Explanation of Estimate:

There is no anticipated fiscal impact to the agency that will result from the passage of LB 37.

The changes to the various statutes included under LB 37 provide the State Fire Marshal (the Agency) the ability to foster more effective and efficient business processes. The changes are intended to be fiscally neutral. With these changes, building plans will continue to be reviewed by the Agency and billed to the submitting party, but under a simplified, more easily understood and applied fee schedule to be outlined in regulation. None of these changes are anticipated to have any financial impact on the Agency.
