Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

This bill, as amended by AM554 and AM911, would change load provisions and penalties for commercial motor vehicles and commercial trailers.

The bill states that no person shall drive a commercial motor vehicle or commercial trailer upon any highway unless the cargo or contents are properly distributed and adequately secured to prevent the falling of cargo or contents from the vehicle.

As amended, violation of the provisions of this bill is an infraction, and the person driving the vehicle shall be fined two hundred dollars for the first offense and five hundred dollars for a second or subsequent offense.

Any fines assessed will accrue to the county where the violation occurs to be used for the support of public schools.

In addition to issuing a citation, the Superintendent of Law Enforcement and Public Safety (Nebraska State Patrol) may assess the owner of the vehicle a civil penalty of one thousand dollars for each violation.

Funds from civil penalties assessed under this bill are deposited as follows: Seventy-five per cent in a fund for state highways and twenty-five per cent to the county general fund where the fine or penalty is paid.
