Summary of purpose and/or changes:

LB 947 would allow for the adoption of the Nebraska Property Tax Cuts and Opportunities Act. Under the Act:

Residential homeowners shall be allowed a refundable income tax credit equal to a percentage of property taxes paid during the taxable year. Beginning January 2018, the credit shall be ten percent of property taxes paid. For taxable year 2019 and each year thereafter, if actual net General Fund receipts come in at least one percent above certified estimated receipts, the percentage used to calculate the refundable income tax credits shall be the percentage from the prior year plus two percentage points, not to exceed thirty percent. For taxable year 2018, the limitation amount of the refundable income tax credit shall be $230 per homestead. For taxable year 2019 and each year thereafter, if the percentage used to calculate the credit is increased, the limitation amount may be increased each year by a maximum of $50, not to exceed $730.

Resident individuals paying property taxes on agricultural land and horticultural land, farm sites and improvements on farm sites shall be allowed a refundable income tax credit equal to a percentage of property taxes paid during the taxable year. Beginning January 2018, the credit shall be ten percent of property taxes paid. For taxable year 2019 and each year thereafter, if actual net General Fund receipts come in at least one percent above certified estimated receipts, the percentage used to calculate the refundable income tax credits shall be the percentage from the prior year plus two percentage points, not to exceed thirty percent. There is no limitation amount on the refundable income tax credit.

LB 947 provides for a two-year phase down of the top individual income tax rate from 6.84% to 6.69%. Additionally, the bill provides for a two-year phase down of the corporate tax rate for all taxable income in excess of $100,000 from 7.81% to 6.69%.

The bill directs the State Treasurer to transfer from the General Fund $5 million to the Job Training Cash Fund on or before July 15, 2018 and another $5 million to the fund on or before July 15, 2019.

Finally, LB 947 eliminates exemptions under the Personal Property Tax Relief Act and eliminates credits under the Property Tax Credit Act to fund the income tax credits and tax-rate reductions proposed in the bill.

Explanation of amendments:

EXPLANATION OF AM2542 TO LB947

The amendment becomes the bill.

Sec. 3 The amendment creates a refundable income tax credit for homeowners that is equal to a percentage of property taxes paid. A cap is set on the maximum amount of the credit for tax years beginning on or after January 1, 2018. The credit is available for both resident and nonresident taxpayers.

The amendment allows for distribution of the tax credit for shareholders, partners, members, or beneficiaries of Subchapter S corporations, partnerships, LLC’s, trusts or estates.

The owner of a homestead who purchases another homestead prior to August 15 may file an affidavit with the Tax Commissioner to allow the credit to be claimed on the new homestead during the taxable year.

Sec. 4 The amendment creates a refundable income tax credit for agricultural and horticultural property owners equal to a percentage of property taxes paid. There is no cap on the maximum amount of the credit for tax years beginning on or after January 1, 2018. The credit is available for both resident and nonresident taxpayers.
