14 (4) If the fund is insufficient for any reason to reimburse the
15 amount set forth in this section, the maximum amount that the fund shall
16 be required to reimburse is the amount in the fund. If reimbursements
17 approved by the department exceed the amount in the fund, reimbursements
18 with interest shall be made when the fund is sufficiently replenished in
19 the order in which the applications for them were received by the
20 department, except that an application pending before the department on
21 January 1, 1996, submitted by a local government as defined in section
22 13-2202 shall, after July 1, 1996, be reimbursed first when funds are
23 available. This exception applies only to local government applications
24 pending on and not submitted after January 1, 1996.

25 (5) Applications for reimbursement properly made before, on, or
26 after April 16, 1996, shall be considered bills for goods or services
27 provided for third parties for purposes of the Prompt Payment Act.

28 (6) Notwithstanding any other provision of law, there shall be no
29 reimbursement from the fund for the cost of remedial action or for the
30 cost of paying third-party claims for any releases reported on or after

9 or against whom there is a third-party claim may apply to the department
10 under the rules and regulations adopted and promulgated pursuant to
11 section 66-1518 for reimbursement for the costs of the remedial action or
12 third-party claim. Partial payment of such reimbursement to the
13 responsible person may be authorized by the department at the approved
14 stages prior to the completion of remedial action when a remedial action
15 plan has been approved. If any stage is projected to take more than
16 ninety days to complete partial payments may be requested every sixty
17 days. Such partial payment may include the eligible and reasonable costs
18 of such plan or pilot projects conducted during the remedial action.

19 (2) No reimbursement may be made unless the department makes the
20 following eligibility determinations:

21 (a) The tank was in substantial compliance with any rules and
22 regulations of the United States Environmental Protection Agency, the
23 State Fire Marshal, and the department which were applicable to the tank.
24 Substantial compliance shall be determined by the department taking into
25 consideration the purposes of the Petroleum Release Remedial Action Act
26 and the adverse effect that any violation of the rules and regulations
27 may have had on the tank thereby causing or contributing to the release
28 and the extent of the remedial action thereby required;

29 (b) Either the State Fire Marshal or the department was given notice
30 of the release in substantial compliance with the rules and regulations
31 adopted and promulgated pursuant to the Environmental Protection Act and

1 the Petroleum Products and Hazardous Substances Storage and Handling Act.
2 Substantial compliance shall be determined by the department taking into
3 consideration the purposes of the Petroleum Release Remedial Action Act
4 and the adverse effect that any violation of the notice provisions of the
5 rules and regulations may have had on the remedial action being taken in
6 a prompt, effective, and efficient manner;

8 and the State Fire Marshal in responding to the release;

11 regulations adopted and promulgated by the department pursuant to the
12 Environmental Protection Act or the Petroleum Products and Hazardous
13 Substances Storage and Handling Act or that portion of the plan for which
14 payment or reimbursement is requested. However, responsible persons may
15 undertake remedial action prior to approval of a plan by the department
16 or during the time that remedial action at a site was suspended at any
17 time after April 1995 because the fund was insufficient to pay
18 reimbursements and be eligible for reimbursement at a later time if the
19 responsible person complies with procedures provided to the responsible
20 party by the department or set out in rules and regulations adopted and
21 promulgated by the Environmental Quality Council;

22 (e) The costs for the remedial action were actually incurred by the
23 responsible person or his or her designated representative after May 27,
24 1989, and were eligible and reasonable;

25 (f) If reimbursement for a third-party claim is involved, the cause
26 of action for the third-party claim accrued after April 26, 1991, and the
27 Attorney General was notified by any person of the service of summons for
28 the action within ten days of such service; and

3 information the State Fire Marshal deems relevant to subdivisions (2)(a)
4 through (g) of this section. The State Fire Marshal shall issue a
5 determination with respect to an applicant's compliance with rules and
6 regulations adopted and promulgated by the State Fire Marshal. The State
7 Fire Marshal shall issue a compliance determination to the department
8 within thirty days after receiving an application from the department.

11 government related to the tank or a release from the tank.

12 (5) Reimbursements made for a remedial action may be reduced as much
13 as one hundred percent for failure by the responsible person to comply
14 with applicable statutory or regulatory requirements. In determining the
15 amount of the reimbursement reduction, the department shall consider:

- 16 (a) The extent of and reasons for noncompliance;
- 17 (b) The likely environmental impact of the noncompliance; and
- 18 (c) Whether noncompliance was negligent, knowing, or willful.

19 (6) Except as provided in subsection (4) of this section, the
20 department shall notify the responsible person of its approval or denial
21 of the remedial action plan within one hundred twenty days after receipt
22 of a remedial action plan which contains all the required information. If
23 after one hundred twenty days the department fails to either deny,
24 approve, or amend the remedial action plan submitted, the proposed plan
25 shall be deemed approved. If the remedial action plan is denied, the
26 department shall provide the reasons for such denial.

3 the remedial action requirements; or

4 (c) Immediate remedial action is necessary, as determined by the
5 Director of Environment and Energy, to protect human health or the
6 environment.

7 (2) The department may pay the costs of a third-party claim meeting
8 the requirements of subdivision (2)(f) of section 66-1525 with money
9 available in the fund if the responsible person cannot or will not pay
10 the third-party claim.

11 (3) Reimbursement for any damages caused by the department or a
12 person acting at the department's direction while investigating or
13 inspecting or during remedial action on property other than property on
14 which a release or suspected release has occurred shall be considered as
15 part of the cost of remedial action involving the site where the release
16 or suspected release occurred. The costs shall be reimbursed from money
17 available in the fund. If such reimbursement is deemed inadequate by the
18 party claiming the damages, the party's claim for damages caused by the
