4 60-4,144.02, 60-4,168, and 60-4,181, Revised Statutes Cumulative
5 Supplement, 2014; to eliminate obsolete provisions; to harmonize
6 provisions; and to repeal the original sections.
7 Be it enacted by the people of the State of Nebraska,

1 Section 1. Section 60-3,136, Reissue Revised Statutes of Nebraska,
2 is amended to read:

3 60-3,136 (1)(a) The motor vehicle insurance data base is created.
4 The department shall develop and administer the motor vehicle insurance
5 data base which shall include the information provided by insurance
6 companies as required by the department pursuant to sections 60-3,136 to
7 60-3,139. The motor vehicle insurance data base shall be used to
8 facilitate registration of motor vehicles in this state by the department
9 and its agents. The director may contract with a designated agent for the
10 purpose of establishing and operating the motor vehicle insurance data
11 base and monitoring compliance with the financial responsibility
12 requirements of such sections. ~~The department shall implement the motor~~
13 ~~vehicle insurance data base no later than July 1, 2004. The director~~
14 ~~shall designate the date for the department's implementation of the motor~~
15 ~~vehicle insurance data base.~~

16 (b) The department may adopt and promulgate rules and regulations to
17 carry out sections 60-3,136 to 60-3,139. The rules and regulations shall
18 include specifications for the information to be transmitted by the
19 insurance companies to the department for inclusion in the motor vehicle
20 insurance data base, and specifications for the form and manner of
21 transmission of data for inclusion in the motor vehicle insurance data
22 base, as recommended by the Motor Vehicle Insurance Data Base Task Force
23 created in subsection (2) of this section in its report to the
24 department.

25 (2)(a) The Motor Vehicle Insurance Data Base Task Force is created.
26 The Motor Vehicle Insurance Data Base Task Force shall investigate the
27 best practices of the industry and recommend specifications for the
28 information to be transmitted by the insurance companies to the
29 department for inclusion in the motor vehicle insurance data base and
30 specifications for the form and manner of transmission of data for
31 inclusion in the motor vehicle insurance data base.

1 (b) The Motor Vehicle Insurance Data Base Task Force shall consist
2 of:

3 (i) The Director of Motor Vehicles or his or her designee;

4 (ii) The Director of Insurance or his or her designee;

5 (iii) The following members who shall be selected by the Director of
6 Insurance:

7 (A) One representative of a domestic automobile insurance company or
8 domestic automobile insurance companies;

9 (B) One representative of an admitted foreign automobile insurance
10 company or admitted foreign automobile insurance companies; and

11 (C) One representative of insurance producers licensed under the
12 laws of this state; and

13 (iv) Four members to be selected by the Director of Motor Vehicles.

14 (c) The requirements of this subsection shall expire on July 1,
15 2004, except that the director may reconvene the task force at any time
16 thereafter if he or she deems it necessary.

17 Sec. 2. Section 60-3,198, Revised Statutes Cumulative Supplement,
18 2014, is amended to read:

19 60-3,198 (1) Any owner engaged in operating a fleet of apportionable
20 vehicles in this state in interjurisdiction commerce may, in lieu of
21 registration of such apportionable vehicles under the general provisions
22 of the Motor Vehicle Registration Act, register and license such fleet
23 for operation in this state by filing a statement and the application
24 required by section 60-3,203 with the Division of Motor Carrier Services
25 of the department. The statement shall be in such form and contain such
26 information as the division requires, declaring the total mileage
27 operated by such vehicles in all jurisdictions and in this state during
28 the preceding year and describing and identifying each such apportionable
29 vehicle to be operated in this state during the ensuing license year.
30 Upon receipt of such statement and application, the division shall
31 determine the total fee payment, which shall be equal to the amount of

1 fees due pursuant to section 60-3,203 and the amount obtained by applying
2 the formula provided in section 60-3,204 to a fee of thirty-two dollars
3 per ton based upon gross vehicle weight of the empty weights of a truck
4 or truck-tractor and the empty weights of any trailer or combination
5 thereof with which it is to be operated in combination at any one time
6 plus the weight of the maximum load to be carried thereon at any one
7 time, and shall notify the applicant of the amount of payment required to
8 be made. Mileage operated in noncontracting reciprocity jurisdictions by
9 apportionable vehicles based in Nebraska shall be applied to the portion
10 of the formula for determining the Nebraska injurisdiction fleet
11 distance.

