**INVITATION TO SENATOR NORRIS TO ADDRESS
THE LEGISLATURE**

We are honored today by the presence of one who has been more responsible than any other person for this occasion. We are assembled as the members of the first Nebraska Unicameral Legislature, because of his leadership. Therefore Mr. President, I move that we invite that great American, Senator George W. Norris of our State to address the Legislature at this time.

(Signed) J. N. NORTON.

The motion was unanimously adopted by the Legislature.

ADDRESS BY SENATOR GEORGE W. NORRIS

Mr. President and Members of the Legislature:

I congratulate you on being members of the first unicameral legislature. The opportunities that will come to you officially to better the conditions of our people by the improvement of the legislative machinery are very great. Your work will attract the attention, not only of the people of our great commonwealth, but of the entire country. Upon you, and your work, will be focused the eyes of all students of government all over the nation.

Every professional lobbyist, every professional politician, and every representative of greed and monopoly is hoping and praying that your work will be a failure. Everything that special interests can do to embarrass you, and to misinterpret your action, will be attempted. On the other hand, every lover of his fellow man, every person who wants to place our State on a higher standard of efficiency, every person who is anxious to bring about improvement in our State affairs, every patriot who wants to place our government on a higher level for good, every lover of human liberty and equal justice, and every believer in the business administration of state affairs as distinguished from political machine control, is hoping, praying and believing that your official work will be crowned

with unlimited success and to the satisfaction and approval of believers in good government everywhere.

The unicameral legislative amendment was adopted by an overwhelming majority of our people. The adoption of the amendment was opposed by lobbyists, by professional politicians of all parties, and by every person or corporation who expected to get an advantage, financial or otherwise, in securing the passage of legislation favorable to their ideas. Many honest people voted against the adoption of the amendment for one reason or another which appeared adequate and sufficient to them but all such people are earnestly desiring that the new amendment be given a fair and honest test.

You are members of the first legislature of Nebraska to hold your positions without any patrisan political obligation to any machine, to any boss, or to any alleged political leader. Your constituents do not expect perfection. They know that it is human to err but they do expect, and have the right to expect, absolute honesty, unlimited courage, and a reasonable degree of efficiency and wisdom. The people of Nebraska will not condemn you even if they do not agree with all of your official actions. We realize that honest men, patriotic men, and wise men do not always agree. In fact, disagreement on things which are not fundamental is an evidence of courage and independence. We expect an economical and efficient administration and, above all, an honest administration free from any partisan, bias, political prejudice, or improper motives.

You have an opportunity to render a service to your fellow citizens that no other legislature has ever had. I believe you will meet your responsibilities with courage and ability. From now on Nebraska has a right to expect a business administration. Your work will be watched to a greater extent than the work of any legislature in the past. When you carry out the theory and the principles of the new amendment, it will be easy to observe everything you do. Publicity to all your acts will help to reward the faithful and to punish those who do not follow the true spirit of the new amendment.

That your work may be successful and that it may receive the approval of all honest-minded citizens is not only my personal wish but I believe it is the hope and desire of a great majority of the loyal citizens of Nebraska.

WHEREAS, the present public health and safety of the state of Nebraska and of numerous counties and other governmental subdivisions therein are being imperiled by the existing and threatened deprivations of a considerable number of their inhabitants of the

necessities of life owing to destructive drouths which have blighted large areas of said state during the past five years, and

WHEREAS, the duty of providing aid for those citizens of the state of Nebraska in need or unemployed either because of lack of employment or because of drouth conditions in rural areas over which our citizens have no control, is primarily an obligation of the state of Nebraska and the several counties therein, and

WHEREAS, notwithstanding the primary responsibility of the state and the counties, as aforesaid, to alleviate distress caused by drouth, it is a fact that the funds of the agencies of the state of Nebraska and its local subdivisions are now exhausted for relief needs under maximum levies, due in many instances to uncollected taxes in the agricultural regions of the state of Nebraska, and

WHEREAS, it is the sense of this legislature that the impoverished condition of many of our citizens due to the destructive drouth has become such a matter of public concern that the same ought to be alleviated by necessary increases in WPA allotments of federal funds forthwith,

NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That this legislature respectfully petitions and memorializes the President of the United States and the Congress of the United States forthwith to provide necessary increases in WPA allotments of federal funds for the use and benefit of the state of Nebraska.

2. That the clerk of this legislature be directed forthwith to forward copies of this resolution, properly authenticated and suitably engrossed, to the President of the United States, to the Vice President of the United States as presiding officer of the United States Senate, to the Speaker of the House of Representatives of the United States, and to the United States Senators and Congressmen representing the state of Nebraska in the Congress, to the end that our representatives in Washington may be promptly advised as to the distress which now imperils the health and safety of Nebraska citizens.

GOVERNOR COCHRAN'S MESSAGE
DELIVERED TO THE FIFTY-SECOND SESSION OF THE
LEGISLATURE OF NEBRASKA

January 7, 1937

MR. CHAIRMAN AND MEMBERS
OF THE NEBRASKA LEGISLATURE:

In again accepting the office of Governor of the state of Nebraska, I do so with a feeling of deep responsibility; a responsibility which has increased because of the adoption of a new method of legislative procedure; a responsibility which has increased because of the necessity of determining and making provision for the minimum needs of government at a time when drouth has again laid its devastating hand on our state which, directly or indirectly, is wholly dependent upon agriculture. Two years ago, we were confronted with more major problems than were ever attendant at a single legislative session. These problems were solved, as were the many administrative problems which followed and continued throughout the past two years. At this particular session we do not have a necessity for a great deal of legislation, such as has been needed in previous sessions.

In entering upon your duties, I know the spirit that animates you to make a successful demonstration of the first Unicameral Legislature. You are honored in being members of this body. This may well be an historic session, not because of the legislation passed or rejected, but because of the new method by which it is accomplished. If successful, we may see the methods of procedure adopted by you used as a guide throughout the nation. Let us hope that Nebraska may lead the way in an improved method of legislative procedure just as we have led the way in providing efficient, economical government without bonded indebtedness, without new and more burdensome methods of taxation.

It is my constitutional duty to call your attention to the conditions of the state and to the state's needs. I am pleased to perform this duty. Some legislation is needed at each session of the legislature. Much legislation is seldom needed. Let us remember that a successful session can be based on what is not done as well as by what is done. I do not join with those who think the best measure of a legislature is the dispatch with which it is conducted. Legislation is a serious business and any law passed may affect, directly or indirectly, over

one and one-third million people. Proper deliberation is essential for satisfactory results. Further than this caution against hasty legislation, I do not have or shall not have any suggestions as to rules and procedure.

STATE CAPITOL

Two years ago, I recommended to the Fiftieth Session of the Nebraska legislature that a bill be introduced and passed submitting a constitutional amendment to a vote of the people to provide for the abolishment of the office of Commissioner of Public Lands and Buildings. This was done and the electorate of this state on November 3rd, 1936, by their vote abolished this office. The Attorney General has held that the office became vacant and non-existent on November 3rd, 1936. The Commissioner of Public Lands and Buildings is now serving as custodian of the State Capitol under appointment and direction of the Governor. His term of office, for which he was elected, ends today.

I recommend that immediate legislative provision be made for the custodianship of the Capitol. Because of the large investment in the building, equipment and machinery and the fact that the whole task of taking care of our State Capitol is, to a considerable extent, an engineering problem, I recommend that legislation be passed placing the custodianship under the Department of Roads and Irrigation which, in turn will be responsible to the Governor.

BOARD OF EDUCATIONAL LANDS AND FUNDS

I recommend that legislation be passed at an early date giving authority to the Board of Educational Lands and Funds to appoint a secretary or chief clerk other than a board member and also giving authority and responsibility to the board to perform all duties with which the Commissioner of Public Lands and Buildings was formerly charged under the statutes, with the exception of the custodianship of the Capitol Building as provided for above.

CONSTITUTIONAL AMENDMENTS PROPOSED

Because of the vote abolishing the office of the Commissioner of Public Lands and Buildings, there remain but four members on the Board of Educational Lands and Funds. I recommend the submission of a constitutional amendment to make the State Superintendent of Public Instruction a member of this board. It seems to me that the reasons for this are quite obvious. The board should be constituted of five members, as formerly. The Superintendent of Public Instruction is the logical addition because of the fact that the duties of this

board have to do with the administration and supervision of lands and funds belonging to the state, the income from which is used to help support our public schools.

I recommend that a constitutional amendment be submitted to provide for appointment of the Attorney General by the Governor. The reasons are obvious. The Governor is held responsible not only for his own official acts but also the acts of state departments under him and he is likewise held responsible in large measure for those performed by boards on which he serves. He is entitled to a legal advisor of his own choice.

I join with the Chairman of the State Railway Commission in recommending a constitutional amendment by which the Railway Commissioners will be appointed by the Governor with the consent and approval of two-thirds of the legislature. For these positions special knowledge and qualifications are required which, it is believed, can best be secured by appointment. Confirmation by the legislature gives the whole people of the state a part through their representatives in the selection of the members of the Commission. Under such provision, two-thirds of such members which, in effect, represent two-thirds of the population of the state, must give their concurrence.

SOCIAL SECURITY

UNEMPLOYMENT INSURANCE

At the special session of 1935, the legislature did not deem it advisable to pass the unemployment insurance law which I recommended to make available the advantage of the provisions of this phase of the National Security Program.

Legal opinions indicate that there may be an advantage in the immediate passage of such a law if it could be approved by the federal social security board and become effective prior to collection date, January 31st, 1937. Early action on this bill is highly desirable so that the necessary organization can be made effective to collect the contributions covering the year 1936.

Anticipating the desirability of early action, the Attorney General has already secured a form of bill which will probably meet with the approval of the federal social security board. While this form of bill may not be perfect and may require some amendment to meet conditions in Nebraska, it will form a basis for your early consideration.

If this is not accomplished, it is recommended that your Honorable Body memorialize Congress to extend the deadline fixed by the social security board so that Nebraska and other states in a similar position may not lose any of their benefits under the Federal Act.

SOCIAL SECURITY LAWS NOW IN FORCE

Nebraska was one of the first states to adopt a social security law to provide for old age assistance, aid to dependent children, to crippled children and to the blind. It is the first time in our history that such legislation was ever attempted. As a state we are glad to be able to grant assistance to the aged, to dependent children, and to others in distress under the provisions of the Social Security law. We must keep in mind, however, that this law provides assistance only and not necessarily adequate maintenance. In making such expenditures, as a state we must always keep in mind the interests of both those who receive and those who provide. We must keep in mind the taxpayer as well as the beneficiary of such a program. The cost of social security at the present time in state and federal funds amounts to a little more than six and one-half million dollars per year or almost twice as much as the \$3,627,069.00 raised this year from property taxes for state government.

Another year of drouth has been responsible for an increased number of beneficiaries under this program, an increased and unexpected burden with decreased ability to pay because of drouth. It is hoped that we may soon have adequate moisture for our fine crop producing soil so that we may again come into our place as a great food producing state of the nation. When this happens, the number of people who need help under this program will be reduced, while at the same time the ability of the rest of the people to pay for this program will be increased.

I recommend that the present laws be continued with substantially the same average rate of payments as have existed during the past year. Some minor amendments to these laws are needed. I recommend that our social security laws be financed, using all of the beer and liquor taxes with a continuation of the head tax. It is recommended that the one cent additional gas tax enacted two years ago, which ends under its own provisions on March 1st, 1937, be re-enacted and that a portion of the revenue coming from this tax be used for the financing of social security and the remaining portion be used for the construction and maintenance of highways.

TAXATION

The cost of government as a whole in Nebraska has been reduced twenty-three million dollars per year. A net reduction of thirty-four million dollars in bonded indebtedness of the local subdivisions has been made. These gains should and must be maintained with further economies effected wherever possible. Local, as well as state administrations, must recognize the needs of those who pay as well

as the needs and desires of those who spend. Successive drouths following a period of depression have reduced the capacity to pay.

At a time like this it is natural that some might think of lightening the tax burden by adopting new forms in lieu of existing forms of taxation. Experience of other states has amply demonstrated that such attempts to shift the tax burden have resulted in only increased taxation. I refer particularly to a general sales tax and a state income tax. Of the total tax dollar levied on property, approximately 11 cents goes for state purposes. Despite this small percentage, the state in its expenditures should at this time seek to hold down appropriations to a point commensurate with its most urgent needs.

The state should be an example for low cost government. The local subdivisions should follow this example. Nebraska as a state is in an enviable position. We have no indebtedness. We have adopted no new forms of taxation. Some of the local subdivisions are in distress because they incurred an excessive indebtedness. I do not believe it is possible to administer the political subdivisions of the state and avoid bonded indebtedness entirely. I do believe, however, it is possible for the political subdivisions to take an example from the state and for the most part to follow the PAY-AS-YOU-GO plan. A bill passed two years ago provides a method for constructing school buildings without creating bonded indebtedness. This is a start in the right direction.

BUILDING PROGRAM

The financing and construction of this magnificent building over a long period of years is an example of what can be accomplished without burdensome taxation. I believe it is self evident that a further building program for Nebraska is needed. Requests have been made by the governing bodies of charitable and penal institutions and of the higher educational institutions for additional buildings. The need exists for new buildings and for repair of old buildings, just as the need exists for new buildings, for repairing and repainting of old buildings in the towns and cities, as well as on thousands of farms throughout Nebraska.

The construction of new state buildings, whether for hospitals or for educational institutions, must be paid for directly or indirectly from the products of our soil. These products have not been forthcoming. We are waiting for adequate moisture to produce crops, the only source of wealth which we possess. We must likewise wait for public buildings until the source of payment is assured.

We know that new public buildings are needed. We do not know accurately how much building is needed nor do we know the esti-

mated cost. I recommend that provisions be made for determination of these facts by a State Planning Board Committee. The purpose in granting this authority by the legislature would be to secure facts relative to present, as well as prospective needs, and estimated costs of those needs. This program may well extend over a period of at least ten years. The extent of the authority to be granted should be limited to the gathering of facts and the making of a report to the Governor. The Governor, in turn, should present this report to the next regular session of the legislature with the committee's recommendations.

Two years ago, the legislature recognized an emergency at the Hastings State Hospital where the condition of an old hospital building is such that repair is not practical. The condition is such as to create grave concern for the safety of the inmates. The legislature, on recommendation of the Governor, made an appropriation of \$200,000.00 remaining in the capitol building fund for a new hospital building at Hastings, as a start in the way of providing a new building to replace the old one. An additional \$161,000.00 in federal funds has been allocated for this purpose and bids will be received this month for the construction of the first unit of a new building. Additional construction work is imperative and an appropriation should be made or a levy provided by this legislature to take care of this emergency. I am making a study of the most pressing building needs and will make recommendation in my budget message.

HIGHWAYS

Nebraska has followed a wise course in its highway development using current revenue and federal aid for highway construction and avoiding indebtedness of any kind. I recommend a continuation of this program.

Our highways are of three general kinds—those on the federal aid system, those state highways not on the federal aid system and feeder roads on neither of the above mentioned systems.

We have added approximately 5,000 miles to the state highway system. We have nearly doubled the original mileage. At the same time, we have reduced the revenue going to the state by one and one-half million dollars per year represented by the one-half cent additional in gas tax appropriated to the counties and by a reduction in auto registration fees. This policy is obviously inconsistent, on the one hand to increase the responsibilities for construction and maintenance of state highways and at the same time to reduce the amount of revenue made available for such construction and maintenance.

For several years federal aid funds have been made available to a considerable extent with no requirement for matching. Under the present federal laws, we must match all federal road funds received (with the exception of those for railroad grade crossing eliminations). I call your attention here, as elsewhere, to the necessity for continuing the additional one cent gas tax law with a substantial part of it (probably over one-half) to be used for highway purposes. Under this plan, the Department of Roads and Irrigation will receive approximately the same amount per year in state funds as it received prior to 1933.

Nebraska is forty-seventh among the states of the Union and the District of Columbia in the amount of auto registration fees charged for each vehicle. Nebraska is twenty-eighth among the states in the rate of gas tax collected. Combining these two, Nebraska is forty-second in the amount of taxes charged for each motor vehicle. A higher gas tax and a lower registration fee is the more equitable plan. It charges the user of highways, whether he is a resident of the state or of some other state, in proportion to his use. It is interesting to note that a higher gas tax has apparently not reduced the sale of gasoline. Kansas, for example, with a three cent gas tax and a higher registration fee used an average of 534 gallons per motor vehicle per year while in the same period, an average of 540 gallons per motor vehicle was used in Nebraska.

HIGHWAY SAFETY

During the past year, as a result of efforts on the part of state and local officials combined with that of public-spirited citizens, the press and the radio, a reduction in highway fatalities has been made. However, we recognize that there continues to be far too many serious highway accidents resulting in death and serious injury and that something additional should be done to alleviate this condition. The 1929 session of the legislature passed a driver's license law which, experience has shown, is of little or no value. It is recommended that this law be amended so as to make it truly effective and that the granting of a driver's license to an individual shall be considered a privilege to be guarded by the licensee. It is felt that licenses should be renewed every two years and the fees from such licenses pay the cost of careful administration of the law, as well as the cost of greater enforcement of highway laws by the state sheriff.

LAW ENFORCEMENT

It is my belief that local officials should continue to be responsible for the enforcement of laws generally. It is my belief that the principal duties of the state sheriff's office should have to do with major crimes and traffic violations in cooperation with the local law en-

forcement agencies. I recommend an increase in the state sheriff's force in order to make this more effective. I recommend that no property tax be appropriated for state law enforcement and that the cost of administering state law enforcement shall be financed from revenue received from drivers' licenses, as above recommended.

Believing that under present conditions the acquiring of fire arms is made too easy, I recommend the passage of a uniform law in conjunction with other states in this section for the regulation of the sale of fire arms.

LIQUOR CONTROL

Two years ago in accordance with a mandate from the people of our state, a liquor control law was passed. The law passed recognizes local sentiment. This is, to my mind, one of the most fundamental requirements in a law of this character. I do not believe that major administrative changes are necessary or desirable at this time. Minor changes of an administrative character may be desirable. In case of making any such changes, extreme caution should be exercised to the end that the strongest features of our present law may not be destroyed.

I commend the legislature of 1935 for their patience, care and deliberation in working out a law which experience has shown lends itself to conditions in this state in a manner which has been more satisfactory to the average citizen than could reasonably have been expected.

BINDWEED

I realize that one of the problems facing Nebraska is that of weed pests, particularly bindweed. I vetoed a bill which dealt with this subject two years ago because I considered it inequitable and unworkable. It seems to me that the problem of eradicating the bindweed, as well as other destructive weeds, is one that can and should dovetail with the Soil Conservation Program. I recommend that this Honorable Body confer with those in charge of the Soil Conservation Program with the idea of making this subject a part of that Program.

I do not believe that any legislation granting state supervision should extend beyond provision for a Weed Commissioner. Obviously the use of state funds in any considerable amount would be more than the state could stand at this time.

SOIL CONSERVATION

The Federal Soil Conservation Act under its present provisions requires legislative action by the states by 1938. It is expected that

the incoming Congress will extend this time. However, it is suggested that as this session progresses, the preparation and passage of a bill may be necessary, this depending upon what action, if any, is taken by Congress. Nothing which we can do to conserve and preserve the soil and strengthen and fortify the basic industry of agriculture is more worthy of our complete sympathy and support.

MORTGAGE MORATORIUM

Inasmuch as the drouth has continued during the past year and has affected most of the state, it would only seem proper to extend the moratorium to provide for those who have a fair and reasonable chance to refinance their indebtedness.

BUREAU OF EXAMINING BOARDS

A year ago it was found that the Cosmetology Board was spending funds in excess of those provided by law and in amounts greater than needed to administer this Board. The change in the administration of this Department whereby the Director of the Bureau of Examining Boards acts as Executive Secretary of the Board, has improved administration and effected economies making possible reduction in license fees. It is recommended that these fees be reduced from \$3.00 to \$2.00.

It is recommended that an engineers' and architects' licensing law be passed at this session. It is believed the passage of such a law will be instrumental in safeguarding the life, health and property of our people. This is in line with the accepted policy of our state.

STATE FAIR

In 1929 the legislature of Nebraska authorized the State Board of Agriculture to issue debentures for the purpose of constructing a grandstand on the State Fair Grounds. The total amounts issued were \$250,000.00. The present amount due is \$237,500.00 plus \$23,512.51 accrued interest or total indebtedness of \$261,012.51.

The State Board of Agriculture has been able to pay current interest during the past two years. It is apparent, however, that at the present rate of interest which these bonds carry it will probably be impossible for them to be liquidated with revenue from the grandstand receipts. I feel that there is at least a moral obligation on the part of the state because many purchasers of these bonds felt that the state was back of them. It may be possible that these bonds can be purchased below par.

I recommend that provision be made authorizing the Nebraska State Board of Agriculture to refund the indebtedness owing on the outstanding NEBRASKA STATE FAIR GRANDSTAND DEBENTURES authorized by section 2-111, Compiled Statutes of Nebraska for 1929, at a rate of interest not exceeding three percent per annum and that section 72-202, Compiled Statutes of Nebraska for 1929, be amended to provide that such refunding bonds or debentures shall be eligible as investment for funds of the Board of Educational Lands and Funds. The average investment of the State Board of Educational Lands and Funds at the present time does not exceed three percent interest. In view of this, it appears to me that under this plan, a moral obligation of the state will be discharged. The State Fair Board will be benefited by having its fixed charges reduced \$5,937.50 per year. They should be able to start paying off principal during the next year with increased amounts of principal payments in succeeding years. The state funds will be safely invested at a current rate of interest.

STATE BONDING LAW

The Supreme Court has just handed down a decision which renders the State Bonding Law invalid. The opinion has not yet been received. When this opinion is received, in the event the reasons given for rendering this law invalid are such as can be corrected by legislative enactment, I recommend the passage of a new State Bonding law including such corrections.

CONCLUSION

These constitute the specific recommendations which I, as Governor, desire to present to you at this time. I submit them for your earnest consideration. I recognize the mutuality of interest which exists between us in taking whatever steps may seem necessary and vital to the welfare of Nebraska. My budget message, which will be submitted later, will include a discussion of other important subjects.

I welcome the opportunity to consult and advise with you in solving the problems with which you have been entrusted.

We are met at a time when our basic industry, agriculture, has been sorely afflicted. In almost seventy years of our existence as a state we have gone through periods of stress many times. We have always recovered. We have constantly advanced as a state. With the courage which we have inherited from the pioneer stock of this state, we will continue to advance. Let us look to the future with a spirit of optimism and hopefulness.

Respectfully submitted,

R. L. COCHRAN,
Governor of Nebraska

BIENNIAL REPORT

November 30, 1934 to December 1, 1936

STATE OF NEBRASKA

BOARD OF PARDONS

Governor R. L. Cochran.....	Chairman
Secretary of State Harry R. Swanson.....	Secretary
Attorney General Wm. H. Wright.....	Member

M. F. Kracher.....	Chief State Probation Officer
Goldie E. Frederick.....	Secretary to Probation Officer
Hazel Snyder.....	Stenographer
Madeline Simmons	Stenographer

To His Excellency
 R. L. Cochran, Governor
 Capitol Building
 Lincoln, Nebraska

Dear Sir:

Pursuant to law I submit this biennial report covering the period November 30, 1934 to December 1, 1936. The first table shows the volume of work accomplished by the Board during this period. The other tables are such as the law requires, but for the sake of brevity the reason for the actions taken in each case could not be set forth in full. Those findings are on file in each case and are accessible to anyone wishing to see them. The Board held a regular meeting each month except the month of August 1935 and 1936.

Despite the general depression and unsatisfactory employment conditions, the percentage of violators is less than nine per cent. This is the lowest percentage of parole violations that any Nebraska Board of Pardons has had since there has been a Constitutional Board. Out of the thirty-nine violations from the State Penitentiary, Men's Reformatory, Women's Reformatory at York, and the State Industrial School at Kearney, thirty-one of these violators have been taken into custody and have been returned to the various Institutions.

In the vast majority of those cases where commutations were granted the maximum term was not reduced, but the commutations

being made to fix a minimum term which would permit a parole.

I wish to thank you Governor, and the other members of the Board, for the courtesy and consideration extended this Department. I also wish to express my appreciation for the cooperation extended by the heads of the Institutions. I tender my thanks and appreciation to my secretary, Mrs. Frederick and to Miss Snyder, and Mrs. Simmons, who have continued in faithful service.

Respectfully submitted,

M. F. KRACHER,

Chief State Probation Officer

RESOLUTION

To Memorialize the Congress of the United States to Provide Federal Funds Which May Be Loaned to Farmers on the Same Basis as Emergency Drought Feed Loans of 1934-35.

Introduced by Senator John D. Reynolds

Whereas, farmers in the drought devastated sections of the State of Nebraska produced no grains and a very short crop of rough feeds of inferior quality, and

Whereas, a large percentage of the drought section farmers have no income or source of credit which may be used to finance purchase of feed supplies for livestock, and

Whereas, lack of proper feed for milk cows and hens has reduced their production of saleable products to the vanishing point, and

Whereas, under existing conditions, with no vegetables or fruit produced on farms in 1936, the farmer is dependent more than ever on the sale of dairy and poultry products to supply the necessities of life, and

Whereas, it is equally essential to grain-feed horses in order that their condition may permit doing the heavy spring work in preparing the fields for seeding and planting, and

Whereas, the lack of adequate and proper feed with the severe cold weather is already causing a heavy loss of livestock, which is certain to increase during the remaining winter months, and

Whereas, it is important and necessary to the reasonably prompt recovery of the farmer that he should be permitted to retain a minimum of 20 units of livestock, (1) in order to afford an income which will permit the farm family to exist and (2) to afford breeding stock for the production of animals for market and the feeding of 1937 crops, in order not to have to throw an excess supply of grains on the central markets, thus reducing grain prices and farm income further, and accordingly reducing the farmer's ability to repay the feed and seed loans he obtains, and

Whereas, it is imperative to the economic well-being of our nation that the farmer be maintained on the farm in order that we may obtain the utmost production of foodstuffs after these years of drought and shortage which has seriously depleted the carry-over of normal supplies, and

Whereas, it is equally imperative that feed and seed loans be made available immediately in order to minimize the damage to livestock and farm operations now accruing,

Now, therefore, BE IT RESOLVED by the Senate of Nebraska that our Senators and Members of the Congress of the United States be and they are hereby urged to exert the utmost efforts to provide federal funds which may be loaned to farmers quickly and as nearly as possible on the same basis as the Emergency Drought Feed loans of 1934-35 in order that grain and feed for livestock may be obtained without more delay; that provision be made for seed loans with equal promptness and that the agency handling such loans be authorized to accept applications immediately in order to insure the securing of seed supplies in ample time to permit the sowing and planting in proper season and not a month too late as in the spring of 1936, and

BE IT FURTHER RESOLVED, that a copy of this Resolution be sent to each member of Congress from Nebraska and to the Secretary of Agriculture, Henry A. Wallace.

(Signed) Sen. John D. Reynolds.

Action on the above resolution was deferred until tomorrow.

STANDING COMMITTEE REPORTS**Judiciary**

Mr. President: Your Committee on Judiciary respectfully begs leave to report as follows:

It has had under consideration Legislative Bill No. 2 and respectfully recommends that the same be placed on general file for the following reasons, to wit:

L. B. 2 is a reenactment of Section 43-221, Compiled Statutes of Nebraska for the year 1929. This section was declared unconstitutional by the Supreme Court in Whetstone v. Slonecker, 110 Neb. 343, 193 N. W. 749 because it exceeded the jurisdiction of county courts in criminal matters under the Constitution existing in 1905 when this law originally was enacted.

In 1920 the Constitution was changed to provide for the enlarged powers of the county courts, but in order to validate this law, it is necessary to repeal the old statute and reenact the same.

RESOLUTION

Memorializing the Congress of the United States to Enact Into Law the Sheppard-Hill Bill, Commonly Called the Universal Service Act, in the Interest of World Peace.

Introduced by Earl W. Carpenter, A. L. Miller, H. L. Pizer, Amos Thomas, Frank J. Brady, Robt. M. Armstrong, W. F. Haycock, Carl H. Peterson.

PREAMBLE

WHEREAS, the existing international situation is threatening the peace of the world to such an extent that every American Citizen should be interested in any plan which has as its purpose the keeping of America at peace, and,

WHEREAS, Veterans of the World War who now form the membership of The American Legion have from their knowledge of the problems and conduct of war evolved a plan known as the Universal Service Act, which plan is approved by all other veterans' organizations and which provides for the draft of capital, industry, man power and all other resources of the country, as well as men to fight, in the event of a national emergency, with equal service for all and special privilege and profit for none, thereby removing one of the greatest incentives for war, the profit motive, and,

WHEREAS, it is our belief that in the event of a future war a dollar should not be held of greater value than human lives or human suffering, and,

WHEREAS, it will not cost the United States one cent to place the Universal Service law on the statute books, and if fortune should bless us and there be no more wars, its enactment will not affect the life of the nation; but should war come, this law would enable us to meet it promptly and efficiently as a united nation in arms.

NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR LEGISLATIVE SESSION ASSEMBLED:

1. That it is the sense of the members of this Legislature that it will militate for the best interests of the United States of America if the Congress shall enact into law without delay S-25 and H. 2. in Washington may be speedily advised as to the sentiment of this Legislature with respect to the immediate passage of the Universal Service Act.

Under the rules the Resolution was laid over one day.

RESOLUTION

Introduced by R. C. Regan and Frank J. Brady.

PREAMBLE

WHEREAS Congressman Karl Stefan, of the Third Nebraska District has introduced in Congress a bill to appropriate \$75,000 for the construction of life-size, bronze equestrian statues of Major Frank North, and Captain Luther North, pioneer Indian fighters and scouts, in Pawnee Park at Columbus, Nebraska, and

WHEREAS these great Nebraska scouts were among the greatest leaders in the protection of the pioneer settlements of Nebraska, the building of the Union Pacific railway, and the travelers upon the great overland highways, from the raids of the hostile Sioux and Cheyenne Indians, and

WHEREAS the marking of historic sites, the monumenting of historic heroes and the preservation of the historic deeds and memories of Nebraska's frontier days is one of the most worthy objectives in these reconstruction years, therefore, be it

RESOLVED, that this first Unicameral Legislature of Nebraska gives its complete approval and support of this noble historical project and earnestly recommends the passage of this act to the Congress and the President of the United States.

COMMUNICATIONS

Report to the Nebraska State Legislature by the Nebraska Commission on Interstate Cooperation of the Council of State Governments.

The Commission on Interstate Cooperation for Nebraska desires to report activities of the past two years.

In the latter part of February, 1935, the State Legislature by independent action of the Senate and the House elected Senator Charles D. Green and Speaker W. H. O'Gara of the House of Repre-

representatives to represent the Nebraska Legislature at the Second Interstate Assembly of the Council of State Governments and American Legislators' Association at Washington, D. C. Senator Green and Representative O'Gara were also commissioned by the Governor as his personal representatives at this Conference. The report of Senator Green and Representative O'Gara made following the Conference at Washington in February, 1935, is to be found in the Senate and House Journals of that year.

The Commission on Interstate Cooperation for Nebraska was created by resolutions by the Senate and the House of Representatives of the 1935 session of the Nebraska State Legislature on April 26, 1935, to be composed of five members of the Senate appointed by the president pro tem of the Senate, five members of the House of Representatives appointed by the Speaker of the House, and five administrative officials appointed by the Governor. The Commission representing Nebraska for the year 1935 and 1936 was composed of the following:

Governor's Appointees

A. C. Tilley, State Engineer, Chairman
Mrs. Maude Nuquist, Director Child Welfare Bureau,
W. H. Smith, Tax Commissioner,
Wm. H. Wright, Attorney General,
W. B. Banning, Director of the Department of Agriculture.

Senate Committee

Charles D. Green, Chairman
Charles J. Warner,
Geo. T. Sullivan,
Edward Gillette,
Emil E. Brodecky.

House Committee

W. H. O'Gara, Speaker of the House of Representatives,
Chairman,
Edward J. Dugan,
Lester Dunn,
Niel A. McDonald,
M. E. Rasdal.

In June, 1935, Senator Charles D. Green and Speaker W. H. O'Gara of the House of Representatives represented the state at a meeting of the Council of State Governments at Chicago, Illinois. This meeting dealt principally with plans for the development of interstate cooperation.

The Second General Assembly of the Commissions on Interstate Cooperation of the Council of State Governments took place on April 17 and 18, 1936, at Chicago, Illinois, at which time seventy-five delegates from twenty-eight states gathered to discuss the establishment of cooperative machinery by the states. Nebraska was represented at this Conference by Mr. A. C. Tilley, State Engineer and Chairman of the Nebraska State Planning Board, Senator Charles D. Green, and Speaker W. H. O'Gara of the House of Representatives. The meeting was given largely to a discussion of means of broadening the concept of cooperation among the four principal levels of Government—Federal, State, County, and Municipal. The Primary purpose of the Commissions on Interstate Cooperation is to form a medium for the solving of problems involving various Governmental subdivisions or agencies by developing compacts between the subdivisions or by the mutual promotion of suitable legislation, when the problems to be solved do not properly fall within the scope of any one of the governmental subdivisions or agencies.

Subsequently four meetings have been held at Lincoln attended by members of the Nebraska Commission on Interstate Cooperation and Mr. Henry W. Toll, Executive Director of the Council of State Governments. The discussions at these meetings have all been aimed toward a better understanding of the principles and policies of the Interstate Commissions and have been held for the purpose of determining problems that exist, which properly fall within the scope of Interstate Commissions, and for the purpose of discussing ways and means to attack these problems. Problems in which Nebraska might be interested and which suggested themselves at these meetings as properly falling in a class which might be solved through the medium of Commissions on Interstate Cooperation included the following:

1. Cooperation between adjoining states both of which have ports of entry to the end of the joint handling might result in economies of administration.
2. Reciprocity with regard to motor vehicle license fees.
3. Flood control problems.
4. Problems with regard to interstate traffic and liquor.

5. Prevention, detection, and control of crime.
6. Problems arising in connection with social security and child welfare.
7. Problems in connection with the export and import of agricultural products with particular reference to standards, inspection, etc.
8. Problems of inter-governmental nature which might arise in connection with rehabilitation and relief to the drought stricken area.

Plans are now under way for the establishment of a Regional Secretariat to include the States of Colorado, Nebraska, Kansas, and Wyoming with headquarters at Denver, Colorado. This Secretariat to be staffed by the Council of State Governments to encourage and aid states governmental subdivisions and governmental agencies having common problems not falling within the scope of either.

Nebraska has been favorably recognized in this organization by the appointment of a former member of the Legislature to the Board of Directors of the American Legislators' Association and by the appointment of a former Lincoln newspaper reporter, Otho Devilbiss, to the staff of the Council of State Governments. Nebraska was especially recognized at the April, 1935, Conference in the address of Mr. Frederic A. Delano, Vice-chairman of the Advisory Committee National Resources Committee, at which time he stressed the need for planning but not stereotyped planning. To illustrate his point Mr. Delano called attention to the initiative shown by the citizens of the State of Nebraska in constructing a fine State Capitol building of a type of architecture not heretofore used by other states and by amending the Constitution for the creation of a unicameral Legislature. Mr. Delano pointed out the need for independent and fearless planning and initiative in order that governmental units might not continue in a rut as evidenced when one governmental unit follows, as he said, the precedent set up by other governmental units. Mr. Delano's address was short and to the point and honored Nebraska by choosing it for his illustration.

It is to be noted that Nebraska is one of the original thirteen cooperative states which included New Jersey, Colorado, Nebraska, Florida, North Carolina, Pennsylvania, New Hampshire, New York, Ohio, South Carolina, Kentucky, Indiana, and Virginia.

States contributing to the support of the Secretariat to the Council of State Governments either by appropriations or by payments

from their legislative contingent funds include Arizona, California, Kentucky, Massachusetts, Nebraska, New Jersey, New York, Pennsylvania, and South Carolina.

Our Nebraska Legislative Reference Bureau has been for years cooperative with the Reference Service established by the Council of State Governments which has made available to cooperating members of the Council of State Governments very valuable research work compiled as the result of many years of activity and investigation in governmental fields.

It appears to your Commission that problems of the nature listed herein might well be solved through the medium of cooperating commissions and that the activities of these commissions to that end be encouraged.

LETTER OF TRANSMITTAL

Honorable R. L. Cochran, Governor,
State of Nebraska,
Lincoln, Nebraska.

Dear Governor:

I am submitting herewith tabulations carrying your budget recommendations for the biennial period beginning July 1, 1937, and end-

ing June 30, 1939. The tabulation also carries the appropriations made for the present (1935-7) biennial period, and the expenditures therefrom for the first fiscal year. The tabulation is divided into two parts, the first part being devoted to property tax funds, while the second part relates to special, cash, and federal funds.

Respectfully submitted,

WM. H. SMITH,
State Tax Commissioner
and Budget Director.

Dated January 22, 1937.

BUDGET MESSAGE

OF

R. L. COCHRAN, Governor

Delivered to the Fifty-second Session of the Legislature of Nebraska,

January 25, 1937

To the Members of the Fifty-second Session of the
Legislature of Nebraska:

In accordance with statutory provision, I am transmitting herewith my budget recommendations to your Honorable Body.

The preparation of a budget at this particular time is a difficult task because on the one hand there is evidence of extensive needs and on the other hand there is every evidence of decreased ability on the part of the taxpayer to pay. In the preparation of this budget, I have tried to keep in mind the minimum and most urgent needs of the various institutions and expending agencies. I have tried to keep in mind the responsibility of the state to these various agencies, and I have kept in mind the responsibility of the state to its citizenship at large. Fortunately for us, we can expand or retrench at any legislative session. We have no bonded debt or other fixed charges to pay for expenditures of the past. We have only to consider two factors—current expenditures and current tax collections. May we adjust these two factors, so as to be fair to all.

I call your attention to the fact that the total recommended appropriations in this budget to be derived from a property tax are less than the appropriations passed by the 1935 session.

Condition of State Finances

The financial status of Nebraska continues in excellent condition. There are no bonds, no registered warrants, and no outstanding obligations which cannot be paid when the order is presented. This condition is all the more remarkable when we consider that we have not adopted any new forms of taxes. The last report of the State Treasurer as of December 31st, 1936, shows:

STATEMENT

Equalization of Salaries

I will discuss individually in this message, the various agencies for which appropriations are recommended. I call your attention to the results of an investigation which shows great variations in salaries for similar work, ability and responsibility. I refer to men and women in executive, clerical and teaching positions in the various state departments and institutions.

Education

The most important obligation of government is education of its youth. This obligation, however, decreases in inverse ratio to the progress made in education by the individual. Under our laws, an elementary education is mandatory. High school education is encouraged by our free high school laws. Higher education is only a partial responsibility of government which is shared by government with the individual. In studying the needs of higher education, the question arises as to whether government should do more for higher education than is necessary to supply a public need. The state's contribution to education is made for higher education, for vocational education, and aid to elementary and high schools.

Two years ago, the legislature in making appropriations for higher education was influenced by the drouth of the previous year and a resultant reduced capacity to pay taxes on the part of the people. That condition has become more acute. However, I am recommending the same appropriation for the State University and State Normal schools as that appropriated two years ago.

I also recommend the same appropriation for the State Superintendent's office.

The national and state governments have recognized the necessity for broadening the base of education. Vocational education is supported by federal, state and local sub-divisions of the state. In addition to extending educational advantages to many who do not and cannot have higher education or even high school education, vocational education also supplies a public need.

I have recommended an increase in the sums to be appropriated for vocational education and rehabilitation. My recommendations are for the minimum amount necessary in order for the state and political sub-divisions to receive the maximum of federal appropriations allocated to this state for this activity.

Charitable and Penal Institutions

The population of our charitable and penal institutions has increased by approximately seventy per cent in the past twenty-four years. As a result of this great increase, conditions in some of the buildings have become crowded to a point where proper care and treatment is impossible. There is a constant waiting list of patients held in the counties, because there is not available space in the state hospitals to accommodate them. It is obvious that additional space is needed.

Over a long period of years the main hospital building at Ingleside, near Hastings, has deteriorated to such an extent that it is not feasible nor practical to repair. There is a hazard in continuing the use of this building.

The first unit of a new hospital building at Ingleside is now under contract. It is being financed with the \$200,000.00 appropriation made by the legislature of 1935, together with \$161,000.00 of federal funds. Further provision should be made during the next two years for continuing this construction with the idea of entirely replacing the old structure.

Because the Lincoln State Hospital is situated in a more populous area of the state, the demands for space are in excess of the facilities afforded. An additional hospital ward building is needed at this institution.

I am recommending an appropriation of \$400,000.00 for new ward buildings and the furnishing of ward buildings. Because of the uncertainty as to whether additional federal funds will be made available for this construction, I recommend that the expenditure of this \$400,000.00 appropriation be left to the discretion of the Board of Control.

I wish to call your attention to the fact that the general maintenance item includes repairs and replacements. Separate appropriations were made for these two items by the last legislature. The total for repairs and replacements appropriated two years ago was \$160,000.00. I believe greater efficiency will result with more flexibility allowed in the use of this fund. Attention is called to the fact that the cash funds of \$1,299,000.00 is an estimate. In the event this amount is collected, it will permit some raising of standards within the institutions.

To make an institution efficient, certain standards must be raised. As an example, guards at the State Penitentiary are working twelve hours per day, with but three days off per month. The

Board of Control, under their budget request and with my recommendation, expect to reduce the day of a guard to ten hours. These positions require alertness. It seems to me that a twelve-hour day is too long.

The care of the state's unfortunate should be a joint responsibility of family, county and state. I recommend a continuation of the present laws as to the responsibility of relatives of inmates in state hospitals, also as to the responsibilities of counties. It seems to me that this is the best guarantee we can have for proper care and discretion being used in the committing of patients to our state hospitals.

For the Institution at Genoa, I am recommending an appropriation of any unexpended balance existing at the end of this biennium. I agree with the Board of Control that the most efficient use that can be made of this property is as a prison farm.

Planning Board

Two years ago the legislature appropriated \$15,000.00 for a State Planning Board. However, a statute was not passed recognizing such a board. During this biennium, very considerable sums of federal money have been received and beneficially expended under the supervision of this board. I am recommending that the sum of \$15,000.00 be again appropriated from the gas tax, as heretofore. I recommend the passage of a law requiring and creating a state planning board with an additional appropriation of \$10,000.00 from the general fund. I recommend that this board be charged specifically with the duty of determining present and prospective building needs of the State University, State Normal Schools and charitable and penal institutions. I recommend that this building plan be considered for a period of at least ten years and that a report be made by the Planning Board to the Governor to be transmitted by him to the next regular legislative session.

It is my opinion that an important phase of the work which should be done by this Planning Board and the Department of Health is the making of a tubercular survey. I consider this necessary as a means of estimating new buildings which may be needed in the years to come as the State Tubercular Hospital. Such a survey should reduce the prevalence of tuberculosis by recognizing this deadly malady in its early stages. This procedure is highly recommended by medical authorities and the carrying out of such a plan should have the effect of saving lives as well as saving state money in the future.

It is expected that federal funds will be available for the Planning Board to carry on this activity.

Custodianship of the Capitol Building

As this message is being prepared to be sent to the printer, the Supreme Court has not yet passed on the question as to whether the office of Commissioner of Public Lands and Buildings is in force or abolished. In the absence of a Court decision, I am at this time following the opinion of the Attorney General which says that the office has been abolished.

I have prepared this budget anticipating legislation which will place the custodianship of the Capitol under the Department of Roads and Irrigation which, in turn, is responsible to the Governor.

Attention is called to the fact that two years ago, an appropriation of \$18,000.00 was made for the care of the Capitol grounds under the supervision of the State Capitol Commission. The same sum of \$18,000.00 is included in this budget, in addition to the amount recommended for the care of the Capitol building. It is recommended that the law creating the Capitol Commission be repealed.

Board of Educational Lands and Funds

As stated above, in the absence of an opinion from the Supreme Court at the time of the preparation of this budget I am following the opinion of the Attorney General in making recommendations for the Board of Educational Lands and Funds. I am making no recommendations for appropriations to the Commissioner of Public Lands and Buildings. In the event the Supreme Court should decide this case contrary to the Attorney General's opinion, my recommendations for the Board of Educational Lands and Funds should be revised to include provision for the activities of the office of Commissioner of Public Lands and Buildings.

Bureau of Aeronautics

It is recommended that in making an appropriation for the Bureau of Aeronautics, authority be given to the Aeronautics Commission to mark airways.

State Treasurer

Your attention is called to the item covering audit of state officers under the State Auditor. I have included in this item an

amount considered necessary for semi-annual audits of the State Treasurer's office.

It is to be recalled that with a bond of \$750,000.00 instead of \$1,000,000.00 being furnished and approved for the State Treasurer, \$2,500.00 will be saved to the state in bond premiums. This saving will be more than sufficient to pay the cost of these additional audits.

Joint Purchasing

It is recognized that the prices of some commodities have raised during the past few years. I believe, however, that such increases may be offset to a considerable extent by the advantages of joint purchasing of some commodities between the Board of Control, State University, the State Normal Schools and the State Purchasing Agent, acting for other state agencies. The advantages of this appear to me to lie not only in the probability of lower unit prices on larger volume purchases, but also in a better control of purchasing through central laboratory testing of commodities.

Social Security

I am recommending an appropriation for Social Security of an amount which together with estimated available federal funds, will be necessary to maintain the present rate of payments now being made under the Social Security Law. It is to be noted that the recommendation includes provision for these funds to come from the per head tax, beer and liquor taxes and a part of the additional one cent gas tax.

State Parks

Two years ago the Nebraska legislature passed a law providing for the maintenance of state parks from the general fund of the state instead of ten per cent of the game and fish licenses, as heretofore. The amount which I have recommended for state parks to come from the general fund of the state is equal to ten per cent of the total receipts from game and fish licenses estimated on the basis of collections during the first year of this biennium. The amount is \$32,000.00.

Department of Labor

Employment Service

An increase in appropriation for the Employment Service, over that made two years ago, has been recommended in order to match a major portion of the federal funds made available for this service.

Department of Health

A small increase is requested for the Department of Health for the purpose of matching federal funds made available for this activity.

Military Department

Attention is called to the possibility that WPA funds may be available for the construction of new armories, with a rather small percentage contributed by the state. It is possible that during the consideration of the appropriation bill, it may be desirable to give thought to this question, in connection with amounts now being paid for armory rent.

Law Enforcement

I am recommending that \$100,000.00 per year be appropriated for the State Law Enforcement Department. This sum is to be derived from a driver's license fund. I am recommending now, as before, the passage of a drivers' license law, providing for renewal every two years. I estimate that approximately seventy-five cents per license each two years will finance the administration of the law as well as state law enforcement.

Highways

In making an estimate for needed appropriations for highways, I had in mind available federal aid which requires matching by the state. I had in mind also the improvement of some roads on the state highway system where federal aid cannot be obtained and where it is necessary to finance the construction entirely with state funds. It is recommended that federal feeder road funds be given to the counties to be matched by them.

I call attention now, as I did in my inaugural message, to the great expansion that has taken place in the state highway system as a result of additions of state highways by successive legislatures.

In the budget for the Department of Roads and Irrigation, I have assumed that the one cent additional gas tax law, will be re-enacted and that approximately sixty per cent of the revenue coming from this one cent gas tax will go for highway purposes and approximately forty per cent for the maintenance of social security.

Conclusion

In the preparation of this budget, I have tried to recognize the responsibility of the state. At the same time I have tried to recognize

that the welfare of the state and its citizens and the ability to carry on state activities in the future, demand rigid economy at this particular time.

Respectfully submitted,

R. L. COCHRAN,
Governor of Nebraska.

COMMUNICATIONS

Letter from Governor Cochran

Lincoln, January 25, 1937

To the Members of the Fifty-second Session
of the Legislature of Nebraska:

I am submitting herewith a report showing the moneys received

by myself, as Governor, during the period beginning January 3rd, 1935, to and including December 31st, 1936.

The first of these statements shows the money received for alcohol permits, warehouse licenses, extradition warrants and federal aid for soldiers' home, which were deposited with the State Treasurer.

The second statement is designated the State Beer Tax Expense Fund. This was received from the beer tax for the expense of administering the activity and handled as a bank account because of the failure of the regular session of the legislature of 1933 to appropriate funds for such expense. The 1935 session made the appropriation after which the funds were handled through the State Treasurer's office.

The third report shows the receipts from the Genoa State Hospital.

The fourth report is a detailed statement of the moneys handled as a result of the administration of the Wagner Bill Relief Fund. The statement shows the grants to Nebraska which were made payable to the Governor and the amounts paid over upon requisition to the State Emergency Relief Committee.

Respectfully submitted,

RESOLUTIONS

RESOLUTION—Respecting the Memory of John S. Wise.

Introduced by Hugh B. Ashmore

PREAMBLE

John S. Wise was born at Williamsport, Pennsylvania, November 17, 1855. He died January 24, 1937. His ancestry was German, French and English. He was a pioneer settler of southwestern Nebraska, coming to Nebraska in 1873. His education was received in the common schools of Pennsylvania and Nebraska. On September 24, 1878 he married Emma Widenor and to this marriage union were born five children.

John S. Wise was a member of the Methodist church, the Masonic Lodge and the Degree of Honor. By occupation he was a farmer but he found time to devote his energies to public affairs during a well spent life and held various civic offices: county commissioner, county clerk, county surveyor, as well as member of the Legislature.

WHEREAS, John S. Wise, a member of the House of Representatives, Legislature of Nebraska, during the Forty-second Session, representing the Eighty-eighth District, serving as a member of the committees on Fish and Game and Labor,

NOW THEREFORE BE IT RESOLVED BY THE FIFTY-SECOND SESSION OF THE NEBRASKA STATE LEGISLATURE IN REGULAR SESSION ASSEMBLED:

1. That this Legislature of the sovereign people of the state of Nebraska pause for a moment in its deliberations to do reverence and to pay its tribute to John S. Wise, a past member of the House of Representatives.

2. That the chief clerk of the Legislature be directed forthwith to forward a copy of this resolution, properly authenticated and suitably engrossed, to the family of John S. Wise, as a lasting testimonial of the appreciation of this state for his service in its House of Representatives, after the same shall have been spread at large upon the journals of the Legislature.

The resolution was adopted unanimously.

RESOLUTION—Permission to Sue State

Mr. Cady called up his Resolution, "Henry Fischer and Frank Fischer for Permission to Sue the State", introduced the fourteenth day and moved that the same be referred to Committee on Claims and Deficiencies.

The motion prevailed.

RESOLUTION—Contracts and Pay for Star Route Carriers.

Mr. Diers called up his Resolution, "Contracts and Pay for Star Route Carriers", introduced on the fifteenth day, and moved its adoption.

The resolution was adopted with 33 ayes, 5 nays, 5 not voting.

Wells, and to the members of the family and other relatives of the deceased, their sincere sympathy and sorrow for the loss occasioned to them through the unfortunate death of the said Thomas H. LEGISLATIVE RESOLUTION NO. 2

Requesting the Honorable Richard C. Hunter, Attorney General, to Commence a Proper Action as an Independent Suit or to Join with Others Similarly Situated in Testing the Constitutionality of Title III, Public Act No. 271, Seventy-Fourth Congress, Approved August 14, 1935, Concerning Grants to States for Unemployment Compensation Administration, and to Provide for the Payment of his Necessary Costs and Expenses therein.

Introduced by Brady, Regan.

PREAMBLE

WHEREAS, there has been confusion in the minds of members of the Fiftieth, Fifty-first and Fifty-second Legislatures of the state of Nebraska as to the proper provisions which should be included in the laws of the state of Nebraska to comply with the provisions of Title III, Public Act No. 271, Seventy-fourth Congress, concerning grants to states for unemployment compensation administration, and

WHEREAS, the legal profession throughout the state of Nebraska differs on the question of the validity of said Act, and

WHEREAS, the question of the meaning and the validity of said Act should be promptly determined so that this Legislature may legislate intelligently in so far as the state of Nebraska is concerned, and

WHEREAS, the Attorney General of this state is the proper state agency, when requested by the Legislature, to bring such action inasmuch as the matter of unemployment compensation administration is a matter of general state concern,

NOW THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That this Legislature respectfully requests the Honorable Richard C. Hunter, Attorney General, forthwith to commence a proper action as an independent suit or to join with others similarly situated in testing the constitutionality of Title III, Public Act No. 271, Seventy-Fourth Congress, approved August 14, 1935, concerning grants to states for unemployment compensation administration.

2. That all the necessary costs and expenses of the said Richard C. Hunter, Attorney General, in complying with this request, be directed paid out of the funds of this Legislature for incidental expenses as provided in Section 1, Legislative Bill No. 10, as it now exists, or as hereafter amended.

RESOLUTION

To Extend Federal Moratorium

Introduced by John D. Reynolds.

RESOLVED, That in view of the fact that much of the land in the State of Nebraska, on which the Federal Land Bank of Omaha has loaned money is being foreclosed for the reason that the income of these lands in the last few years has not been sufficient to pay the taxes, interest and principal payments as the same came due, and

WHEREAS, an increase in the interest rates and the annulment of the moratorium of the principal payments would very much augment the inability of the owners to meet the said payments and thereby greatly increase the number of farms in the hands of the Federal Land Bank of Omaha,

THEREFORE, we respectfully request that our Honored President recommend and that Congress enact the necessary legislation so that the 3½ % become permanent and that the Moratorium of Principal payments be extended until such time as the farmers of the state mentioned are again financially able to assume such principal payments, and that copies of this resolution be presented to the President and to each of the Senators and Congressmen from the State of Nebraska.

MOTION—To Suspend Rules and Read Second Time

COMMUNICATIONS

Letter from the Governor

Executive Office, Lincoln

January 27th, 1937.

To the Members of the 52nd Legislative Session:

Gentlemen:

I would like to call your attention to my budget message delivered to you and some clarifications and corrections: first, under "Social Security" the amount was computed for one year and an error was made in not multiplying this by two in the preparation of the budget. The item should be "state fund six and one-half million dollars" and "federal fund six and one-half million dollars."

There is also an apparent inconsistency in the appropriation for the "Game, Forestation and Parks Commission." On the one hand we submitted a budget recommendation of \$32,000 from the general fund for the maintenance of parks, as shown on page 13. I also referred to this in my budget message. Under "cash funds" page 36,

the descriptive matters show that the estimate of funds necessary is to come from ninety per cent of the fish and game license money, whereas it would be one hundred per cent in the event the recommendations made on page 13 are carried out. In this connection, I wish to say that this error was due to the fact that the Game, Forestation and Parks Commission submitted their budget request in this same language and their error was not noted and hence not corrected.

Under "Department of Roads and Irrigation" on page 31 under the "Motor Vehicle Operators License Fund" the following provision should be inserted: "Provided, that notwithstanding requirements under Section 66-411 of 1933 cumulative Supplement, the State Treasurer shall deduct from any County's allotment of Gasoline Highway fund, and credit to the Department of Roads and Irrigation any sums of moneys advanced to any such County by the Department of Roads and Irrigation. Such deductions may be made in equal monthly installments and shall be made in accordance with agreements between the Department of Roads and Irrigation and any County, and balance."

On page 32 under "road construction from gas tax" beginning on the third line strike "in accordance with House Roll 242 Session Laws of 1929." On page 32 the entire item "under trust account" should be stricken from this page and the account carried as an item in the "revolving funds" on page 41 because these funds do not increase the expenses of the state.

"Totals Department of Roads and Irrigation" on page 32 will be reduced as follows: Requested—\$17,417,500.00; recommended—\$17,652,500.00.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

LEGISLATIVE BILL NO. 4. Placed on General File with amendments.

Amend by striking out all of sections 1 to 6, inclusive, of the bill and inserting in lieu thereof the following:

It is hereby declared that the provisions of this Act are made necessary and such necessity is hereby found to exist by emergencies growing out of the present economic crisis, worldwide in its scope, and by the additional facts that the State of Nebraska in the year 1936 experienced an unprecedented drouth, and in certain parts of the state suffered from insect pests which resulted in practical total loss to the agricultural interests of the state of the 1936 crop, and thereby threatening a collapse in the value of all real estate in the State of Nebraska, such condition being dangerous to the general welfare and prosperity of the state and its people; and in order to relieve such condition, this Legislature hereby invokes the police power inherent in the State of Nebraska and any and all of its branches of government; and the regulations herein contained being designed to promote the public safety and the public welfare of the state

and enabling its people to meet an emergency which it deems of immediate importance. Therefore:

Section 1. That Section 20-21,159 C. S. Supp., 1933, as amended by Chapter 41 of the Session Laws of Nebraska for the year 1935, be amended to read as follows:

20-21,159. In all actions now pending or hereafter commenced for the foreclosure of real estate mortgages, deeds of trust, land sale contracts or on notes or contracts secured thereby, and tax sale foreclosures in any court of record in the State of Nebraska, while this act is in effect, the court shall, upon application of the owner or owners of said real estate or persons liable on said mortgages, deeds of trust, land contracts or notes secured thereby, made at any time after the decree of foreclosure or judgment is rendered and before confirmation of the sale of the premises on foreclosure proceedings or before execution is issued on the judgment, unless upon hearing on said application, good cause is shown to the contrary, order that all further proceedings in such action be stayed until the first day of March, 1938, and upon such stay of the order of sale or execution the court shall make an order or orders for possession of said real estate, determine fair rental terms to be paid by the party or parties to be in possession and the application and distribution of the rents, income and profits from said real estate, and make such provision for the preservation of said property as will be just and equitable during the continuance of said cause, which order or orders shall provide that such rents, income or profits shall be paid to and distributed by the Clerk of the District Court of the county in which said suit is pending, in accordance with the order of the court entered therein, without compensation to the clerk; and further provided, that, in such distribution, taxes, interest, insurance, cost of maintenance and upkeep of said real estate and interest shall be paid in the priority named and any balance distributed as the court may direct; and provided further, at the request of any party to the action, the court may appoint a conservator, with or without bond, but without compensation, whose duty shall be to collect all rents, income and profits and to sell all crop rents, and to pay all funds collected by him to the clerk of the court for distribution as hereinabove provided, and to authorize all necessary repairs, without an order of the court provided they do not exceed the total cost of fifty dollars; and provided further, that the court, upon violation of said order or orders, or for other good and sufficient cause, shall set aside said order for a stay and the property be sold, as by law now provided, the provisions of this Act to the contrary notwithstanding: Provided, that in all actions brought upon any contract for the payment of money from and after the date of the passage and approval

of this Act, the petition shall state whether such contract is secured by a mortgage, deed of trust or land sale contract on real estate.

Section 2. Notwithstanding any more general or special law respecting actions at law on notes secured by real estate mortgages deeds of trust or land sale contracts, or on contracts secured by real estate mortgages, deeds of trust or land sale contracts, from and after the passage and approval of this Act, the court shall, upon application of the owner or owners of said real estate or person or persons liable on said notes or contracts, secured as aforesaid, made within twenty days after the rendition of judgment on said actions at law, enter an order staying all sales under execution against the property of the judgment debtor or judgment for a period of nine months from and after the rendition of such judgment, whenever the judgment debtor or judgment debtors, shall, within twenty days after the rendition of such judgment, file with the clerk of the court a written request for the same: Provided, if the judgment debtor or judgment debtors make no such request within twenty days, the sale under execution shall immediately be had after the expiration thereof. The court shall, at the expiration of said stay, unless upon hearing for good cause shown to the contrary, further order all further proceedings in said actions at law stayed until the first day of March, 1938, or so long as this Act is in effect under such conditions, provisions and terms as the court may deem just and equitable: Provided, the provisions of this Act shall not apply to any mortgage, deed of trust, land sale contract, or note secured thereby, executed subsequent to March 1, 1934, nor shall it apply to any mortgagor or mortgagors under any deed of trust who acquired the real estate subsequent to March 1, 1934. All applications for stays heretofore filed under the provisions of Sections 20-21,159 to 20-21,164, C. S. Supp., 1933, as amended by Chapter 41 of the Session Laws of Nebraska for the year 1935, shall be considered as filed under the provisions of this Act and it shall be unnecessary in such cases to file new applications therefor.

Sec. 3. That Section 20-21,161, C. S. Supp., 1933, as amended by Chapter 41 of the Session Laws of Nebraska for the year 1935, be amended to read as follows:

20-21,161. By its own specific limitations in this section contained, this Act shall expire and shall be of no force and effect from and after twelve o'clock midnight, March 1, 1938.

Sec. 4. That said original Sections 20-21,159 and 20-21,161, C. S. Supp., 1933, as amended by Chapter 41 of the Session Laws of Nebraska for the year 1935, are hereby repealed.

Sec. 5. If any section, clause or part of this Act shall be judged invalid such judgment shall not affect nor invalidate the remainder of this Act but shall be confined in its expression to the section, clause or part of a section directly involved in the controversy in which such judgment was rendered.

Sec. 6. Whereas, an emergency exists, this Act shall be in full force and take effect from and after its passage and approval, according to law.

Amend title by striking out lines 2 to 10 inclusive and inserting in lieu thereof the following:

FOR AN ACT to amend Sections 20-21,159 and 20-21,161, C. S. Supp., 1933, as amended by Chapter 41 of the Session Laws of Nebraska for the year 1935, relating to emergency relief for debtors on notes secured by real estate mortgages, deeds of trust or land sale contracts, for the relief for owners of real estate encumbered thereby; and for the relief of owners of real estate whose property is the subject of foreclosure for tax liens and tax sale certificates thereon; to grant and declare a moratorium in actions for the enforcement thereof; to repeal said original sections; and to declare an emergency.

SUPPLEMENTARY BUDGET MESSAGE

of

R. L. COCHRAN, GOVERNOR

Delivered to the Fifty-second Session of the Legislature
of Nebraska, January 29th, 1937.

Lincoln

January 27th, 1937.

Supplementary Budget.

To the Members of the 52nd Legislative Session:

Gentlemen:

I would like to call your attention to my budget message delivered to you and some clarifications and corrections: first, under "Social Security" the amount was computed for one year and an error was made in not multiplying this by two in the preparation of the budget. The item should be "state fund six and one-half million dollars" and "federal fund six and one-half million dollars."

There is also an apparent inconsistency in the appropriation for the "Game, Forestation and Parks Commission." On the one hand we submitted a budget recommendation of \$32,000 from the general fund for the maintenance of parks, as shown on page 13. I also referred to this in my budget message. Under "cash funds" page 36, the descriptive matters show that the estimate of funds necessary is to come from ninety per cent of the fish and game license money, whereas it would be one hundred per cent in the event the recommendations made on page 13 are carried out. In this connection, I wish to say that this error was due to the fact that the Game, Forestation and Parks Commission submitted their budget request in this same language and their error was not noted and hence not corrected.

Under "Department of Roads and Irrigation" on page 31 under the "Motor Vehicle Operators License Fund" the following provision should be inserted: "Provided, that notwithstanding requirements under Section 66-411 of 1933 Cumulative Supplement, the State Treasurer shall deduct from any County's allotment of Gasoline Highway fund, and credit to the Department of Roads and Irrigation any sums of moneys advanced to any such County by the Department of Roads and Irrigation. Such deductions may be made in equal monthly installments and shall be made in accordance with agreements between the Department of Roads and Irrigation and any County, and balance."

On page 32 under "road construction from gas tax" beginning on the third line strike "in accordance with House Roll 242 Session Laws of 1929." On page 32 the entire item "under trust account" should be stricken from this page and the account carried as an item in the "revolving funds" on page 41 because these funds do not increase the expenses of the state.

"Totals Department of Roads and Irrigation" on page 32 will be reduced as follows: Requested—\$17,417,500.00; recommended—\$17,652,500.00. Please consider this a supplementary budget.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

Your Committee is of the opinion that the language used in lines 25 and 26 of Section 2 is not clear.

If that is the intention of this Legislature, your Committee then recommends that in Section 2, Lines 25 and 26, the phrase "mortgagor or mortgagors under any deed of trust" should be stricken out and the words "owner or owners" be substituted therefor.

REPORT—By State Railway Commission**REPORT TO THE 1937 LEGISLATURE**

To the 1937 Legislature:

Whereas, by House Roll No. 131 and House Roll No. 689 of the 1935 Legislature, the State Railway Commission was directed to return \$122,673.56 to producers who had paid farm storage fees in excess of \$3.80 for any application and farm storage certificate issued thereon, except the sum necessarily expended at the request of the owner of said certificate for that said certificate at the request of any holder thereof, and

Whereas, by House Roll No. 131, the Commission was directed to ascertain from its books and records the amount due each person and to prepare a list of the names of such persons, their post office addresses, and the amount due to each of such persons, and to certify such list in the form of a voucher under the seal of the Commission to the State Auditor of Nebraska, and direct the Auditor, upon the receipt of such list, to issue a warrant to the State Railway Commission for the total sum certified in said voucher, payable from the grain warehouse fund in the state treasury.

Now, therefore, pursuant to said house rolls, the Commission did determine the amount due upon each farm storage certificate issued as provided in said two acts and submitted the same to the State Auditor, whereupon the State Auditor delivered to the Commission a warrant in the sum of \$122,673.56. Upon receipt of this warrant the Commission deposited the same in the First National Bank of Lincoln, and against which fund the Commission issued 42,957 refund checks in the total sum of \$122,673.56. Your Committee is of the opinion that the provisions of Section 2, beginning with Line 7 in the printed bill are ambiguous and do not provide a practical means of certifying the grade records in extinct institutions, with these records in the possession of the Registrar of the University of Nebraska, rather than the last acting trustees. The Registrar of the University of Nebraska is the logical officer to make such certification.

Your Committee, therefore, recommends the adoption of the following specific amendments: Line 7, Section 2, of the Printed bill, beginning after the word "The", strike out the words "last functioning trustees or officers" and insert in lieu thereof the words "Registrar of the University of Nebraska having the records", and in line 17, beginning after the word "fee", strike out the words "to compensate the trustees or officers, or their successors, if any, as aforesaid," and that the title to said bill be amended by adding the following, in the line of the title after the word "learning;": "to provide for the certification of such records;".

Your Committee requests the unanimous consent of the Legislature to make a specific amendment to provide for the renumbering of L. B. No. 4 as above recommended.

Unanimous consent was granted.

LEGISLATIVE RESOLUTION NO. 5

**Authorizing Investigation of Department of Roads and Irrigation by
Select Committee of the Legislature.**

**Introduced By A. L. Miller, R. W. Howard, L. B. Murphy, Earl W.
Carpenter, Tracy T. Frost, E. M. Neubauer and Hugh B. Ashmore.**

PREAMBLE

WHEREAS, the State Engineer for the Department of Roads and Irrigation is responsible for the expenditure of many millions of dollars of public funds annually (See pages 664 and 665 Session Laws of Nebraska, 1935), and

WHEREAS, under and by virtue of the provisions of Legislative Bill No. 158, now pending before this Legislature, prepared and spon-

sored by said State Engineer and said department, it is proposed to abolish the Gasoline Highway Fund and to create in its stead a new fund to be known as the Gasoline Tax Fund, and

WHEREAS, by the terms of said Legislative Bill No. 158 it is further proposed to repeal Section 39-1705, C. S. Supp., 1933, under which the State Aid Road Fund, together with money apportioned to the State of Nebraska from the federal government under the Federal Aid Road Act of July 11, 1916, has been definitely apportioned to the several counties for more than twenty years, and

WHEREAS, said Legislative Bill No. 158 further amends existing statutes so that the State Engineer for the Department of Roads and Irrigation hereafter will be enabled to expend approximately seventy per cent of all moneys available for road purposes in the state of Nebraska, arising from direct taxation, excise taxes or otherwise in his own discretion and without any limitation in the law as to where or on what type of projects said road fund shall be spent,—and more than seventy per cent of said road moneys in the event that the counties of this state do not see fit to match federal aid for feeder roads—, and

WHEREAS, such information as members of the Legislature have been able to elicit from officers and employees of the Department of Roads and Irrigation as to the amount, procedure, purpose and method of expenditure of moneys heretofore appropriated for highway purposes in this state, including federal aid funds, is lacking in definite information which legislators require intelligently to determine the future needs of said Department of Roads and Irrigation in so far as the construction and maintenance of the highways of the state of Nebraska are concerned, and

WHEREAS, with the proposed repeal of the statutory limitations confronting this Legislature along with the abolition of the Gasoline Highway Fund, the time appears to be opportune to provide this Legislature with a complete investigation and audit of the doings of the Department of Roads and Irrigation since the first Thursday after the first Tuesday in January, 1931, and prior to that time if it seems to be necessary to the Committee hereafter selected for that purpose,

NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That the Speaker appoint forthwith a committee of five members of this Legislature to make a thorough investigation and audit

of the Department of Roads and Irrigation or of its predecessor, the Department of Public Works, commencing on the first Thursday after the first Tuesday in January, 1931 or prior to said date if said committee deems the same to be necessary.

2. That said committee of this Legislature be hereby clothed with full powers to make such investigation as they may see fit touching the management of the affairs of this state committed to the Department of Roads and Irrigation or its predecessor, the Department of Public Works, by law; that, among other things, said investigation shall be directed particularly to the management of the Gasoline Highway Fund, proposed to be abolished, the state highway fund and all other funds heretofore used by or useful to said department in supervising the construction and maintenance of the highway system of this state and the several counties thereof; and that said committee report its findings in writing to this Legislature as soon as conveniently possible, either in whole or in part, to the end that said Legislature may intelligently determine whether or not said Department of Roads and Irrigation is now being administered and has been administered in the past in an efficient manner and whether any existing abuses are present therein which ought to be corrected.

3. That the sum of Thirty-five Hundred dollars, or so much thereof as may be necessary, is hereby made available for the use of said committee out of funds appropriated for the incidental expenses of the Fifty-second Session of this Legislature, the same being appropriated in Legislative Bill No.191, Section 1 thereof, as it now exists, or as hereafter amended, to be expended in the same manner as other claims against said fund, as provided in Section 2, Legislative Bill No. 10, Fifty-second Session, Nebraska State Legislature.

4. That said committee shall have full power and authority and it shall be its duty to prosecute its inquiries in any and every direction and by any and every means in its judgment necessary or proper to enable it to obtain information in regard to and report upon matters contemplated in this resolution. Whenever in its judgment the public interest demands, the committee may require any public officer, deputy, assistant or any public employee paid directly or indirectly by means of public funds, or any other individual to testify before them and to produce books, papers or other documents in obedience to the subpoena of said committee: **Provided, however,** any person so attending and testifying or producing such books, papers or other documents shall not be subject to prosecution or any penalty or forfeiture for or on account of the particular transac-

tion, matter or thing concerning which he may testify or produce evidence, documentary or otherwise, before said committee; and provided further, said committee may conduct its investigations, may examine witnesses and hold hearings in public or in camera.

The resolution was laid over.

This Act is for the purpose of regulating and controlling, for the protection and safety of the public, the transportation of motor vehicle fuels, as defined by the laws of this State, kerosene, distillate and other petroleum products of a highly inflammable character by motor vehicle or other vehicles upon the public highways of this State, and for the further purpose of aiding in the administration and enforcement of the motor vehicle fuel laws of this State, and shall be deemed to be supplemental to and part of such laws.

Sec. 2. The local transportation and delivery by vehicles upon the public highways of this State of motor vehicle fuel, kerosene, distillate or other petroleum products of a highly inflammable character between storage or distributing points and the territory within 75 miles thereof in quantities of not more than 1,500 gallons on any one vehicle is hereby declared to be exempt from the provisions of this Act. Provided, however, the driver of every vehicle carrying products so exempted shall carry with him at all times on the vehicle a certificate, signed by the person in charge of the storage or distributing plant at which the vehicle was loaded, showing the quantity and the date and time the products on said vehicle were loaded, and the post office address and location as to town or city

at or near which the storage or distributing plant, at which it was loaded, is located, and the name of the owner and operator thereof, and a copy of such certificate shall be kept on file and open to inspection at the storage or distributing plant at which it was issued. The transportation of such commodities so exempted is incidental to the necessary distribution for sale and use thereof and in the normal use of the highways of this State creates no extraordinary hazard to public safety. No such motor vehicle fuel, kerosene, distillate or other petroleum products of a highly inflammable character transported under the above exemption shall be exempt from the provisions of the tax or inspection laws of this State. All other transportation of motor vehicle fuels, kerosene, distillate or other petroleum products of a highly inflammable character on any highway, road or street in this State, except in drums or similar containers of not more than 110 gallons each and which are not part of the vehicle transporting the same is hereby prohibited except as hereinafter provided.

Sec. 4. Every person, partnership, firm or corporation desiring to engage in the transportation of motor vehicle fuels, as defined by the laws of this State, kerosene, distillate or other petroleum products of a highly inflammable character over the highways of this State, the transportation of which is not exempt under Section 2 of this Act shall make application to the Department for a permit. A permit shall be applied for for each vehicle the applicant desires to operate in such transportation. Such application shall be on a form prescribed by the Department. In addition to such other information as the Department may require, the applicant shall, in such application, set forth his name and business address; his post office and residence address, and a detailed description of the vehicle to be used in such transportation. If the applicant be a non-resident of the State of Nebraska or a foreign corporation the applicant shall designate and appoint the Department as the agent of the applicant for the service of process in this State on the applicant in any action instituted in any court of this State in any county in which the cause of action or some part thereof arose to enforce the liability hereinafter provided.

Sec. 5. With each application for a permit the applicant shall pay to the Department the sum of ten dollars (\$10.00) and all

amounts so received by the Department shall be turned over to the State Treasurer and credited to a fund for the purpose of the administration of this Act, and all such moneys are hereby appropriated for and are hereby made available to the Department for the purpose of paying the cost and expense of the administration of this Act.

Sec. 6. No permit shall be issued by the Department until the applicant shall have filed with and the Department shall have approved a bond or policy of insurance guaranteeing the payment up to the sum of \$50,000 for any one casualty of any damages due to or recoverable by any person under the laws of this State. The surety on said bond or insurer under such policy shall be a surety company or insurance company authorized and qualified to engage in business in this State.

Sec. 7. Suit on any cause of action against an applicant for or holder of a permit, arising under the laws of this State, may be instituted in the courts of this State in any county in which the cause of action or some part thereof arose, or in which the applicant for or holder of such permit resides, and, if the applicant be a non-resident of this State or a foreign corporation, service of summons or other legal process in such suit upon the Department shall be and constitute valid legal service thereof. The Department shall keep a record of all processes served upon it as such agent, identifying in such record each process so served with the name of the court from which it was issued, the title and nature of the action, the names of the parties and the time and date of service, and shall forward by United States mail the process so served to the party against which such process is directed, addressed to the post office designated by such party.

Sec. 8. That Section 2 of Chapter 130, Session Laws of Nebraska for 1935 (Section 66-802, Compiled Statutes of Nebraska, 1935 Supplement) be amended to read as follows:

Sec. 2. The Department of Agriculture and Inspection shall issue a LIQUID FUEL CARRIERS Permit to the owner of every car, automobile, truck, trailer, vehicle or other means of transportation using the public highways, who applies and qualifies therefor under the provisions of this act, for the transportation of motor vehicle fuels and such petroleum products as are subject to the state inspection fees according to the laws of this State, kerosene, distillate or other petroleum products of a highly inflammable character into or out of the State of Nebraska. Such permit shall be in certificate form, and bear the signature of the Department. Each permit shall bear a distinctive number, shall set forth a description of and identify the vehicle for

which issued, shall bear the signature of the party to which it is issued and shall be carried at all time in the cab or driver's compartment of the vehicle described in the permit. The number of said permit, together with the words "Nebraska Permit No." shall be shown in letters not less than four inches high on each side of said vehicle. Permits shall expire with the calendar year in which issued. Permits shall not be transferrable either as to persons or vehicles. Each permit so issued shall be on the further express condition SUCH PERMITS WILL BE ISSUED BY THE DIRECTOR OF THE DEPARTMENT OF AGRICULTURE AND INSPECTION ON RECEIPT OF APPLICATIONS FROM OWNERS OF SUCH VEHICLES ON FORMS PROVIDED BY THE DEPARTMENT OF AGRICULTURE AND INSPECTION, CONDITIONED that such applicant will comply with all of the provisions of this Act and will not deliver any motor vehicle fuels or petroleum products to any other person or place, than those designated in the bill of sale or bill of lading carried or used by him, and that no seal or seals placed on any vehicle or container used by him in such transportation business shall be broken or tampered with until the motor vehicle fuels or petroleum products contained in such vehicle or container reach the designated point of destination, or leaves this State at the designated point, and further conditioned that such applicant will not aid, assist or abet any person in unlawfully evading any Nebraska motor vehicle fuel taxes, or unlawfully evading any Nebraska inspection fees on petroleum products.

Sec. 9. That Section 3 of Chapter 130, Session Laws of Nebraska for 1935 (Section 66-803, Compiled Statutes of Nebraska, 1935 Supplement) be amended to read as follows:

Sec. 3. The Director of the Department of Agriculture and Inspection may revoke such LIQUID FUEL CARRIERS Permit at any time upon conviction of any permit holder of violation of any provision of this Act or violations of any other laws pertaining to the Nebraska Motor Vehicle Fuel Tax, or any law pertaining to Nebraska oil inspection. Operation of any motor vehicle carrying motor vehicle fuels or petroleum products subject to inspection fees into or out of the State of Nebraska without first having procured such a LIQUID FUEL CARRIERS Permit will be deemed a violation of this Act. Every person in charge of any motor vehicle in which motor vehicle fuels or such petroleum products are carried into or out of the State of Nebraska shall have and keep with him during the entire transportation of said LIQUID FUEL CARRIERS Permit and a copy of the bill of sale or bill of lading or purchase order covering all such motor vehicle fuels and petroleum products, which shall truly show the kind and amount of said motor vehicle fuels and petroleum products, where obtained and of whom, and the name and

address of the owner and of the consignee, and such person shall exhibit every such papers or document immediately upon demand, to the Director of the Department of Agriculture and Inspection, his deputy, agent or employee, or any peace officer of this State. Provided, however, that this Act shall not be construed to include the carrying of motor vehicle fuels in the supply tank of said vehicles which is regularly connected with the carburetor of the engine of vehicle, except when said fuel supply tank shall have a capacity of more than twenty gallons, in which case the amount of fuel in said tank in excess of twenty gallons shall be taxed. Use of fuel supply tanks on any vehicle with a capacity of more than twenty gallons entering or leaving the State of Nebraska will be deemed prima facie evidence of a violation of this Act; provided, however, that this shall be deemed to include only such vehicles as use public highways of this State other than motor trucks regularly equipped for the transport of motor vehicle fuel. The Legislature hereby declares that it does not intend to place any burden upon the transportation of motor vehicle fuels in interstate commerce under such circumstances as the Constitution and Statutes of the United States of America precludes.

Sec. 10. That Section 6 of Chapter 130, Session Laws of Nebraska for 1935 (Section 66-806, Compiled Statutes of Nebraska, 1935 Supplement) be amended to read as follows:

The person in charge of such vehicle shall personally sign such report and shall pay an inspection fee of FIFTY CENTS one dollar (\$1.00) on each lot or load of motor vehicle fuels, kerosene, distillate or other petroleum products of a highly inflammable character. The person in charge of such inspection station shall seal all openings in the tank or other containers in which such motor vehicle fuels are transported with seals to be provided by the Department of Agriculture and Inspection, and shall give such per-

son a clearance certificate, which shall show the date and place of entry, the name and engine and license number of the vehicle, the name and address of the owner and the driver thereof, and of the consignee of such motor vehicle fuels. If such motor vehicle fuels are to be transported across this State the person in charge thereof shall also show in such report the name and number of the highway or highways that he intends to use and the place where he intends to leave this state. The FIFTY CENT inspection fee shall be collected by such officer and shall be by him paid over to the Director of the Department of Agriculture and Inspection and by him to the State Treasurer, and shall be placed in fund known and designated as the "Pure Food and Drug Fund". The Auditor of Public Accounts shall issue his warrant for any such expense upon proper voucher signed by the Director of the Department of Agriculture and Inspection being presented therefor, and the State Treasurer is hereby directed to pay all such warrants when presented.

Sec. 11. No vehicle for which a permit has been issued under the provisions of this Act shall be operated while loaded in part or in whole with motor vehicle fuel, kerosene, distillate or other petroleum products of a highly inflammable character on the highways of this State between 12 o'clock noon on Saturdays and midnight Sundays, or on New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day or Christmas Day between the hours of 6 A. Such driver shall be considered to be on duty at all times while on or about the vehicle and shall not be on duty more than 12 hours in any 24-hour period. When not on duty such driver shall not be permitted to engage in any other work or occupation and, after being on duty a total of 12 hours in any 24-hour period, the driver shall not have less than 12 hours off duty for necessary rest before again going on duty.

Sec. 13. The provisions of this Act shall be supplemental to any laws of this State now or hereafter enacted regulating or requiring the registration of motor vehicles or regulating the transportation of persons or property by common or contract carriers for hire or private carriers.

Sec. 14. Nothing in this Act contained shall be construed to repeal, alter or amend the terms or provisions of any statute delegat-

ing authority to any municipality nor to invalidate any municipal regulation or provision enacted pursuant thereto, and the terms and provisions of this Act shall be considered as supplemental to the lawful requirements made by any city or town of this State in regard to the transportation of motor vehicle fuels therein.

Sec. 15. That Section 11 of Chapter 130, Session Laws of Nebraska for 1935 (Section 66-809, Compiled Statutes of Nebraska, 1935 Supplement) be amended to read as follows:

Sec. 11. IF ANY SECTION, PROVISION OR CLAUSE OF THIS ACT SHALL BE DECLARED INVALID OR UNCONSTITUTIONAL, OR IF THIS ACT AS APPLIED TO ANY CIRCUMSTANCES SHALL BE DECLARED INVALID OR UNCONSTITUTIONAL, SUCH INVALIDITY SHALL NOT BE CONSTRUED TO AFFECT THE PORTIONS OF THIS ACT NOT SO HELD TO BE INVALID OR THE APPLICATION OF THIS ACT TO OTHER CIRCUMSTANCES NOT SO HELD TO BE INVALID. It is hereby declared to be the intent of the Legislature that no section, paragraph, sentence, clause, phrase or word of this Act is an inducement to the enactment of any other part or portions of the same and, if any part or portion of this Act should be held, by a court of competent jurisdiction, to be unconstitutional or invalid for any cause, such decision shall have no force or effect upon the remainder of this Act.

Sec. 16. That Section 8 of Chapter 130, of the Session Laws of Nebraska for 1935 (Section 66-808, Compiled Statutes of Nebraska, 1935 Supplement) be amended to read as follows:

A constitutional two-thirds majority having failed to vote in the affirmative, the bill failed of passage with the emergency clause.

EXPLANATIONS OF VOTE

Mr. President: I favor a state income tax as the most logical and just means of providing relief, whatever the nature of such relief. However, without such an income tax, I prefer a temporary gas tax to more objectionable sales tax or equally objectionable increases in automobile license fees. Therefore, I vote aye. Norton.

Mr. President: Inasmuch as the gasoline is already overburdened with taxes, I believe that the state should begin to look for revenue from some other source. I therefore vote no. Schultz.

Mr. President: I feel that we cannot afford to take any of this one-cent from our old people and our mothers and children. Frost.

Mr. President: The effect of this bill is to deplete relief funds and throw direct relief on the counties most of which are up to their legal levy and have no means to raise this additional load. I vote no. Comstock.

Mr. President: Because I feel as though I should support a bill that assists both the aged and those interested in work for Nebraska, I vote aye. Haycock.

Mr. President: My district is carrying all they can at present time without having direct relief thrown back on them. We have more dollars to match on the assistance program than we have on the road program. I will support the road program after assistance is taken care of. Carpenter.

Mr. President: I vote against the bill because I believe it to be wrong in principle to divert tax money from social security to road building by the levy of increased taxes. Armstrong.

Mr. President: Inasmuch as the law was originally set up for the old and poor, and feeling that this assistance is still very much needed and is of greater importance at this time than the building of new roads and that L. B. 373 can re-enact the old law, I vote no. Tvrdik.

Mr. President: The one cent should go to assistance where it was originally intended. L. B. 373 does this. It can be brought up and passed within the next two days. State assistance needs more funds. The old and the poor cannot eat gravel. Why give the majority of this penny to contractors. I vote no. John Adams, Jr.

Mr. President: I am opposed to increasing the gasoline tax for road purposes by six-tenths of one cent because it means taxing the people more than one million dollars annually, in addition to the present tax, for road purposes. Thomas.

Amend Sec. 3, lines 4 and 5 of the printed bill by striking the words "one hundred" after the word "of" and insert in lieu thereof the words "twenty-five".

Insert after the word "to" in section 2, page 2, line 6, printed bill, the following:

Amend the printed bill, page 3, Section 4, line 25 by inserting after the word and punctuation "proof." therein the following:

"No license or renewal license to establish or operate a live stock sales ring within the state of Nebraska shall be issued nor shall any duly licensed live stock sales ring within said state continue to operate unless the live stock handled by said live stock sales ring shall be weighed by a weighmaster duly licensed by the Director of the Department of Agriculture and Inspection, to weigh live stock in live stock sales rings in the state of Nebraska. Upon application in writing to said director on or before August 1, 1937,

and annually thereafter, accompanied by a permit fee of one dollar, the director shall issue annual licenses to such weighmasters. Subject to the conditions of Section 8 of this Act, the director may summarily dismiss any weighmaster employed at any live stock sales ring at any time. The moneys arising from permit fees of weighmasters shall be deemed and considered occupation tax and not license money and shall be treated as occupation tax.

