Neutral:

Representing:

* ADA Accommodation Written Testimony

Summary of purpose and/or changes:

Section 1 - Amends section 60-6,356 – All-terrain and utility-type vehicle operations.

The first section removes the restriction which states that all-terrain and utility-type vehicles can only be operated between the hours of sunrise and sunset. Instead, it creates an exception that allows those vehicles to be used between the hours of sunset and sunrise if they are used for the purpose of snow removal within a city, village, or unincorporated village.

It also cleans up language regarding liability insurance and language mandating that those vehicles be operated only under thirty miles per hour.

Section 2 repeals original section 60-6,356.

Mike Moser, Chairperson
