LB190 allows county boards to spread out county bridge project payments in scheduled disbursements over multiple years, past the conclusion of the project. The bill provides that in the event another provision of the law in the county conflicts with LB190, this bill shall be controlling.

The Nebraska Department of Transportation has indicated no fiscal impact to their agency as a result of LB190, as their projects would not qualify under this bill.

The Nebraska Association of County Officials has specified an indeterminate fiscal impact; however, they are predicting significant savings by counties over time.

The Lancaster County did not provide a fiscal impact, but made note that allowing the county the option of spreading the costs of bridge projects over multiple years, would allow needed bridge projects to start on an earlier time schedule.

There is no basis to disagree with these estimations above.

GENERAL FUNDS	_____	_____	_____	_____
CASH FUNDS	_____	_____	_____	_____
FEDERAL FUNDS	_____	_____	_____	_____
OTHER FUNDS	_____	_____	_____	_____
TOTAL FUNDS	=====	=====	=====	=====

Explanation of Estimate:

LB 190 proposes the county board may adopt a resolution which provides for project payment on a set schedule over a period of time that may extend for multiple years beyond the completion date for any project to repair, retrofit, reconstruct, or replace any bridge.

It is assumed NDOT managed projects would not qualify for payment on a set schedule over a period of time therefore this bill has no impact for NDOT.
