Subject: Nebraska Prenatal Plus Program Annual Report

Dear Mr. Metzler:

During Fiscal Year 2025 (effective dates January 1, 2025 through June 30, 2025), there were 68 individuals identified having received the targeted case management service. Only one of those 68 individuals had a delivery during the reporting period, and the outcomes of this will be added to next year's report to ensure the individual is not identifiable. Of those 68 individuals, six received a psychosocial counseling and support service during the reporting period. None of the other services in the prenatal pregnancy plus program had any utilization during the reporting period.

Sincerely,

A handwritten signature in black ink, appearing to read "Drew Gonshorowski".
