Explanation of Estimate:

LB 1070 seeks to appropriate \$20 million from federal funds for FY 2022-23 to the Department of Economic Development for the purpose of awarding grants for infrastructure related to rural workforce housing pursuant to the Rural Workforce Housing Investment Act. The federal funds have been allocated to the State of Nebraska as part of the American Rescue Plan Act of 2021 (ARPA).

LB1070 would result in additional responsibilities for DED. DED would need to develop, implement, and provide the subrecipient monitoring necessarily required to comply with federal statutes and regulations related to the provision of grants to the indicated subrecipients. This would require adequate staffing and infrastructure to support the program throughout the grant program's lifecycle. The grant program developed under LB1070 would require appropriate staffing and infrastructure to support the grant program through at least 12/31/27, and potentially record retention support through 12/31/31.

Starting with the ARPA funded grant program, experience with the Rural Workforce Housing Investment program, and the requirements for ARPA funds, the department believes that the grant payments would be distributed approximately 7.5%, 15%, 35%, 35% and 7.5% in fiscal years 2022-23 through 2026-27, respectively. Operating costs include \$22,730 annually for software licensing for the department's grant management software, and \$9,300 annually for addition rent to house the new staff. The bill carries the emergency clause, which will allow the department to begin the hiring process before the start of FY2022-23.
