating \$43,353,567 have been issued pursuant to the Authority's Trust Indenture dated as of June 1, 2011 (the "GNMA MBS Indenture"), bonds (the "Homeownership Bonds") aggregating \$178,000,000 have been issued pursuant to the Authority's General Indenture of Trust (Homeownership Revenue Bonds) dated as of December 1, 2009 (the "Homeownership Indenture"), and bonds (the "G.O. Bonds") aggregating \$27,815,177 have been issued as 22 series pursuant to the Authority's General Indenture of Trust (General Obligation Bonds), dated as of January 1, 1998 (the "General Obligation Indenture"). In addition to the proceeds of such bond issues, certain principal payments on single-family mortgage loans previously financed with bonds issued pursuant to such indentures have been recycled, thereby

creating additional financing for approximately \$458,549,000 of NIFA Program Mortgage Loans. A description of the Bonds issued pursuant to the Single Family General Indenture, the GNMA MBS Indenture and the Homeownership Indenture and the use of the proceeds thereof for the financing of First Mortgage Loans as of June 30, 2016 is set forth in Appendix B to this Notice.

(b) *Applications Received and Availability of Remaining Mortgage Loan Account Funds—Single Family Revenue Bonds Indenture of Trust.* As of September 30, 2016, approximately \$-0- in proceeds of Bonds remain available to finance First Mortgage Loans. As of September 30, 2016, applications have been received from borrowers for approximately \$108,681,000 of funds, of which amount approximately \$14,968,000 of Mortgage Loans have been financed on behalf of the Authority by the Master Servicer and \$55,124,500 have been financed from operating funds of the Authority, some of which, depending upon the capital markets, may be purchased from available proceeds upon the issuance of Bonds. Applications are currently being received from borrowers at an average approximate rate of \$895,000 a day.

The experience of the Authority with respect to the origination of First Mortgage Loans (for each of the years ended) has been as follows:

6-30-16	\$255,086,744
6-30-15	226,114,873
6-30-14	238,843,331

6-30-94	39,596,450
6-30-93	108,991,111
6-30-92	130,729,086
6-30-91	171,090,731

(*Because of the disruption in the capital markets beginning in the fall of 2008, the issuance of bonds for single-family programs during the latter part of 2008 through most of 2010 was severely impacted and very few bonds were issued. This affected all issuers of single-family mortgage revenue bonds.)

(c) *Applications Received and Availability of Remaining Mortgage Loan Account Funds—General Obligation Bonds.* The Authority has operated and funded, from time to time, programs offering Home Buyer Assistance to borrowers who received First Mortgage Loans from the Authority's First Mortgage Loan Program. This Home Buyer Assistance has been financed with general operating funds of the Authority, through the issuance of G.O. Bonds pursuant to the terms of the General Obligation Indenture and with recycled bond proceeds. To date, G.O. Bonds aggregating \$27,815,177 have been issued to finance Home Buyer Assistance. To the extent possible, the Authority expects to continue to offer Home Buyer Assistance which, as in the past, may be financed using various resources of the Authority.

(d) *Historical and Expected Demand.* Based upon (i) the historical experience of the Authority over the prior 30 years with respect to the financing of mortgage loans through the issuance of single-family mortgage revenue bonds and certain general obligation bonds, (ii) its experience to date with its First Mortgage Loan Program and its Home Buyer Assistance Program and (iii) the continued requests for the reservation of First Mortgage Loan Program funds and continued requests for the reservation of Home Buyer Assistance Program funds, the Authority anticipates the need for funds in order to finance NIFA Program Mortgage Loans on a regular and consistent basis during the 2016 calendar year not to exceed approximately \$500,000,000. In order to maximize its resources for purposes of financing NIFA Program Mortgage Loans under existing, and any future, programs, and to take advantage of marketing opportunities, while at the same time preserving the bond ratings on, and the security pledged to the holders of, Bonds issued and outstanding pursuant to the terms of the various trust indentures securing the Bonds, the Authority intends, depending upon capital market conditions, to finance additional NIFA Program Mortgage Loans to meet that need through the issuance of Bonds (which may be revenue bonds, general obligation bonds or some combination thereof) pursuant to the terms of one or more indentures of trust (which may include, but shall not be limited to, the Single Family General Indenture, the Homeownership Indenture, the GNMA MBS Indenture and/or the General Obligation Indenture).

