LB 1134 amends statute related to building codes to adopt the 2009 edition of the International Residential Code as opposed to the currently adopted 2018.

Prior to updating or changing local codes, counties, cities, and villages would be required to have an independent third-party present evidence indicating the change protects the public from eminent danger.

Until 2031, it disallows any county city or village from adopting more stringent or updated version than the Nebraska Energy Code.

No fiscal impact
