Sec. 31-733 currently provides, in part, that sanitary and improvement district (SID) boards have “the power to pass all necessary ordinances, orders, rules, and regulations for the necessary conduct of its business and to carry into effect the objects for which the sanitary and improvement district was formed”. LB300 would extend the text of this authority by adding “and to enforce all ordinances by imposing penalties and fines for violations of such ordinances not to exceed five hundred dollars for any one offense, recoverable with costs”. Related impacts would be dependent upon the extent to which respective SID boards would exercise this authority.
