---

**Chairperson: Senator Steve Halloran**

**Committee: Agriculture**

**Date of Hearing: March 05, 2019**

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB304 amends the Nebraska Pure Food Act to allow individuals to sell the same non-potentially hazardous foods already authorized for sale at farmers' markets directly to consumers at the producer's home, a fair, festival, craft show, or other public event or for pick up or delivery. LB 304 requires that all products be properly labeled and that producers follow the food safety and handling guidelines for food sales at a farmers market required by the county where the food is sold.