(e) *Board Approval.* At its meeting held on October 21, 2016, the Board of the Authority approved, in substantially the form submitted, this Notice.

Section 3. The Anticipated Principal Amount of the Bond Issues and the Anticipated Dates of Issuance of the Bonds. Subject to capital market conditions, the Authority anticipates issuing Bonds in the aggregate principal amount of approximately \$500,000,000 in one or more series of bonds and one or more separate issuances of the Bonds (which may be revenue bonds, general obligation bonds, or some combination thereof) pursuant

to the terms of one or more indentures of trust, which may include (but shall not be limited to) the Single Family General Indenture, the Homeownership Indenture and/or the General Obligation Indenture. The Authority expects that an amount approximately equal to the final principal amount of each series of the Bonds if issued (less any amount of Bond proceeds, if any, used to fund reserve funds as described in Section 4 below) will be made available to finance NIFA Program Mortgage Loans. Issuance and delivery of the Bonds is expected to occur, on a regular basis, over approximately the next 12 months, in such amounts, and at such times, as determined by the Authority. The issuance of Bonds in one or more issues and as one or more series over several months will better provide the Authority with lower interest rates as the result of more competitive borrowing, ultimately for the benefit of low- and moderate-income borrowers. Issuance and delivery of all of the Bonds referred to in this Notice is anticipated to occur on or before December 31, 2016, although Bonds may be issued after that date within the description provided in this Notice, at the discretion of the Executive Director of the Authority. Issuance and delivery of the Bonds in the aggregate principal amount not expected to exceed \$500,000,000 in one or more series of bonds and one or more separate issuances of the Bonds (which may be revenue bonds, general obligation bonds, or some combination thereof) pursuant to the terms of one or more indentures of trust, which may include (but shall not be limited to) the Single Family General Indenture, the Homeownership Indenture, the GNMA MBS Indenture and/or the General Obligation Indenture, shall be in addition to any revenue bonds and general obligation bonds which may be issued by the Authority up to those amounts for which the Authority has previously delivered one or more notices required pursuant to Section 58-270 of the Act (but with respect to which bonds have not yet been issued by the Authority).

Section 4. Anticipated Size of Reserve Funds. It is anticipated that to the extent the Bonds will be secured by one or more reserve funds, such reserve funds will not exceed, in the aggregate, 15% of the principal amount of the Bonds.

Section 5. The Professionals Involved in Connection With the Issuance of the Bonds. The following professionals have been selected or approved by the Authority to participate in the issuance, sale and delivery of the Bonds:

Underwriters:	JPMorgan Securities LLC Ameritas Investment Corp. D.A. Davidson & Co. First National Capital Markets, Inc. George K. Baum & Company
Counsel to the Underwriters:	Baird Holm LLP Omaha, Nebraska
Bond Counsel and General Counsel to the Authority:	Kutak Rock LLP Omaha, Nebraska
First Mortgage Loan Master Servicer:	U.S. Bank National Association Bedford, Ohio

Trustee for
the Bonds:

Wells Fargo Bank, National Association
Minneapolis, Minnesota

Guaranteed Investment
Agreement Providers:

It is anticipated that all funds and accounts will be invested until such time as needed to finance NIFA Program Mortgage Loans and, in the case of the reserve funds, until the maturity of the Bonds, in Permitted Investments (as defined in the related bond indenture). Such Permitted Investments include guaranteed investment agreements with one or more entities which carry a rating by Standard & Poor's Ratings Group and/or Moody's Investors Service, Inc. which will not adversely affect the rating assigned to the Bonds which is anticipated to be not less than "A". Selection of the provider or providers of any guaranteed investment will be made by the Authority by obtaining at least three bids, but will not occur until the actual marketing and pricing of each series of the Bonds.

