GENERAL FUNDS				
CASH FUNDS				
FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS				

**Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.**

LB390 would require each school board of a public school district to adopt a policy relating to access by a parent, guardian, or educational decisionmaker to certain school library information.

Beginning with the 2026-27 school year, each school board's policy will:

- require the creation of an online catalog of all books in the district's library, categorized by school building, which will be accessible for viewing by a parent, guardian, or educational decisionmaker of a student attending that district
- provide the opportunity for a parent, guardian, or educational decisionmaker of a student to be notified when the student of that parent, guardian, or educational decisionmaker checks out a book from the school library by means of a website or application notification or by opting in to email notifications. Those notifications will include:
  - the title of the book checked out by the student
  - the name of the author of the book checked out by the student
  - the date the book checked out by the student is due to be returned to the school library

AM97 eliminates the requirement to have an online catalog & will only require the creation a catalog of all books in the district's library.

AM653 adds that provisions established in LB390 will only apply to a school library that is located on school district property & will not apply to any other public library regardless if that library contracts with a school district for use by their students.

NO FISCAL IMPACT.

Explanation of Estimate:  
LB390 requires each school district to adopt a policy pertaining to access to school library materials. AM653 further clarifies only school libraries located on district property are included in the requirements. There is no fiscal impact for the NDE.
