LB 285 amends the Sports Arena Facility Financing Assistance Act.

The bill increases the time period in which 100% of new nearby retailers' state sales tax is subject to throwback from the current 24 month period to a 120 month period. Under current statute the period in which 100% of new state sales tax revenue is thrown back ends 24 months after the occupancy of the eligible sports arena facility.

The Department of Revenue indicates that they are unable to estimate the fiscal impact on the General Fund and the Cash Funds and the impact is contingent upon future qualifying sports arena facility projects under the Sports Arena Facility Financing Assistance Act.

The amount of sales tax subject to the current provisions of the Sports Arena Facility Financing Assistance Act averages approximately \$653,000 per quarter. Given the provisions of LB 285 the loss of revenue to the General Fund will increase as new retailers locate in the arena sourcing zone, although we are unable to provide a specific estimate of fiscal impact.

The Department of Revenue indicates the cost to implement LB 285 will be minimal.

We agree with the Department's estimate of cost.