Funding Facilities:

From time to time in connection with the issuance of Bonds, the Authority may consider, to the extent determined to be in the best interest of the Authority or as may be necessary or advisable in the interest of the Authority, entering into one or more Funding Facilities. Such Funding Facilities may be entered into for the purpose of meeting certain cash flow management objectives of the Authority, including but not limited to (i) supporting floating rate payments on the Bonds with a fixed maximum interest rate source or fixed rate payment source or (ii) providing a source of funds for remarketing, rate setting, auction, market or related purposes. Selection of the providers of any Funding Facilities will be made in connection with marketing and pricing of the Bonds and any such Funding Facility will be provided by entities such that there is not an adverse impact on the rating of the Bonds.

The Authority may, from time to time, select other professionals to participate in the issuance, sale and delivery of the Bonds to the extent it deems such selection advisable and in the best interests of the Authority.

The filing of the foregoing Notice with the Governor and the Clerk of the Legislature, in accordance with the Act, was approved by the Authority on October 21, 2016.

A copy of this Notice has also been provided to those representatives of the news media requesting notification of the proposed issuance of bonds, which representatives are listed on Appendix A hereto.

²Excludes Community Program Loans

³In addition to the categories of Whole Mortgage Loans and Mortgage Backed Securities listed above for the Housing Indenture, NIFA also had outstanding, as of June 30, 2016, Community Program Loans in the aggregate principal amount of \$15,550,736. Such Community Program Loans do not have mortgage insurance or guaranties and most are subordinate to preexisting first liens. For purposes of cash flow analysis, these loans are assumed to have no probability of repayment and are not considered as assets of the Program.

Ongoing NIFA Single Family Program

The following sets forth as of June 30, 2016, the principal amount of mortgage-backed securities held by NIFA in its general operating fund and/or credited thereto, the principal amount of originated whole mortgage loans held by the master servicer, the principal amount of whole mortgage loans closed but not yet held by the master servicer, and the principal amount of mortgage loan reservations taken by NIFA. (See Note 1)

Note 1 At the direction of NIFA, the master servicer will issue or cause to be issued MBSs, backed by the whole mortgage loans currently being held by the master servicer. Such MBSs will thereafter be available for delivery to one or more trustees for bonds issued by NIFA to fund its Program, to NIFA or to the provider of interim financing as described in this Note 1. NIFA has purchased and may continue to purchase with its general operating funds MBSs backed by mortgage loans held by the master servicer. Additionally, NIFA has used and intends to continue to use advances provided by the Federal Home Loan Bank of Topeka (the "FHLB of Topeka"), for the purchase of MBSs backed by mortgage loans held by the master servicer as available from time to time. In addition to the Housing Bonds issued from time to time pursuant to the Housing Indenture, NIFA may elect to enter into one or more other indentures for the issuance of bonds to finance mortgage loans. Upon the issuance of Housing Bonds and/or other bonds, NIFA anticipates, directing the delivery of those whole mortgage loans currently held by the master servicer when backed by MBSs, together with the MBSs held by NIFA or pledged by NIFA to the FHLB of Topeka to either or both of the trustee for the Housing Bonds and/or the trustee for the other bonds, as applicable. However, rather than deliver the MBSs to either the trustee for the Housing Bonds or the trustee for the other bonds, NIFA may elect to continue to hold the MBSs as assets of NIFA or dispose of the MBSs in such manner as determined by NIFA. In the event mortgage loans held by the master servicer do not become backed by MBSs, such mortgage loans may be delivered to the trustee for the Housing Bonds for purchase as whole loans with proceeds available under the Housing Indenture.
