This bill would change provisions relating to the sale and use of tobacco products. The bill has the emergency clause, and it becomes operative on June 1, 2020.

It increases the age from 19 to 21 to use tobacco. The penalty is a Class V misdemeanor (\$100 fine).

Whoever sells tobacco to someone under 21 is guilty of a Class III misdemeanor: Maximum — three months imprisonment, or five hundred dollars fine, or both; Minimum — none.

Because this bill increases the age from 19 to 21 for tobacco-related activity, it is possible more persons may violate the provisions of the bill. Therefore, this bill could impact county jails. Misdemeanor sentences are generally served in county jails if jail time is imposed. If the impact of this bill is to increase the number of people serving time in county jails by more than current law, this could result in additional costs to counties.

Misdemeanor penalties under this bill also carry the possibility of a fine being imposed. Any fines assessed pursuant to convictions will accrue to the county where the violation occurs to be used for the support of public schools.

The Department of Revenue estimates that this bill will have a minimal negative impact on General Fund revenues and there will be no cost for the department to implement the bill.

The Nebraska State Patrol and the Department of Health and Human Services estimate no fiscal impact from this bill.
