MLTC provides the following update regarding the statutory requirements in Neb. Rev. Stat. 68-997 surrounding the referral of Medicaid applicants to job skills program for the third calendar quarter of 2022:

MLTC continued collaborating with the Division of Children and Family Services in the third quarter of 2022 to provide Medicaid applicants with information on the SNAP E&T program. The purpose of the SNAP E&T program is to “get under-employed and unemployed clients on SNAP into jobs that pay a livable wage.” More information on the SNAP E&T program is available on the [DHHS Website](#).

Between July 1 and September 30, 2022, Medicaid staff provided information on the SNAP E&T program to 1,799 individuals who visited DHHS’s local offices across the state, a decrease of 20 percent compared to last quarter’s report. These individuals received Medicaid applications from the local offices that included [flyers \(Spanish version\)](#) on the SNAP E&T program. DHHS also noted 3,840 visits to the SNAP E&T webpage from July 1 to September 30, an increase in traffic of 11.8 percent compared to last quarter’s report.

From July 1 to September 30, the SNAP E&T program received no referrals from the Medicaid program of Medicaid applicants interested in participating in the SNAP E&T program.

MLTC continues to seek additional ways to refer interested Medicaid applicants to job skills programs.