12 Temporary authority which permits the operation of a fleet or an
13 addition to a fleet in this state while the application is being
14 processed may be issued upon application to the division if necessary to
15 complete processing of the application.

16 Upon completion of such processing and receipt of the appropriate
17 fees, the division shall issue to the applicant a sufficient number of
18 distinctive registration certificates which provide a list of the
19 jurisdictions in which the apportionable vehicle has been apportioned,
20 the weight for which registered, and such other evidence of registration
21 for display on the apportionable vehicle as the division determines
22 appropriate for each of the apportionable vehicles of his or her fleet,
23 identifying it as a part of an interjurisdiction fleet proportionately
24 registered. All fees received as provided in this section shall be
25 remitted to the State Treasurer for credit to the Motor Carrier Services
26 Division Distributive Fund.

27 The apportionable vehicles so registered shall be exempt from all
28 further registration and license fees under the Motor Vehicle
29 Registration Act for movement or operation in the State of Nebraska
30 except as provided in section 60-3,203. The proportional registration and
31 licensing provision of this section shall apply to apportionable vehicles

1 added to such fleets and operated in this state during the license year
2 except with regard to permanent license plates issued under section
3 60-3,203.

4 The right of applicants to proportional registration under this
5 section shall be subject to the terms and conditions of any reciprocity
6 agreement, contract, or consent made by the division.

7 When a nonresident fleet owner has registered his or her
8 apportionable vehicles, his or her apportionable vehicles shall be
9 considered as fully registered for both interjurisdiction and
10 intrajurisdiction commerce when the jurisdiction of base registration for
11 such fleet accords the same consideration for fleets with a base
12 registration in Nebraska. Each apportionable vehicle of a fleet
13 registered by a resident of Nebraska shall be considered as fully
14 registered for both interjurisdiction and intrajurisdiction commerce.

15 (2) Mileage proportions for interjurisdiction fleets not operated in
16 this state during the preceding year shall be determined by the division
17 upon the application of the applicant on forms to be supplied by the
18 division which shall show the operations of the preceding year in other
19 jurisdictions and estimated operations in Nebraska or, if no operations
20 were conducted the previous year, a full statement of the proposed method
21 of operation.

22 (3) Any owner complying with and being granted proportional
23 registration shall preserve the records on which the application is made
24 for a period of three years following the current registration year. Upon
25 request of the division, the owner shall make such records available to
26 the division at its office for audit as to accuracy of computation and
27 payments or pay the costs of an audit at the home office of the owner by
28 a duly appointed representative of the division if the office where the
29 records are maintained is not within the State of Nebraska. The division
30 may enter into agreements with agencies of other jurisdictions
31 administering motor vehicle registration laws for joint audits of any

1 such owner. All payments received to cover the costs of an audit shall be
2 remitted by the division to the State Treasurer for credit to the Motor
3 Carrier Division Cash Fund. No deficiency shall be assessed and no claim
4 for credit shall be allowed for any license registration year for which
5 records on which the application was made are no longer required to be
6 maintained.

7 (4) If the division claims that a greater amount of fee is due under
8 this section than was paid, the division shall notify the owner of the
9 additional amount claimed to be due. The owner may accept such claim and
10 pay the amount due, or he or she may dispute the claim and submit to the
11 division any information which he or she may have in support of his or
12 her position. If the dispute cannot otherwise be resolved within the
13 division, the owner may petition for an appeal of the matter. The
14 director shall appoint a hearing officer who shall hear the dispute and
15 issue a written decision. Any appeal shall be in accordance with the
16 Administrative Procedure Act. Upon expiration of the time for perfecting
17 an appeal if no appeal is taken or upon final judicial determination if
18 an appeal is taken, the division shall deny the owner the right to
19 further registration for a fleet license until the amount finally
20 determined to be due, together with any costs assessed against the owner,
21 has been paid.

