## Explanation of Estimate:

LB 1209 will appropriate \$2,500,000 from the general fund for fiscal year 2024-2025 to the Department of Health and Human Services (DHHS) to provide a grant to a licensed and accredited residential child-caring agency to enhance emergency shelter facilities.

The grant would involve staff time from both the program and the grant teams to draft, review, and provide information for the grant award. LB1209 would utilize state general funding for the grant process and monitoring after the grant is awarded; no federal funds could be used.

An administrator I position would require 40 hours to draft, review, and provide information for the grant award. A program specialist position would require 40 hours to draft, review, and provide information for the grant award. There would also be time required by the grants team to review and process the agreement. These costs will be absorbed by the department.

Additionally, this bill would require a part-time (.25) FTE Program Specialist to monitor the contract and coordinate the review of budgets, invoices, and supporting documentation for the grant. The cost of this .25 FTE Program Specialist would be taken from general funds. This fiscal note assumes that while the appropriation may be limited to fiscal year 2025, the timing of the agreement and expenditures could last beyond fiscal year 2025, thus FTE costs are included in fiscal year 2026.
