LB1180 directs the Public Service Commission (PSC) to begin issuing licenses on January 1, 2027, for authorizing intrastate Medicaid nonemergency medical transportation services. This bill clarifies that rates charged by motor carriers and regulated motor carriers set in agreements with state agencies, specified in §75-302, are not subject to regulation by the PSC. LB1180 redefines a common carrier to include intrastate Medicaid nonemergency medical transportation services. In §75-311, this bill establishes that the PSC may set the rules and regulations, make determinations on applicants, hold hearings, and revoke or suspend these licenses. Also, the PSC may set the fees for these intrastate Medicaid nonemergency medical transportation service licenses up to a cap of \$250. These licenses would be valid for one year, and may renewed automatically every year. Additionally, this bill establishes under §75-342 that all transportation network companies or participating drivers must obtain an intrastate Medicaid nonemergency medical transportation service license if they engage in these services.

This bill would become effective three calendar months after the adjournment of the Legislature.

Both the PSC and DHHS have indicated no fiscal impact.

There is no basis to disagree with these estimations of no fiscal impact.