22 (5) Every applicant who licenses any apportionable vehicles under
23 this section and section 60-3,203 shall have his or her registration
24 certificates issued only after all fees under such sections are paid and,
25 if applicable, proof has been furnished of payment, in the form
26 prescribed by the director as directed by the United States Secretary of
27 the Treasury, of the federal heavy vehicle use tax imposed by 26 U.S.C.
28 4481 of the Internal Revenue Code as defined in section 49-801.01.

29 (6)(a) In the event of the transfer of ownership of any registered
30 apportionable vehicle, (b) in the case of loss of possession because of
31 fire, theft, or wrecking, junking, or dismantling of any registered

1 apportionable vehicle, (c) when a salvage branded certificate of title is
2 issued for any registered apportionable vehicle, (d) whenever a type or
3 class of registered apportioned vehicle is subsequently declared by
4 legislative act or court decision to be illegal or ineligible to be
5 operated or towed on the public roads and no longer subject to
6 registration fees and taxes, (e) upon trade-in or surrender of a
7 registered apportionable vehicle under a lease, or (f) in case of a
8 change in the situs of a registered apportionable vehicle to a location
9 outside of this state, its registration shall expire, except that if the
10 registered owner or lessee applies to the division after such transfer or
11 loss of possession and accompanies the application with a fee of one
12 dollar and fifty cents, he or she may have any remaining credit of
13 vehicle fees and taxes from the previously registered apportionable
14 vehicle applied toward payment of any vehicle fees and taxes due and
15 owing on another registered apportionable vehicle. If such registered
16 apportionable vehicle has a greater gross vehicle weight than that of the
17 previously registered apportionable vehicle, the registered owner or
18 lessee of the registered apportionable vehicle shall additionally pay
19 only the registration fee for the increased gross vehicle weight for the
20 remaining months of the registration year based on the factors determined
21 by the division in the original fleet application.

22 (7) Whenever a Nebraska-based fleet owner files an application with
23 the division to delete a registered apportionable vehicle from a fleet of
24 registered apportionable vehicles (a) because of a transfer of ownership
25 of the registered apportionable vehicle, (b) because of loss of
26 possession due to fire, theft, or wrecking, junking, or dismantling of
27 the registered apportionable vehicle, (c) because a salvage branded
28 certificate of title is issued for the registered apportionable vehicle,
29 (d) because a type or class of registered apportioned vehicle is
30 subsequently declared by legislative act or court decision to be illegal
31 or ineligible to be operated or towed on the public roads and no longer

1 subject to registration fees and taxes, (e) because of a trade-in or
2 surrender of the registered apportionable vehicle under a lease, or (f)
3 because of a change in the situs of the registered apportionable vehicle
4 to a location outside of this state, the registered owner may, by
5 returning the registration certificate or certificates and such other
6 evidence of registration used by the division or, if such certificate or
7 certificates or such other evidence of registration is unavailable, then
8 by making an affidavit to the division of such transfer or loss, receive
9 a refund of that portion of the unused registration fee based upon the
10 number of unexpired months remaining in the registration year from the
11 date of transfer or loss. No refund shall be allowed for any fees paid
12 under section 60-3,203. When such apportionable vehicle is transferred or
13 lost within the same month as acquired, no refund shall be allowed for
14 such month. Such refund may be in the form of a credit against any
15 registration fees that have been incurred or are, at the time of the
16 refund, being incurred by the registered apportionable vehicle owner. The
17 Nebraska-based fleet owner shall make a claim for a refund under this
18 subsection within the registration period or shall be deemed to have
19 forfeited his or her right to the refund.