Title. Amend the printed bill, title, page 1, line 7 by inserting after the word and punctuation "moneys;" therein the following:

"to provide that all live stock sales rings shall employ weighmasters licensed by the Director of the Department of Agriculture and Inspection;"

Amend page 6, Sec. 13, line 1, printed bill, by striking the words "live stock" and by inserting in lieu thereof the words "cattle, swine, sheep and goats".

S. Statutes at Large P. 159) and laws amendatory thereof, are already rendering and performing services required under the various sections of this Act, in order to avoid duplication regarding these matters, the Director of the Department of Agriculture and Inspection need not enforce said sections of the Act, but this section shall in no way or manner authorize cancellation of license fee under this Act. Renumber sections accordingly.

Amend line 4, Sec. 2, page 2, by inserting the word "association" after the word "partnership".

On page 6, Sec. 13, line 14, after the word "and" strike "re-mitted to the Department of Agriculture and Inspection" and insert in lieu thereof "paid direct to the veterinarian in charge of rendering the service at such live stock sales ring".

RESOLUTION

Respecting the Memory of Henry M. Springer.

Introduced by L. B. Murphy.

The world's a bubble, and the life of man
Less than a span.

We are reminded that the whole life of man is but a point of time. On Tuesday March 9, 1937, Henry M. Springer, 77, died at Mitchell, Nebraska, as a result of a hand infection. He served as a State Senator in this Legislature from the Thirty-third Senatorial District during the forty-seventh and forty-eighth sessions in 1931. Henry Monroe Springer was born in Green Castle, Sullivan County, Missouri. His ancestry was German. He came to Nebraska in 1889 after having married Alice Bottenberg in 1882. His family consisted of five children. He typified the hardy pioneer to whom this state is so greatly indebted for the prosperity of western Nebraska. In 1884 Springer herded horses across the ranges from Idaho to Camp Clark near the present site of Bridgeport. He lived in eastern Wyoming for one year before establishing his home at Mitchell, Nebraska. He carried on the business activities of banker, stockman and farmer. He was county commissioner of Scotts Bluff County for fifteen years and served as mayor of Mitchell, Nebraska.

WHEREAS, this Legislature has heard with profound sorrow of the death of Henry M. Springer, and

WHEREAS, he entered with zeal and enthusiasm into every undertaking throughout his career as a legislator, being considered and esteemed in all things a man of sovereign parts,

NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That in the death of Henry M. Springer, the state has lost a distinguished citizen of rare ability; that he was always tolerant to others, conceding to all the independence of thought and action which he exercised for himself; that he was truly a friend of the people, subservient to their wishes, conditions and interests; that while a mere word of sympathy can never remove grief nor restore loss, yet we would assure the bereaved family of our deep sorrow and heartfelt sympathy.

2. That the Chief Clerk of the Legislature be directed forthwith to send to the family of the deceased, a copy of this resolution, properly authenticated and suitably engrossed, after the same shall have been spread at large upon the journal of this Legislature, as an expression of our profound reverence to Henry M. Springer's memory.

By unanimous consent the rules were suspended and the resolution adopted.

(Note capital letters indicate stricken matter, blackface type indicates new matter)

1. Amend the printed bill, pages 1 and 2 by striking all of the body of said bill after the enacting clause and by inserting in lieu thereof the following:

"Section 1. That Section 48-152, Compiled Statutes of Nebraska, 1929, as amended by Section 42, Chapter 57, Session Laws of Nebraska, 1935, be amended to read as follows:

48-152. Throughout this act, the following words and phrases as used therein shall be considered to have the following meaning, respectively, unless the context shall clearly indicate a different meaning in the construction used; (a) The term "physician" shall include "surgeon" and in either case shall mean one legally authorized to practice his profession within the state of Nebraska, and in good standing in his profession at the time. (b) The word "accident" as used in this act, shall, unless a different meaning is clearly indicated by the context, be construed to mean an unexpected or unforeseen event happening suddenly and violently, with or without human fault, and producing at the time objective symptoms of an injury. The term "injury" and "personal injuries" shall mean only violence

to the physical structure of the body and such disease or infection as naturally results therefrom. The said terms shall in no case be construed to include occupational disease in any form, EXCEPT OCCUPATIONAL DISEASES WHICH ARISE OUT OF AND DURING THE COURSE OF EMPLOYMENT AND ARE PECULIAR TO THE SMELTING OR METAL REFINING INDUSTRIES AND WHICH ARE CONTRACTED BY WORKMEN EMPLOYED IN SAID INDUSTRIES AND DISABILITY COMMENCING DURING THE PERIOD OF EMPLOYMENT OR DISABILITY COMMENCING WITHIN TWO YEARS SUBSEQUENT TO THE TERMINATION OF SAID EMPLOYMENT, except those specifically mentioned in sub-section (j-1) and shall not be construed to include any contagious or infectious disease contracted during the course of employment, or death due to natural causes, but occurring while the workman is at work. If an employee receives an injury, which, of itself, would only cause permanent partial disability, but which, combined with a previous disability, does in fact cause permanent total disability or death, the employer shall only be liable for the permanent partial disability caused by the subsequent injury. "Death" when mentioned as a basis for the right to compensation, means only death resulting from such violence and its resultant effects occurring within three hundred and twenty-five weeks after the accident. (c) Without otherwise affecting either the meaning or the interpretation of the abridged clause, "Personal injuries arising out of and in the course of employment," it is hereby declared: Not to cover workmen except while engaged in, on or about the premises where their duties are being performed, or where their service requires their presence as a part of such service at the time of the injury, and during the hours of service as such workmen, and not to cover workmen who on their own initiative leave their line of duty or hours of employment for purposes of their own. (d) For the purpose of this act willful negligence shall consist of (1) deliberate act, or (2) such conduct as evidence reckless indifference to safety, or (3) intoxication at the time of the injury, such intoxication being without the consent or knowledge or acquiescence of the employer or the employer's agent. (e) Whenever in this act the singular is used, the plural shall be included, where the masculine gender is used, the feminine shall be included. (f) Where an employee of an employer subject to this section suffers from an occupational disease, as hereinafter listed and defined, and is thereby disabled from performing his work in the last occupation in which injuriously exposed to the hazards of such disease, or dies as a result of such disease, and the disease was due to the nature of an occupation or process in which he was employed within the period previous to his disablement limited in Sub-Section (n) of this Section, the employee or, in case of his death, his dependents shall be entitled to compensation, as pro-

vided elsewhere in this section as if such disablement or death were an injury by accident, except as in this section otherwise provided; and the practice and procedure prescribed elsewhere in such law shall apply to all proceedings under this Section except as in this section otherwise provided. (g) No compensation shall be payable for an occupational disease if the employee, at the time of entering into the employment of the employer by whom the compensation would otherwise be payable, falsely represented himself in writing as not having previously been disabled, laid off, or compensated in damages or otherwise, because of such disease. (h) Where an occupational disease is aggravated by any other disease or infirmity, not itself compensable, or where disability or death from any other cause, not itself compensable, is aggravated, prolonged, accelerated or in any wise contributed to by an occupational disease, the compensation payable shall be reduced and limited to such proportion only of the compensation that would be payable if the occupational disease were the sole cause of the disability or death as such occupational disease, as a causative factor, bears to all the causes of such disability or death, such reduction in compensation to be effected by reducing the number of weekly or monthly payments or the amounts of such payments, as under the circumstances of the particular case may be for the best interest of the claimant or claimants. (i) No compensation for death from an occupational disease shall be payable to any person whose relationship to the deceased, which under the provisions of this Section would give right to compensation, arose subsequent to the beginning of the first compensable disability save only to after-born children of a marriage existing at the beginning of such disability. (j) The following disease only shall be deemed to be an occupational disease within the meaning of this section: (1.) "Lead poisoning" where due to exposure in employment in the smelting, metal refining, and battery manufacturing industries and work incidental thereto. (k) In this Section "disablement" means the event of an employee's becoming actually incapacitated, because of an occupational disease, from performing his work in the last occupation in which injuriously exposed to the hazards of such disease; and "disability" means the state of being so incapacitated. (1) This section shall not apply to causes of occupational disease, in which the last injurious exposure to the hazards of such disease occurred before this Section shall have taken effect. (m) where compensation is payable for an occupational disease, the employer in whose employment the employee was last injuriously exposed to the hazards of such disease, and the insurance carrier, if any, on the risk when such employee was last so exposed under such employer, shall be liable therefor; the amount of the compensation shall be based upon the average wages of the employee when last so exposed under such employer; and the notice of injury and claim for compensa-

tion, as hereinafter required, shall be given and made to such employer; and the insurance carrier, if any, on the risk when the employee was last so exposed under such employer. (n) An employer shall not be liable for any compensation for an occupational disease unless such disease shall be due to the nature of an employment in which the hazards of such disease actually exist, and are characteristic thereof and peculiar to the trade, occupation, process, or employment, and is actually incurred in his employment, and unless disablement or death results within one (1) year after the last injurious exposure to such disease in such employment, or, in case of death, unless death follows continuous disability from such disease, commencing within the period above limited, for which compensation has been paid or awarded or timely claim made as provided in this Section, and results within seven (7) years after such last exposure. (o) The employer shall furnish reasonable medical and hospital services and medicines in cases of occupational disease coming within the provisions of this section. The cost of such medical and hospital services and medicines shall be subject to the approval of the Compensation Court and shall not exceed \$150.00 in any one case. Except that if in the opinion of the Medical Board a cure can be effected by further treatment, the Compensation Court may order additional medical hospital service or medicines in an additional amount of \$200.00. The employee may in any case elect to secure his own physician, surgeon, and hospital services and medicines at his own expense. (p) An employer subject to the provisions of this Section shall secure the payment of compensation in accordance with the provisions of this Section in any method prescribed by the provisions of Section 48-146 of the Workmen's Compensation Law, and such insurance or other security may be separate and distinct from the insurance or other security under the Workmen's Compensation Law. Where the foregoing requirement is complied with the liability of the employer under this Section shall be exclusive and in place of any and all other civil liability whatsoever, at common law or otherwise, to such employee or his personal representatives next of kin, spouse, parents, guardian or any others on account of disability or death from any disease or injury to health in any way incurred by such employee in the course of or because of his employment, except only an injury compensable as an injury by accident under other provisions of the Workmen's Compensation Law. (q) When the obligation of the employer, under this Section, is secured by insurance, the insurance carrier shall be subrogated to all the rights and privileges of the employer under the provisions of this Section and of the Workmen's Compensation Law so far as equitable. (r) Written notice shall be given to the employer of an occupational disease by the employee or someone on his behalf within ninety (90) days after the first distinct manifestation thereof, and in the case of

death from such an occupational disease, written notice of such death shall also be given to the employer within ninety (90) days thereafter. Failure to give either of such notices shall be deemed waived unless objection is made at a hearing on the claim prior to any award or decision thereon. Actual knowledge of an occupational disease and of exposure to the conditions causing it, by the employer in whose employment the employee was last injuriously exposed, or by the responsible superintendent in charge of the work, shall be deemed notice of its contraction. If no claim for disability or death from an occupational disease be filed with the Compensation Court within one (1) year from the date of disablement or death, as the case may be, the right to compensation for disability or death shall be forever barred; provided, however, that the failure to file a claim within the time limited herein shall be deemed waived unless objection to such failure be made at a hearing on such claim before award or decision thereon. Notice or claim shall be deemed waived in case of disability or death where the employer or insurance carrier makes compensation payments therefor, or, within the time above limited, the employer or his insurance carrier by his or its conduct leads the employee or claimant reasonably to believe that notice or claim has been waived. (s) Upon the filing of a claim for compensation for death from an occupational disease where an autopsy is necessary accurately and scientifically to ascertain and determine the cause of death, such autopsy shall be ordered by the Medical Board or Compensation Court and shall be made under the supervision of the coroner, medical examiner or public official equivalent thereto. The Medical Board may designate a duly licensed physician, who is a specialist in such examinations, to perform or attend such autopsy, and to certify his findings thereon. Such findings shall be filed with the Medical Board and shall be a public record. The Compensation Court may also exercise such authority on its own motion or on application made to it at any time, upon the presentation of facts showing that a controversy may exist in regard to the cause of death or the existence of any occupational disease. All proceedings for compensation shall be suspended upon refusal of a claimant or claimants to permit such autopsy when so ordered, and no compensation shall be payable during the continuance of such refusal. (t) An award or denial of award of compensation for an occupational disease may be reviewed and compensation increased, reduced or terminated where previously awarded, or awarded where previously denied, only upon proof of fraud or undue influence or of change in conditions, and then only upon application by a party in interest made not later than one (1) year after the denial of award or, where compensation has been awarded, after the award or the date when the last payment was made under the award. (u) If on a claim for compensation for an occupational disease any medical question shall be in controversy,

the Compensation Court shall refer the case to the Medical Board for investigation and report. No award shall be made in any such case until the Medical Board shall have duly investigated the case and made its report with respect to all medical questions at issue. The date of disablement, if in dispute, shall be deemed a medical question. (v) The Medical Board, upon reference to it of a claim for occupational disease, shall notify the claimant or claimants and the employer to appear before the Medical Board at a time and place stated in the notice. If the employee be living, he shall appear before the Medical Board at the time and place specified then or thereafter to submit to such examinations including clinical and X-ray examinations as the Medical Board may require. The claimant and the employer or his insurance carrier shall each be entitled, at his own expense, to have present at all examinations conducted by the Medical Board, a physician admitted to practice medicine in the state who shall be given every reasonable facility for participating in every such examination. If a physician admitted to practice medicine in the state shall certify that the employee is physically unable to appear at the time and place designated by the Medical Board, such Board shall, on notice to the parties, change the place and time of examination to such other place and time as may reasonably facilitate the examination of the employee. Proceedings shall be suspended and no compensation be payable for any period during which the employee may refuse to submit to such examination. (w) The Medical Board shall, as soon as practicable after it has completed its consideration of the case, report in writing its findings and conclusions on every medical question in controversy. If the date of disablement is controverted and cannot be exactly fixed scientifically, the Medical Board shall fix the most probable date, having regard to all the circumstances of the case. The Medical Board shall also include in its report a statement indicating the physician or physicians, if any, who appeared before it, and what, if any, medical reports and X-rays were considered by it. (x) The Medical Board shall file its report with the Compensation Court and shall send a certified copy thereof to the claimant and to the employer and his insurance carrier, if any. The decision or award in the case shall conform to the findings and conclusions in such report insofar as restricted to medical questions; provided, however, that any such findings and conclusions may be set aside, reversed, or modified by the Compensation Court upon a review of the award or decision, in case such a review is had as provided in Section 48-174 of the Workmen's Compensation Law, subject, however, to the following special provisions: No such finding or conclusion of the Medical Board shall be subject to review, unless specific objection thereto shall be filed by a party in interest within the time limited in which to apply for review of an award or decision. If objection is so filed, notice thereof shall

be given to the Medical Board, whereupon such Board shall delegate one or more of its members to appear at the hearing or hearings on review to submit to examination and cross-examination in respect to the findings and conclusions objected to. On such review, evidence to controvert findings or conclusions of the Medical Board shall be limited to the examination and cross-examination of the member or members of such Board appearing on such review and of the physician or physicians who appeared in the case before the Medical Board on behalf of the claimant or employer. Upon such review no finding or conclusion of the Medical Board upon a medical question shall be set aside, reversed, or modified unless proved to be manifestly erroneous or unreasonable, or due to fraud, undue influence, inadvertence or mistake of facts or law. But, with the consent of the Medical Board, its report in any case may, upon review, be remanded to it for reconsideration. Every decision by the Compensation Court that sets aside, reverses, or modifies a finding or conclusion by the Medical Board shall be subject to review by the courts, upon appeal, on all questions, whether of law or fact. (y) There shall be a Medical Board consisting of three members who shall be licensed physicians in good professional standing, two of whom shall have had practice in the diagnosis, treatment and care of industrial diseases, and one of whom shall be an expert roentgenologist who shall have had at least five years practice and experience. They shall be appointed by the Governor and one of them shall be designated by the Governor as chairman. The terms of office of a member of such board shall be six years, except that the terms of the members first appointed shall expire, one in two years, one in four years, and one in six years. Vacancies shall be filled for the balance of the unexpired six years. Vacancies shall be filled for the balance of the unexpired terms. The functions of such board shall be as set forth elsewhere in this Section. Such board shall receive, as compensation for their services a fee for each case examined and reported upon in accordance with the requirements of this section, including court testimony if such be necessary, X-ray and laboratory work. A fee in an amount approved by the Workmen's Compensation Court but in no event to exceed \$100.00 for the entire board. Two members shall constitute a quorum at any meeting of the Board and they shall be empowered to make such rules as are necessary to regulate the orderly procedure of their duties. They shall be permitted to make investigations of working conditions in cases coming before them for examination and shall have authority to order and conduct autopsies when necessary, same to be paid by the employer or the insurance carrier as the case may be.

APPROVED BY THE GOVERNOR

March 15th, 1937.

To the President and Members of the Legislature:
Gentlemen:

I have approved legislative bill 80. I have done so realizing that there is merit in this bill. I desire, however, to call the attention of the legislature to what seems to me to be a defect in this legislation which should be corrected.

The bill, as introduced and as approved by the Committee, as well as the Committee of the Whole, had for its purpose to qualify state banks as depositories for funds of the federal government.

While the bill was pending on the select file and just before its

final passage, amendment was attached which eliminated such state banks as are not members of the Federal Deposit Insurance Corporation by denying to them the right to pledge assets for federal deposits.

It is my recommendation that this amendment be eliminated before the legislature adjourns by the passage of another act. To not do so, will be to discriminate against sixty state banks in Nebraska.

Respectfully submitted,

(Signed) R. L. COCHRAN,
Governor.

RESOLUTION RESPECTING THE MEMORY OF VERNON D. ANDREWS

Introduced by Walter R. Johnson and C. J. Warner

Eight years ago last January a young man in his late thirties became a member of the House of Representatives of the state of Nebraska, representing the Thirty-second District. He was Vernon D. Andrews. Today that which is mortal of that same young man will be carried to his final resting place at Wyuka.

Vernon D. Andrews was born at Van Wert, Iowa, July 25, 1890. He came to Nebraska in 1907, graduated from Lincoln high school that year, later attended the University of Nebraska for two years and later the Nebraska School of Business. He came to the Legislature with a practical knowledge of many professions and businesses, having been prior to 1929 a teacher, athletic coach and salesman, and also equipped with knowledge concerning agriculture and banking. He was active in the civic affairs of Lincoln and College View, having served as president of the Lincoln Cosmopolitan Club, local and international, was a member of the board of trustees of Sigma Phi Epsilon, president of the Nebraska Jersey Breeders' Association, and member of other dairymen's associations. His hobby was dog racing and he was nationally known in greyhound coursing circles all over the country.

The work of the Legislature had a peculiar fascination for Vernon D. Andrews. In 1931 we again find him as first assistant to Frank P. Corrick, chief clerk of the House of Representatives, who died suddenly in the midst of his term; and Andrews carried on the work of the chief clerk's office without a break until adjournment of the forty-seventh regular session and also the forty-eighth special session of the Legislature which convened June 9, 1931.

He assisted in the organization of the office of chief clerk of the 1933 House of Representatives and later moved to Kansas City where he died March 13, 1937.

WHEREAS, Vernon D. Andrews, by his devotion and enthusiasm for progressive legislation and the sympathetic attention which he gave to the problems of his constituents, as well as the signal service which he rendered as chief clerk of the House of Representatives has left his impression and mark upon the existence of the Nebraska State Legislature, NOW THEREFORE

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That this Legislature pause for a moment during its deliberations this morning to recognize the service which Vernon D. Andrews rendered to his community and to his state.

2. That the chief clerk of the Legislature be directed forthwith to send to the widow of the deceased a copy of this resolution properly authenticated and suitably engrossed after the same shall have been spread at large upon the journal of this Legislature as an expression of our profound reverence to the memory of Vernon D. Andrews.

By unanimous consent the rules were suspended and the resolution adopted.

MOTION—To Appoint Committee to Attend the Funeral of Mr. Andrews

Mr. President: I move that a committee of five, including the Speaker, be appointed to attend the funeral of Vernon D. Andrews this afternoon.

(Signed) E. M. NEUBAUER.

The motion prevailed and the Chair appointed Walter R. Johnson, Mr. Wells, Mr. Neubauer, Mr. Dunn and Speaker Warner to serve on said committee.

Former Representative Marjorie Stark addressed the Legislature briefly.

"Section 7. (a) Ninety days after the effective date of this Act it shall be unlawful for any common carrier by motor vehicle subject to the provisions of this Act to engage in any intrastate operations on any public highway in Nebraska unless there is in force with respect to such carrier a certificate of public convenience and necessity issued by the Commission authorizing such operations: Provided, however, subject to Section 9 of this Act, if any such carrier or predecessor in interest was in actual bona fide operation as a common carrier by motor vehicle on April 1, 1936, over the route or routes or within the territory for which application is made, and has so operated since that time or if engaged in furnishing seasonal service only was in actual bona fide operation on April 1, 1936, during the season ordinarily covered by its operation, except in either instance as to interruptions of service over which the applicant or its predecessor in interest had no control, the Commission shall issue such certificate without requiring further proof that public convenience and necessity will be served by such operation and without further proceedings if application for such certificate is made to the Commission as provided in paragraph (b) of this section and within sixty days after the effective date of this Act. Pending the determination of any such application, the continuance of such operation shall be lawful; otherwise, the application for such certificate

shall be denied in accordance with the procedure provided for in paragraph (c) of this section, and such certificate shall be issued or denied accordingly.

(b) Application for certificate shall be made in writing to the Commission, be verified under oath, and shall be in such form and contain such information as the Commission shall by regulation require. Upon filing of such application the Commission shall serve notice by mail upon all interested parties. Any person not included within the provisions of paragraph (a) of this section, who or which is engaged in transportation in intrastate commerce as a common carrier by motor vehicle when this Act takes effect may continue such operation for a period of sixty days thereafter without a certificate, and, if application for such certificate is made to the Commission within such period, the carrier may, under such regulations as the Commission may prescribe, continue such operation until otherwise ordered by the Commission.

(c) Subject to Section 9 of this Act, a certificate shall be issued to any qualified applicant therefor authorizing the whole or any part of the operations covered by the application if it is found that the applicant is fit, willing and able properly to perform the service proposed and to conform to the provisions of this Act and the requirements, rules and regulations of the Commission thereunder, and that the proposed service, to the extent to be authorized by the certificate, is or will be required by the present or future public convenience and necessity; otherwise such application shall be denied.

(d) Any certificate issued under this Section shall specify the service to be rendered and the routes over which the fixed termini, if any, between which, and the intermediate and off-route points, if any, at which, and in case of operations not over specified routes or between fixed termini, the territory within which, such carrier is authorized to operate; and there shall, at the time of issuance and from time to time thereafter, be attached to the exercise of the privileges granted by the certificate such reasonable terms, conditions, and limitations as the public convenience and necessity may from time to time require, including terms, conditions, and limitations as to the extension of the route or routes of the carrier, and such terms and conditions as are necessary to carry out, with respect to the operations of the carrier, the requirements established by the Commission. A common carrier by motor vehicle operating under any such certificate may occasionally deviate from the route over which, and/or the fixed termini between which, it is authorized to operate under the certificate, under such general or special rules and regulations

as the Commission may prescribe. Any common carrier by motor vehicle transporting passengers under a certificate issued under this part may transport in intrastate commerce to any place special or chartered parties under such rules and regulations as the Commission shall have prescribed. A certificate for the transportation of passengers may include authority to transport in the same vehicle with the passengers, newspapers, baggage of passengers, express, or mail, or to transport baggage in a separate vehicle."

"Section 8. Ninety days after the effective date of this Act it shall be unlawful for any person to engage in the business of a contract carrier by motor vehicle in intrastate commerce on any public highway of Nebraska unless there is in force with respect to such carrier a permit issued by the Commission authorizing such person to engage in such business: Provided, that, subject to Section 9 of this Act, if any such carrier or a predecessor in interest was in actual bona fide operation as a contract carrier by motor vehicle on April 1, 1936, over the route or routes or within the territory for which application is made, and has so operated since that time, or, if engaged in furnishing seasonal service only, was in actual bona fide operation on April 1, 1936, during the season ordinarily covered by its operations, except in either instance as to interruptions of service over which the applicant or its predecessor in interest had no control, the Commission shall issue such permit without further proceedings, if application for such permit is made to the Commission as provided in paragraph (b) of this section and within sixty days after the effective date of this Act. Pending determination of any such application, the continuance of such operation shall be lawful; otherwise, the application for such permit shall be denied in accordance with the procedure provided in paragraph (b) of this section, and such permit shall be issued or denied accordingly. Any person not included within the foregoing provisions of this paragraph, who or which is engaged in transportation as a contract carrier by motor vehicle when this section takes effect may continue such operation for a period of sixty days thereafter without a permit, and, if application for such permit is made within such period, the carrier may, within such rules and regulations as the Commission may prescribe, continue such operation until otherwise ordered by the Commission.

(b) Application for such permits shall be made to the Commission in writing, be verified under oath, and shall be in such form and contain such information as the Commission shall by regulation require. Upon filing such application the Commission shall give notice by mail to all interested parties. Subject to Section 9

of this Act a permit shall be issued to any qualified applicant therefor, authorizing in whole or in part the operations covered by the application if it appears from the application or from any hearing held thereon that the applicant is fit, willing and able properly to perform the service of a contract carrier by motor vehicle and to conform to the provisions of this Act and the lawful requirements, rules and regulations of the Commission thereunder, and that the proposed operation, to the extent authorized by the permit, will be consistent with the public interest; otherwise, such application shall be denied. The Commission shall specify in the permit the business of the contract carrier covered thereby and the scope thereof and shall attach to it, at the time of issuance, and from time to time thereafter, such reasonable terms, conditions, and limitations consistent with the character of the holder as a contract carrier as are necessary to carry out, with respect to the operations of such carrier, the requirements established by the Commission: Provided, however, that no terms, conditions or limitations shall restrict the right of the carrier to substitute or add contracts within the scope of the permit, or to add to his or its equipment and facilities, within the scope of the permit, as the development of the business and the demands of the public may require."

"Section 9. No person, after January 1, 1938, shall at the same time hold under this Act a certificate as a common carrier and a permit as a contract carrier authorizing operation for the transportation of property by motor vehicle over the same route or within the same territory unless for good cause shown the Commission shall find that such certificate and permit may be held consistently with the public interest and with the policy declared in Section 1 of this Act."

"Section 10. Permits and certificates shall be effective from the dates specified therein and shall remain in effect until terminated as herein provided. Any such permit or certificate may, upon application of the holder thereof, in the discretion of the Commission be amended or revoked in whole or in part or may, upon complaint or on the Commission's own initiative, after notice and hearing, be suspended, changed or revoked in whole or in part for willful failure to comply with any provisions of this Act or with any lawful order, rule or regulation of this Commission promulgated thereunder, or with any term, condition or limitation of such permit or certificate."

"Section 11. No certificate or permit shall be issued to a motor carrier or remain in force, unless such carrier complies with such reasonable rules and regulations as the Commission shall prescribe

governing the filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer or other securities or agreements, in such reasonable amount as the Commission may require, conditioned to pay within the amount of such surety bonds, policies of insurance, qualifications as a self-insurer or other securities or agreements, any final judgment recovered against such motor carrier for bodily injuries to or the death of any person resulting from the negligent operation maintenance, or use of motor vehicles under such certificate or permit, or for loss or damage to property of others. The Commission may, in its discretion and under such rules and regulations as it shall prescribe, require any such common carrier to file a surety bond, policies of insurance, qualifications as a self-insurer, or other securities or agreements, in a sum to be determined by the Commission, to be conditioned upon such carrier making compensation to shippers and/or consignee for all property belonging to shippers and/or consignees, and coming into the possession of such carrier in connection with its transportation service. Any carrier which may be required by law to compensate a shipper and/or consignee for any loss, damage, or default for which a connecting motor common carrier is legally responsible shall be subrogated to the rights of such shipper and/or consignee under any such bond, policies of insurance, or other securities or agreements, to the extent of the sum so paid. In carrying out the provisions of this section, the Commission may classify motor carriers, taking into consideration the hazards of the operations of such carriers and the value of commodities carried."

