For purposes of this subsection, the top rate shall be:

(a) 6.84% for taxable years beginning or deemed to begin on or after January 1, 2014, and before January 1, 2023;
(b) 6.64% for taxable years beginning or deemed to begin on or after January 1, 2023, and before January 1, 2024;
(c) 6.44% for taxable years beginning or deemed to begin on or after January 1, 2024, and before January 1, 2025;
(d) 6.24% for taxable years beginning or deemed to begin on or after January 1, 2025, and before January 1, 2026;
(e) 6.00% for taxable years beginning or deemed to begin on or after January 1, 2026, and before January 1, 2027; and
(f) 5.84% for taxable years beginning or deemed to begin on or after January 1, 2027.

(3)(a) For taxable years beginning or deemed to begin on or after January 1, 2015, the minimum and maximum dollar amounts for each income tax bracket provided in subsection (2) of this section shall be adjusted for inflation by the percentage determined under subdivision (3)(b) of this section. The rate applicable to any such income tax bracket shall not be changed as part of any adjustment under this subsection. The minimum and maximum dollar amounts for each income tax bracket as adjusted shall be rounded to the nearest ten-dollar amount. If the adjusted amount for any income tax bracket ends in a five, it shall be
rounded up to the nearest ten-dollar amount.

(b)(i) For taxable years beginning or deemed to begin on or after January 1, 2015, and before January 1, 2018, the Tax Commissioner shall adjust the income tax brackets by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as it existed prior to December 22, 2017, except that in section 1(f)(3)(B) of the code the year 2013 shall be substituted for the year 1992. For 2015, the Tax Commissioner shall then determine the percent change from the twelve months ending on August 31, 2013, to the twelve months ending on August 31, 2014, and in each subsequent year, from the twelve months ending on August 31, 2013, to the twelve months ending on August 31 of the year preceding the taxable year. The Tax Commissioner shall prescribe new tax rate schedules that apply in lieu of the schedules set forth in subsection (2) of this section.

(ii) For taxable years beginning or deemed to begin on or after January 1, 2018, the Tax Commissioner shall adjust the income tax brackets based on the percentage change in the Consumer Price Index for All Urban Consumers published by the federal Bureau of Labor Statistics from the twelve months ending on August 31, 2016, to the twelve months ending on August 31 of the year preceding the taxable year. The Tax Commissioner shall prescribe new tax rate schedules that apply in lieu of the schedules set forth in subsection (2) of this section.

(4) Whenever the tax brackets or tax rates are changed by the Legislature, the Tax Commissioner shall update the tax rate schedules to reflect the new tax brackets or tax rates and shall publish such updated schedules.

(5) The Tax Commissioner shall prepare, from the rate schedules, tax tables which can be used by a majority of the taxpayers to determine their Nebraska tax liability. The design of the tax tables shall be determined by the Tax Commissioner. The size of the tax table brackets may change as the level of income changes. The difference in tax between
two tax table brackets shall not exceed fifteen dollars. The Tax
Commissioner may build the personal exemption credit and standard
deduction amounts into the tax tables.

(6) For taxable years beginning or deemed to begin on or after
January 1, 2013, the tax rate applied to other federal taxes included in
the computation of the Nebraska individual income tax shall be 29.6
percent.

(7) The Tax Commissioner may require by rule and regulation that all
taxpayers shall use the tax tables if their income is less than the
maximum income included in the tax tables.

Sec. 2. Section 77-2716, Revised Statutes Supplement, 2021, is
amended to read:

77-2716 (1) The following adjustments to federal adjusted gross
income or, for corporations and fiduciaries, federal taxable income shall
be made for interest or dividends received:

(a)(i) There shall be subtracted interest or dividends received by
the owner of obligations of the United States and its territories and
possessions or of any authority, commission, or instrumentality of the
United States to the extent includable in gross income for federal income
tax purposes but exempt from state income taxes under the laws of the
United States; and

(ii) There shall be subtracted interest received by the owner of
obligations of the State of Nebraska or its political subdivisions or
authorities which are Build America Bonds to the extent includable in
gross income for federal income tax purposes;

(b) There shall be subtracted that portion of the total dividends
and other income received from a regulated investment company which is
attributable to obligations described in subdivision (a) of this
subsection as reported to the recipient by the regulated investment
company;

(c) There shall be added interest or dividends received by the owner
of obligations of the District of Columbia, other states of the United
States, or their political subdivisions, authorities, commissions, or
instrumentalities to the extent excluded in the computation of gross
income for federal income tax purposes except that such interest or
dividends shall not be added if received by a corporation which is a
regulated investment company;

(d) There shall be added that portion of the total dividends and
other income received from a regulated investment company which is
attributable to obligations described in subdivision (c) of this
subsection and excluded for federal income tax purposes as reported to
the recipient by the regulated investment company; and

(e)(i) Any amount subtracted under this subsection shall be reduced
by any interest on indebtedness incurred to carry the obligations or
securities described in this subsection or the investment in the
regulated investment company and by any expenses incurred in the
production of interest or dividend income described in this subsection to
the extent that such expenses, including amortizable bond premiums, are
deductible in determining federal taxable income.

