Occupational Board Act.....3

Committee Findings.....4

Conclusion.....8

Occupational Board Reform Act

The Legislature passed the Occupational Board Reform Act in 2018 (Neb. Rev. Stat. §§ 84-901 to 84-920) with an operative date of July 1, 2019. The act requires that:

“Beginning in 2019, each standing committee of the Legislature shall annually review and analyze approximately twenty percent of the occupational regulations within the jurisdiction of the committee and prepare and submit an annual report electronically to the Clerk of the Legislature by December 15 of each year as provided in this section. Each committee shall complete this process for all occupational regulations within its jurisdiction within five years and every five years thereafter. Each report shall include the committee's recommendations regarding whether the occupational regulations should be terminated, continued, or modified.” (Neb. Rev. Stat. § 84-948)

Committee Findings

Neb. Rev. Stat. 84-948 requires the report to include the following with answers in bold:

(3) A committee's report shall include, but not be limited to, the following:

(a) The title of the regulated occupation and the name of the occupational board responsible for enforcement of the occupational regulations.

Acupuncturist, Board of Medicine and Surgery

(b) The statutory citation or other authorization for the creation of the occupational regulations and occupational board;

Neb. Rev. Stat. 38-167, 38-2006 to 38-2007, 38-2057 to 38-2060

(c) The number of members of the occupational board and how the members are appointed;

Eight members appointed by the NE State Board of Health

(d) The qualifications for membership on the occupational board;

2 public members; 2 of the 6 professional members must be officials or members of the instructional staff of an accredited medical school in this state; 1 of the professional members must be licensed to practice osteopathic medicine and surgery in this state; and 1 of the professional members must be a physician with experience in practice with physician assistants.

(e) The number of times the occupational board is required to meet during the year and the number of times it actually met;

• Required FY 2024-2023:

1

Held FY 2024-2023:
9
Required FY 2023-2022:
1
Held FY 2023-2022:
9
Required FY 2022-2021:
1
Held FY 2022-2021:
10
Required FY 2021-2020:
1
Held FY 2021-2020:
10
Required FY 2020-2019:
1
Held FY 2020-2019:
7

(f) Annual budget information for the occupational board for the five most recently completed fiscal years;

\$0 for Fiscal Years 20/19, 21/20, 22/21, 23/22 and 24/23. No other funding sources.

(g) For the immediately preceding five calendar years, or for the period of time less than five years for which the information is practically available, the number of government certifications, occupational licenses, and registrations the occupational board has issued, revoke, denied, or assessed penalties against, listed anonymously and separately per type of credential, and the reasons for such revocations, denials, other penalties.

110 Government Certificates Issued; 0 revoked and denied

(h) A review of the basic assumptions underlying the creation of the occupational regulations;

Neb. Rev. Stat. 38-2058 provides that it is unlawful to practice acupuncture on a person in this state unless the acupuncturist is licensed to practice acupuncture under the Uniform Credentialing Act.

(i) A statement from the occupational board on the effectiveness of the occupational regulations

The Chair of the Board of Medicine and Surgery stated “It is extremely important for us to have the occupational oversight provided by the Board of medicine and surgery for clinicians in the state. The board has been effective at improving the safety of medical care and surgical care for patients and citizens of the state as a result of the oversight.”

(j) A comparison of whether and how other states regulate the occupation;

Licensure is required in 47 states and the District of Columbia for Acupuncturists;

(4) Subject to subsection)5) of this section, each committee shall also analyze, and include in its report, whether the occupational regulations meet the policies stated in section 84-946 considering the following recommended courses of action for meeting such policies:

The regulations (NAC Title 172, Chapter 89) appear to be consistent with the underlying statutory authority.

- (a) If the need is to protect consumers against fraud, the likely recommendation will be to strengthen powers under the Uniform Deceptive Trade Practices Act or require disclosures that will reduce misleading attributes of the specific goods or services:

N/A

- (b) If the need is to protect consumers unclean facilities or to promote general health and safety, the likely recommendation will be to require periodic inspections of such facilities;

N/A

- (c) If the need is protect consumers against potential damages from failure by providers to complete a contract fully or up to standards, the likely recommendation will be to require that providers be bonded:

N/A

- (d) If the need is to protect a person who is not party to a contract between the provider and consumer, the likely recommendation will be to require that the provider have insurance;

N/A

- (e) If the need is to protect consumers against potential damages by transient providers, the likely recommendation will be to require that providers register their businesses with the Secretary of State;

N/A

- (f) If the need is to protect consumers against a shortfall or imbalance of knowledge about the goods or services relative to the providers' knowledge, the likely recommendation will be to enact government certification; and

N/A

- (g) If the need is to address a systematic information shortfall such that a reasonable consumer is unable to distinguish between the quality of providers, there is an absence of institutions that provide adequate guidance to the consumer, and the consumer's inability to distinguish between providers and the lack of adequate guidance allows for undue risk of present, significant, and substantiated harms, the likely recommendation will be to enact an occupational license.

N/A

(5) If a lawful occupation is subject to the Nebraska Regulation of Health Professions Act, the analysis under subsection (4) of this section shall be made using the least restrictive method of regulation as set out in section 71-6222.

N/A

(6) In developing recommendations under this section, the committee shall review any report issued to the Legislature pursuant to the Nebraska Regulation of Health Professions Act, if applicable, and consider any findings or recommendations of such report related to the occupational regulations under review.

N/A

(7) If the committee finds that it is necessary to change occupational regulations, the committee shall recommend the least restrictive regulation consistent with the public interest and the policies in this section and section 84-946.

NA

Conclusion

The licenses, certifications, and registrations overseen by the Board of Medicine and Surgery are intended to protect the health, safety, and welfare of Nebraskans. As a whole, regulation of acupuncturists is appropriate and balanced and does not need modification at this time.
