(1) Prior to making a contribution to a scholarship-granting organization, any taxpayer desiring to claim a tax credit under the Opportunity Scholarships Act shall notify the scholarship-granting organization of the taxpayer's intent to make a contribution and the amount to be claimed as a tax credit. Upon receiving each such notification, the scholarship-granting organization shall notify the department of the intended tax credit amount. If the department determines that the intended tax credit amount in the notification would exceed the limit specified in subsection (3) of this section, the department shall notify the scholarship-granting organization of its
determination within thirty days after receipt of the notification. The scholarship-granting organization shall then promptly notify the taxpayer of the department's determination that the intended tax credit amount in the notification is not available. If an amount less than the amount indicated in the notification is available for a tax credit, the department shall notify the scholarship-granting organization of the available amount and the scholarship-granting organization shall notify the taxpayer of the available amount within three business days.

(2) In order to be allowed a tax credit as provided by the act, the taxpayer shall make its contribution between thirty-one and sixty days after notifying the scholarship-granting organization of the taxpayer's intent to make a contribution. If the scholarship-granting organization does not receive the contribution within the required time period, it shall notify the department of such fact and the department shall no longer include such amount when calculating whether the limit prescribed in subsection (3) of this section has been exceeded. If the scholarship-granting organization receives the contribution within the required time period, it shall provide the taxpayer with a receipt for the contribution. The receipt shall show the name and address of the scholarship-granting organization, the date the scholarship-granting organization was certified by the department in accordance with section 3 of this act, the name, address, and, if available, tax identification number of the taxpayer making the contribution, the amount of the contribution, and the date the contribution was received.

(3) The department shall consider notifications regarding intended tax credit amounts in the order in which they are received to ascertain whether the intended tax credit amounts are within the annual limit provided in this subsection. The annual limit on the total amount of tax credits for each calendar year shall be ten million dollars.

(4) Once credits have reached the designated annual limit for any calendar year, no additional credits shall be allowed for such calendar
year. Credits shall be prorated among the notifications received on the
day the annual limit is exceeded.

Sec. 9. (1) In order for a scholarship-granting organization to
remain certified under the Opportunity Scholarships Act, the scholarship-
granting organization shall allocate at least ninety percent of its
revenue for education scholarships and no more than ten percent of its
revenue shall be used or reserved for administrative costs.

(2) For purposes of this section, revenue is allocated when it is
expended or otherwise irrevocably encumbered for expenditure. The
percentage of funds allocated for education scholarships shall be
measured as a monthly average over the most recent twenty-four-month
period or, for a scholarship-granting organization that has been
certified for less than twenty-four months, over the period of time that
the scholarship-granting organization has been certified.

Sec. 10. (1) Each scholarship-granting organization shall annually
submit to the department no later than December 1 of each year an audited
financial information report for its most recent fiscal year certified by
an independent public accountant.

(2) Each scholarship-granting organization shall include with the

which eligible students receiving education scholarships enrolled in the
most recent fiscal year, (d) the total amount of contributions received
for education scholarships in the most recent fiscal year, and (e) the

year.

(3) The department shall electronically forward such reports and
summary descriptions to the Governor and the Legislature no later than
December 31 of each year.
Sec. 11. The Opportunity Scholarships Act shall not be construed as granting any expanded or additional authority to the State of Nebraska to control or influence the governance or policies of any qualified school due to the fact that the qualified school admits and enrolls students who receive education scholarships or as requiring any such qualified school to admit or, once admitted, to continue the enrollment of any student receiving an education scholarship.

Sec. 12. The department may adopt and promulgate rules and regulations to carry out the Opportunity Scholarships Act.

