RESOLUTION(S)

LEGISLATIVE RESOLUTION 297CA. Introduced by Cavanaugh, M., 6.

THE MEMBERS OF THE ONE HUNDRED NINTH LEGISLATURE OF NEBRASKA, SECOND SESSION, RESOLVE THAT:

Section 1. At the general election in November 2026, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article III, sections 2 and 27:

III-2 The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition be for the enactment of a law, it shall be signed by seven percent of the registered voters of the state, and if the petition be for the amendment of the Constitution, the petition therefor shall be signed by ten percent of such registered voters. In all cases the registered voters signing such petition shall be so distributed as to include five percent of the registered voters of each of two-fifths of the counties of the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition shall have been filed. The same measure, either in form or in essential substance, shall not be submitted to

the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election be approved, the one receiving the highest number of affirmative votes shall thereby become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative. Initiative measures shall contain only one subject. The Legislature shall not amend, repeal, modify, or impair a law enacted by the people by initiative, contemporaneously with the adoption of this initiative measure or at any time thereafter, except upon a vote of at least two-thirds of all the members of the Legislature. Any legislation approved by two-thirds of the members of the Legislature and approved by the Governor to amend, repeal, modify, or impair a law enacted by initiative shall be submitted to the electors of the state at the next statewide general election. The law enacted by initiative shall remain in full force and effect until such legislation takes effect. No such legislation shall take effect unless approved by the voters voting on the issue, and if approved by the voters, such legislation shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of such votes.

III-27 No act shall take effect until three calendar months after the adjournment of the session at which it passed, unless in case of emergency, which is expressed in the preamble or body of the act, the Legislature shall by a vote of two-thirds of all the members elected otherwise direct. Legislation that amends, repeals, modifies, or impairs a law enacted by the people by initiative shall take effect as provided in Article III, section 2, of this Constitution. All laws shall be published within sixty days after the adjournment of each session and distributed among the several counties in such manner as the Legislature may provide.

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

A constitutional amendment to require any legislation that would amend, repeal, modify, or impair a law enacted by initiative to be submitted to the electors of the state for approval.

THE MEMBERS OF THE ONE HUNDRED NINTH LEGISLATURE OF NEBRASKA, SECOND SESSION, RESOLVE THAT:

Section 1. At the general election in November 2026, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article III, section 24:

III-24 (1) Except as provided in this section, the Legislature shall not authorize any game of chance or any lottery or gift enterprise when the consideration for a chance to participate involves the payment of money for

the purchase of property, services, or a chance or admission ticket or requires an expenditure of substantial effort or time.

(2) The Legislature may authorize and regulate a state lottery pursuant to subsection (3) of this section and other lotteries, raffles, and gift enterprises which are intended solely as business promotions or the proceeds of which are to be used solely for charitable or community betterment purposes without profit to the promoter of such lotteries, raffles, or gift enterprises.

(3)(a) The Legislature may establish a lottery to be operated and regulated by the State of Nebraska. The proceeds of the lottery shall be appropriated by the Legislature for the costs of establishing and maintaining the lottery and for the following purposes, as directed by the Legislature:

(i) The first five hundred thousand dollars after the payment of prizes and operating expenses shall be transferred to the Compulsive Gamblers Assistance Fund;

(ii) Forty-four and one-half percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the Nebraska Environmental Trust Fund to be used by the Nebraska Environmental Trust exclusively for administering the Nebraska Environmental Trust and funding competitively awarded grants to tax-exempt entities, Nebraska political subdivisions, or Nebraska state agencies for the conservation, enhancement, or restoration of the natural physical and biological environment in Nebraska, including the air, land, ground water, surface water, flora and fauna, prairies and forests, wildlife and wildlife habitats, and natural areas of aesthetic or scenic value. A project proposed by a Nebraska state agency shall not be awarded a grant by the Nebraska Environmental Trust unless at least fifty percent of the project's funding is provided by a political subdivision, the federal government, or private donors as provided in the Nebraska Environmental Trust Act;

(iii) Forty-four and one-half percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be used for education as the Legislature may direct;

(iv) Ten percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the Nebraska State Fair Board if the most populous city within the county in which the fair is located provides matching funds equivalent to ten percent of the funds available for transfer. Such matching funds may be obtained from the city and any other private or public entity, except that no portion of such matching funds shall be provided by the state. If the Nebraska State Fair ceases operations, ten percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the General Fund; and

(v) One percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the Compulsive Gamblers Assistance Fund.

(b) No lottery game shall be conducted as part of the lottery unless the type of game has been approved by a majority of the members of the Legislature.

(4) Nothing in this section shall be construed to prohibit (a) the enactment of laws providing for the licensing and regulation of wagering on the results of horseraces, wherever run, either within or outside of the state, by the parimutuel method, when such wagering is conducted by licensees within a licensed racetrack enclosure or (b) the enactment of laws providing for the licensing and regulation of bingo games conducted by nonprofit associations which have been in existence for a period of five years immediately preceding the application for license, except that bingo games cannot be conducted by agents or lessees of such associations on a percentage basis.

(5) This section shall not apply to any law which is enacted contemporaneously with the adoption of this subsection or at any time thereafter and which provides for the licensing, authorization, regulation, or taxation of all forms of games of chance when such games of chance are conducted by authorized gaming operators within a licensed racetrack enclosure.

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:
