

ONE HUNDRED FOURTH LEGISLATURE

SECOND SESSION

LEGISLATIVE RESOLUTION 397

Introduced by Gloor, 35; Campbell, 25.

PURPOSE: Patient-Centered Medical Home (PCMH) is a model of health care services delivery that puts the patient at the center of care in new ways that require informed joint decisionmaking on medical decisions with a focus on preventive care and management of chronic diseases.

In Nebraska, PCMH has been the focus of legislative efforts since 2009 and of the medical community since 2008. LR22 (2015) studied the multi-year, ongoing work to improve the health of Nebraskans through improved health care services delivery.

It is the purpose of this resolution for the Health and Human Services Committee of the Legislature to conduct an interim study to monitor this health care transformation in Nebraska, to examine the progress of the Nebraska PCMH Participation Agreement, and to provide a legislative forum for discussion and collaboration among the many stakeholders in the health care and health insurance industries.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED FOURTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.
