Committee: Appropriations

A BILL FOR AN ACT relating to appropriations; to amend section 2-1588, Revised Statutes Cumulative Supplement, 2014; to appropriate funds relating to natural resources; to harmonize provisions; to repeal the original section; and to declare an emergency.

Be it enacted by the people of the State of Nebraska,
Section 1. There is hereby appropriated (1) $15,054,000 from the
General Fund for FY2015-16 to the Department of Natural Resources, for
Program No. 307.

There is included in the appropriation to this program for FY2015-16
$15,054,000 General Funds for state aid, which shall only be used for
such purpose.

It is the intent of the Legislature that the funds appropriated in
this section shall be in addition to appropriations made to Program No.
307 as a result of the FY2015-17 biennial budget request of the
Department of Natural Resources and shall be used to provide additional
allocations to Nebraska Resources Development Fund projects approved as
of March 30, 2014.

Sec. 2. Section 2-1588, Revised Statutes Cumulative Supplement,
2014, is amended to read:

2-1588 (1) No money in the Nebraska Resources Development Fund may
be reallocated by the commission in accordance with sections 2-1586 to
2-1595 for utilization by the department, by any state office, agency,
board, or commission, or by any political subdivision of the state which
has the authority to develop the state's water and related land resources
after March 30, 2014. The commission may commit appropriated funds to
projects approved as of March 30, 2014, not to exceed amounts
specifically allocated to such projects prior to March 30, 2014, unless
specific appropriations to exceed the March 30, 2014, allocation amounts
are approved by the Legislature. In the event of such specific
appropriations, the commission shall develop procedures to allocate the
additional funding to projects approved as of March 30, 2014. Any of such
funds remaining after all such project costs have been completely funded
shall be transferred to the Water Sustainability Fund by the State
Treasurer. Prior to March 30, 2014, the fund may be allocated in the form
of grants or loans or for acquiring state interests in water and related
land resources programs and projects undertaken within the state. The
allocation of funds to a program or project in one form shall not of
itself preclude additional allocations in the same or any other form to
the same program or project. Funds may also be allocated to assist
natural resources districts in the preparation of management plans as
provided in section 46-709. Funds so allocated shall not be subject to
sections 2-1589 to 2-1595.

(2) No project, including all related phases, segments, parts, or
divisions, shall receive more than ten million dollars from the fund. On
July 1 of each year after 1993, the director shall adjust the project
cost and payment limitation of this subsection by an amount equal to the
average percentage change in a readily available construction cost index
for the prior three years.

(3) Prior to September 1 of each even-numbered year, a biennial
report shall be made to the Governor and the Clerk of the Legislature
describing the work accomplished by the use of such development fund
during the immediately preceding two-year period. The report submitted to
the Clerk of the Legislature shall be submitted electronically. The
report shall include a complete financial statement. Each member of the
Legislature shall receive an electronic copy of such report upon making a
request to the director.

Sec. 3. Original section 2-1588, Revised Statutes Cumulative
Supplement, 2014, is repealed.

Sec. 4. Since an emergency exists, this act takes effect when
passed and approved according to law.