"Section 12. It shall be lawful, under conditions specified below, but under no other conditions, for two or more motor carriers of property to consolidate or merge their properties, or any part thereof, into one ownership, management, or operation of the properties theretofore into separate ownership, or for any such motor carrier or two or more such motor carriers jointly, to purchase, lease or contract to operate the properties, or any part thereof, of another such carrier; or for any such motor carrier or two or more such carriers jointly, to acquire control of another such carrier through purchase of its stock; or for a person to acquire control of two or more motor carriers through ownership of their stock; or for any such person who has control of one or more motor carriers to acquire control of another such carrier through ownership of its stock. Whenever a consolidation, merger, purchase, lease, operating contract or acquisition of control is proposed, the carrier or carriers or person seeking authority therefor shall present an application to the Commission, and thereupon the Commission shall, if it deems a hearing necessary, notify such carriers and other parties known to have an interest, of the time and

place for a public hearing in accordance with such rules and regulations as the Commission may prescribe. If, after such hearing, the Commission finds that the transaction proposed will be consistent with the public interest and does not unduly restrict competition, it may enter an order approving and authorizing such consolidation, merger, purchase, lease, operating contract or acquisition of control upon such terms and conditions as it shall find to be just and reasonable."

"Section 13. (a) The Commission is vested with power and authority to, and it shall be its duty to prescribe within one hundred twenty days after the effective date of this Act rates and charges for the transportation of passengers and property, which rates and charges shall become effective not later than sixty days after such prescription.

(b) No common carrier subject to the provisions of this Act shall charge or demand or collect or receive a greater or less or different compensation for transportation or for any service in connection therewith between the points enumerated in such tariff than the rates charges and fares specified in the tariff in effect at that time; and no such carrier shall refund or remit in any manner or by any device, directly or indirectly, or through any agent or broker or otherwise, any portion of the rates, fares, or charges so specified, or to extend to any person any privileges or facilities for transportation in intrastate commerce except such as are specified in its tariffs.

(c) No change shall be made in any rate, fare, charge or classification or any rule, regulation or practice affecting such rate, fare, charge or classification or the value of the service thereunder specified in any effective tariff of a common carrier except after thirty days' notice of the proposed change filed in accordance with such rules as the Commission shall prescribe. Such notice shall plainly state the change proposed to be made and the time when such change shall take effect. The Commission may, in its discretion, and for good cause shown, allow such change upon notice less than that herein specified or modify the requirements of this section with respect to posting and filing of tariffs, either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

(d) After having been required to publish tariffs showing rates, fares and charges for the transportation of passengers or property, it shall be unlawful for any motor carrier to engage in the transportation of passengers or property unless the rates, fares and charges upon

which the same are transported by said carrier have been published in accordance with the provisions of this section."

"Section 14. (a) The Commission is vested with power and authority, and it is hereby made its duty, to prescribe minimum rates, fares and charges to be collected by contract carriers, which minimum rates, fares and charges shall not be less than rates prescribed by the Commission for common carriers under Section 13 of this Act.

(b) It shall be the duty of every contract carrier by motor vehicle to file with the Commission, publish, and keep open for public inspection, in the form and manner prescribed by the Commission, schedules containing the minimum charges of such carrier or carriers for the transportation of passengers or property in intrastate commerce, and any rule, regulation, or practice affecting such charges and the value of the service thereunder. No such contract carrier, unless otherwise provided by this Act, shall engage in the transportation of passengers or property in intrastate commerce unless the minimum charges for such transportation by said carrier have been published, filed and posted in accordance with the provisions of this section: Provided, however, that no rules of the Commission issued pursuant to the provisions of this section shall prevent a group of such carriers from publishing such rates, fares or charges collectively or by their agent.

(c) No reduction shall be made in any such charge, either directly or by means of any change in any rule, regulation, or practice affecting such charge or the value of service thereunder, except after thirty days' notice of the proposed change filed in the aforesaid form and manner. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. No such carrier shall demand, charge or collect a less compensation for such transportation than the charges filed in accordance with this paragraph, as affected by any rule, regulation, or practice so filed, or as may be prescribed by the Commission from time to time, and it shall be unlawful for any such carrier, by the furnishing of special services, facilities, or privileges, or by any other device whatsoever, to charge, accept or receive less than the minimum charges so filed or prescribed.

(d) After having been required to publish schedules showing rates, fares and charges for the transportation of passengers or property, and after the time fixed by the Commission for the publication of the same, it shall be unlawful for any contract carrier to engage in the transportation of passengers or property unless the rates, fares and charges upon which the same are transported by said carrier

have been published in accordance with the provisions of this section.”

“Section 15. Whenever, after hearing upon complaint or in an investigation on its own initiative, the Commission shall be of the opinion that any rate, fare or charge demanded, charged or collected by any motor carrier subject to the provisions of this Act, or any classification, rule, regulation or practice whatsoever of such motor carrier affecting such rate, fare or charge or the value of the service thereunder, is or will be unjust or unreasonable or unjustly discriminatory or unduly preferential or unduly prejudicial, it shall determine and prescribe the lawful rate, fare or charge, or the maximum or minimum, or maximum and minimum rate, fare or charge thereafter to be observed, or the lawful classification, rule, regulation or practice thereafter to be made effective.”

“Section 16. (a) Any person knowingly and willfully violating any provisions of this Act, or any rule, regulation, requirement or order of the Commission, or any term or condition of any permit or certificate issued by the Commission, shall, upon conviction thereof, be fined not more than \$100.00 for the first offense, and not more than \$200.00 for any subsequent offense. Each day of such violation shall constitute a separate offense.

(b) Any person, whether carrier, shipper, consignee, or any officer, employe, agent or representative thereof, who shall knowingly offer, grant or give, or solicit, accept or receive any rebate, concession or discrimination in violation of any provision of this Act, or who, by means of any false statement or representation, or by the use of any false or fictitious bill, bill of lading, receipt, voucher, account, claim, certificate, affidavit, deposition, lease or bill of sale, or by any other means or device, shall knowingly and willfully assist, suffer or permit any person or persons, natural or artificial, to obtain transportation of passengers or property subject to this Act for less than the applicable rate, fare or charge, or who shall knowingly and willfully, by any such means or otherwise, fraudulently seek to evade or defeat regulation as in this Act provided for motor carriers shall be deemed guilty of a misdemeanor, and upon conviction thereof, be fined not more than \$100.00 for the first offense, and not more than \$200.00 for any subsequent offense.”

“Section 17. That said original Sections 60-101, 60-102, 60-103, 60-104, 60-105, 75-1001 and 75-1002, Compiled Statutes of Nebraska, 1929, are hereby repealed.”

“Section 18. Whereas, an emergency exists, this Act shall be in full force and effect from and after its passage and approval.”

Standing Committee amendments to L. B. No. 158:

Amend the re-engrossed bill as follows:

Section 4, strike all of said section and insert in lieu thereof the following:

"Sec. 4. That Section 66-411, Compiled Statutes of Nebraska, Supplement, 1933, (1935), be amended to read as follows:

66-411. All sums of money received under this Act by the State Treasurer shall be placed by him in a fund to be known as the Gasoline Tax Fund. Until June 30, 1939, ten per cent of said fund shall be credited and shall inure to the State Assistance Fund; thirty per cent of said fund shall be, by the State Treasurer, upon the first day of each month transferred to the various county treasurers of the state in the proportion that the total motor vehicle registration of the county bears to the total motor vehicle registration of the State, computed on the basis of the motor vehicle registration for the previous calendar year. Said moneys, so transferred to the various county treasurers shall be allocated as follows: (1) Ten per cent (10%) to be credited to the road fund of the cities and incorporated villages within said county in the proportion that the total population of each city or village, based on the last federal census, bears to the total population of all the cities and incorporated villages within said county, and the sum of money so allocated shall be used solely by each city or incorporated village for constructing street improvements; and (2) Twenty per cent (20%) to be credited to the county bridge fund, and if any portion thereof be not required for bridges it shall be used to pay the interest on and to retire any outstanding county road or highway construction bonds of the county, and the balance thereof, if any, shall be credited to the County Road Fund; and (3) The remainder, seventy per cent (70%) to be credited to the County Road Fund, to be used by the County Board for the purpose of maintaining, grading, graveling, regraveling, claying, littering, oiling or paving, and for no other purpose whatsoever: Provided, that thirty-five per cent (35%) of the money so transferred shall be used by the county treasurer to pay the interest on and retire any existing or outstanding county Highway Construction Bonds, and the balance, if any, shall be credited to the County Road Fund. Sixty per cent (60%) of the Gasoline Tax Fund shall be transferred by the State Treasurer on the first day of each month to the Department of Roads and Irrigation. (a) One-sixth of said sixty per cent (60%) of said fund shall be, by the Department of Roads and Irrigation, placed in a special fund and shall be apportioned to the credit of the several counties of

the state as follows: One-third in the ratio which the area of each county bears to the total area of the state; one-third in the ratio which the mileage of rural delivery and star routes in each county bears to the total mileage of rural delivery and star routes in the state; one-third in the ratio which the number of motor vehicle registrations of each county bears to the total number of motor vehicle registrations of the state, the number of such registrations to be determined as of the next calendar year preceding the year in which such apportionment is made. The Department of Roads and Irrigation shall, during the calendar year in which this Act becomes a law, select forty-seven counties of this state and during said calendar year and during the first six months of the calendar year 1939, use and expend the special fund so apportioned to the credit of each of said counties in conjunction with Federal funds, furnished for the purpose, to construct in said counties farm-to-market roads connecting with Federal or state highways; and during the calendar year 1938, the Department of Roads and Irrigation shall use and expend the special funds so apportioned to the credit of each of the other forty-six counties in conjunction with Federal funds, furnished for the purpose, to construct in said counties farm-to-market roads connecting with Federal or state highways: Provided, however, wherever any county has heretofore issued any county Highway Construction Bonds for the construction of any farm-to-market road connecting with any Federal or state highway, the Department of Roads and Irrigation shall, during the period ending June 30, 1939, use and expend the special fund so allocated to each of such counties to pay the interest on and retire any such bonds which are outstanding and unpaid on the date when this Act becomes a law. No more of such special funds shall be expended in any county than is necessary for the purposes set forth in this subsection (a) of this section, and any part of said special funds which is not used for such purposes shall be used by the Department of Roads and Irrigation for the state and Federal highway purposes hereinafter set forth in subsection (b) of this section. (b) Five-sixths of said sixty per cent (60%) of said fund shall be expended by the Department of Roads and Irrigation for the specific uses and purposes as follows: For acquiring real estate, road materials, equipment, and supplies to be used in the construction, reconstruction, improvement, and maintenance of Federal or state highways; for the construction, reconstruction, improvement and maintenance of state or Federal highways including grading, drainage structures, surfacing, roadside development including landscaping, and other incidentals necessary for proper completion and protection of Federal or state highways as the Department shall, after investigation find and determine shall be for the best interests of the highway system of the state, either independent of or in conjunction with Federal Aid money for highway purposes; and for planning studies in conjunction with Federal Highway funds for the purpose of analyzing traffic problems and financial conditions and problems relating to state, county, township, municipal, federal and all other

roads in the state. Provided, however, that after June 30, 1939, three-eighths instead of thirty per cent of the gasoline tax fund shall be transferred to the various County Treasurers of the state in the same manner, and for the same uses and purposes as are hereinabove provided, and the balance remaining in said fund shall be transferred to the Department of Roads and Irrigation in the same manner and for the same uses and purposes as are herein above provided in subsection (b) of this section, and no part of said fund shall thereafter be transferred to any fund of the state, created or which may be created by any assistance, relief, or welfare act of this state: Provided, that no part of the moneys received under this Act shall be expended for or upon interstate bridges."

For this purpose the mayor and council shall create suitable grading districts, which shall be consecutively numbered. The cost of grading the streets and alleys within any such grading district shall be assessed upon the lots and lands especially benefited thereby in such district in proportion to such benefits to be determined by the mayor and council under the provisions of this chapter. The assessments of special taxes for grading purposes herein provided for shall be made as follows: The total cost of the improvement shall be levied at one time upon the property and become delinquent as herein provided: One-fifth of the total amount shall become delinquent in fifty days after such levy; one-fifth in one year; one-fifth in two years; one-fifth in three years; one-fifth in four years. Each of said installments, except the first, shall draw interest at the rate of not exceeding seven per cent per annum from the time of the levy of the aforesaid until the same shall become delinquent, and, after the same shall become delinquent, interest at the rate of one per cent per month shall be paid thereon, as in the case of other special taxes. The cost of grading the intersections of streets and spaces opposite alleys in any such district shall be paid by the city out of the general fund of such city. For the purpose of paying the costs of grading the streets and alleys in such district, exclusive of the intersection of streets and spaces opposite alleys therein, the mayor and council shall have power, and may, by ordinance, cause to be issued bonds of the city to be called "District Grading Bonds of District No.....," payable in not exceeding five years from date, and to bear interest, payable annually, not exceeding the rate of seven per cent per annum, with interest coupons attached, and that as nearly as possible an equal amount of the bonds shall be made to mature each year, and in such case shall also provide that such special taxes and assessments shall constitute a sinking fund for the payment of said bonds and interest: Provided, the entire cost of grading any such street or alley property chargeable to any lots or lands within any such grading district, according to feet front thereof, may be paid by the owner of such lots or lands within fifty days from the levy of such special taxes, and thereupon

such lot or land shall be exempt from any lien or charge therefor: Provided, however, whenever the owner of lots and lands abutting upon any street or avenue, alley or lane, or part thereof, representing three-fourths of the feet front abutting upon any such street or avenue, alley or lane, or part thereof, shall petition the mayor and council to grade the same, including the intersections of streets, avenues, or lanes and spaces opposite alleys and lanes, without cost to the city, and to assess the entire cost of grading such street, avenue, alley or lane or part thereof, including the intersections of streets, avenues or lanes and spaces opposite alleys or lanes, against the lots and lands abutting upon such street, avenue, alley or lane, or part thereof, so graded; that thereupon the mayor and council shall create grading districts, make assessments, issue bonds, and proceed in the same manner as in cases of grading hereinbefore provided: Provided, bonds shall be issued to cover the entire cost of grading both the streets, avenues or alleys, and the intersections of streets or avenues and spaces opposite alleys; and provided, further, the aforesaid bonds shall not be sold for less than their par value, and if any assessment or part thereof shall fail or for any reason be invalid, the mayor and council may make such further assessments upon said lots or lands, as may be required, and collect from the owners the cost of any grading properly chargeable thereto, as herein provided: Provided no street, avenue, alley or lane shall be so graded until the damages to property owners, if any, shall be ascertained by three disinterested freeholders to be appointed by the mayor and council and the proceedings to be the same in all respects as in this chapter provided for in case of change of grade. Provided, further, the aggregate amount of such bonds issued in any one year shall not exceed the sum of fifty thousand dollars: Provided, however, all bonds issued hereunder shall comply with the terms and conditions of Section 4 of this Act.

The number of voters voting at the last regular election prior to presenting such petition shall be deemed the number of votes in said city: **Provided**, the question of bond issued (issues) in such districts when defeated shall not be re-submitted within a period of six months from and after the date of such election: **Provided, however**, all bonds issued hereunder shall comply with the terms and conditions of Section 4 of this Act.

For the purpose of acquiring and improving an aviation field as hereinbefore authorized, any such city may sell bonds of such city to be designated "Aviation field bonds," to provide the necessary funds therefor, in an amount not to exceed one per cent of the assessed valuation of the property in such city; such bonds shall run for not LESS THAN TEN OR more than TWENTY twenty-five years from the date of issuance thereof, and draw interest at a rate not in excess of six per cent per annum; such bonds may not be sold for less than par, and in no case without the proposition of issuing the same having first been submitted to the legal electors of such city at a general or special election held therein, and a majority of the votes cast upon the question of the issue of said bonds being in favor of issuing such bonds; **BUT THE AUTHORITY TO SELL SUCH BONDS AS HEREIN PROVIDED SHALL NOT BE LIMITED BY ANY OTHER OR SPECIAL PROVISION OF LAW FOUND ELSEWHERE OUTSIDE OF THIS ACT.:** **Provided, however, that all bonds so issued and sold shall comply with the terms and conditions of Section 4 of this Act.** For the purpose of acquiring and improving said aviation field, such cities may in lieu of issuing and selling bonds levy an annual tax of not to exceed two (2) mills on the dollar of the actual valuation of the taxable property within the corporate limits of such city, which tax shall not be levied or collected until the proposition of levying the same has first been submitted to the legal electors of such city at a general or special election held therein, and the majority of votes cast upon the question of levying such tax shall be in favor thereof. LEGISLATIVE BILL NO. 86. Placed on Select File with opinion of Legislative Counsel.

Opinion of Legislative Counsel on L. B. No. 86:

Pursuant to your request I have examined Legislative Bill No. 86 as amended by the Committee on Agriculture.

The power of the Legislature to prohibit amusements hurtful to a community has long been recognized, and the legislature has authority to regulate such amusements. This power to regulate extends, however, only to measures which tend in some degree to promote, protect or preserve the public health, comfort, morals or safety or the general welfare, or to prevent offenses. Hence the prohibition of an amusement which has no tendency to effect, injure or endanger the public health, morals or safety is ordinarily an invalid exercise of legislative power. The bill in question is designed in a sense to regulate competition between circuses and carnivals and state or county fair associations. County fair associations in Nebraska have been held to be private corporations and recently the Nebraska State Board of Agriculture has been held to be a private corporation.

I cannot see, after examining the authorities laying down the general rule hereinabove set forth, wherein this bill, making it unlawful for any person or persons, firm or corporation to conduct any circus or carnival within a certain radius of any city in which certain private corporations operate a state or county fair would tend to promote, protect or preserve the public health, comfort, morals or safety or general welfare or prevent offenses, and I am, therefore, of opinion that this act if passed, if contested in the courts, would be held to be invalid.

LEGISLATIVE BILL NO. 118. Placed on General File with amendments.

Standing Committee amendments to L. B. No. 118:

Amend L. B. No. 118, after the enacting clause, by striking the remainder of the bill and inserting in lieu thereof the following:

Section 1. The object and purpose of this Act is to permit the

several governmental subdivisions to consolidate and co-ordinate investment and expenditures in the interest of economy, efficiency and public safety in providing maintenance, supervision and regulation of public health and sanitation and remedial care and treatment of the indigent which are hereby declared to be for the general welfare of all the people of the state and performed by its governmental subdivisions for the benefit of the state as a whole in the exercise of the police power, as a matter of state and not of local concern.

Sec. 2. The territory within and co-extensive with any county or within and co-extensive with any two or more contiguous counties may, as hereinafter provided, be and become and be known as a health district under the name of ".....Health District, No....." Each of such health districts shall be a body corporate and possess all the powers of a public corporation for public purposes, and, in that name may sue and be sued, purchase and hold real and personal property, accept gifts, public or private, unconditionally or in trust, make such orders respecting the same as may be conducive to the best interests of the district, may make all contracts, do all other things in relation to the proper concerns of the health district necessary to the exercise of its corporate or administrative powers, and exercise such other and further powers as may be conferred by law. A health district may be dissolved in the same manner as it may be created by a vote of the people.

Sec. 2½. Whenever there shall be presented to the Director of Health for the State Department of Health, a petition signed by twenty-five or more citizens from any county or from each of any two or more contiguous counties, asking said Director of Health to approve the formation of a health district within and co-extensive with such county or counties, it shall be the duty of said Director of Health to investigate and determine whether or not the boundaries of said proposed health districts are reasonable and proper for attaining efficiency and economy in the supervision and regulation of public health and remedial care and treatment of the indigent and that it will be conducive to the public health, convenience and welfare to establish such districts. If the Director of Health shall find that the boundary lines of said districts are reasonable and proper, he shall so certify and a copy of said certificate shall be filed in the office of the county clerk of the county or in each of the counties in the proposed district.

Sec. 3. Seven per cent or more of the qualified voters who voted for Governor at the last general election in any county or in each of two or more contiguous counties, may file petitions with the respective boards of each of such counties, as approved by the certificate of the Director of Health, praying for the submission to a vote of the people, the question of the formation of a health district within and co-extensive with the boundary of such proposed health district. Each

petition shall state information which may aid in making the proposition clear and tangible and the date on which the election is to be held, which shall be on the same date in each county proposed to be included in the district. The petitions may contain a description, both legal and as to location, of real estate owned by any governmental subdivision in the proposed health district, and may pray that the question of the transfer of title to said real estate from said governmental subdivision to the proposed health district be submitted in the question of the organization of the Health District. Said petition shall be presented to the County attorney of each county, whose territory or any part thereof is included in said health district; and said county attorney for and on behalf of the state shall proceed to examine said petitions forthwith and certify thereon as to the accuracy and sufficiency thereof: Provided, said certificate thereon shall be prima facie proof of the accuracy and sufficiency of said petitions. With the approval of the district health board and the Director of Health for the Department of Health, any adjoining county may be added to any health district upon proceedings in such county, as provided herein for the organization of a health district.

Sec. 4. It shall be the duty of the county board or county boards for and on behalf of the state to order a special election in each county in the proposed district on the date fixed in the petitions: Provided, if the holding of the election on said date shall be prevented by litigation then the court shall fix the date for the election in the order directing that it be held. Said election shall be called and conducted as provided by law for special elections; and the ballot shall provide for a vote for or against the organization of the proposed health district, as described in the petition. The notice of election shall contain a description of real estate, as set forth in the petitions.

Sec. 5. Upon the canvass of the election returns, the election officials shall certify the returns to the Governor. If a majority of the votes cast in each of the necessary counties has been in favor of establishing the proposed health district, then the Governor shall issue a proclamation to that effect. The health districts shall be numbered consecutively by the Governor. He shall then appoint the district health board, hereafter called "Board", which shall consist of three citizens, no two of whom shall reside in the same county, except when less than three counties are in the district. A copy of such proclamation and the order appointing the district health board shall be filed in the office of the County Clerk in each county of the health district. If a majority of the votes cast in said special election in any governmental subdivision owning real estate described in the petitions calling the election, are favorable to the establishment of the proposed health district, then the proclamation shall so state and shall contain said description, and a copy thereof shall be filed in the county clerk's office, or in the office of register of deeds, as the case may be, of such governmental

subdivision, and shall operate as a transfer of title to the health district, whether said real estate has been held for corporate or administrative purposes, or whether dedicated to or for public use or other purpose or trust by such governmental subdivisions or its grantor, in so far as such use, purpose or trust has been in whole or in part for health activities: Provided, upon the dissolution of such health district, the title shall revert to the governmental subdivision. One member of the board shall be appointed for a term of two years, one for four years, and one for six years, from and after the first day of January, following the date of the appointment; and thereafter each member shall be appointed for a term of six years: Provided, each appointee shall continue in office until his successor is appointed and qualified. Each member of the Board shall qualify by filing an acceptance with the county clerk of the county in which he or she resides. The Governor may, upon notice and a hearing, remove any member of the district health board for neglecting properly to perform the duties of his office. In case of vacancy for any cause, the Governor shall appoint a successor for the term, or the remainder of the term.

Sec. 6. **Resolution Respecting the Memory of George Clark Porter
Introduced by L. B. Murphy**

George Clark Porter, a unique character in the political history of Nebraska, a former member of the House of this Legislature, representing the Tenth District at the Forty-second regular session in 1919 died Saturday, March 20, 1937 at a Scottsbluff hospital. While painting in a house at his farm, two miles west of Morrill, Nebraska, he suffered a fall which was the cause of his death.

Early in January of this year George Clark Porter was in Lincoln, visited this Legislature and while talking to a friend quoted the following passage from Alaric the Visigoth by Edward Everett.

“When I am dead, no pageant train
Shall waste their sorrows at my bier,
Nor worthless pomp of homage vain
Stain it with hypocritic tear.”

Little did he think that death truly rides on every breeze.

Born in Warren County, Illinois in 1874, of Scotch-Irish ancestry, George Clark Porter attended Lincoln Normal, Hastings College and Fremont Normal where he graduated in 1900. He was also a graduate of McCormick Seminary in Chicago and received the degree of Bachelor of Law from the University of Omaha. He was formerly a school teacher and minister. He was married and had one child. While serving in the Legislature as a Republican, he was extremely liberal in his political views, having been the Socialist candidate for Governor in Nebraska in 1914 and Union party candidate in Nebraska for Attorney General in the 1936 election. At the time when the Legislature met in 1919, the deceased was a lawyer in Omaha but soon after the adjournment of that session he moved to Morrill, Nebraska, where he continued the practice of his profession until his death.

WHEREAS, it is the desire of this body to render some tribute to the memory of our departed friend,

NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That it is the sense of this Legislature that the record of George Clark Porter of long, active and faithful service as a legislator and as a disciple of good government deserves more than passing mention.

2. That the Clerk of this Legislature be directed forthwith to forward to the widow of the deceased a copy of this resolution, properly authenticated and suitably engrossed after the same shall have been spread at large upon our journal, as an expression of our reverence to the memory of the deceased.

By unanimous consent the rules were suspended and the resolution adopted.

MESSAGE FROM GOVERNOR

March 25th, 1937.

To the President and Members of the Legislature:

Gentlemen:

I am returning herewith legislative bill No. 27 without my approval for the reason that I do not consider this a valid claim against the state, that it has been up for consideration by a previous legislature and disapproved after investigation.

From the report I received from the State Department of Roads and Irrigation it is evident that the building which burned and for which now the owner seeks to recover damages was rented by the State Department of Roads and Irrigation at a rate of fifteen dollars per month and for a period of twenty-two months prior to the time of the fire. The report shows that the rental rate of fifteen dollars per month was more than ample to give a good return on the value of the building and pay taxes and insurance. The report further shows that there was not negligence on the part of the employees of the state in connection with this fire and that while it might be claimed that the type of heating plant was not the most desirable from the standpoint of safety, however, it was in use during one full winter and a half of another winter. The records show that the same heating equipment was in use in the building during this whole period of twenty-two months.

There have been two regular sessions of the legislature since this damage occurred. Our records do not disclose that it was even presented to the 1933 session. The records show that it was presented to the 1935 session of the legislature and rejected.

While I do not claim that the statute of limitations which applies in cases against private parties should necessarily obtain in the case of the state, however, I do believe where there is sufficient merit to justify adjudication in the courts that such cases should be brought up within a reasonable time when the witnesses are available and still have a knowledge of the true facts.

Respectfully submitted,

(Signed) R. L. COCHRAN
Governor

MESSAGE FROM THE GOVERNOR

March 25th, 1937.

To the President and Members of the Legislature:

Gentlemen:

I am returning herewith legislative bill No. 338 without my approval. The record shows that on the night of June 8th, 1936, there was a terrific hail storm and heavy rain between Julesburg and Big Springs, that the rain was of such intensity that it washed out the approaches to several bridges and it was at one of these washed out approaches where the accident occurred. The record shows that the accident occurred some time between midnight on June 8th, 1936, and four a. m. on June 9th, 1936, that the Department received information regarding the accident when the City Marshal of Big Springs called the Chief Patrolman at Sidney about 4:30 a. m. on June 9th, 1936. The Chief Patrolman, together with another man left immediately and arrived at the point of the accident about six a. m. on June 9th, 1936. His report says that they assisted in removing the car involved. However, they were unable to locate anyone and could not find out where the occupants of the car were because of the great volume of water running across the road and impounded on both sides, they were fearful that the occupants of the car may

have met with disaster and they therefore made a search for them, however, could not locate anyone.

It was quite evident that no negligence existed on the part of the employees of the state and that the accident was caused by an act of God over which the state had no control.

Indications are that the operator of this vehicle exercised poor judgment even to the extent of being negligent himself in attempting to operate a car over the highway at night during a severe storm, that the visibility was undoubtedly very poor and that it was necessary to drive through water of considerable depth on the highway in several places before encountering the washout.

Respectfully submitted,
(Signed) R. L. COCHRAN
Governor

MESSAGE FROM THE GOVERNOR

March 29th, 1937.

To the President and Members of the Legislature:
Gentlemen:

I am returning legislative bill 188 without my approval. Inasmuch as this is a legal question and that no state employee is involved, I have requested an opinion from the Attorney General as to the state's liability in a matter of this kind. Conclusions received are as follows:

"The only suggestion of negligence is that the truck in question had defective brakes and that it was not possible for the driver to stop the truck at the intersection in question. There is no claim specifically made that the State was responsible for any negligence, if any, of the driver of the truck.

With reference to the question of whether or not the state is liable for loaning this truck to the WPA, we call attention to the following,

which in our opinion shows conclusively that there is no liability upon the part of the State.

(1) There was no state employee riding in or operating the truck at the time of the collision.

(2) On the very morning prior to the accident the brakes on the truck were checked by a mechanic, E. J. Norman, who exchanged the dump body on the truck, for a flat body so that the truck might be used for transporting men. In this check he found the brakes were operating satisfactorily.

(3) The truck in question was used by the state and its employees daily up to and including the very morning of the day of the accident for heavy hauling, and at no time was there any indication of a failing of the brakes.

(4) A fellow WPA worker riding in the front seat of the truck warned the driver that he had better slow down and apply his brakes prior to the accident.

(5) The cost of burial of the deceased, as well as some of the other expenses as a result of this accident, was paid by the WPA.

In our opinion, there is no showing whatever of liability on the part of the state in this matter. There is no indication that there was any lack of diligence on the part of the State of Nebraska in learning of any claimed defect in any of its equipment. The state should not be made liable for acts of persons not employees or agents of the State."

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

Whereupon the President stated: "Shall the bill pass, notwithstanding the objection of the Governor?"

MESSAGE FROM THE GOVERNOR

March 29th, 1937.

To the President and Members of the Legislature:
Gentlemen:

I am returning legislative bill 253 without my approval. This is a bill permitting Reuben Bordy as trustee for approximately sixty Indians and five white people, to sue the state for damages due to the construction of highway No. 73 east between Decatur and Winnebago.

This happens to be a case with which I have an intimate personal knowledge inasmuch as I was State Engineer at the time the road was projected and when right of way was first discussed, as well as during the whole period of planning and construction. I remember specifically that the project was undertaken only after definite assurance had been given that the right of way would be obtained and furnished to the state without cost. In fact, I can definitely say that the road would not have been constructed at all if assurances had not been given as they were that there would be no cost to the state for right of way. This all happened between five and six years ago.

Securing of the right of way was handled by local people. The waivers were secured by local people and not by a state representative, this being entirely in line with the proposition made and the conditions precedent to the building of the road. Permission was obtained from the U. S. Department of Interior, Bureau of Indian Affairs, and the records of the state show a signed document granting such right by the Secretary of the Interior.

I recite these facts to show that throughout all of the preparations for the construction of this road and the obtaining of the right of way, every legal requirement was met by the local people and by

the state. Naturally it took many months of time to accomplish this but the fact that it did not take many months of time served as a means of notice on everyone in that locality as to what was taking place, as to what was contemplated.

The Attorney General has pointed out to us that any of these claimants could have without legislative permission fully established any rights they might have had, had they acted with reasonable promptness and diligence. They could have sought an injunction, as one did, or they could have proceeded under section 26-711, Compiled Statutes of Nebraska, 1929, which provides that condemnation actions may be commenced by either the land owner or the county. Either one of these legal methods was open to them for a considerable period of time. Failure on the part of the individuals to take such action during that time is evidence of their satisfaction with the proceedings as to obtaining right of way at that time.

Legislative bill 253, if approved, would give them authority to proceed now against the state and at the same time would waive two valuable defenses which would be available to any private litigant; namely, laches and the statute of limitations. In view of the fact that the Department of Roads and Irrigation is continually entering into agreements with land owners for right of way purposes, it seems to me that this would be a very poor precedent to set, that of waiving these rights which a private individual would enjoy in court procedure. The state would not have authority to definitely close a case but would be continually subjected to the chance of having court action brought many years after negotiation had been consummated. It is rather obvious that the opportunity of the state or any individual to defend itself after many years have elapsed is greatly weakened.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

MOTION—To Adjourn

At 12:15 P. M. on motion of Mr. Pizer the Legislature adjourned.

HUGO F. SRB,

Clerk of the Legislature.

SIXTY-SECOND DAY

Legislative Chamber,

Lincoln, Nebraska, March 30, 1937.

The Legislature met pursuant to adjournment at 9:00 A. M., President Jurgensen presiding.

The Chaplain led the Legislature in prayer.

The roll was called and all members were present.

The Journal for the Sixty-first Day was approved.

PETITIONS AND MEMORIALS

The following members introduced petitions from their constituents:

Mr. Worthing, John B. Peterson, Mr. Murphy, opposing any increase in the gallonage tax on alcoholic liquor; Mr. Murphy, opposing the Child Labor amendment.

COMMUNICATIONS

A letter was read from the Building Owners' and Managers' Association of Omaha opposing any increased taxation on real estate; also a letter from the Brotherhood of Locomotive Engineers, a telegram from the Carpenters Local Union of Omaha and from the Ladies Auxiliary of that organization expressing disapproval of the action of the Legislature on L. B. No. 136. A letter was also read from the Omaha Central Labor Union attacking the Legislature on its failure to demand a record vote on the Child Labor amendment, L. B. No. 136.

MOTION—To Print Letter in Journal

Mr. President: At the request of that organization, I move that the letter of Lincoln Central Labor Union, dated March 27, 1937, addressed to Hugo F. Srb, be printed in the Journal.

(Signed) DUNN.

The motion prevailed with 28 ayes, 4 nays, 11 not voting.

Lincoln, Nebraska,

March 27, 1937.

Hon. Hugo F. Srb,
Clerk, of the Legislature
State Capitol Building,
Lincoln, Nebraska.

Dear Sir:

The Lincoln Central Labor Union, as a token of appreciation to Senator John Adams and other members, in their support of the Child Labor Amendment, have caused to be placed upon the desk of Senator Adams the flowers you see.

The flowers were purchased by an organization of men and women struggling to better the economic conditions for all, so that we may have and leave to posterity a better America.

To those men whose conscience spoke and they listened and acted, may we express our sincere appreciation and those of the children who are helpless to speak for themselves.

It is true that the vote is now recorded in the ledger of the Supreme Judge but your duty is plain. Get a record vote that all may read; for as in the thoughts expressed by Thomas Jefferson in the First Constitutional Convention; a legislature that is ashamed of its votes is a legislature that shames its people.

Yours very truly,

Lincoln Central Labor Union

President.

W. H. SMITH, Secretary.

MESSAGE FROM GOVERNOR

March 29th, 1937.

To the President and Members of the Legislature:

Gentlemen:

I have had an official visit from A. E. MacKennon, Commissioner of the New York Worlds Fair for 1939, who has requested some participation on the part of Nebraska in this Fair. It has been suggested that the legislature authorize the appointment of a Commission of perhaps five to give consideration to whether Nebraska should be represented at this Fair and if so, in what way and to what extent.

Without expressing any opinion as to this matter, I am taking this means of officially calling this matter to your attention for any consideration you may wish to give same.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

**Resolution Respecting the Memory of Edward L. Hunt
Introduced by Robert M. Armstrong,
Second District**

How brief this drama of our life appears!
The good die not! This heritage they leave—
The record of a life in virtue spent;
For our own loss, at parting we may grieve—
Lives such as theirs build their own monument.

Edward L. Hunt was born at Fairfield, Iowa, August 10, 1884. With his parents he moved to Nebraska in 1886. His ancestors were English who came to this country in Colonial times. He was the son of E. W. Hunt who for some years was a professor in the English department of the University of Nebraska. He was a farmer by occupation. On Monday, March 22, 1937, he was crushed to death by logs from a pile of wood which toppled on him at a neighbor's farm.

Edward L. Hunt was well-informed, well-read, a highly intelligent and conscientious citizen, a good neighbor and friend. He served his community near Syracuse, Nebraska, as a school board member and represented the Fifth Legislative District from 1929 to 1931 at the Forty-fifth, Forty-sixth and Forty-seventh Sessions of this Legislature,

**NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE
OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR
SESSION ASSEMBLED:**

1. That it is the sense of this Legislature that Edward L. Hunt was an exemplary legislator worthy of emulation by his suc-

cessors in that throughout his political career he remained steadfast and true to his political principles and has left a record of having served his constituency without fear or favor.

2. That the Clerk of this Legislature be directed forthwith to send to the surviving sister and brother of the deceased, a copy of this resolution, properly authenticated and suitably engrossed, after the same shall have been spread at large upon the Legislative Journal, as an expression of our profound reverence to his memory.

The rules were suspended and the resolution adopted unanimously.

MOTION—To Recommit L. B. No. 50

Mr. President: I move that Legislative Bill No. 50, now on Third Reading File, be recommitted to General File for the following specific amendments:

2. Amend the printed bill, Final Form on Third Reading, page 4, Section 10, line 17 by inserting after the word and punctuation "sent." therein the following:

"In lieu of the surety bond herein required, said itinerant merchant, at his option, may deposit with the director of said department cash in the sum of two hundred and fifty dollars or its equivalent, which shall be construed to include obligations of the government of the United States or the bonds of any municipality or governmental subdivision of the state of Nebraska eligible as legal investment for the school funds of said state."

(Signed) NUERNBERGER.

The motion was lost with 13 ayes, 28 nays, 2 not voting.

EXPLANATIONS OF VOTE

Mr. President: I wish to say that my vote on Child Labor was not influenced by any letters sent to the Legislature.

(Signed) HUGH B. ASHMORE.

Mr. President: I was able to create my children and do not need any bureau to raise them for me.

(Signed) ALOIS SLEPICKA.

Mr. President: I still think the home, the school, and the church have first rights on our American youth. I am not sold on the Russian idea yet.

(Signed) STRONG.

Mr. President: I am opposed to child labor but I am also opposed to any further concentration of power in the Federal Government. I vote no.

(Signed) JOHN H. COMSTOCK.

Mr. President: I cannot at this time conscientiously vote for ratification for the following reasons: the amendment confers a dangerously broad grant of power, and over citizens beyond reasonable age limit; it is not necessary for protection of Nebraska children; it is not demanded by public opinion; if ratified, it cannot be recalled, and proper control of child labor can be met by legislation providing that goods manufactured or produced by child labor cannot be shipped

from one state into another and there sold without violating laws of that state.

(Signed) HARRY E. GANTZ.

Mr. President: I personally favor the amendment, but having received many resolutions, petitions and letters from the people of my district vehemently voicing their objections to this amendment, I therefore as their representative have to hold to their desire and vote no.

(Signed) TVRDIK.

Mr. President: Yesterday I informed this body that I would introduce a motion this morning asking that we reconsider our action on L. B. No. 136, the Child Labor amendment, for the specific purpose of obtaining a roll call on the bill. This morning I have received a letter from the Omaha Central Labor Union which I consider a scurrilous attack and a direct threat to me personally as well as to every other member of this body. I have therefore reconsidered by contemplated action to introduce my motion and shall not do so.

I ask that this statement be entered in the Journal and I want it known that I voted in opposition to ratification of the Child Labor Amendment.

(Signed) W. H. DIERS.

"Section 7. (a) Ninety days after the effective date of this Act it shall be unlawful for any common carrier by motor vehicle subject to the provisions of this Act to engage in any intrastate operations on any public highway in Nebraska unless there is in force with respect to such carrier a certificate of public convenience and necessity issued by the Commission authorizing such operations: Provided, however, subject to Section 9 of this Act, if any such carrier or predecessor in interest was in actual bona fide operation as a common carrier by motor vehicle on April 1, 1936, over the route or routes or within the territory for which application is made, and has so operated since that time or if engaged in furnishing seasonal service only was in actual bona fide operation on April 1, 1936, during the season ordinarily covered by its operation, except in either instance as to interruptions of service over which the applicant or its predecessor in interest had no control, the Commission shall issue such certificate without requiring further proof that public convenience and necessity will be served by such operation and without further proceedings if application for such certificate is made to the Commission as provided in paragraph (b) of this section and within sixty days after the effective date of this Act. Pending the determination of any such application, the continuance of such operation shall be lawful; otherwise, the application for such certificate shall be denied in accordance with the procedure provided for in

paragraph (c) of this section, and such certificate shall be issued or denied accordingly.

(b) Application for certificates shall be made in writing to the Commission, be verified under oath, and shall be in such form and contain such information as the Commission shall by regulation require. Upon filing of such application the Commission shall serve notice by mail upon all interested parties. Any person not included within the provisions of paragraph (a) of this section, who or which is engaged in transportation in intrastate commerce as a common carrier by motor vehicle when this Act takes effect may continue such operation for a period of sixty days thereafter without a certificate, and, if application for such certificate is made to the Commission within such period, the carrier may, under such regulations as the Commission may prescribe, continue such operation until otherwise ordered by the Commission.

(c) Subject to Section 9 of this Act, a certificate shall be issued to any qualified applicant therefor authorizing the whole or any part of the operations covered by the application if it is found that the applicant is fit, willing and able properly to perform the service proposed and to conform to the provisions of this Act and the requirements, rules and regulations of the Commission thereunder, and that the proposed service, to the extent to be authorized by the certificate, is or will be required by the present or future public convenience and necessity; otherwise such application shall be denied.

(d) Any certificate issued under this Section shall specify the service to be rendered and the routes over which the fixed termini, if any, between which, and the intermediate and off-route points, if any, at which, and in case of operations not over specified route or between fixed termini, the territory within which such carrier is authorized to operate; and there shall, at the time of issuance and from time to time thereafter, be attached to the exercise of the privileges granted by the certificate such reasonable terms, conditions, and limitations as the public convenience and necessity may from time to time require, including terms, conditions, and limitations as to the extension of the route or routes of the carrier, and such terms and conditions as are necessary to carry out, with respect to the operations of the carrier, the requirements established by the Commission. A common carrier by motor vehicle operating under any such certificate may occasionally deviate from the route over which, and/or the fixed termini between which, it is authorized to operate under the certificate, under such general or special rules and regulations as the Commission may prescribe. Any common car-

rier by motor vehicle transporting passengers under a certificate issued under this part may transport in intrastate commerce to any place special or charters parties under such rules and regulations as the Commission shall have prescribed. A certificate for the transportation of passengers may include authority to transport the same vehicle with the passengers, newspapers, baggage of passengers, express, or mail, or to transport baggage in a separate vehicle.

"Section 8. Ninety days after the effective date of this Act it shall be unlawful for any person to engage in the business of a contract carrier by motor vehicle in intrastate commerce on any public highway of Nebraska unless there is in force with respect to such carrier a permit issued by the Commission authorizing such person to engage in such business: Provided, that, subject to Section 9 of this Act, if any such carrier or a predecessor in interest was in actual bona fide operation as a contract carrier by motor vehicle on April 1, 1936, over the route or routes or within the territory for which application is made, and has so operated since that time, or, if engaged in furnishing seasonal service only, was in actual bona fide operation on April 1, 1936, during the season ordinarily covered by its operations, except in either instance as to interruptions of service over which the applicant or its predecessor in interest had no control, the Commission shall issue such permit without further proceedings, if application for such permit is made to the Commission as provided in paragraph (b) of this section and within sixty days after the effective date of this Act. Pending determination of any such application, the continuance of such operation shall be lawful; otherwise, the application for such permit shall be denied in accordance with the procedure provided in paragraph (b) of this section, and such permit shall be issued or denied accordingly. Any person not included within the foregoing provisions of this paragraph, who or which is engaged in transportation as a contract carrier by motor vehicle when this section takes effect may continue such operation for a period of sixty days thereafter without a permit, and, if application for such permit is made within such period, the carrier may, within such rules and regulations as the Commission may prescribe, continue such operation until otherwise ordered by the Commission.

(b) Applications for such permits shall be made to the Commission in writing, be verified under oath, and shall be in such form and contain such information as the Commission shall by regulation require. Upon filing such application the Commission shall give notice by mail to all interested parties. Subject to Section 9 of this Act a permit shall be issued to any qualified applicant therefor, authorizing in whole or in part the operations covered by the appli-

cation if it appears from the application or from any hearing held thereon that the applicant is fit, willing and able properly to perform the service of a contract carrier by motor vehicle and to conform to the provisions of this Act and the lawful requirements, rules and regulations of the Commission thereunder, and that the proposed operation, to the extent authorized by the permit, will be consistent with the public interest; otherwise, such application shall be denied. The Commission shall, in the determination of the question of public interest of any proposed operation under this section, take into consideration the number of competing operators and not the number of motor vehicle units being operated by such competing operators. The Commission shall specify in the permit the business of the contract carrier covered thereby and the scope thereof and shall attach to it, at the time of issuance, and from time to time thereafter, such reasonable terms, conditions, and limitations consistent with the character of the holder as a contract carrier as are necessary to carry out, with respect to the operations of such carrier, the requirements established by the Commission: Provided, however, that no terms, conditions or limitations shall restrict the right of the carrier to substitute or add contracts within the scope of the permit, or to add to his or its equipment and facilities, within the scope of the permit, as the development of the business and the demands of the public may require.

"Sec. 9. No person, after January 1, 1938, shall at the same time hold under this Act a certificate as a common carrier and a permit as a contract carrier authorizing operation for the transportation of property by motor vehicle over the same route or within the same territory unless for good cause shown the Commission shall find that such certificate and permit may be held consistently with the public interest and with the policy declared in Section 1 of this Act.

"Sec. 10. Permits and certificates shall be effective from the dates specified therein and shall remain in effect until terminated as herein provided. Any such permit or certificate may, upon application of the holder thereof, in the discretion of the Commission be amended or revoked in whole or in part or may, upon complaint or on the Commission's own initiative, after notice and hearing, be suspended, changed or revoked in whole or in part for willful failure to comply with any provisions of this Act or with any lawful order, rule or regulation of this Commission promulgated thereunder, or with any term, condition or limitation of such permit or certificate.

"Sec. 11. No certificate or permit shall be issued to a motor carrier or remain in force, unless such carrier complies with such

reasonable rules and regulations as the Commission shall prescribe governing the filing and approval of surety bonds, policies of insurance, qualifications as a self-insurer or other securities or agreements, in such reasonable amount as the Commission may require, conditioned to pay, within the amount of such surety bonds, policies of insurance, qualifications as a self-insurer or other securities or agreements, any final judgment recovered against such motor carrier for bodily injuries to or the death of any person resulting from the negligent operation maintenance, or use of motor vehicles under such certificate or permit, or for loss or damage to property of others. The Commission may, in its discretion and under such rules and regulations as it shall prescribe, require any such common carrier to file a surety bond, policies of insurance, qualifications as a self-insurer, or other securities or agreements, in a sum to be determined by the Commission, to be conditioned upon such carrier making compensation to shippers and/or consignee for all property belonging to shippers and/or consignees, and coming into the possession of such carrier in connection with its transportation service. Any carrier which may be required by law to compensate a shipper and/or consignee for any loss, damage, or default for which a connecting motor common carrier is legally responsible shall be subordinated to the rights of such shipper and/or consignee under any such bond, policies of insurance, or other securities or agreements, to the extent of the sum so paid. In carrying out the provisions of this section, the Commission may classify motor carriers, taking into consideration the hazards of the operations of such carriers and the value of commodities carried, but nothing contained herein shall be construed as authorizing said Commission to compel motor carriers other than common carriers to carry cargo insurance.

"Section 12. It shall be lawful, under conditions specified below, but under no other conditions, for two or more motor carriers to consolidate or merge their properties, or any part thereof, into one ownership, management, or operation of the properties theretofore into separate ownership, or for any such motor carrier or two or more such motor carriers jointly, to purchase, lease or contract to operate the properties, or any part thereof, of another such carrier; or for any such motor carrier or two or more such carriers jointly, to acquire control of another such carrier through purchase of its stock; or for a person to acquire control of two or more motor carriers through ownership of their stock; or for any such person who has control of one or more motor carriers to acquire control of another such carrier through ownership of its stock. Whenever a consolidation, merger, purchase, lease, operating contract or acquisition of control is proposed, the carrier or carriers or person seeking au-

thority therefor shall present an application to the Commission, and thereupon the Commission shall, if it deems a hearing necessary, notify such carriers and other parties known to have an interest, of the time and place for a public hearing in accordance with such rules and regulations as the Commission may prescribe. If, after such hearing, the Commission finds that the transaction proposed will be consistent with the public interest and does not unduly restrict competition, it may enter an order approving and authorizing such consolidation, merger, purchase, lease, operating contract or acquisition of control, upon such terms and conditions as it shall find to be just and reasonable."

"Sec. 13. (a) The Commission is vested with power and authority to, and it shall be its duty to prescribe within one hundred twenty days after the effective date of this Act rates and charges for the transportation of passengers and property by common carrier, which rates and charges shall become effective not later than sixty days after such prescription.

(b) No common carrier subject to the provisions of this Act shall charge or demand or collect or receive a greater or less or different compensation for transportation or for any service in connection therewith between the points enumerated in such tariff than the rates, charges and fares specified in the tariff in effect at that time; and no such carriers shall refund or remit in any manner or by any device, directly or indirectly, or through any agent or broker or otherwise, any portion of the rates, fares, or charges so specified, or to extend to any person any privileges or facilities for transportation in intrastate commerce except such as are specified in its tariffs.

(c) No change shall be made in any rate, fare, charge or classification or any rule, regulation or practice affecting such rate, fare, charge or classification or the value of the service thereunder specified in any effective tariff of a common carrier except after thirty days' notice of the proposed change filed in accordance with such rules as the Commission shall prescribe. Such notice shall plainly state the change proposed to be made and the time when such change shall take effect.

(d) After having been required to publish tariffs showing rates, fares and charges for the transportation of passengers or property, it shall be unlawful for any motor carrier to engage in the transportation of passengers or property unless the rates, fares and charges upon which the same are transported by said carrier have been published in accordance with the provisions of this section.

"Sec. 14. (a) The Commission is vested with power and au-

thority, and it is hereby made its duty to prescribe minimum rates, fares and charges to be collected by contract carriers, which minimum rates, fares and charges shall not be less than rates prescribed by the Commission for common carriers under Section 13 of this Act.

(b) It shall be the duty of every contract carrier by motor vehicle to file with the Commission, publish, and keep open for public inspection, in the form and manner prescribed by the Commission, schedules containing the minimum charges of such carrier or carriers for the transportation of passengers or property in intrastate commerce, and any rule, regulation, or practice affecting such charges and the value of the service thereunder. No such contract carrier, unless otherwise provided by this Act, shall engage in the transportation of passengers or property in intrastate commerce unless the minimum charges for such transportation by said carrier have been published, filed and posted in accordance with the provisions of this section: Provided, however, that no rules of the Commission issued pursuant to the provisions of this section shall prevent a group of such carriers from publishing such rates, fares or charges collectively or by their agent.

(c) No reduction shall be made in any such charge, either directly or by means of any change in any rule, regulation, or practice affecting such charge or the value of service thereunder, except after thirty days' notice of the proposed change filed in the aforesaid form and manner. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. No such carrier shall demand, charge or collect a less compensation for such transportation than the charges filed in accordance with this paragraph, as affected by any rule, regulation, or practice so filed, or as may be prescribed by the Commission from time to time, and it shall be unlawful for any such carrier, by the furnishing of special services, facilities, or privileges, or by any other device whatsoever, to charge, accept or receive less than the minimum charges so filed or prescribed.

(d) After having been required to publish schedules showing rates, fares and charges for the transportation of passengers or property, and after the time fixed by the Commission for the publication of the same, it shall be unlawful for any contract carrier to engage in the transportation of passengers or property unless the rates, fares and charges upon which the same are transported by said carrier have been published in accordance with the provisions of this section.

"Section 15. Whenever, after hearing upon complaint or in an investigation on its own initiative, the Commission shall be of the opinion that any rate, fare or charge demanded, charged or collected by any motor carrier subject to the provisions of this Act, or any classification, rule, regulation or practice whatsoever of such motor carrier affecting such rate, fare or charge or the value of the service thereunder, is or will be unjust or unreasonable or unjustly discriminatory or unduly preferential or unduly prejudicial, it shall determine and prescribe the lawful rate, fare or charge, or the maximum or minimum, or maximum and minimum rate, fare or charge thereafter to be observed, or the lawful classification, rule, regulation or practice thereafter to be made effective.

"Sec. 16. (a) Any person knowingly and willfully violating any provisions of this Act, or any rule, regulation, requirement or order of the Commission, or any term or condition of any permit or certificate issued by the Commission, shall, upon conviction thereof, be fined not more than \$100.00 for the first offense, and not more than \$200.00 for any subsequent offense. Each day of such violation shall constitute a separate offense.

(b) Any person, whether carrier, shipper, consignee, or any officer, employee, agent or representative thereof, who shall knowingly offer, grant or give, or solicit, accept or receive any rebate, concession or discrimination in violation of any provision of this Act, or who, by means of any false statement or representation, or by the use of any false or fictitious bill, bill of lading, receipt, voucher, account, claim, certificate, affidavit, deposition, lease or bill of sale, or by any other means or device, shall knowingly and wilfully assist, suffer or permit any person or persons, natural or artificial, to obtain transportation of passengers or property subject to this Act for less than the applicable rate, fare or charge, or who shall knowingly and willfully, by any such means or otherwise, fraudulently seek to evade or defeat regulation as in this Act provided for motor carriers, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, be fined not more than \$100.00 for the first offense, and not more than \$200.00 for any subsequent offense."

"Sec. 17. If any clause or other portion of this Act or any rule or regulations prescribed hereunder are held to be invalid, that decision shall not affect the validity of the remaining portions of this Act. The Legislature hereby declares that all such remaining portions of this Act are severable, that it would have enacted such remaining portions if the invalid portions had not been included therein.

"Sec. 18. That said original Sections 60-101, 60-102, 60-103, 60-104, 60-105, 75-1001 and 75-1002, Compiled Statutes of Nebraska, 1929, are hereby repealed.

RESOLUTION

In Memoriam of Judge William G. Kieck

Introduced by Fred L. Carsten, Robt. M. Armstrong, Charles A. Dafoc,

Walter R. Johnson, J. N. Norton.

"Our whitest pearl we never find;
Our ripest fruit we never reach;
The flowering moments of the mind
Drop half their petals in our speech."

Judge William G. Kieck, Plattsmouth, Nebraska, Judge of the District Court for the second judicial district of Nebraska, died suddenly on Tuesday, March 30, 1937, at forty-five years of age. On the threshold of what promised to be a brilliant and useful judicial career, truly it may be said that he never reached the ripest fruits in his work as a jurist. But perhaps, the Judge's friends can find solace in the thought that "All farewells should be sudden, when forever!"; and "A sorrow's crown of sorrow is remembering happier things."

Born in Omaha in 1892, William G. Kieck moved with his parents to Springfield, Nebraska, in 1894. He was graduated from the University of Nebraska in 1914, after which he taught in the Springfield and Imperial high schools. In 1917 he was commissioned a Lieutenant of Infantry at Fort Snelling, Minnesota, but his overseas service in 1918 and 1919 was with the Aviation Corps. Returning in 1919, he was elected, while attending Creighton University at Omaha, a delegate from Sarpy County to the state Constitutional Convention, the youngest delegate chosen. He received his LL.B. degree from Creighton in 1921 and engaged in the private practice of law at Plattsmouth until elected Cass County attorney in 1924. He served in that post until his election as District Judge last November. He was married and leaves a widow, two children, his parents and two brothers to mourn his loss.

This Legislature pauses to record the death of one who devoted the short years of his life to the study, improvement and administration of the law and while we so pause in our deliberation this morning, we cherish the thought that it was that experience of serving in the capacity of legislator in the Nebraska Constitutional Convention of 1920 during those impressionable and formative years of his life which gave him a clearer insight into the philosophy of the law which must always seek adaptation to our ever changing civilization.

Life for Judge Kieck was full to the brim. In turn teacher, soldier of the World War, legislator, lawyer, county attorney and District Judge,—all crowded into a little more than two score years. His life worthily spent was measured by deeds, not years.

NOW THEREFORE BE IT RESOLVED BY THE NEBRASKA STATE LEGISLATURE IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That the life of William G. Kieck was such that a permanent record of his qualities as a man, citizen, legislator, lawyer and District Judge should be preserved as a part of the records of the history of this state.

2. That the clerk of this Legislature be directed forthwith to forward a copy of this resolution, properly authenticated and suitably engrossed, after the same shall have been spread at large upon the Legislative Journal, to the widow of the deceased as a mark of our affection for him and our appreciation of the work he did, so that his widow, children and family may always know that he has left to them a name and reputation written high on the scrolls of Nebraska public service.

The rules were suspended and the resolution adopted unanimously.

MESSAGE FROM THE GOVERNOR

April 2, 1937.

TO THE LEGISLATURE OF THE STATE OF NEBRASKA:

I submit herewith to your Honorable Body the attached proposals with recommendations for your earnest consideration.

It has long been the settled policy of this state that all officers and responsible employees of the state, counties, cities, towns, townships and all other political and governmental subdivisions of the state chargeable with the handling of public moneys and with the administration of governmental function and duties, should be compelled to give bond conditioned for faithful performance of such duties and for true accounting of the funds received. While under the existing law, personal sureties may qualify as bondsmen upon such official bonds, as a practical matter, surety bonds are nearly always furnished. In passing, it should be noted that there are no domestic bonding companies, so that all premiums and disbursements made for official bonds go out of the state of Nebraska. In addition to thus opening up a most fruitful field of revenue to such foreign companies, the result has been that the bonding companies became endowed with the absolute power to qualify and disqualify public officials and thereby halt and disrupt the orderly processes of government.

