This bill is introduced on behalf of the Nebraska State Patrol to harmonize Nebraska Statute with federal regulations to avoid incompatibility.

The bill represents the annual Legislative update which adopts the Federal Motor Carrier Safety and Hazardous Material Regulations current as of January 1, 2020. Original legislation was included in LB 301 in 1986.

The adoption of these regulations is required on an annual basis to incorporate new or revised federal regulations into State Statute. The State Statutes must remain current with the federal regulations to avoid incompatibility and jeopardizing Nebraska's Motor Carrier Safety Assistance Program (MCSAP), which is funded by the Federal Motor Carrier Safety Administration.
