LB 310 amends provisions of the Nebraska Job Creation and Mainstreet Revitalization Act. The bill requires the Department of Revenue to determine the amount of eligible expenditures, calculate the credit, and issue certificates evidencing the credit within 60 days of the application's referral by the State Historic Preservation Officer (officer). The 60-day period can be extended by up to an additional 30 days by agreement of the department and the person filing the request for approval. If the department does not make these determinations in the prescribed time period, then the credit will be deemed to have been issued in the amount requested, except that the amount must not exceed 110% of the credits allocated by the officer and the amount must not change the total credits that can be allocated by the officer for the year.

The determination of eligible expenditures and calculation of the credit can be appealed in accordance with the Administrative Procedures Act.

Revenue:

The Department of Revenue estimates that the bill will result in an increase in General Fund revenue, but is unable to determine the amount because the increase in the number of denials due to the provisions of LB 310 is indeterminate.

Expenditures:

The Department of Revenue estimates that the agency will require 0.5 FTE Fiscal Compliance Analyst to administer the bill. The Nebraska State Historical Society estimates no fiscal impact.

There is no basis to disagree with these estimates.

LB 310 adds additional time frames to act upon the Department of Revenue (“The Department”) and adds to the list of determinations that may be appealed with regard to the Nebraska Job Creation and Mainstreet Revitalization Act application process. Neb. Rev. Stat. § 77-2906(1)(b) requires the Department to determine the amount of eligible expenditures, calculate the amount of credits, and issue one or more certificates evidencing the credits within sixty-days after the time the State Historic Preservation Officer (“Officer”) refers the application to the Department. An additional period not exceeding thirty days may be agreed upon by both the Department and the person requesting final approval of the expenditures and credits. If the Department fails to determine the expenditures, calculate the credits and issue the certificates within the applicable time frame, then the credit is deemed to have been issued by the Department for the amount requested. Such deemed amount cannot exceed one hundred ten percent of the amount of credits allocated by the Officer under Neb. Rev. Stat. § 77-2905 and will not increase or decrease the total amount of credits that may be allocated by the officer under Neb. Rev. Stat. § 77-2905 in any calendar year. Neb. Rev. Stat. § 77-2906(1)(c) allows for any determination of the amount of eligible expenditures or calculation of the amount of credit by the Department to be appealed.

As drafted, compliance with LB 310 introduces complications. Under LB 310, the referral of the application by the Officer to the Department occurs after the Officer receives Part 3 of the application from the applicant. The request for certification of credits that is required to substantiate the eligible expenditures is Part 4 of the application. Thus, as written, it is likely that this bill will require the Department to determine expenditures, calculate credits and issue certificates before the Department has the necessary information to perform these duties. Based on past experience, this could be approximately 50% of all applications for credits. Additionally, LB 310 does not provide a tolling provision, which provides time for the taxpayer to collect information to send to the Department. Consequently, LB 310 would likely increase the number of denials due to lack of records and or information necessary to approve the credits.

Any increase in denials due to this bill is undeterminable. It is estimated that this bill will result in an undeterminable increase in General Fund revenues.

The Department would require 0.5 FTE Fiscal Compliance Analyst to implement this bill.
