LB 771 intends to appropriate funding to create a pilot program to provide a grant to a qualifying postsecondary institution to assist the United States Defense POW/MIA Accounting Agency with accounting for United States servicemembers and civilians missing from designated past conflicts as such conflicts are determined by such federal agency. NDVA would be required to adopt and promulgate rules and regulations to carry out this program.

As amended by AM2209, the appropriation of \$200,000 changes from the use of General Funds to the use of the Veterans' Aid Income Fund, which is a cash fund. As this is a pilot program, the funding would be only be appropriated for FY2024-25.

NDVA anticipates that the department would require administrative funding, including a .5 FTE to administer the grant. Personal, benefits and operations costs for the administration of the fund would total \$27,347, which allows \$170,653 in direct aid for providing the grant.

Explanation of E	stimate						

LB771 intends to appropriate \$200,000 to the NDVA from the Veterans' Aid Income Fund for the purpose of providing grants for a postsecondary institution grant program. The agency would need administrative funding and a position to administer the grant. It is anticipated the agency would require 50% of an Administrative Programs Officer I.