We all recall the manner in which the bonding companies made demands for rates of premium in excess of the amount which public officials could lawfully expend for such bonds. Because of this and because of other unreasonable demands, the activities of your state government and of many of the counties of the state were completely paralyzed.

Under the law as it now exists, the state and its subdivisions were unable to cope with the demands of the bonding companies and were forced to accede thereto. The situation that thus developed in January of 1935 was a bitter experience and brought into clear focus the almost unfettered power of the bonding companies.

The condition that thus developed became the occasion for an investigation into the entire bonding situation. Upon analysis it was revealed that by arbitrarily raising premium rates or by making capricious demands, the bonding companies had it completely within their power to paralyze the activities of the state and the local subdivisions of the state. Investigation revealed that hundreds of thousands of dollars went out of the counties, cities and other divisions and that the amounts expended in payment of losses have been almost nominal in comparison therewith. The great majority of public officials who are required to be bonded do not handle public funds. As a result, the loss probability upon the bonds of such officials is extremely limited. The 1935 report of the State Department of Insurance revealed that for the year covered by the report fidelity and surety companies operating in Nebraska collected from the people of the state \$1,345,454.00. The report showed that for the same period the gross amount paid by the companies for losses in the state totalled only \$197,519.00.

In recognition of the fact that an intolerable condition exists when outside private interests can completely disrupt the affairs of government and in further recognition of the manifest fact that the furnishing of official bonds has been tremendously costly to the people of the state of Nebraska, a bill for the creation of a state bonding fund to serve as surety upon official bonds was introduced in the fiftieth legislative session. The act was passed and immediately became the subject of a protracted legal contest. The people of the state have clearly indicated their desire in regard to the policy of the state bonding its own officials. After the new act had been upheld as constitutional by the district court, the Supreme Court of Nebraska ultimately overthrew the measure. The court held the act unconstitutional for the reason primarily that as drawn it attempted to lodge judicial power within the executive department of the state government and further for the reason that an agency of the state itself could not become a surety for officers of the state. It is important to note, however, that the district court found that there was reason for the passage and enactment of the bonding bill and that the state in the exercise of its police power and to insure that the processes of government may be carried on in an orderly and uninterrupted fashion may set up a state agency for the bonding of such officers

and employees who by statute are required to give official bonds. The Supreme Court of Nebraska in no way indicated in its opinion that this determination of the district court was erroneous. Legislation designed to further public need or necessity will—it is almost axiomatic—find basis in the police power inherent in the sovereignty of the state.

It has never been my intention to foster anything that might savor of placing the state in competition with legitimate private business. There has never been the slightest intention to place the state in private enterprise. The point is, however, that this is a case in which the interests of the public are affected. Surety bonds upon public officials would not be required save as the legislature has provided. It is simply a matter of the public making requirements of its own servants. It is for the legislature to determine how and in what manner the faithful performance of statutory officials is to be insured to the various subdivisions of the state. While this is a matter within the exclusive dominion of the legislature, I have remained constant in the hope that this legislature would not leave your government subject to the indignities, demands and exaction of outside corporate interests. Such a situation obviously does not comport with the dignity, sovereignty or welfare of government.

I append herewith a new bonding bill designed to conform to the opinion of the Supreme Court and to anticipate all reasonable objection. The proposed act does not, it is true, bring within its scope the constitutional officers of the state. The opinion of the Supreme Court would seem to make their inclusion impossible. The bill does, however, include those many more numerous officers and employees of the state and of the political or governmental subdivisions of the state who must give surety bonds as a qualification for office or appointment. The very existence of a state bonding fund wherein these local officials may be bonded dispels the specter that local government might be tied hand and foot as was your state government in January of 1935. Briefly, the act creates a fund, \$50,000.00 of which is to be immediately available, to insure to the state, the various counties cities, and townships, the faithful performance of duty of their various officers and responsible employees. To this original appropriation is to be added such premiums as the board of trustees, namely; the Board of Educational Lands and Funds, shall designate. It is to be observed that the act insures an economical and efficient management of the fund in that not to exceed fifteen percent of its assets may be expended for all administrative purposes. When a reserve of \$100,000.00 has been built up, the state treasury is to be reimbursed for its serve are to be allocated to the school fund of the state to be ap-original advancement. Thereafter all funds in excess of such re-

portioned by the State Superintendent to the support of the public schools of the state as by law provided. The act in no sense establishes an absolute monopoly, in that officials required to be bonded may nevertheless furnish personal sureties or bonds obtained from surety companies. Other than the original appropriation, no claim against the fund may ever become a proper claim or charge against the credit of the state of Nebraska. Until by constitutional amendment a legislative enactment can properly encompass the constitutional officers of the state, the foregoing bill would seem to provide the foremost measure of protection than can be devised.

I also append herewith a proposal for the amendment of the Constitution of Nebraska giving specific authority to the legislative department to establish and set up an agency of the state to act as surety upon the official bonds of all officials and employees of the state. Our Supreme Court has stated that though by constitutional provision the legislature is empowered to provide by law for the qualification of sureties upon the bonds of the constitutional officers of the state, that nevertheless without more specific authorization, the legislature could not provide for the bonding of the constitutional state officials by an agency of the state. The submitted proposal for a constitutional amendment to be submitted to the electorate of the state of Nebraska is designed to overcome this constitutional impediment to the enactment of a measure that can be fully effective and comprehensive. The safeguard is explicitly provided for the submitted proposal that the incurring of any obligation or claim arising out of the operations or undertakings of said agency should not become a claim against the state of Nebraska. Whatever might be one's individual reaction to the policy or merits of the proposal, I am unable to conceive of any objection against the submitting of the proposed amendment to the electorate of the people of the state of Nebraska for their approval or rejection.

The foregoing proposals are commended for your earnest consideration and deliberation. These proposed enactments are in no sense intended as retaliatory legislation but are designed solely and only for the protection of the state and the local subdivisions of the state of Nebraska. Their enactment means an end to all fear of arbitrary demands and exaction by interests which would humble the very state itself. The costs of such measures can have little consideration when measured with the scope of protection that the bill would extend to the state and the political and governmental subdivisions of the state. These proposals have been carefully drawn and contain all possible safeguards for an economical and efficient administration of the agency proposed to be established. In fact, judging from past experience, the adoption and operation of the pro-

posed Act would prove to be profitable to the state rather than an expense. It is my sincere thought, that the enactment of these proposals will bring into being an administrative agency which will become an effective instrument for law enforcement and stability in government.

Respectfully submitted,

(Signed) R. L. COCHRAN
Governor.

**Introduced by Ernest A. Adams, Harry E. Gantz, Fred L. Carsten,
Edwin Schultz.**

WHEREAS, there is now pending in the Seventy-fifth Congress of the United States S. 419, entitled a bill to promote the general welfare through the appropriation of funds to assist the states and territories in providing more effective programs of public education, and

WHEREAS, said bill, if enacted, would appropriate the sum of \$100,000,000 the first year, and thereafter an additional sum of \$50,000,000 each year until an annual appropriation of \$300,000,000, for use by the several states and territories for improvement of their public schools, is made, and

WHEREAS, each state would under said bill receive from such annual appropriations an amount in the proportion which the number of its inhabitants, aged five to twenty years, inclusive, bears to the total number of inhabitants aged five to twenty years, inclusive, of all the states and territories, and

WHEREAS, by said Act each state would be permitted to expend the funds so appropriated to it for the maintenance of its own program of public education, without restriction or limitation of any kind whatsoever imposed by Congress or any agency of the Federal Government, except that a just and equitable distribution and expenditure of said funds among the several public schools of the state by legislative enactment or executive order in each state is required, and that maintenance of a system of public schools available throughout the state held in session for a term not less than one hundred sixty (160) days is required, and, that the expenditure of state and local revenues for public schools in an amount not less than the sum that was spent therefor in the school year ended in 1936 is required, and

WHEREAS, it is the sense of this body that such appropriation of federal funds through such legislation is necessary and appropriate to advance and develop the system of public education in Nebraska and other states and is in fact certain to promote the general welfare of this state and of the United States and its territories and to further secure to the youth of this country the advantages of more efficient, thorough and advanced public education,

Whereupon the President stated: "This bill and all amendments thereto having been printed and read and five legislative days having elapsed since its introduction, and the bill having been on Third Reading File for one legislative day, as provided by law and the Constitution, the question is, 'Shall the bill pass with the emergency clause?' "

Carsten	Murphy		

Not voting, 1:

Reynolds

A constitutional two-thirds majority having failed to vote in the affirmative, the bill failed of passage with the emergency clause.

EXPLANATION OF VOTE

Mr. President: I vote "No", first on account of the financial condition of our people, second on account of the diversion of the funds raised by the levy in this bill.

(Signed) FROST.

Mr. President: While I favor the principle of this bill, this is no time to increase the tax on the already overburdened tax payer. I therefore vote "No."

(Signed) SCHULTZ.

Mr. President: Recognizing the great need for additional room in our asylums, I vote "Aye", although I oppose additional tax burdens that are not urgent.

(Signed) A. L. MILLER.

Mr. President: Believing that this bill is a case of the tail wagging the dog, I must vote "No."

(Signed) MURPHY.

Mr. President: None can deny the very business-like plan of this act. It is safe, sound and sensible under ordinary conditions.

With the present economic condition I am somewhat doubtful of the plan to increase our state levy thirty per cent. Permitting sympathy to sway my judgment, I vote "Aye."

(Signed) DIERS.

Mr. President: I vote "No" for the reason I believe the bill as drawn provided for this levy for all time.

(Signed) CARPENTER.

Mr. President: I favor the plan, but Nebraska farmers should first raise a crop of grain. They cannot afford it now.

(Signed) P. L. CADY.

Mr. President: I am a member of the Appropriations Committee and have seen the conditions as they exist. I feel that improvements are much needed, and I know that many of our people are denied the right of admittance on account of crowded conditions. I feel that this program will be beneficial not only to them but to the general welfare of all taxpayers, and that this will eventually have to be taken care of in the future at a probably greater cost if it is not dealt with now. I therefore vote "Aye."

(Signed) TVRDIK.

MESSAGE FROM THE GOVERNOR

April 16, 1937.

To the President and Members of the Legislature:

Gentlemen:

I have received information from the Assistant Administrator of the Federal Emergency Administration of Public Works in Washington in which he calls attention to facts with reference to the low rent housing program. He calls attention to the fact that Senator Wagner and Representative Steagall have introduced a bill in Congress known as the United States Housing Bill which would provide for a program of federal aid amounting to \$1,000,000,000.00 during the next four years to be used chiefly for loans and grants to local housing authorities. He says that should Congress enact this bill or any other similar bills now pending, only those states which have adequate housing legislation will be able to participate in the program inaugurated thereunder. He says also that such a housing and slum clearance program would not be limited to cities, as the bill is applicable to both urban and rural communities. He states that the present housing authority law now in force in Nebraska is applicable only to the city of Omaha and would not be adequate to permit participation by communities generally in Nebraska in a program such as has been proposed.

He advises that housing authorities should have powers which are sufficiently broad and flexible to enable them to make all financial arrangements which may be necessary in a sale of their bonds either to the federal government or to private purchasers. He calls attention to the fact that the present law does not contain adequate provisions restricting the amount of rentals to be charged and the income group to be served. The legislation which he suggests would not be mandatory but merely permissive. No community would be compelled to establish a housing authority or to take advantage of the provisions of the law. He also says that the proposed housing authorities would have no power of taxation and would depend for their revenues only on the income producing capacity of projects.

I am aware of the fact that there are very considerable number of bills yet to be considered by your honorable body and that it is your desire to finish your labors at as early a date as possible. However, I did wish to officially call your attention to the communication I have received so that you might consider the necessity and feasibility of undertaking any such legislation at this session.

Respectfully submitted,

(Signed) R. L. COCHRAN,

Governor.

I do not believe that authority should be granted to make an additional one mill levy for this purpose.

Respectfully submitted,

EXPLANATIONS OF VOTE

Mr. President: Believing that the federal law will be declared unconstitutional and in order to save to the employers and employees of this state 90 per cent of the amount that they have paid to the federal government, I vote "Aye."

Mr. President: If this multitudinously worded bill should be upheld by the Supreme Court I will be surprised. Appreciating the fact, however, that our state is compelled to enact such a measure which, in my opinion, is unconstitutional, I very reluctantly vote "Aye."

Mr. President: I am voting yes on L. B. No. 189 because labor and industry apparently agree on the bill. I do not like this "must" legislation forced onto the state by the federal government and question the constitutionality of this bill.

Mr. President: I move that the following message from the Attorney General be read before the Legislature and entered in the Journal.

FRANK J. BRADY.

The motion prevailed.

OPINION FROM ATTORNEY GENERAL

Lincoln

April 7, 1937

Honorable Frank J. Brady
Member of the Legislature
Building

Dear Senator:

We have, at your request, examined Legislative Bill No. 478. We have also given extensive consideration to briefs submitted by Wm. J. Hotz in support of the bill and by Eugene N. Blazer in opposition to it.

We consider that the object of the bill is meritorious, but we would prefer not to render a definite opinion as to its constitutionality for the reason that we recognize that this is a more or less advanced type of legislative pioneering in a legally unexplored field. Such advanced and progressive legislation usually invites legal tests involving its constitutionality.

We believe that the bill has merit and wish to assure you that in the event of its enactment and an attack on it in court, this office will be very pleased to assert and defend the constitutionality of the bill. It is only by the method of legal trial and error that progressive legislation is eventually put into its most workable form.

Yours very truly

(Signed) RICHARD C. HUNTER
Attorney General

MESSAGE FROM THE GOVERNOR

April 24th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am requesting introduction of the attached bill. It provides for the repeal of Section 52-118, Compiled Statutes of Nebraska for 1929.

This action has made compulsory the furnishing of bonds on contract work for the state and by such compulsion has increased the cost so that millions of dollars have been spent in bond premiums since the act was passed. It has not, during any of this time, given any protection to the state which the state could not have had without it.

New York State has amply demonstrated the wisdom and economic advantages of following the course that I am recommending to your honorable body.

The expending agencies which have charge of state contract work retain a percentage of the contract cost pending satisfactory completion of the work. The retention of a percentage and adequate checking as the work progresses provide definite assurance that all payments for labor and material are made before final payment to contractor.

The repeal of this section will make possible the construction of hundreds of thousands of dollars of more work for the same amount of taxes without sacrificing the rights of any individual in any way.

Respectfully submitted,

(Signed) R. L. COCHRAN
Governor

Legislature of Nebraska

Fifty-second Session

Legislative Bill No.

A BILL

FOR AN ACT to repeal Section 52-118 Compiled Statutes of Nebraska for 1929 relating to contracts for the construction or repairing of public structures and improvements.

Introduced by

BE IT ENACTED BY THE PEOPLE OF THE STATE OF NEBRASKA:

Section 1. That Section 52-118 Compiled Statutes of Nebraska, 1929, be, and the same is, hereby repealed.

MESSAGE FROM THE GOVERNOR

April 25th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am submitting an amendment to legislative bill No. 6 of the 52nd session of the Nebraska legislature which is identical with the original bill passed and approved by me on February 25th, 1937, with the addition of the emergency clause for the reason that without the emergency clause the present bill will not become operative during the year 1937, due to the fact that the County Boards make up their levy during the month of July which will be prior to the effective date of legislative bill No. 6.

I recommend that this bill be passed with the emergency clause.

Respectfully submitted,
(Signed) R. L. COCHRAN
Governor

1, Chapter 181, Session Laws of Nebraska, 1935; to repeal said original section; and to declare an emergency.

MESSAGES FROM THE GOVERNOR

April 24th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am returning legislative bill No. 222 without my approval.

For a considerable number of years, the question of exemption of tax paid on gasoline for uses other than in vehicles using the highways has been under discussion in several legislative sessions. The people of the state through the legislature, however, on each occasion have decided in favor of a non-exemption policy. It appears to me that the same rule which has been so well established in our state should be applicable to all classes including uses for aviation purposes.

Respectfully submitted,

(Signed) R. L. COCHRAN
Governor

April 24th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am returning legislative bill No. 67 without my approval for the reason that I believe there would be an economic loss instead of a proposed gain to the state in providing a central mailing room with postage metering machines in the Capitol. It would retard the dispatching of mail, much of which is prepared for mailing in the various departments in the evening. In fact, in my opinion, it would necessitate the use of telegrams in many cases instead of letters which now go directly from the departments into the mail.

It is possible that such an idea would be a good one for a single department if the volume of mail would be such as to justify the expense of such machine.

Information which comes from the state of Iowa indicates that the use of such a machine in Iowa has been disappointing in the results obtained.

Respectfully submitted,
(Signed) R. L. COCHRAN
Governor

April 24th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am returning legislative bill No. 243 without my approval for the reason that the accident occurred on a road which was not then being used as a state highway. In fact, in order to use it, it was necessary to go around a barricade. Evidence shows that the complaining party is collecting in regular payments the sum of \$6200.00 from the employer of Mr. Haynes.

Records show that during the 1935 session of the legislature, Senate File No. 225 and House Roll No. 439 were introduced requesting that the Haynes' estate be granted permission to sue the state. Both of these bills were indefinitely postponed and permission to sue was denied.

It is of interest to note, too, that this accident happened almost seven years ago.

Respectfully submitted,
(Signed) R. L. COCHRAN
Governor

April 24th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am returning legislative bill No. 414 without my approval for the reason that reports show conclusively that the state car was in its proper place on the highway on the right hand side of the road and that Mr. Nellis was on the wrong side of the road because of attempting to pass another vehicle, a wagon and team going in the same direction as he, at approximately the same time that he met the state motor vehicle.

Respectfully submitted,
(Signed) R. L. COCHRAN
Governor

April 24th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am returning legislative bill No. 438 without my approval for the reason that verified reports of this accident show there is no liability on the part of the state.

The road where this accident occurred was amply barricaded at each end. It was not marked or used as a state highway at that time. In fact, another road was marked for temporary use as a detour.

Respectfully submitted,
(Signed) R. L. COCHRAN
Governor

APPROVED BY GOVERNOR

April 24th, 1937.

the President of the Legislature:

Legislative Bill No. 231
Legislative Bill No. 310
Legislative Bill No. 365
Legislative Bill No. 395

Respectfully,

MOTION—To Appoint Committee for Legislative Picnic

Mr. President: We move that a committee of five be appointed to arrange for a legislative picnic.

(Signed) W. F. HAYCOCK, W. E. WORTHING.

The motion prevailed.

COMMITTEE APPOINTED

The Chair appointed Mr. Haycock, Mr. Worthing, Walter R. Johnson, Mr. Gantz, and Mr. Miller to serve on said committee.

MOTION—To Adjourn

At 1:05 P. M. on motion of Carl H. Peterson the Legislature adjourned.

EXPLANATIONS OF VOTE

Mr. President: I vote "No" for the reason I do not believe Sec. 3 will stand up in court, and with this section out, this bill would act against the farmers and small truckers.

(Signed) CARPENTER.

Mr. President: I cannot vote for L. B. No. 178 since jurisdiction of administration is placed under the State Railway Commission.

(Signed) STRONG.

Mr. President: It is my opinion that if this bill becomes a law the railroads or their subsidiaries would control all the trucking business in the state within three to five years, and all small independent truckers would be forced out of business. Hence I vote "No."

(Signed) L. C. NUERNBERGER.

LEGISLATIVE BILL NO. 314.

A Bill for an Act to amend Section 79-2721, C. S. Supp., 1933; to amend Sections 79-2722 and 79-2726, Compiled Statutes of Nebraska, 1929, relating to schools; to provide that the limit on the aggregate school tax levy in school districts in metropolitan cities for the general operation of schools shall not in any one year exceed ten and one-fourth mills on the dollar of actual valuation of all the property in said school district subject to taxation with the specific exceptions that an additional levy in any one year solely for the purpose of funding and servicing existing bonded indebtedness not exceeding four mills upon the dollar of said actual valuation, may be made and that an additional levy of three-fourths a mill in any one year may be levied for "The Building Fund"; to provide that no bonds other than refunding bonds shall ever be issued hereafter by said school districts for any purpose; to render officers of such school district personally liable to the school district or to any bondholder for failure to budget or levy otherwise than as provided herein; to leave it optional with the electors of said school districts to operate under a law fixing the annual aggregate school tax levy therein at fifteen mills or at thirteen mills on the dollar of actual valuation of all the property in said school district subject to taxation; to repeal said original sections; and to repeal Section 79-2724, Compiled Statutes of Nebraska, 1929.

MOTION—To Enter in Journal

Mr. President: I move that the following statements be read to the Legislature and entered in the Journal.

FRANK J. BRADY.

The motion prevailed.

Lincoln, Nebraska

April 20, 1937

Senator Frank J. Brady, Chairman,
Appropriations Committee,
Capitol,
Lincoln, Neb.

Dear Sir:

Pursuant to request made of the State Assistance Committee that the State Assistance Committee submit to the Appropriations Committee recommended percentages of distribution between the different categories of Public Assistance, this is to advise that the Committee recommends the following division:

Old Age Assistance	64.65 %
Blind Assistance	2.17 %
Aid to Dependent Children.....	32.17 %
Child Welfare28 %
Crippled Children73 %
	<hr/>
	100.00 %

As you know, this does not include the funds collected under the Per Capita Tax for Old Age Assistance.

The State Assistance Committee feels that there should be a Free Fund amounting to 15% of the total amount appropriated for public assistance which might be allocated at the discretion of the Committee in accordance with demonstrated needs, including the cost of

any service which might come up as a contingency such as distribution of Surplus Commodities.

Because of the possibility that there will be a need for State Funds to be used in the distribution of Surplus Commodities, it is recommended that the budget be increased in the sum of \$300,000.00.

In view of the very small amounts which go to Child Welfare and Crippled Children the Committee recommends that a definite appropriation be made for these categories in line with separate recommendations which have been made to you by Mr. Becker, representing the Child Welfare Bureau.

It is likewise recommended that the law be changed to increase the amount which may be used for the counties for administration of the Act from 3 to at least 4%.

Yours very truly,

R. L. COCHRAN

Chairman, State Assistance Committee.

Lincoln, April 25th, 1937.

Honorable Frank J. Brady, Chairman
Appropriation Committee
State Legislature
State House.

Dear Senator Brady:

Supplementing my letter of April 20th with reference to appropriations and distributions of money for state assistance. I am now advised that in all probability the NERA which has been making certifications for WPA, NYA, Resettlement Administration and other activities will be withdrawn from the state about July 1st. This will mean that this activity will then become a responsibility of the state and counties.

I have handed you a letter written by Mrs. Scott of the WPA to Mr. D. F. Felton, Director, which I believe is self explanatory and which estimates the total cost of the certifications work to be approximately \$300,000.00 per biennium. It is possible that this may be somewhat reduced. However, for safety, may I recommend an increase in the budget equal to \$300,000.00 for this activity which together with the \$300,000.00 increase recommended for the cost of distribution of surplus commodities will bring the total to \$7,100,000.00 to be appropriated to the State Assistance Fund for the next

biennium. In view, however, of the uncertainty as to the needs of these additional amounts, I recommend that the appropriation be so made that any amounts not needed for certification or for distribution of surplus commodities may be used for the other categories of state assistance, if needed.

I am requesting the introduction of the attached bill providing that the present per head tax law be amended so that this tax shall be credited to the state assistance fund.

Distribution of the \$7,100,000.00 above referred to is recommended as follows:

Administration	2%
Free fund	18%
Child Welfare	\$19,000.00
Crippled Children	\$49,600.00

Balance to be apportioned:

Old age assistance.....	72%
Aid to dependent children.....	26%
Aid to the blind.....	2%

Respectfully submitted

REPORT OF SPECIAL COMMISSION

To the President of the Nebraska Legislature:

We, your committee appointed for the purpose of considering the advisability for Nebraska to be an exhibitor at the New York and San Francisco World Fairs, 1939, beg leave to report:

That the Legislature empower the Governor to appoint a Commission composed of five members for the purpose of arranging and providing the exhibits at these expositions. That in addition, thereto, General John J. Pershing be made honorary chairman. That the Legislature appropriate \$25,000 for this purpose leaving it to the Commission to use the money for the two fairs as in their discretion is advisable.

It is further recommended that this Commission be empowered first to ascertain whether sufficient funds from private sources can be raised for the purpose of proper exhibits before any negotiations are made with the fair associations.

Nebraska has so many outstanding things to exhibit at these fairs, which if properly handled, will be of inestimable value to the state from the viewpoint of advertising.

Nebraska should by all means have a replica there of its State Capitol. It should have set forth the financial conditions of the state in that it has no bonded indebtedness, no sales tax, no income tax, and at the same time one of the lowest property levies of any state of the Union. Nebraska should emphasize the water power development, rural electrification, river navigation and its agricultural resources in general, thereby showing the world the great possibilities that are open here for industries of various kinds.

Respectfully submitted,

E. M. VON SEGGERN, Chairman.

LEGISLATIVE BILL NO. 225. Referred to Committee on Enrollment and Review for engrossment.

COMMITTEE OF THE WHOLE

At 9:20 A. M. Mr. Nuernberger moved that the Legislature resolve itself into a Committee of the Whole to consider bills on General File.

The motion prevailed.

Mr. Pizer in the Chair.

After some time spent therein, the Committee arose and by its Chairman submitted the following report:

LEGISLATIVE BILL NO. 252. Laid over. Retains place on file.

LEGISLATIVE BILL NO. 553. Referred to Committee on Enrollment and Review for review with amendments.

(See Standing Committee amendments as reported in the Legislative Journal for the Sixty-seventh Day. These amendments were adopted in Committee of the Whole.)

Committee of the Whole amendments to L. B. No. 553:

Amend Sec. 2 of the Standing Committee Amendments to Legislative Bill No. 553 by striking all of said Sec. 2 and inserting in lieu thereof the following:

“Sec. 2. It is hereby declared, as a matter of legislative determination—(A) **The condition.**—That the farm and grazing lands of the state of Nebraska are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of

the farm and grazing lands of this state by wind and water; that the breaking of natural grass, plant and forest cover have interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus and developing a soil condition that favors erosion; that the topsoil is being blown and washed out of fields and pastures; that there has been an accelerated washing of sloping fields; that these processes of erosion by wind and water speed up with removal of adsorptive topsoil, causing exposure of less adsorptive and less protective but more erosive subsoil; that failure by any land owner or occupier to conserve the soil and control erosion upon his lands causes a washing and blowing of soil and water from his land onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

(B) **The consequences.**—That the consequences of such soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; and increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydro-electric power, municipal water supply, irrigation developments, farming and grazing.

(C) **The appropriate corrective methods.**—That to conserve soil resources and control and prevent soil erosion, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check-dams, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilization with trees, grasses, legumes and other thickgrowing, soil-holding crops, retardation of run-off by increasing adsorption of rain-

fall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded. (D) **Declaration of policy.**—It is hereby declared to be the policy of the Legislature to provide for the conservation of the soil and soil resources, rainfall and soil moisture of this state, and for the control of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, preserve wildlife, protect the tax base, and protect public lands and protect and promote the health, safety and general welfare of the people of this state.”

Amend Section 4 of the Standing Committee Amendments to Legislative Bill No. 553 by inserting immediately following the words and punctuation “it may require.” in line 17 the following: “It shall have authority to delegate to its chairman, to one or more of its members, to one or more agents or employees, such powers and duties as it may deem proper.”

Amend Section 4 of the Standing Committee Amendments to Legislative Bill No. 553 by inserting in line 19 following the words and punctuation “supplies and equipment.” the following: “Upon request of the committee, for the purpose of carrying out any of its functions, the supervising officer of any state agency, or of any state institution of learning shall, insofar as may be possible under available appropriations, and having due regard to the needs of the agency to which the request is directed, assign or detail to the committee members of the staff or personnel of such agency or institution of learning and shall make such special reports, surveys or studies as the committee may request.”

Amend Section 5 of the Standing Committee Amendments to Legislative Bill No. 553 by inserting in line 18 following the words and punctuation “created.” the following: “Where more than one petition is filed covering parts of the same territory, the state soil conservation committee may consolidate all or any such petitions.”

MESSAGE FROM THE GOVERNOR

May 5th, 1937.

To the President and Members of the Legislature
Gentlemen:

At a recent conference with your Welfare Committee, the suggestion was made that legislation be passed providing for the transfer of the duties now performed by the State Assistance Committee to the Board of Control. This plan would provide for the grouping under one agency of all of the state activities connected with the care of its unfortunates. It would eliminate duplication of personnel. It would place these activities under a continuing bi-partisan board.

The plan does not contemplate any increase in the percentage of social workers.

The plan does not contemplate any reduction in local control.

The plan does not contemplate any increase in the authority of or in direction by federal agencies.

