LB799 creates the Service Contract Reporting Act.

The act requires cities of the metropolitan class, counties with population of more than 500,000, and state agencies (other than the University, Nebraska State Colleges, the courts, the legislature, or any constitutional agency) to submit a report on August 1 of each year to the Materiel Division of the Department of Administrative Services. This report will contain the following information:

- Name and address of individuals awarded service contracts during the previous fiscal year.
- Dollar value of those contracts
- Total dollar value of service contracts for the fiscal year
- A description of efforts made to award contracts to individuals and entities located in an economic redevelopment area and qualified census tracts.

The act requires the Materiel Division to compile the information reported and submit it to the Governor, Clerk of the Legislature, and the Urban Affairs Committee.

If the city or county fails to submit the report, the State Treasurer is to suspend all distributions of state aid to the city or county.

The state agencies contacted regarding this bill indicate sufficient resources to accommodate the reporting required.

No fiscal impact.

Explanation of Estimate:

LB799 establishes the Service Contract Reporting Act. As enacted each city, county, and state agency shall submit a report to the Materiel Division of the Department of Administrative Service (DAS) on or before August 1, 2026, and each year thereafter. The report shall contain information specified in Section 3 of the Act regarding service contracts executed during the most recently completed state fiscal year.

Starting September 1, 2026, LB799 would require DAS to electronically submit a comprehensive report annually from the compiled information to the Governor, the Clerk of Legislature, and Urban Affairs Committee of the Legislature. DAS shall also publish the comprehensive report on its website.

If any city or county fails to submit the required annual report, the State Treasurer shall suspend distribution of state aid allocated to that city or county until the report is submitted. Upon submission of the annual report, the city or county shall receive all state aid distributions including any previously suspended amounts.

If enacted, NDOT will be able to accommodate the reporting requirements within existing resources.
