### **RESOLUTION(S)**

**LEGISLATIVE RESOLUTION 311CA.** Introduced by Cavanaugh, J., 9.

THE MEMBERS OF THE ONE HUNDRED NINTH LEGISLATURE OF NEBRASKA, SECOND SESSION, RESOLVE THAT:

Section 1. At the general election in November 2026, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To add a new section 31 to Article III:

III-31 In addition to any other requirements of this Constitution, in establishing or revising the boundaries of all election districts for federal and state offices as provided in the Constitution of the United States or this Constitution:

(1) Every ten years beginning in 2031, the Legislature shall establish a screening committee of nine of its members, no more than five of whom may be affiliated with the same political party. Action by the screening committee shall require the affirmative votes of at least six of its members. The screening committee shall appoint a Commission on Redistricting with responsibility to draw and recommend to the Legislature the boundaries of election districts;

(2) The commission shall be comprised of nine registered voters of the State of Nebraska divided into three groups: Three commissioners affiliated with the largest political party in the state, three commissioners affiliated with the second largest political party in the state, and three commissioners not affiliated with either of these political parties. The opportunity to serve on the commission shall be broadly advertised to the public. The screening committee shall identify and make public a pool of candidates from among the registered voters of the state who apply to the screening committee, who have the ability to exercise nonpartisan, independent judgment in drawing election districts, and who in the judgment of the screening committee are likely to do so. The screening committee may interview applicants prior to finalizing the pool of candidates. The screening committee shall select two candidates in each of the three groups in the pool at random and appoint them to the commission and shall directly choose one candidate from each group and appoint them to the commission;

(3)(a) In order to be eligible to be a commissioner, a registered voter shall not have changed political affiliation in the three years prior to submission of the application.

(b) No commissioner, and no member of a commissioner's immediate family, shall be a member of Congress, a member of the Legislature, a constitutional officer of the State of Nebraska (other than a commissioner), an elected county or city official, an elected or appointed official or employee of a political party, a candidate for federal, state, county, or city elective office, a registered lobbyist, or a consultant for a political party or a candidate for federal, state, county, or city elective office.

(c) No commissioner or member of a commissioner's immediate family shall have held any of the positions listed in subdivision (3)(b) of this section for at least five years prior to the commissioner's application.

(d) For purposes of this section, immediate family includes any person related to a commissioner by blood or marriage, including foster and adopted children;

(4) The screening committee shall appoint the commissioners on or before March 1, 2031, and on or before March 1 every ten years thereafter. Each commissioner's term shall expire ten years after the date of the

commissioner's appointment or when the next commission is established, whichever is earlier. The screening committee shall fill vacancies on the commission from the same pool and group of candidates as the commissioner whose position is vacant. No commissioner shall be eligible for state office for a period of five years following the conclusion of service as a commissioner;

(5) The commission shall begin its work on or before April 1 of each year in which the commission is established and shall recommend maps setting forth the boundaries of all election districts by August 1 of that same year;

(6) The commission may retain employees, consultants, and legal counsel and contract for goods and services, but shall not retain or contract with an individual who would be ineligible to serve on the commission under subdivision (3) of this section or an entity owned or controlled by such an individual. On each day on which the commission meets to conduct its duties relating to redistricting, a commissioner shall be entitled to the same per diem and reimbursement of expenses as a member of the Legislature while the Legislature is in session;

(7) The Legislature shall provide meeting space and staff for the commission and shall appropriate the funds necessary for the commission to carry out its duties;

(8) The commission shall hold at least one public meeting in each congressional district prior to recommending maps to the Legislature. The commission shall make the maps proposed for recommendation and other data being considered readily available to the public across the state in a reasonably usable format at least seven days prior to the first such meeting and shall consider comments and maps provided by the public. Maps proposed by the commission shall be accompanied by a written explanation of the decisions made by the commission in drawing the maps;

(9) A quorum of the commission shall be seven commissioners. In order to be effective, any action taken by the commission, including the election of its chairperson and vice-chairperson and the recommendation of maps, shall have the votes of at least two commissioners from each of the three groups of commissioners;

(10) Subject to other provisions of this Constitution, election districts shall be drawn in accordance with the following criteria, in order of priority: (a) Complying with federal law, (b) creating contiguous districts, (c) making districts as nearly equal in population as possible, (d) ensuring that districts do not deny or abridge the right to vote on the basis of race or language, (e) minimizing the division of county, municipal, and neighborhood boundaries, and (f) not intentionally favoring or disfavoring any incumbent or political party;