20 (8) Whenever a Nebraska-based fleet owner files an application with
21 the division to delete a registered apportionable vehicle from a fleet of
22 registered apportionable vehicles because the apportionable vehicle is
23 disabled and has been removed from service, the registered owner may, by
24 returning the registration certificate or certificates and such other
25 evidence of registration used by the division or, in the case of the
26 unavailability of such certificate or certificates or such other evidence
27 of registration, then by making an affidavit to the division of such
28 disablement and removal from service, receive a credit for that portion
29 of the unused registration fee deposited in the Highway Trust Fund based
30 upon the number of unexpired months remaining in the registration year.
31 No credit shall be allowed for any fees paid under section 60-3,203. When

1 such apportionable vehicle is removed from service within the same month
2 in which it was registered, no credit shall be allowed for such month.
3 Such credit may be applied against registration fees for new or
4 replacement vehicles incurred within one year after cancellation of
5 registration of the apportionable vehicle for which the credit was
6 allowed. When any such apportionable vehicle is reregistered within the
7 same registration year in which its registration has been canceled, the
8 fee shall be that portion of the registration fee provided to be
9 deposited in the Highway Trust Fund for the remainder of the registration
10 year. The Nebraska-based fleet owner shall make a claim for a credit
11 under this subsection within the registration period or shall be deemed
12 to have forfeited his or her right to the credit.

13 (9) In case of addition to the registered fleet during the
14 registration year, the owner engaged in operating the fleet shall pay the
15 proportionate registration fee from the date the vehicle was placed into
16 service or, if the vehicle was previously registered, the date the prior
17 registration expired or the date Nebraska became the base jurisdiction
18 for the fleet, whichever is first, for the remaining balance of the
19 registration year. The fee for any permanent license plate issued for
20 such addition pursuant to section 60-3,203 shall be the full fee required
21 by such section, regardless of the number of months remaining in the
22 license year.

23 (10) In lieu of registration under subsections (1) through (9) of
24 this section, the title holder of record may apply to the division for
25 special registration, to be known as an unladen-weight registration, for
26 any commercial motor vehicle or combination of vehicles. Such
27 registration shall be valid only for a period of thirty days and shall
28 give no authority to operate the vehicle except when empty. The fee for
29 such registration shall be twenty dollars for each vehicle, which fee
30 shall be remitted to the State Treasurer for credit to the Highway Trust
31 Fund. The issuance of such permits shall be governed by section 60-3,179.

1 ~~(11)(a) This subdivision applies until the implementation date~~
2 ~~designated by the director pursuant to subdivision (b) of this~~
3 ~~subsection. Any person may, in lieu of registration under subsections (1)~~
4 ~~through (9) of this section or for other jurisdictions as approved by the~~
5 ~~director, purchase a trip permit for any nonresident truck, truck-~~
6 ~~tractor, bus, or truck or truck-tractor combination. Such permit shall be~~
7 ~~valid for a period of seventy-two hours. The fee for such permit shall be~~
8 ~~twenty-five dollars for each truck, truck-tractor, bus, or truck or~~
9 ~~truck-tractor combination. Such permit shall be available at weighing~~
10 ~~stations operated by the carrier enforcement division and at various~~
11 ~~vendor stations as determined appropriate by the carrier enforcement~~
12 ~~division. The carrier enforcement division shall act as an agent for the~~
13 ~~Division of Motor Carrier Services in collecting such fees and shall~~
14 ~~remit all such fees collected to the State Treasurer for credit to the~~
15 ~~Highway Cash Fund. Trip permits shall be obtained at the first available~~
16 ~~location whether that is a weighing station or a vendor station. The~~
17 ~~vendor stations shall be entitled to collect and retain an additional fee~~
18 ~~of ten percent of the fee collected pursuant to this subsection as~~
19 ~~reimbursement for the clerical work of issuing the permits.~~

