

# **One Hundred Ninth Legislature - Second Session - 2026**

## **Introducer's Statement of Intent**

### **LB936**

---

**Chairperson: Senator Brian Hardin**

**Committee: Health and Human Services**

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

The purpose of LB936 is to allow nurse practitioners to perform fluoroscopy for procedural guidance upon the successful completion of training and education set by the Board of Nursing. Additionally, this proposal will improve patient care access in both urban and rural health care settings and will ensure that nurse practitioners can access the current standard of care for procedural guidance. The bill language is based off the nurse practitioner's successful 407 Credentialing Review in 2025.