(11) Except as may be otherwise required by federal law or to evaluate maps for compliance with subdivision (10) of this section, election districts shall be drawn without considering the political affiliation of voters or previous voting data;

(12) The commission shall recommend to the Legislature maps setting forth the boundaries of election districts. Such maps shall be subject to final approval by the Legislature;

(13) The Legislature shall not redraw any districts. If any districts are rejected by the Legislature, the commission shall redraw the maps containing such districts in compliance with subdivisions (10) and (11) of this section, taking into account any feedback from the Legislature, and resubmit such maps to the Legislature for approval;

(14) All proceedings of the Legislature and its committees regarding redistricting and all meetings of the commission shall be conducted in public or with a remote viewing option which is readily accessible by the public; and

(15) Any registered voter of the State of Nebraska may maintain an action to compel compliance with this section. The district court for Lancaster County shall have original jurisdiction over any such action.

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

A constitutional amendment to require appointment of a Commission on Redistricting to draw and recommend to the Legislature the boundaries of election districts.

13 the medical specialty appropriate for the type of cancer diagnosed that

14 there are one or more malignant tumors characterized by the

15 uncontrollable and abnormal growth and spread of malignant cells with

16 invasion of normal tissue, and that either:

17 (i) There is metastasis and:

18 (A) Surgery, radiotherapy, or chemotherapy is medically necessary;

19 or

20 (B) There is a tumor of the prostate, provided that it is treated

21 with radical prostatectomy or external beam therapy; or

22 (ii) Such firefighter has terminal cancer, his or her life

23 expectancy is twenty-four months or less from the date of diagnosis, and

24 he or she will not benefit from, or has exhausted, curative therapy;

25 (b) A lump-sum benefit of six thousand two hundred fifty dollars for

26 each diagnosis payable to a firefighter upon acceptable proof to the

1 insurance carrier or other payor of a diagnosis by a board-certified  
2 physician in the medical specialty appropriate for the type of cancer  
3 involved that either:

- 4 (i) There is carcinoma in situ such that surgery, radiotherapy, or  
5 chemotherapy has been determined to be medically necessary;

7 procedures alone; or  
8 (iii) There are malignant melanomas; and

9 (c)(i) A monthly benefit of one thousand five hundred dollars  
10 payable to a firefighter, of which the first payment shall be made six  
11 months after total disability and submission of acceptable proof of such  
12 disability to the insurance carrier or other payor that such disability  
13 is caused by cancer and that such cancer precludes the firefighter from  
14 serving as a firefighter. Such benefit shall continue for up to thirty-  
15 six consecutive monthly payments.

16 (ii) Such monthly benefit shall be subordinate to any other benefit  
17 actually paid to the firefighter solely for such disability from any  
18 other source, not including private insurance purchased solely by the  
19 firefighter, and shall be limited to the difference between the amount of  
20 such other pay benefit and the amount specified in this section.

21 (iii) Any firefighter receiving such monthly benefit may be required  
22 to have his or her condition reevaluated. In the event any such  
23 reevaluation reveals that such person has regained the ability to perform  
24 duties as a firefighter, then his or her monthly benefits shall cease the  
25 last day of the month of the reevaluation.

26 (iv) In the event that there is a subsequent reoccurrence of a  
27 disability caused by cancer which precludes the firefighter from serving  
28 as a firefighter, he or she shall be entitled to receive any remaining  
29 monthly benefits.

30 (2) A firefighter shall also be entitled to an additional payment of  
31 enhanced cancer death benefits in the amount of fifty thousand dollars  
1 payable to his or her beneficiary or, if no beneficiary is named, to such  
2 firefighter's estate upon acceptable proof by a board-certified physician  
3 that such firefighter's death resulted from complications associated with  
4 cancer.

5 (3) A firefighter shall be ineligible for benefits under the  
6 Firefighter Cancer Benefits Act if he or she is already provided paid  
7 firefighter cancer benefits pursuant to section 35-1001.

17 ability to pay such compensation to ensure adequate coverage for all  
18 firefighters shall be required and shall comply with rules and  
19 regulations adopted and promulgated by the State Fire Marshal. Such  
20 coverage shall remain in effect until thirty-six months after the rural  
21 or suburban fire protection district, airport authority, city, village,  
22 or nonprofit corporation no longer has any firefighters who could qualify  
23 for benefits under the act.

24 Sec. 3. Section 35-1009, Revised Statutes Cumulative Supplement,
