LB265 changes provisions for municipalities that have created a clean energy assessment district but have not yet implemented any projects within that district. LB265 allows for municipalities without any projects in their clean energy assessment districts to no longer provide a report to the Urban Affairs Committee of the Legislature.

This will change sub-government reporting and any effect of the legislation will be borne by regional governments. Cities of Fremont, Lincoln, and Omaha estimate no fiscal impact as a result of this legislation, and we find no reason to dispute their findings. No fiscal impact on the General Fund.
