LB 102 makes changes to the Nebraska Plane Coordinate System Act and Land Surveyors Registration Act. Fees, duties, procedures, and penalties are changed or added. In addition, terms and definitions are changed or added.

Section 30 adds the ability for an individual to practice or offer to practice the profession of land surveying through an organization if the criteria for organizational practice established by the Board of Examiners for Land Surveyors are met and a certificate of authorization is issued by the Board to the organization. The fee established by the Board for the certificate of authorization is not to exceed \$300 per year with the renewal fee not to exceed \$200 per year.

The operative date for this bill is September 1, 2023.

The Board of Examiners for Land Surveyors states that the current fee for LLC registration is \$25. The Board estimates that this bill would add 100 companies with the fee remaining at \$25. This would add \$2,500 in revenue with operating expenses of \$2,500 offsetting this increase to revenue.

The Secretary of State estimates no fiscal impact.

The Lancaster County Assessor’s Office estimates little fiscal impact while the Nebraska Association of County Officials (NACO) estimates no fiscal impact.

There is no basis to disagree with these estimates.

Explanation of Estimate:

Currently the fee for LLC registration is set at \$25. The current total of companies paying the fee annually is 24. This bill would add approximately 100 companies to this same requirement for equality amongst all businesses registered to provide surveying services in Nebraska. The additional revenue would directly offset the operating expenses for administration.