20 ~~(11) (b) This subdivision applies beginning on an implementation~~
21 ~~date designated by the director. The director shall designate an~~
22 ~~implementation date which is on or before January 1, 2015. Any person~~
23 ~~may, in lieu of registration under subsections (1) through (9) of this~~
24 ~~section or for other jurisdictions as approved by the director, purchase~~
25 ~~a trip permit for any nonresident truck, truck-tractor, bus, or truck or~~
26 ~~truck-tractor combination. A trip permit shall be issued before any~~
27 ~~person required to obtain a trip permit enters this state with such~~
28 ~~vehicle. The trip permit shall be issued by the director through Internet~~
29 ~~sales from the department's web site. The trip permit shall be valid for~~
30 ~~a period of seventy-two hours. The fee for the trip permit shall be~~
31 ~~twenty-five dollars for each truck, truck-tractor, bus, or truck or~~

1 truck-tractor combination. The fee collected by the director shall be
2 remitted to the State Treasurer for credit to the Highway Cash Fund.

3 Sec. 3. Section 60-487, Revised Statutes Cumulative Supplement,
4 2014, is amended to read:

5 60-487 ~~(1)(a) This subsection applies until July 8, 2015. If any~~
6 ~~magistrate or judge finds in his or her judgment of conviction that the~~
7 ~~application or issuance certificate pursuant to which the director has~~
8 ~~issued an operator's license under the Motor Vehicle Operator's License~~
9 ~~Act contains any false or fraudulent statement deliberately and knowingly~~
10 ~~made to any officer as to any matter material to the issuance of such~~
11 ~~license or does not contain required or correct information or that the~~
12 ~~person to whom the license was issued was not eligible to receive such~~
13 ~~license, then the license shall be absolutely void from the date of issue~~
14 ~~and such motor vehicle operator shall be deemed to be not licensed to~~
15 ~~operate a motor vehicle. Such license shall be at once canceled of record~~
16 ~~in his or her office by the director upon receipt of a copy of such~~
17 ~~judgment of conviction. The director may, upon his or her own motion,~~
18 ~~summarily cancel any license for any of the reasons set forth in this~~
19 ~~subsection if such reason or reasons affirmatively appear on his or her~~
20 ~~official records.~~

21 ~~(b) If the director determines, in a check of an applicant's license~~
22 ~~status and record prior to issuing a commercial driver's license or an~~
23 ~~LPC-learner's permit, or at any time after the commercial driver's~~
24 ~~license or LPC-learner's permit is issued, that the applicant falsified~~
25 ~~information contained in the application or in the medical examiner's~~
26 ~~certificate, the director may summarily cancel the person's commercial~~
27 ~~driver's license or LPC-learner's permit or his or her pending~~
28 ~~application as provided in subdivision (1)(a) of this section and~~
29 ~~disqualify the person from operating a commercial motor vehicle for sixty~~
30 ~~days.~~

31 ~~(1) (2)(a) This subsection applies beginning July 8, 2015. If any~~

1 magistrate or judge finds in his or her judgment of conviction that the
2 application or issuance certificate pursuant to which the director has
3 issued an operator's license under the Motor Vehicle Operator's License
4 Act contains any false or fraudulent statement deliberately and knowingly
5 made to any officer as to any matter material to the issuance of such
6 license or does not contain required or correct information or that the
7 person to whom the license was issued was not eligible to receive such
8 license, then the license shall be absolutely void from the date of issue
9 and such motor vehicle operator shall be deemed to be not licensed to
10 operate a motor vehicle. Such license shall be at once canceled of record
11 in his or her office by the director upon receipt of a copy of such
12 judgment of conviction. The director may, upon his or her own motion,
13 summarily cancel any license for any of the reasons set forth in this
14 section if such reason or reasons affirmatively appear on his or her
15 official records.

16 (2 b) If the director determines, in a check of an applicant's
17 license status and record prior to issuing a CLP-commercial learner's
18 permit or commercial driver's license, or at any time after the CLP-
19 commercial learner's permit or commercial driver's license is issued,
20 that the applicant falsified information contained in the application or
21 in the medical examiner's certificate, the director may summarily cancel
22 the person's CLP-commercial learner's permit or commercial driver's
23 license or his or her pending application as provided in subsection (1)
24 ~~subdivision (2)(a)~~ of this section and disqualify the person from
25 operating a commercial motor vehicle for sixty days.

27 2014, is amended to read:
