RULES OF THE NEBRASKA LEGISLATURE

RULE 1

Authority

Constitution of Nebraska. Art. III, Sec. 10

Gregg's Handbook of Parliamentary Law. The rules of parliamentary practice comprised in Gregg's Handbook of Parliamentary Law, Rev. Ed. c 1940, shall govern the Legislature in all cases to which they are applicable and in which they are not inconsistent with the standing rules of the Legislature.

Amendment and suspension of rules. Rule 17.

RULE 2

Presiding Officer

Section 1. Presiding Officer: Lieutenant Governor, Speaker. The Lieutenant Governor shall preside as president of the Legislature, and the Speaker shall preside when the Lieutenant Governor shall be absent, incapacitated or shall act as Governor. (Const. Art. III, Sec. 10). All references herein made to the President shall be construed as meaning also the Speaker whenever he may preside.

Member of Reference Committee. Rule 14.

Sec. 2. Chairman of Judiciary Presides, When. In the absence of both the Lieutenant Governor and the Speaker, the chairman of the Judiciary Committee shall preside, and shall exercise all the powers herein conferred on the President, except the authority to sign bills or resolutions passed by the Legislature.

Sec. 3. Member Presides, When. The President shall have the right to name any member to perform the duties of the chair, but such substitution shall not extend beyond adjournment.

Sec. 4. President Calls Legislature to Order: Quorum. The President shall take the chair each legislative day at the hour to which the Legislature shall have adjourned at the

last sitting. He shall call the Legislature to order, and a quorum being present, shall proceed in the manner and order prescribed by these rules. A majority of the members elected to the Legislature shall constitute a quorum. Const. Art. III, Sec. 10.

Sec. 5. Absence of Quorum. If the President finds that a number less than a quorum is present, he shall so state, and a majority of the members present, if five in number, may compel the presence of all members subject to a call of the Legislature.

Sec. 6. President to Preserve Order. The President shall preserve order and decorum, and in case of disturbance or disorderly conduct in the galleries, or in the lobby, may cause the same to be cleared.

Sec. 7. Point of Order, President Decides: Appeal. The President may speak to a point of order in preference to members, rising from his seat for that purpose, and shall decide the questions of order, subject to an appeal to the Legislature by any member; on which appeal no member may speak more than once, unless by leave of the Legislature.

Sec. 8. Putting Question. The President shall rise to put a question, but he may state it sitting.

Sec. 9. President Shall Sign. The President shall sign, in the presence of the Legislature, while the same is in session and capable of transacting business, all bills and resolutions passed by the Legislature (Const. Art. III, Sec. 14). All writs, warrants and subpoenas issued by order of the Legislature shall be under his hand and seal, attested by the Clerk.

Sec. 10. Lieutenant Governor Votes, When. The Lieutenant Governor, when presiding, shall vote only when the Legislature is equally divided. Const. Art. III, Sec. 10.

RULE 3

Officers Elected and Their Duties: Recall; Employees, Selection and Duties.

Sec. 1. Nomination and Election. At the commencement of each regular session, the Legislature shall nominate by informal ballot and shall elect by ballot the following officers:

Speaker
Clerk of the Legislature
Sergeant-at-arms
Postmaster
Chaplain

Sec. 2. Officers, Vote Necessary to Elect. A majority vote of the elected members shall be required for the election of each such officer.

Sec. 3. Recall of Officers. Any officer of the Legislature may be recalled upon a two-thirds majority vote of the members elected to the Legislature, and the vacancy thus created shall be filled by a majority vote of the members.

Sec. 4. Oath of Officers. Each permanent officer shall take an oath to support the constitution of the United States, and the constitution of the State of Nebraska, and to discharge faithfully the duties of his office according to the best of his ability.

Sec. 5. Duties of Officers, General. In general the duties of the officers of the Legislature shall be those usual to such officers.

Sec. 6. Speaker, Duties. Rule 2.

Speaker is member of Reference Committee. Rule 14, Sec. 1.

Speaker is member of the Executive Board of the Legislative Council. See 50-401.01, R.R.S. 1943.

Sec. 7. Clerk of the Legislature, Duties.

(a) The Clerk of the Legislature shall keep a brief but accurate daily journal of the proceedings of the Legislature. Const. Art. III, Sec. 11.

Daily Journal. Rule 8.

(b) The Clerk of the Legislature shall have authority to select and employ suitable persons for all of the positions which may be determined upon as necessary by the Legislature, and shall have complete supervision and assignment of all employees, including the right to discharge any one or more of them. All employees shall be selected without reference to party affiliation and shall be chosen upon the basis of merit, the compensation to be fixed by the Legislature.

(c) The Clerk of the Legislature shall print no paper or document, except bills and the daily journal, unless authorized by a majority vote of the elected members of the Legislature.

(d) The Clerk of the Legislature shall make a detailed and itemized report to the Legislature each month, concerning the number of employees, and the amount paid for their services, especially setting out the amount of regular time and overtime, and to whom paid.

(e) The Clerk of the Legislature shall have general charge, except as may be provided by law or by rule, of such parts of the Capitol and its passages as are or may be set apart for the use of the Legislature and its officers and employees.

Sec. 8. Assistant Clerk, Duties. The Assistant Clerk, appointed by the Clerk of the Legislature, and approved by the Legislature, shall, in the absence of the Clerk, be authorized to exercise all of the duties herein prescribed for the Clerk of the Legislature, including the signing of those papers which may require the signature of the Clerk of the Legislature.

Sec. 9. Sergeant-at-arms, Duties. The Sergeant-at-arms shall attend the Legislature during its sittings, to execute the commands of the Legislature from time to time, together with all such processes issued by authority thereof as shall be directed to him by the presiding officer, and shall enforce strictly the rules as they relate to privileges of the legislative chamber.

Sec. 10. Assistant Sergeant-at-arms, Duties. The Assistant Sergeant-at-arms, appointed by the Clerk of the Legislature, and approved by the Legislature, shall assist the Sergeant-at-arms and in the absence of the latter, shall perform all of the duties herein prescribed for the Sergeant-at-arms.

Sec. 11. Postmaster, Duties. The Postmaster shall superintend the post office kept in the Capitol for the accommodation of the members, and shall be responsible for the prompt and safe delivery of their mail.

Sec. 12. Chaplain, Duties. The Chaplain shall attend and shall open with prayer each day's sitting of the Legislature.

RULE 4

Members: Attendance, Decorum and Debate

Sec. 1. Presence of Members Required. Every member shall be present within the legislative chamber during the sittings of the Legislature and shall attend the regular meetings of the standing committees of which he is a member, unless excused or necessarily prevented.

Sec. 2. Presence of Member May Be Compelled. The presence of any member may be compelled, if necessary, by sending the Sergeant-at-arms, or such other person or persons as the membership present may authorize, at the expense of such absent member, unless such excuse for non-attendance is made as the Legislature may judge sufficient; and in that case the expense shall be paid out of the contingent fund.

Call of the Legislature. Rule 9, Sec. 8.

Sec. 3. Absence of Member May Be Explained. Upon the completion of the roll call on the final passage of a bill, any member may explain the absence of any other member, and if requested in writing by the absent member to do so, may state how he would have voted if present, and such

statement, if submitted to the Clerk in writing, and containing not more than thirty words, shall be entered in the daily journal.

Sec. 4. Expulsion of Members. No member shall be expelled except by a vote of two-thirds of all members elected to the Legislature, and no member shall be twice expelled for the same offense. Const. Art. III, Sec. 10.

Sec. 5. Decorum: Members May Speak Only When Recognized by President. When a member desires to speak in debate or to deliver any matter to the Legislature, he shall rise from his seat and respectfully address himself to "Mr. President." A member shall speak only when recognized and shall confine himself to the question before the Legislature.

Sec. 6. Decorum: Abusive Language and Interruptions Prohibited. No member shall speak to another who has the floor, except when he may yield to a question, or otherwise interrupt the business of the Legislature. No member shall rise to a question of privilege for the introduction of guests while a member is speaking. No member shall use profane or abusive language when speaking to or about another member.

Sec. 7. Decorum: During Final Reading. Members shall remain in their seats during the final reading of a bill and until the vote thereon has been announced, except when excused by the President.

Sec. 8. Transgression of Rules: Call to Order. If any member, in speaking or otherwise, transgress the rules of the Legislature, the presiding officer shall, or any member may, call him to order, in which case he shall immediately sit down, unless permitted on motion of another member to explain, and the Legislature shall, if appealed to, decide the case without debate. If the decision be in favor of the member called to order, he shall be at liberty to proceed, but not otherwise; and if the case requires it, he shall be liable

to censure or such punishment as the Legislature may deem proper.

Sec. 9. Call to Order: Words Excepted to Must Be Indicated. If a member is called to order for words spoken in debate, the member calling him to order shall indicate the words excepted to, and they shall be taken down in writing at the Clerk's desk and read aloud to the Legislature; but he shall not be held to answer, nor be subject to the censure of the Legislature therefor, if further debate or other business shall have intervened.

Sec. 10. Debate: Limitations, Proponent May Close. No member shall speak more than twice, nor for more than ten minutes on each occasion, upon any one question in debate during the same legislative day, without leave of the Legislature, except in explanation, unless he be the mover, proposer or introducer of the matter pending, in which case he shall be permitted to speak in reply, but not until every other member choosing to speak shall have spoken.

For right of proponent to close debate when previous question ordered, see Rule 10, Sec. 11.

Sec. 11. Explanation of Vote Permitted. A member shall be permitted to explain his vote on roll call upon any question, but such explanation shall be limited to fifty words, and shall not be entered in the daily journal unless the same be submitted to the Clerk in writing.

Sec. 12. Debate: Permanent Record. A verbatim record of all debate and questions on all bills and resolutions, and amendments offered thereto, shall be made, transcribed and preserved, under the direction of the Clerk.

RULE 5

Committees

Sec. 1. Committee on Committees. At the commencement of each session, the Legislature shall elect a Committee on Committees to consist of thirteen members, one at large, who shall be chairman, and three from each congressional

district, as the districts were constituted on January 1, 1961, to be nominated by the members residing therein.

Chairman is member of Reference Committee for bills and resolutions. Rule 14, Sec. 1.

Committee on Committees is reference committee on nominations by Governor. Rule 14, Sec. 2.

Sec. 2. Committee on Committees Shall Recommend Standing Committees, Designate Chairmen. The Committee on Committees, by a majority vote of all of its members, shall recommend to the Legislature for its approval and adoption the following standing committees, each with the number of members as hereinafter set forth, one of whom shall be designated by the Committee on Committees as chairman thereof:

Agriculture, including conservation, fish and game, livestock and grazing ..... 7 members
Banking, Commerce and Insurance ..... 7 members
Budget, including finance, ways and means, and state institutions ..... 8 members
Education, including university and normal schools and libraries, and school lands and funds ..... 7 members
Enrollment and Review, including arrangement, phraseology and correlation ..... 1 member
Government and Military Affairs, including state, county and municipal governments, elections and apportionment ..... 7 members
Intergovernmental Cooperation ..... 5 members
Judiciary ..... 7 members
Labor and Public Welfare, including social security and child labor ..... 7 members
Miscellaneous Subjects ..... 7 members
Public Health ..... 7 members
Public Works ..... 7 members
Revenue, including taxation, licenses and fees ..... 7 members
Rules, including procedure and order of business ..... 5 members
Salaries and Claims ..... 7 members

Sec. 3. Committee on Committees Shall Select Other Committees. The Committee on Committees shall select, aside from the standing committees of the Legislature, all other committees, except where otherwise ordered by the Legislature. No investigating committee of the Legislature shall be created except by resolution which shall set forth, with supporting statements, the reasons for and purposes of the investigation, and no committee thus established shall function except during the interim between legislative sessions.

Sec. 4. Committee on Committees Shall Arrange and Publish Schedules of Standing Committee Hearings. The Committee on Committees shall arrange and publish a schedule of regular standing committee meetings, in such manner as to avoid, as far as possible, conflicts in the assignment of members to such committees, and shall cause a copy of such schedule to be posted in some conspicuous place in the Capitol near the legislative chamber.

Sec. 5. Enrollment and Review, Privileged Committee. The Chairman of Enrollment and Review shall be privileged, and shall be in order at any time in reporting bills which have been engrossed for final reading and passage. In the absence of the Chairman the Vice-Chairman of the Judiciary Committee shall assume the duties of the Chairman of Enrollment and Review. The bill drafting service shall have supervision of and provide legal services for the Enrollment and Review Committee.

Sec. 6. Enrollment and Review, Authority to Make Corrections. The Chairman of Enrollment and Review shall have authority, without being required to include the same specifically in his reports and recommendations to the Legislature, in accord with accepted usage:

a. To correct the spelling of words, to correct erroneous division and hyphenation of words, to capitalize or decapitalize words, and to change numbers from words to figures or from figures to words, in new and independent acts, in the new matter of amendatory

acts, in standing committee reports, and in general file, select file and specific amendments.

b. To underscore or remove underscoring, as the case requires, in standing committee reports and in general file, select file and specific amendments.

Chairman of Enrollment and Review to give preference to bills readvanced from general file after having been recommitted from select file. Rule 12, Sec. 8-d.

Sec. 7. Committee on Salaries and Claims; Filing, Limitation. No claim shall be considered by the Salaries and Claims Committee unless filed and considered by the Sundry Claims Board within or before the first twenty legislative days of the session, unless otherwise ordered by the Legislature.

Sec. 8. Claims Previously Rejected. The Claims Committee shall not consider any claims heretofore filed with and rejected by the Legislature at two or more previous sessions.

Sec. 9. Committee on Order and Arrangement: Members, Duties. The Committee on Order and Arrangement shall consist of the chairmen of the committees before whom regularly referred bills and resolutions have public hearings, the Chairman of the Committee on Enrollment and Review and the Chairman of the Committee on Committees. The Chairman of the Committee on Committees shall be the chairman of said committee. It shall be the duty of this committee beginning the twenty-first legislative day to report to the Legislature the order in which bills and resolutions shall be considered on general file. The order so reported shall become effective only upon approval of the Legislature. The committee shall meet subject to call by the Chairman.

Reference Committees:
For bills and resolutions. Rule 14, Sec. 1.
For nominations by Governor. Rule 14, Sec. 2.
For amendment of rules. Rule 17.

RULE 6

Committee Hearings and Reports, Officers

Sec. 1. Vice Chairmen. Each standing committee shall elect from its membership a vice chairman to serve in the absence of the chairman.

Chairmen designated by Committee on Committees. Rule 5, Sec. 2.

Enrollment and Review Vice-Chairman is Vice-Chairman of Judiciary. Rule 5, Sec. 5.

Sec. 2. Committee Hearings, Time. Standing committees shall meet at 2:00 p. m., unless otherwise ordered by the Legislature.

Sec. 3. Committee Hearings, Notice. Before taking final action on a bill or resolution, a committee shall hold a public hearing thereon and shall give at least five calendar days' notice, by publication in the Legislative Journal, of the date and time of said hearing. Committee chairmen shall make rules concerning length of public hearings but no rebuttal shall be for more than ten minutes.

Sec. 4. Committees May Combine and Correlate Bills, Adopt Amendments. Standing Committees shall be authorized to combine and to correlate the provisions of different bills referred to them and related to the same subject under the number of one of the correlated bills, and may, before taking final action on any bill, adopt amendments thereto, for the consideration of the Legislature.

Sec. 5. Record of Committee Proceedings. Each standing committee shall keep a record of its proceedings. Any two members of the committee may demand a roll call upon the reporting of any bill, or upon amendments thereto. The vote so taken shall be made a part of the committee report, and shall be entered in the daily journal.

Sec. 6. Committees Shall Report Promptly. Standing committees shall consider and report without unnecessary delay all bills and resolutions referred to them.

Sec. 7. Legislature May Request Committee Report. Except for the general appropriation bills necessary for the support of the state government for the biennium, the Legislature may, by vote of a majority of the elected mem-

bers, request a report from any standing committee at any time after said committee shall have been in possession of a bill or resolution for twenty legislative days.

Sec. 8. Committee Reports Must Recommend Bills for General File or Indefinite Postponement: Majority Vote of Members at Regular Meeting Required. In reporting bills to the Legislature, whether with or without amendments, a standing committee shall, by vote of a majority of its members, recommend (a) that the bill be placed on general file for the consideration of the Legislature, or (b) that the bill be indefinitely postponed. Such action shall be taken at regularly scheduled committee meetings only. A report on a bill or resolution must be made to the Legislature within eight calendar days after the committee has acted upon the particular measure.

Sec. 9. Effect of Committee Report to Postpone Indefinitely. If the standing committee report on a bill be to postpone indefinitely, the bill shall stand indefinitely postponed; Provided, that such bill may be placed on general file or referred back to the standing committee by a majority vote of all the elected members upon motion made within three legislative days after the committee makes its report to the Legislature, or by a two-thirds vote of all elected members upon motion made more than three legislative days after such committee report. Not more than one bill shall be raised from committee on any one motion. A motion to raise cannot be amended to include any other bill or subject matter. A motion to raise must be disposed of by the Legislature within five legislative days after making the same or it shall be deemed defeated. Consideration of motions pending shall be included in the regular order of business following resolutions.

Sec. 10. Committee Reports, Statements and Amendments: Minority Report. Each standing committee shall, when reporting a bill, submit therewith a brief statement of the main purpose of the bill, and, if recommended to general file, a copy of all amendments recommended by the committee. Such statement shall give the committee's reason for so reporting, and the minority view, if such there be,

shall also be given. Copies of such statements and amendments shall be furnished to the members.

Sec. 11. Executive Sessions. Members and reporters of regularly accredited newspapers, press associations, and radio and television stations shall be admitted to executive sessions of the standing committees, and such reporters and the members of such committees shall respect as confidential the discussions and voting of the other members of any standing committee.

RULE 7

Order of Business

Sec. 1. Hour of Meeting and Adjournment. The Legislature shall meet each legislative day at 9:00 a. m., and adjourn not later than 1:00 p. m., unless otherwise ordered by a majority vote of its members present and voting thereon.

Sec. 2. Order of Business. The order of business of the Legislature shall be as follows:

a. Prayer by the Chaplain
b. Roll call
c. Call for correction of the journal
d. Petitions and memorials
e. Notice of committee hearings
f. Reports of standing committees
g. Reports of select committees
h. Resolutions
i. Pending motions
j. Introduction of bills
k. Bills on first reading by title
l. Reference of bills to committees on a day subsequent to first reading
m. Bills on final reading
n. Consideration of bills on select file
o. Unfinished business, including messages on the President's desk.
p. Special order of the day
q. Consideration of bills on general file
r. Miscellaneous business

Sec. 3. Messages From the Governor, Preference. Messages from the Governor may be received at any stage of the proceedings, except when a question is being put, the yeas and nays are being called for, the ballots are being counted, or a question of order or a motion to adjourn is pending.

Sec. 4. Special Order of the Day, Effect of Adjournment. When a bill shall have been made a special order for a definite time and an adjournment shall intervene for a time beyond the time fixed for such special order, then in that event the bill so made a special order shall be placed in its order on general file.

Sec. 5. Unfinished Business, Effect of Adjournment. The unfinished business in which the Legislature was engaged at the adjournment of the last preceding sitting shall have preference in the special order of the day.

Sec. 6. Legislative Days. Each day except Saturday and Sunday shall be considered a legislative day, unless otherwise specifically ordered by the Legislature, by a majority of the members present and voting thereon.

