CASH FUNDS			\$500,000	
FEDERAL FUNDS				
OTHER FUNDS				
<b>TOTAL FUNDS</b>			\$500,000	

**Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.**

LB481, as amended, would establish the Brain Injury Trust Fund Act. The Act creates a Brain Injury Trust Fund. The fund would consist of appropriations from the Legislature, transfers authorized by the Legislature, grants, and any contributions designated for the purpose of the fund. The fund is to be administered through a contract with the University of Nebraska Medical Center (UNMC) for administration, accounting and budgeting purposes, and used to pay for contracts for assistance for individuals with a brain injury with outside sources that specialize in the area of brain injury. No more than 10% of the fund is to be used for administration.

LB481, as amended, would also create a 12-member Brain Injury Oversight Committee which shall:

- Provide financial oversight and direction to UNMC in the management of the trust fund;
- Develop criteria for expenditures from the trust fund;
- Represent the interests of individuals with a brain injury and their families through advocacy, education, training, rehabilitation, research, and prevention.

LB481, as amended, states the intent of the Legislature to appropriate \$500,000 from the Nebraska Health Care Cash Fund annually beginning in FY2020-21.