(ii) Any amount added under this subsection shall be reduced by any
expenses incurred in the production of such income to the extent
disallowed in the computation of federal taxable income.

(2) There shall be allowed a net operating loss derived from or
connected with Nebraska sources computed under rules and regulations
adopted and promulgated by the Tax Commissioner consistent, to the extent
possible under the Nebraska Revenue Act of 1967, with the laws of the
United States. For a resident individual, estate, or trust, the net
operating loss computed on the federal income tax return shall be
adjusted by the modifications contained in this section. For a
nonresident individual, estate, or trust or for a partial-year resident
individual, the net operating loss computed on the federal return shall
be adjusted by the modifications contained in this section and any
carryovers or carrybacks shall be limited to the portion of the loss derived from or connected with Nebraska sources.

(3) There shall be subtracted from federal adjusted gross income for all taxable years beginning on or after January 1, 1987, the amount of any state income tax refund to the extent such refund was deducted under the Internal Revenue Code, was not allowed in the computation of the tax due under the Nebraska Revenue Act of 1967, and is included in federal adjusted gross income.

(4) Federal adjusted gross income, or, for a fiduciary, federal taxable income shall be modified to exclude the portion of the income or loss received from a small business corporation with an election in effect under subchapter S of the Internal Revenue Code or from a limited liability company organized pursuant to the Nebraska Uniform Limited Liability Company Act that is not derived from or connected with Nebraska sources as determined in section 77-2734.01.

(5) There shall be subtracted from federal adjusted gross income or, for corporations and fiduciaries, federal taxable income dividends received or deemed to be received from corporations which are not subject to the Internal Revenue Code.

(6) There shall be subtracted from federal taxable income a portion of the income earned by a corporation subject to the Internal Revenue Code of 1986 that is actually taxed by a foreign country or one of its political subdivisions at a rate in excess of the maximum federal tax rate for corporations. The taxpayer may make the computation for each foreign country or for groups of foreign countries. The portion of the taxes that may be deducted shall be computed in the following manner:

(a) The amount of federal taxable income from operations within a foreign taxing jurisdiction shall be reduced by the amount of taxes actually paid to the foreign jurisdiction that are not deductible solely because the foreign tax credit was elected on the federal income tax return;
(b) The amount of after-tax income shall be divided by one minus the
maximum tax rate for corporations in the Internal Revenue Code; and

(c) The result of the calculation in subdivision (b) of this
subsection shall be subtracted from the amount of federal taxable income
used in subdivision (a) of this subsection. The result of such
calculation, if greater than zero, shall be subtracted from federal
taxable income.

(7) Federal adjusted gross income shall be modified to exclude any
amount repaid by the taxpayer for which a reduction in federal tax is
allowed under section 1341(a)(5) of the Internal Revenue Code.

(8)(a) Federal adjusted gross income or, for corporations and
fiduciaries, federal taxable income shall be reduced, to the extent
included, by income from interest, earnings, and state contributions
received from the Nebraska educational savings plan trust created in
sections 85-1801 to 85-1817 and any account established under the
achieving a better life experience program as provided in sections
77-1401 to 77-1409.

(b) Federal adjusted gross income or, for corporations and
fiduciaries, federal taxable income shall be reduced by any contributions
as a participant in the Nebraska educational savings plan trust or
contributions to an account established under the achieving a better life
experience program made for the benefit of a beneficiary as provided in
sections 77-1401 to 77-1409, to the extent not deducted for federal
income tax purposes, but not to exceed five thousand dollars per married
filing separate return or ten thousand dollars for any other return. With
respect to a qualified rollover within the meaning of section 529 of the
Internal Revenue Code from another state's plan, any interest, earnings,
and state contributions received from the other state's educational
savings plan which is qualified under section 529 of the code shall
qualify for the reduction provided in this subdivision. For contributions
by a custodian of a custodial account including rollovers from another
custodial account, the reduction shall only apply to funds added to the
custodial account after January 1, 2014.

