

# **One Hundred Ninth Legislature - Second Session - 2026**

## **Introducer's Statement of Intent**

### **LB883**

---

**Chairperson: Senator R. Brad von Gillern**

**Committee: Revenue**

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB883 seeks to provide technical revisions that will streamline review processes and reduce an inflexible regulatory burden when a community has found a building or property to have ended its useful life. Properties that are determined historic, as currently written, are not eligible for funding support regardless of their current condition. The changes outlined aim to provide flexibility for the community when needed, while still ensuring a public benefit through mitigation, documentation, or commemoration of the historic property, if it must be demolished. Additionally, the activities of 19-1202 are to be covered through programs funding rather than through the Federal Historic Preservation Fund.
