AMENDMENTS TO LB241

Introduced by Vargas, 7.

1. On page 3, line 20, strike "(1) An" and insert "(1)(a) Except as provided in subdivision (1)(b) of this section, an"; and after line 29 insert the following new subdivision:

"(b) If, after deployment of all measures described in subdivision (1)(a) of this section, it is impossible to achieve the required six-foot radius of space for a particular work position, an employer may apply to the department for an exemption for that position. The application shall be submitted in a form and manner prescribed by the department. The application shall explain in detail the particular work position for which such spacing cannot be achieved and the measures that have been attempted. The department may grant an exemption if the department finds, after reviewing the application, that the required six-foot radius is impossible in a particular work position. An exemption under this subdivision shall not be granted for common or congregate spaces or for an entire facility. A request for an exemption under this subdivision shall be considered a public record under section 84-712.01.".