(c) For taxable years beginning or deemed to begin on or after
January 1, 2021, under the Internal Revenue Code of 1986, as amended,
federal adjusted gross income shall be reduced, to the extent included in
the adjusted gross income of an individual, by the amount of any
contribution made by the individual's employer into an account under the
Nebraska educational savings plan trust owned by the individual, not to
exceed five thousand dollars per married filing separate return or ten
thousand dollars for any other return.

(d) Federal adjusted gross income or, for corporations and
fiduciaries, federal taxable income shall be increased by:

(i) The amount resulting from the cancellation of a participation
agreement refunded to the taxpayer as a participant in the Nebraska
educational savings plan trust to the extent previously deducted under
subdivision (8)(b) of this section; and

(ii) The amount of any withdrawals by the owner of an account
established under the achieving a better life experience program as
provided in sections 77-1401 to 77-1409 for nonqualified expenses to the
extent previously deducted under subdivision (8)(b) of this section.

(9)(a) For income tax returns filed after September 10, 2001, for
taxable years beginning or deemed to begin before January 1, 2006, under
the Internal Revenue Code of 1986, as amended, federal adjusted gross
income or, for corporations and fiduciaries, federal taxable income shall
be increased by eighty-five percent of any amount of any federal bonus
depreciation received under the federal Job Creation and Worker
Assistance Act of 2002 or the federal Jobs and Growth Tax Act of 2003,
under section 168(k) or section 1400L of the Internal Revenue Code of
1986, as amended, for assets placed in service after September 10, 2001,
and before December 31, 2005.

(b) For a partnership, limited liability company, cooperative,
including any cooperative exempt from income taxes under section 521 of
the Internal Revenue Code of 1986, as amended, limited cooperative
association, subchapter S corporation, or joint venture, the increase
shall be distributed to the partners, members, shareholders, patrons, or
beneficiaries in the same manner as income is distributed for use against
their income tax liabilities.

(c) For a corporation with a unitary business having activity both
inside and outside the state, the increase shall be apportioned to
Nebraska in the same manner as income is apportioned to the state by
section 77-2734.05.

(d) The amount of bonus depreciation added to federal adjusted gross
income or, for corporations and fiduciaries, federal taxable income by
this subsection shall be subtracted in a later taxable year. Twenty
percent of the total amount of bonus depreciation added back by this
subsection for tax years beginning or deemed to begin before January 1,
2003, under the Internal Revenue Code of 1986, as amended, may be
subtracted in the first taxable year beginning or deemed to begin on or
after January 1, 2005, under the Internal Revenue Code of 1986, as
amended, and twenty percent in each of the next four following taxable
years. Twenty percent of the total amount of bonus depreciation added
back by this subsection for tax years beginning or deemed to begin on or
after January 1, 2003, may be subtracted in the first taxable year
beginning or deemed to begin on or after January 1, 2006, under the
Internal Revenue Code of 1986, as amended, and twenty percent in each of
the next four following taxable years.

(10) For taxable years beginning or deemed to begin on or after
January 1, 2003, and before January 1, 2006, under the Internal Revenue
Code of 1986, as amended, federal adjusted gross income or, for
corporations and fiduciaries, federal taxable income shall be increased
by the amount of any capital investment that is expensed under section
179 of the Internal Revenue Code of 1986, as amended, that is in excess
of twenty-five thousand dollars that is allowed under the federal Jobs and Growth Tax Act of 2003. Twenty percent of the total amount of expensing added back by this subsection for tax years beginning or deemed to begin on or after January 1, 2003, may be subtracted in the first taxable year beginning or deemed to begin on or after January 1, 2006, under the Internal Revenue Code of 1986, as amended, and twenty percent in each of the next four following tax years.

(11)(a) For taxable years beginning or deemed to begin before January 1, 2018, under the Internal Revenue Code of 1986, as amended, federal adjusted gross income shall be reduced by contributions, up to two thousand dollars per married filing jointly return or one thousand dollars for any other return, and any investment earnings made as a participant in the Nebraska long-term care savings plan under the Long-Term Care Savings Plan Act, to the extent not deducted for federal income tax purposes.

(b) For taxable years beginning or deemed to begin before January 1, 2018, under the Internal Revenue Code of 1986, as amended, federal adjusted gross income shall be increased by the withdrawals made as a participant in the Nebraska long-term care savings plan under the act by a person who is not a qualified individual or for any reason other than transfer of funds to a spouse, long-term care expenses, long-term care insurance premiums, or death of the participant, including withdrawals made by reason of cancellation of the participation agreement, to the extent previously deducted as a contribution or as investment earnings.

(12) There shall be added to federal adjusted gross income for individuals, estates, and trusts any amount taken as a credit for franchise tax paid by a financial institution under sections 77-3801 to 77-3807 as allowed by subsection (5) of section 77-2715.07.
