The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB83 amends section 60-6,233 in order to allow a physician medical director to use emergency lights on any vehicle they are driving as long as they are using the lights while they are actually en route to an emergency where their services are needed. In order to use these lights, they would first need to get a signed letter of permission from the county sheriff.
