This bill requires emergency medical service (EMS) providers who receive state funded grants to certify on a form supplied by the Department of Health and Human Services that the provider maintains and implements a claims submission process for alternative payors such as Medicaid or private insurances. DHHS indicates minimal costs to implement the provisions of the bill, to create such a form.

Return by date specified 72 hours prior to public hearing, whichever is earlier.

**Explanation of Estimate:**

There would not be a significant fiscal impact on the Department of Health and Human Services (DHHS) as DHHS already manages grant assistance activities. The Department would only need to add a new form to grant applications to allow emergency care providers to certify billing policies and procedures.

The department would absorb this cost.