There has been much talk about dictation from Washington. Certainly a knowledge of the facts is essential for the solution of the present problem.

My stand in favor of local government is well known.

Your Committee agreed with the idea of this transfer.

If you pass this legislation you will have performed one of your most constructive and far reaching acts in improving state administration.

The people hold the Governor responsible under the present act. The facts are that the Governor now has very limited authority and his plans have been overridden, as the minutes of the Board will testify.

If you do not see fit to pass this legislation in all fairness to the Governor, you should either grant him authority to properly carry

out his responsibility or entirely relieve him from that responsibility and place it elsewhere.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

EXPLANATIONS OF VOTE

Mr. President: I vote "No" on L. B. No. 147 for the reason I believe the automobile is carrying all the taxes it should.

(Signed) REGAN.

Mr. President: I would favor this bill if the inspection were stricken. As it is, I consider it a garage racket. Therefore, I vote "No."

(Signed) CARPENTER.

Mr. President: I regretfully vote "No" on this bill. My reason is that the deplorable drought condition of western Nebraska makes it inadvisable to add any burden to automobile owners at this time.

(Signed) R. M. HOWARD.

Mr. President: I vote "No" for the reason that the examining officer will not, in my opinion, reject any one's application for license who has the money to purchase a driver's permit. This bill only builds up another board to take a lot of money from the farmers of our state who at this time need all their funds for buying food, seed and feed.

(Signed) FROST.

MOTHER

If we could see that form in life
That we so loved in days gone by;

If we could see those silvery locks
And catch the love-light in her eye;

If we could once more feel that hand
That soothed our every ache and pain;
If we could only have the chance
To thank our Mother once again,

For all the hours of toil and pain
She lavished on us in our youth,
For all the hours she spent in prayer
To bring us up in ways of truth;

If we could touch those hands again
And feel those cheeks so soft and white,
And hear once more from those sweet lips
That soft and quieting "Good Night";

If we could once more wear a flower
of rarest scent and deepest hue,
And lay away this one of white
That we are wearing now for you;

If we could be the one she thought
Her child should be when left alone;
If we could stand up for the right
And for our loved ones and our home;

If we were sure that Mother knew
That her dear life was not in vain;
Then we could wear this flower of white
And glory in the blessed name, Mother.

BURT SHELDON.

MESSAGE FROM THE GOVERNOR

Director of Unemployment Compensation

May 8th, 1937.

To the President and Members of the Legislature
Gentlemen:

I have the honor to submit for your consideration and approval

the name of Robert T. Malone of Lincoln for the position of Director of the Unemployment Compensation Division in the Department of Labor.

Mr. Malone was born in Nebraska and has always lived here. He is forty-five years of age, spent one year at the University of Nebraska, later receiving his A. B. degree at St. Mary's, Kansas. Since leaving college, he has been engaged in the contracting business, first with his father and later with other well known contractors. For the past three years he has been secretary of the Nebraska Section of the Associated General Contractors of America.

In my opinion, his background of training and experience particularly qualifies him for this position.

Respectfully submitted,

(Signed) R. L. COCHRAN
Governor.

PREAMBLE

WHEREAS, the present facilities of the State capitol building are inadequate and insufficient to house and quarter strictly governmental functions of the state of Nebraska, and

WHEREAS, at this Fifty-second Session of the Nebraska State Legislature, new laws have been passed which will require more floor space and vault space in the state capitol building for administering state assistance laws and other strictly governmental activities, and

WHEREAS, the Fifty-first Session of the Nebraska State Legislature, by the adoption of a resolution, contained in Chapter 2, Session Laws of Nebraska, 1935, Special, on November 26, 1935, concurred in and endorsed the efforts of the Governor and the Director of Banking for the Department of Banking in their endeavors to transfer all bank receiverships then under judicial control to the present Director of the Department of Banking, and

WHEREAS, said E. H. Luikart, Judicial Receiver, now occupies space in the state capitol building urgently needed for state activities and has appropriated to himself and to his staff free office rent, free office quarters, light, heat and other facilities to prosecute his private enterprise of winding up bank receiverships as an officer of the several courts and not in a state administrative capacity and apparently will continue to do so unless some positive action is taken in the matter,

NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF NEBRASKA IN FIFTY-SECOND REGULAR SESSION ASSEMBLED:

1. That the custodian of the state capitol building, clothed with authority granted him under Section 72-707, Compiled Statutes of Nebraska, 1929, as amended by Section 1, Legislative Bill No. 392, Legislature of Nebraska, Fifty-second Session, 1937, be directed and ordered forthwith to take such steps, use such force as may be reason-

ably necessary to oust said E. H. Luikart, judicial receiver of insolvent banks and his staff from any and all office rooms and vault space in the state capitol building on or before June 30, 1937, all in the interest of more economical and efficient administration of the government of the state of Nebraska.

2. That copies of this Resolution, properly authenticated and suitably engrossed, be by the clerk of this Legislature delivered to said E. H. Luikart, judicial receiver, and to Leo N. Swanson, present custodian of the Nebraska state capitol building, forthwith upon said Resolution being adopted and spread at large upon the Legislative Journal, so that said parties may have knowledge of the action taken by this Legislature in the premises.

3. That the Attorney General is hereby directed to represent said custodian in such legal action, if any be required, to remove said judicial receiver from the state capitol building premises in accordance with the tenor of this Resolution.

MOTION—To Suspend Rule and Consider

MESSAGE FROM THE GOVERNOR

May 10th, 1937.

To the President and Members of the Legislature:
Gentlemen:

This is to respectfully request that the attached bill for an act

for the relief of the John R. Condon Company of Omaha be introduced.

The Department of Roads and Irrigation has advised me that there is the sum of \$1847.69 due the John R. Condon Company without any authority of law to make payment for same. This condition came about in the building of a county road as a federal feeder project west of Stella, Nebraska. After the plans were completed and the contract let, a considerable change in plans in a channel change involving additional yardage was found to be essential. This resulted in an increased haul of earth for the channel change which was originally intended to be obtained from side borrow. The change in plans was satisfactory to the federal government. However, they refused to participate in the increased cost.

Inasmuch as this project is not on the state or federal highway system, the Department of Roads and Irrigation does not have legal authority to make payment of this claim. There are but two ways open: first, payment by the county; and the other, payment authorized by the legislature. It is believed that the most equitable manner in which to settle this is by authorization of the legislature.

I respectfully recommend introduction and passage of this bill.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

BILLS ON FIRST READING

The following bill was read the first time by title:

LEGISLATIVE BILL NO. 581. By Regan, Dunn.

A Bill for an Act for the relief of The John R. Condon Company of Omaha, Nebraska; To appropriate One Thousand Eight Hundred Forty Seven Dollars and Sixty Nine Cents (\$1847.69) therefor out of the Gasoline Tax Fund of the State of Nebraska; and to declare an emergency.

MOTION—To Reconsider and Re-refer

Mr. President: I move that we reconsider our action on L. B. No. 567 and that the same be re-referred to Third Reading File in order that L. B. No. 581 requested by the Governor be included therein.

(Signed) R. M. HOWARD.

The motion prevailed with 34 ayes, 1 nay, 8 not voting.

BILLS ON THIRD READING

The following bills were read the third time and put upon passage:

LEGISLATIVE BILL NO. 212.

A Bill for an Act to amend Sections 79-411, 79-603, 79-808, 79-2508, 79-2608 and 79-2710, Compiled Statutes of Nebraska, 1929; to amend Section 79-1003, C. S. Whereupon the President stated: "This bill and all amendments thereto having been printed and read and five legislative days having elapsed since its introduction, and the bill having been on Third Reading File for one legislative day, as provided by law and the Constitution, the question is, 'Shall the bill pass?'"

REPORT OF COMMITTEE ON SEATING ARRANGEMENT IN LEGISLATIVE CHAMBER

May 10, 1937.

To the Members of the Legislature:

Your Committee on Seating Arrangements in the Legislature begs leave to report as follows:

To rearrange the house (west) chamber for forty-three members by installing the desks now in the senate (east) chamber, manufacturing and installing nine additional desks of similar type, making the necessary changes in the voting and lighting systems, and installing a railing of suitable type to segregate that portion of the chamber used by the members and others entitled to the facilities thereof from the general public would cost approximately \$11,900.00 and possibly \$15,000.00 based upon an estimate furnished by the State Engineer.

The advantages are:

Ample floor space and balconies.

The alternative of making practically no floor changes by allotting two of the present desks to each member would not necessarily entail any additional cost.

The disadvantages are:

If it is the desire to make no changes and allot two desks to each member, it would probably be difficult for all members to hear all of the debates on the floor, and the members would be scattered over too great an area for efficient work.

If it is the desire to rearrange the desks by transferring the senate desks to the house chamber it will be necessary to remove all of the house desks, plug a substantial number of the present floor openings under the desks for ventilation and electrical conduits, make new such opening, and patch the carpet, which would probably materially mar the appearance of that portion of the floor available to the general public.

The senate chamber would also be rendered unserviceable.

An itemized statement of the Engineer's estimate of cost is appended hereto.

To rearrange the senate (east) chamber would require manufacturing and installing nine new desks to make forty-three for the use of the members. The present voting board would have to be changed somewhat to carry forty-three names.

The additional desks can be placed at the outside ends of the rows of desks as now installed without moving the present desks or disturbing the present ventilating, voting, and lighting systems.

The approximate cost is estimated at \$6960.00 and possibly \$10,000.00 by the State Engineer, which estimate is appended hereto.

The advantages are:

No work of a permanent nature would be necessary.

No present furnishings or equipment would be marred outside of possibly making one additional floor opening for electrical conduits for one new desk.

The members would be closely assembled, but not as crowded as under present conditions.

Everybody could be easily heard on the floor.

The house chamber would not be touched and would be available for use at any time it was so desired.

The members could exclude the general public from the floor to any degree they so desired.

The disadvantages are:

Somewhat limited balcony space.

After weighing the advantages and disadvantages of the two rooms, and giving consideration to all material factors, the majority of your committee is of the opinion that the senate (east) chamber should be rearranged in conformity with the above outlined plan and so recommends.

While making the above study the attention of your committee was called to the fact that moths have been attacking the floor coverings and possibly some of the draperies. We discovered no very serious damage done thus far, but your committee is of the opinion that this Legislature should provide means to fully protect these furnishings from any further such damage and so recommends. The estimated cost therefor is approximately \$700.00.

Respectfully submitted,

AMOS THOMAS, Chairman.

MESSAGES FROM THE GOVERNOR

May 14th, 1937.

To the President and Members of the Legislature
Gentlemen:

I am returning legislative bill 279 without my approval. This bill provides for vocational education of the adult blind.

My objections to this bill are as follows:

1. It would distribute responsibilities for public assistance and education when the policy is, as in legislative bill 425, (just passed by your honorable body) to concentrate responsibility for those activities under the State Board of Control.

2. There is provision under existing statutes for furnishing vocational training to the adult blind under the State Board of Control.

3. Section 9 of this bill provides for the repeal of several sections of valuable laws without substituting any provision of law to take their place.

4. This bill is objectionable for the reason that it carries a separate appropriation in addition to appropriations provided for public assistance and education including the blind in the general appropriation bill.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

May 14th, 1937.

To the President and Members of the Legislature

Gentlemen:

I am returning legislative bill 564 without by approval. This bill provides for a comptroller to be selected by the legislature. It also provides for the appointment of a clerical assistant by the comptroller. It provides for the performing of certain duties which are largely a duplication of duties now prescribed by law to be performed by the State Auditor and the Finance Department under the State Tax Commissioner. All of the information which would be made available through such an agency would be available in the State Auditor's office and in the Finance Division under the State Tax Commissioner's office, both offices of which were created by the constitution of this state.

You have passed legislative bill 395 providing for a legislative council, under the provisions of which any research work considered necessary can be performed.

Not only would the creation of this new position, as provided in legislative bill 564, be a duplication of existing offices, but it provides also for the assumption of duties on the part of the legislative branch of the government which distinctly belong under our constitution to the administrative branch of our government.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

EXPLANATION OF VOTE

Mr. President: It will be all right to have this bill passed with the emergency. It amends the act we passed at last session for metropolitan cities. I vote aye.

(Signed) JOHN ADAMS, Jr.

EXPLANATION OF VOTE

Mr. President: Bill No. 572 and its four companion bills, Nos. 573, 574, 575 and 576 seem to provide additional means for expending public funds under plans which are proving failures in some other localities. They were introduced near the end of the session. They were read twice, printed and advanced from general file to engrossment in one day without opportunity for a standing committee hearing, and before the members could even study them. This method of legislation is fulfilling the predictions of those opposed to the unicameral plan. I am opposed to such further waste of even federal funds, and particularly opposed to this method of driving through legislation.

(Signed) AMOS THOMAS.

LEGISLATIVE BILL NO. 526.

A Bill for an Act relating to installment investment companies;

to amend Sections 81-5102, 81-5103 and 81-5104, C. S. Supp., 1933; to amend Section 81-5111, Compiled Statutes of Nebraska, 1929; to provide for the issuance or refusal by the Department of Banking of a certificate of approval on certain conditions; to provide for service of process upon foreign installment investment companies; to vest general supervision and control over such companies in the Department of Banking; to authorize the Department of Banking to make and enforce rules; to limit the amount of installment investment obligations undertaken by such companies; to prohibit the use of the words "bank", "deposit", or "savings deposit", or their combinations in any way by installment investment companies with reference to their name, title or business; to provide penalties; and to repeal said original sections.

Whereupon the President stated: "This bill and all amendments thereto having been printed and read and five legislative days having elapsed since its introduction, and the bill having been on Third Reading File for one legislative day, as provided by law and the Constitution, the question is, 'Shall the bill pass?'"

Not voting, 6:

Ashmore	Comstock	Reynolds	Von Seggern
Cady	Nuernberger		

A constitutional majority having voted in the affirmative, the bill was declared passed and the title agreed to.

EXPLANATION OF VOTE

Mr. President: I vote no for the following reasons: (1) Requires no cash capital to start investment companies. (2) Makes it possible to start investment companies with "chips and whetstones", making a slot machine out of securities so that the trusting public,

with the o. k. of the great state of Nebraska, may put in their dollars and take out —?

In re: L. B. 376

Mr. President: I vote yes for this bill because the assistance program must be continued, but the bill does not comply with the Federal Act or the rules of the Social Security Board, and the Board of Control will have to keep on violating the law and give assistance on the basis of need the same as the State Assistance Com-

mittee has unlawfully done. The bill is wrong because it does not give assistance on the basis of need and cannot be obeyed if Federal matching is to be received.

MESSAGES FROM THE GOVERNOR

Director of Assistance

May 15th, 1937.

To the President and Members of the Legislature
Gentlemen:

Legislative bill 425 which was passed by your honorable body and just received by me has been approved.

In keeping with the provisions of this bill, I am submitting for your confirmation the name of Neil C. Vandemoer of Genoa as Director of Assistance.

Mr. Vandemoer has been a resident of Nebraska for a period of twenty-two years. He is fifty-two years of age and a world war veteran, having served eighteen months over seas. Prior to his coming to Nebraska he held an important position with the United States Reclamation Service. In this state he held important positions in an administrative capacity for several years with the Great Western Sugar Company at Scottsbluff. His work included both supervision of construction of large sugar plants and also the managership of those plants. In later years he successfully operated a business in Ogallala and during the past two years has been in the employ of power and irrigation districts at North Platte and Columbus.

Because of his long experience in a business and administrative capacity, he is well qualified for this position.

Respectfully submitted,

(Signed) R. L. COCHRAN, Governor.

2. If a division is called for or if the presiding officer is in doubt, he shall cause the result to be obtained by means of the "electric roll call system".

3. Any member may call for the ayes and nays upon any question, and upon the declaration of the ayes and nays by the members, the record thereof shall be made and taken upon the "electric roll call system", unless the Legislature by a majority vote decide that a roll call shall be taken.

4. In taking the ayes and nays, and upon the call of the Legislature, the members shall register their vote upon the "electric roll call system". When the ayes and nays are taken upon any question in the manner heretofore indicated, no member shall be permitted to vote after the decision is announced from the chair.

7. Amend Rule 10, Section 6 by striking out the figure "6" in Line 1 and by inserting in lieu thereof the figure "7", also by striking out the period at the end of said section, by inserting a comma in lieu thereof and by adding the following: "and when so suspended shall not again be ordered on the proposition pending except by a majority vote of the members present and voting thereon."

8. Amend Rule 10, Section 7 by striking out the figure "7" in Line 1 and by inserting in lieu thereof the figure "8".

9. Amend Rule 12, Section 4 by striking out said section and by inserting in lieu thereof the following:

In the consideration of bills on general or select file amendments offered but not adopted shall not be entered in the Journal except where a record vote is demanded.

10. Amend Rule 12, Section 10 by striking out all of said section and by inserting in lieu thereof the following:

The question after the third reading of a bill shall be: "All provisions of law relative to procedure having been complied with, the question is 'shall the bill pass?'" If the emergency clause is contained in the bill, the words "with the emergency clause attached" shall be added to the question.

11. Amend Rule 12, Section 12 by striking out all of said section and by inserting in lieu thereof the following:

Upon the day of receipt of a message from the Governor announcing his veto of a bill, or on either of the next two legislative days, any member may move that the bill so vetoed be taken up for passage.

Whereupon, the question shall be "shall the bill pass, notwithstanding the objection of the Governor?".

12. Amend Rule 13, Section 5, Lines 1 and 2 by striking out the following words "in the Committee of the Whole,".

13. Amend Rule 13, Section 9 by inserting after the word "committee" in Line 2 the following words "or indefinitely postponed".

VETO MESSAGES

The following veto messages on Legislative Bills were delivered by the Governor to the Secretary of State after adjournment of the Legislature.

LEGISLATIVE BILL NO. 281

May 17th, 1937.

Honorable Harry R. Swanson
Secretary of State.
Dear Mr. Swanson:

I am returning legislative bill 281 without my approval. This bill is evidently a companion bill to legislative bill No. 279 which I disapproved on May 14th.

Legislative bill No. 281 is unnecessary in view of Section 31 of Chapter 21, Campiled Statutes, Fifty-first Session, which requires "co-operation with other state agencies" dealing with the blind and in view of Section 25 which requires the blind assistance act "to be liberally construed." It is difficult to think of any situation arising which has to do with rehabilitation of the blind which cannot be cared for under the present statute. Furthermore by the specific naming of another state agency to deal with persons on blind assistance, it would complicate the administration of existing laws. It would seem much wiser to avoid any possible duplication of services under the provisions of legislative bill No. 425.

Respectfully submitted,
(Signed) R. L. COCHRAN,
Governor

LEGISLATIVE BILL NO. 9

May 19th, 1937.

Honorable Harry R. Swanson,
Secretary of State
State House.

Dear Mr. Swanson:

I am returning legislative bill 9 without my approval. It presumes to designate new state highways. In actual fact it cannot. Under the terms of the bill a gesture in the direction of designating new state highways is made. The bill provides that new state highways will be added to the state highway system at some future date when those heretofore added have been constructed. It imposes a condition that can never be fulfilled and which the members of the legislature were advised could never be fulfilled.

Legislative bill 158 has already provided for feeder roads. Feeder roads will be built with federal funds matched with state gas tax and may include so-called farm to market roads, school bus routes and mail routes. These must meet with the approval of the federal government. This is a policy that was established by the legislature itself two months ago.

Under the terms of legislative bill 9 an entirely different policy, inconsistent and impossible to carry out, is laid down to the same legislature. The bill assumes to give something to the people which is not given and cannot be given. It deceives the public. I am unwilling to be a party to this deception.

Respectfully submitted,
(Signed) R. L. COCHRAN,
Governor

LEGISLATIVE BILL NO. 559

May 20th, 1937.

Honorable Harry R. Swanson,
Secretary of State
State House.

Dear Sir:

I am returning legislative bill 559 without my approval. The part of this bill to which I object is that which provides for remodeling the east legislative chamber.

I realize that this is a request of the legislature, but I also recall, as a member of the Capitol Commission, a request on the part of the House of Representatives a number of years ago that considerable more gallery space be provided than was contemplated in the original plans. The Capitol Commission complied with this request at a cost of many thousands of dollars. It would be abandoned

in favor of very much less gallery space for the public under the proposed scheme of alteration in legislative bill 559. In other words, there does not appear to be any proof of permanency of any alteration which might be made, regardless of cost.

Respectfully submitted,

(Signed) R. L. COCHRAN,
Governor

LEGISLATIVE BILL NO. 567

Approved with following specific exceptions.

May 20th, 1937.

Honorable Harry R. Swanson
Secretary of State
Lincoln, Nebraska.

Dear Sir:

I am transmitting herewith legislative bill 567, known as the claims bill, with my approval, except as to the specific items enumerated herewith.

I specifically disapprove the item and appropriation of \$315.00 allowed to H. Raymond Hunt, Pawnee City, for Auto Accident.

Reports show that this accident happened on highway No. 50 north of Pawnee City and was apparently due to Mr. Hunt's car getting out of control when he encountered an icy highway surface. Reports further show at that time due to prevailing snow conditions a number of icy spots existed on highways in that territory and there was nothing unusual about the section which Mr. Hunt encountered. The Department of Roads and Irrigation was not negligent since it would be unreasonable to expect the Department under such conditions to remove all ice and snow from the surface of the highways. It can be correctly assumed that Mr. Hunt was operating his car at too great a speed under existing conditions.

I specifically disapprove the item and appropriation of \$87.72 allowed to Arrow Stage Lines, Norfolk, for Auto Accident.

The records show that this accident occurred at a point about one-half mile east of Hubbard on Highway No. 35 when a bus of the Arrow Stage Lines ran through a barricade causing some damage to the bus. The records show that a detour was marked and barricades placed at the beginning or at both ends of the detour, that red flags were in place to direct traffic around on to the detour. Red

flags were also placed on to the barricades and that at 10:30 p. m. on the night of the accident, torches were burning at each barricade. The bus had made the run before since the detour had been marked and the barricades placed. Therefore, the driver should have been familiar with the conditions. I do not feel under the existing facts that the state should be held responsible for this accident.

I specifically disapprove the item and appropriation of \$90.00 allowed to W. M. Forrette, Storm Lake, Iowa, for Auto Accident.

This accident occurred on highway No. 3 about three miles west of Red Cloud when a car driven by Dr. Forrette collided with a highway maintainer. It appears that the accident would not have occurred except for his having been operating his car at an excessive rate of speed. I do not believe the state should be held responsible for this accident.

I specifically disapprove the item and appropriation of \$15.00 allowed to Griff Griffiths, Glenrock, Wyoming, for Auto Accident.

This accident occurred on highway No. 30 at the intersection of highways No. 30 and No. 15 in Schuyler. The city of Schuyler maintains a time set stop and go signal at this intersection. A state owned car was being driven east on highway No. 30 following the Griffiths' car when Mr. Griffiths approached the warning signal. He apparently thought it was a stop signal and in stopping suddenly, the rear end of his car slipped into the path of the state car. It was purely an accident and unavoidable and it appears that Mr. Griffiths was as much responsible as was the state.

I specifically disapprove the item and appropriation of \$300.00 allowed to Fred Trimble, Lincoln, for wages and labor.

I have disapproved this claim because there is no record or evidence whatsoever of any agreement or promise to pay Mr. Trimble for services performed while he was an inmate. The fact that this claim covers a period going back for seven years casts doubt on its validity. It is reasonable to assume that were this a valid claim, it would have been brought up during approximately the five year period which it covers.

I specifically disapprove the item and appropriation of \$300.00 allowed to Mary Burton, Franklin, for permanent injuries.

This accident occurred when Mary Burton drove off the end of a temporary bridge across the Republican River south of Franklin. This temporary bridge had been used for a considerable period of

time during the construction of a new bridge across the Republican River south of Franklin, Nebraska. The new highway had been opened across the new bridge, the alignment was perfectly straight, and the road was in excellent condition. No signs were up indicating that a detour existed. It appears that the Burton car for no reason at all was driven off the new highway over a gravel ridge on to the detour road and upon the temporary bridge. In view of the fact that the new road was opened, there appears to be no negligence whatever on the part of the state.

I specifically disapprove the item and appropriation of \$60.00 allowed to Dale Clouse, Culbertson, Nebraska.

This accident occurred at the intersection of highways No. 6 and No 25 in Palisade. Evidence shows that a truck loaded with chickens side swiped a state trailer loaded with an elevating grader. There were red flags on the front of the state truck, on the side of the trailer and on the rear of the trailer. It was barely moving, only going about five miles per hour. In turning at an intersection, the Clouse truck apparently was not under control and as a result, ran into the state truck.

I specifically disapprove the following claims for refund of excess gas tax:

Standard Oil Company, Omaha.....	\$ 310.48
Consumers Oil Co., Omaha.....	767.48
Danbury Oil Co., Danbury.....	262.28
Deep Rock Oil Corporation, Omaha.....	1,025.17
Gordon Oil Co., Omaha.....	655.41
National Refining Co., Omaha.....	490.82
Nebraska-Iowa Oil Company, Blair.....	75.93
Sinclair Refining Co., Kansas City.....	966.55
Texas Company, Denver, Colorado.....	4,719.81
U. S. Oil Works, Inc., Omaha.....	1,455.00
White Eagle Oil Corp., Omaha.....	770.90

I have disapproved these claims for the reason that their allowance at this time would in effect make a state law retroactive in its application. The law of 1929 provided for refunds on gasoline for tax paid in states other than Nebraska. Between 1929 and 1931, the period for which refund is claimed, this law was in effect. The tax in Nebraska was four cents per gallon during that period. The tax in states where the gasoline was retailed was three cents per gallon. In 1931, the legislature passed an act providing that the refund should be based on the tax paid in Nebraska rather than that paid in other states, as provided in the 1929 law. In these, oil companies would

obtain, if these claims were approved, the benefits of the 1931 law starting in 1929. Obviously they should not be approved. Retroactive legislation is not a good policy, particularly with reference to refunds. It is interesting to note that these claims were presented and disapproved by the legislatures meeting in 1933 and also in 1935.

I specifically disapprove the item and appropriation of \$100.00 allowed to Lois Ebert, Sutton, for Auto Accident.

This accident occurred in the daytime on highway No. 6 about four and one-half miles east of Holdrege when Miss Ebert driving a car apparently became excited and drove off the highway into the ditch.

A crew of men employed by the state was working on the highway filling cracks in the concrete pavement. There was a little fog at the time in view of which the state had a flagman stationed about one hundred seventy-five feet or more to the rear of where the work was going on. The state's flagman says he saw the car driven by Miss Ebert approaching from the west at about forty-five or more miles per hour and that he waved the flag to caution her. While she was still about one hundred fifty feet away from the flagman, her car skidded and swerved sideways several times and finally went into the ditch on the left side of the road and overturned at a point about even with the flagman.

It appears that this accident may have taken place because of the precautions exercised by the state force in having a flagman. Since it appears that Miss Ebert became excited when she saw the flagman and lost control of the car, we do not believe the state should be held liable for damages which might have been caused by taking extraordinary precautions.

I specifically disapprove the item and appropriation of \$150.00 allowed to Pete Wundersee, Omaha, Nebraska.

This claim was filed by Mr. Wundersee who made a claim that he was detained at the Reformatory for a period of nine months and seventeen days in excess of the time to which he was sentenced and that he is entitled to compensation in some form for the excess time served. An opinion rendered to the Board of Control by the Attorney General's office under date of March 30, 1937, says:—"That under the law, Section 29-2628, Compiled Statutes, 1929, the claimant was not detained for any period in excess of that contemplated by the express terms of his two sentences."

I am disapproving claim of the city of Lincoln in the sum of \$2,576.99 for the reason that due to action pending in the District

Court of Lancaster County there is a question as to whether \$625.55 contained in this claim is due the city. This refers to tax sale No. 11339 wherein there is an original claim of \$695.00 and interest at twelve per cent in the sum of \$625.55 or a total of \$1,320.55. If the court should hold in favor of the city, there should be no obligation on the part of the state to pay the city interest at the rate of twelve per cent or in the amount of \$625.55. I suggest that this claim be considered by the next session of the legislature at a time when the court proceedings will have been had or an actual determination of the amount can be had.

With reference to the T. H. Maenner claim of \$1432.40, I have information from the Clerk of the Claims Committee that the Committee intended to allow \$1245.73. The correction of this item is supported by the original sworn claim submitted to the Committee. I doubt my legal authority to reduce a claim in view of which I have approved claim for \$1432.40 with definite assurance of payment into the State Treasury the difference of \$186.67 which I will obtain receipt for from the State Treasurer and furnish you to complete record.

Respectfully submitted,

(Signed) R. L. COCHRAN,
Governor.
