Explanation of Estimate:

LB 161 as introduced prohibits public and private employers from requiring employees to wear electronic devices that track their location or travel patterns, except when an emergency is declared by the Governor. When there is an emergency, the electronic devices may only be used when certain conditions are met.

As drafted, this bill would not be applicable to the GPS systems that are used in state vehicles, as they are installed in state vehicles and are not worn by employees. DAS does not require State employees to wear electronic devices as described in this bill.

No fiscal impact to the Department of Administrative Services.
