This bill would create the offense of sexual extortion, redefine sexual exploitation, and provide for a registrable offense under the Sex Offender Registration Act.

The Department of Correctional Services states that the fiscal impact of this bill is indeterminable.

The Nebraska State Patrol estimates no fiscal impact from this bill.

This bill could potentially increase prison admissions by creating a new crime, but it is unknown how many people will be convicted of the new offense. If the impact of this bill is to increase the inmate prison population by more than current law, then this could impact prison overcrowding and the Department of Correctional Services (DCS) could incur additional per diem costs.

As of October - December 2018, the prison population was 159% of design capacity. Additionally, DCS contracts with some counties to temporarily house prison inmates. If those inmates are included in the prison population numbers, then the prison population would be 162% of design capacity.

The FY18 per diem cost for an individual inmate was \$8,226 per year, which includes DCS inmates in county jails.