77-2717 (1)(a)(i) For taxable years beginning or deemed to begin before January 1, 2014, the tax imposed on all resident estates and trusts shall be a percentage of the federal taxable income of such estates and trusts as modified in section 77-2716, plus a percentage of the federal alternative minimum tax and the federal tax on premature or lump-sum distributions from qualified retirement plans. The additional taxes shall be recomputed by (A) substituting Nebraska taxable income for federal taxable income, (B) calculating what the federal alternative minimum tax would be on Nebraska taxable income and adjusting such calculations for any items which are reflected differently in the determination of federal taxable income, and (C) applying Nebraska rates to the result. The additional taxes shall be recomputed by substituting Nebraska taxable income for federal taxable income and applying Nebraska rates to the
result. The credits provided in the Nebraska Advantage Microenterprise Tax Credit Act and the Nebraska Advantage Research and Development Act shall be allowed as a reduction in the income tax due. A refundable income tax credit shall be allowed for all resident estates and trusts under the Angel Investment Tax Credit Act, the Nebraska Advantage Microenterprise Tax Credit Act, and the Nebraska Advantage Research and Development Act. (b) The tax imposed on all nonresident estates and trusts shall be the portion of the tax imposed on resident estates and trusts which is attributable to the income derived from sources within this state. The tax which is attributable to income derived from sources within this state shall be determined by multiplying the liability to this state for a resident estate or trust with the same total income by a fraction, the numerator of which is the nonresident estate's or trust's Nebraska income as determined by sections 77-2724 and 77-2725 and the denominator of which is its total federal income after first adjusting each by the amounts provided in section 77-2716. The federal credit for prior year minimum tax, after the recomputations required by the Nebraska Revenue Act of 1967, reduced by the percentage of the total income which is attributable to income from sources outside this state, and the credits provided in the Nebraska Advantage Microenterprise Tax Credit Act and the Nebraska Advantage Research and Development Act shall be allowed as a reduction in the income tax due. The fiduciary shall be responsible for making the return for the estate or trust for which he or she acts, whether the income be taxable to the estate or trust or to the beneficiaries thereof. The fiduciary shall include in the return a statement of each beneficiary's distributive share of net income when such income is taxable to such beneficiaries.

(3) The beneficiaries of such estate or trust who are residents of this state shall include in their income their proportionate share of such estate's or trust's federal income and shall reduce their Nebraska tax liability by their proportionate share of the credits as provided in the Angel Investment Tax Credit Act, the Nebraska Advantage Microenterprise Tax Credit Act, the Nebraska Advantage Research and Development Act, the Nebraska Job Creation and Mainstreet Revitalization Act, the New Markets Job Growth Investment Act, the School Readiness Tax Credit Act, the Affordable Housing Tax Credit Act, the Opportunity Scholarships Act, and section 77-27,238. (4) If any beneficiary of such estate or trust is a nonresident during any part of the estate's or trust's taxable year, he or she shall
(5) In the absence of the nonresident beneficiary's executed agreement being attached to the Nebraska fiduciary return, the estate or trust shall remit a portion of such beneficiary's income which was derived from or attributable to Nebraska sources with its Nebraska return for the taxable year. For taxable years beginning or deemed to begin before January 1, 2013, the amount of remittance, in such instance, shall be the highest individual income tax rate determined under section 77-2715.02 multiplied by the nonresident beneficiary's share of the estate or trust income which was derived from or attributable to sources within this state. For taxable years beginning or deemed to begin on or after January 1, 2013, the amount of remittance, in such instance, shall be the highest individual income tax rate determined under section 77-2715.03 multiplied by the nonresident beneficiary's share of the estate or trust income which was derived from or attributable to sources within this state. The amount remitted shall be allowed as a credit
against the Nebraska income tax liability of the beneficiary.

(6) The Tax Commissioner may allow a nonresident beneficiary to not file a Nebraska income tax return if the nonresident beneficiary's only source of Nebraska income was his or her share of the estate's or trust's income which was derived from or attributable to sources within this state, the nonresident did not file an agreement to file a Nebraska income tax return, and the estate or trust has remitted the amount required by subsection (5) of this section on behalf of such nonresident beneficiary. The amount remitted shall be retained in satisfaction of the Nebraska income tax liability of the nonresident beneficiary.

(7) For purposes of this section, unless the context otherwise requires, simple trust shall mean any trust instrument which (a) requires that all income shall be distributed currently to the beneficiaries, (b) does not allow amounts to be paid, permanently set aside, or used in the tax year for charitable purposes, and (c) does not distribute amounts allocated in the corpus of the trust. Any trust which does not qualify as a simple trust shall be deemed a complex trust.