RULE 8

Daily Journal

Sec. 1. Journal Prepared by Clerk, Furnished to Members; Corrections. A daily journal of the proceedings of the Legislature, as prepared by the Clerk, shall be printed and placed each day upon the desks of the members; and the presiding officer shall call in the regular order of business for corrections thereof. After corrections, if any, are made, the journal shall stand approved without motion.

Sec. 2. Journal Entries. The Clerk shall enter in the daily journal messages of the Governor in full; titles of bills; every vote, including the yeas and nays, and a brief statement of the contents of each resolution, petition, and memorial or other paper presented for the consideration of the Legislature.

Constitutional amendments printed in journal. Const. Art. XVI, Sec. 1.

Sec. 3. Title, Parts of Bills Entered in Journal. In addition to the title, only such parts of a bill as shall be affected by proposed amendments shall be entered in the daily journal.

Sec. 4. Amendments Offered, But Not Adopted, Not Entered: Exception. In the consideration of bills on general or select file, amendments offered but not adopted shall not be entered in the journal except where a record vote is demanded.

Sec. 5. Hour of Adjournment Entered. The hour at which the Legislature adjourns shall be entered in the daily journal.

Sec. 6. Additional Copies for Members. Additional copies of the daily journal, to be mailed at his direction, shall be supplied for the use of each member, in such manner as shall be provided by the Legislature.

Sec. 7. Bound Journal, How Printed. The bound journal of the session shall be printed from the corrected daily journal.

Journal, cross references:

Yeas and nays entered in journal at request of any member. Const. Art. III, Sec. 11.

Yeas and nays on final passage of bill shall be published in the journal. Const. Art. III, Sec. 13.

Explanation of absence and statement of how absent member would have voted. Rule 4, Sec. 3.

Explanation of vote. Rule 4, Sec. 11.

Committee reports. Rule 6, Sec. 5.

Only totals of machine vote entered. Rule 9, Sec. 3.

Notice of committee hearings must be published. Rule 6, Sec. 3.

RULE 9

Manner and Record of Voting

Sec. 1. Votes Taken Viva Voce: Form of Question. All votes shall be taken viva voce. Questions shall be distinctly put in this form, to wit: "Those who are in favor of the question say 'aye'; those who are opposed to the question say 'no' ".

Sec. 2. Yea and Nay Vote Required on Final Passage of Bill: Applies to Resolution, When. Upon the final passage of a bill, or of a resolution if the same requires the same consideration as a bill, the vote shall be by yeas and nays, and this rule shall not be suspended.

Sec. 3. Machine Vote, When. If a machine vote is called for, or if the presiding officer is in doubt, he shall cause the result to be obtained by means of the electric roll call system; and only the totals shall be printed in journal.

Sec. 4. Record Vote, Member May Demand. Any member may call for a record vote upon any question (Const. Art. III, Sec. 11), and upon declaration of the yeas and nays by the members, the record thereof shall be made and taken upon the electric roll call system, unless the Legislature by a majority vote decides that a roll call shall be taken.

Sec. 5. For Yeas and Nays and Call of House. Vote on Electric System: Limitation on Time to Vote. In taking the yeas and nays and upon call of the Legislature, the members shall register their vote upon the electric roll call system. When the yeas and nays are taken upon any question in the manner heretofore indicated, no member shall be permitted to vote after the decision is announced from the chair.

Sec. 6. When More Than Majority Vote Necessary, Electric System Used. In all instances where the vote, necessary to adopt a motion or other proposition, is other than that of a majority voting upon the question, the presiding officer shall, unless the Legislature by unanimous vote decides otherwise, cause the result thereof to be obtained be means of the electric roll call system. In such case, no member shall be permitted to vote after the yeas have been announced by the Clerk. Votes not registered on the electric roll call system or given to the Clerk by voice shall not be counted for or against a proposition.

Sec. 7. Member May Demand Verification of Vote. Any member may demand verification of the vote on roll call;

Provided, that on the final passage of bills verification shall always be made.

Sec. 8. Call of the Legislature. A call of the Legislature must be seconded by at least five members. Thereupon, and upon call of the presiding officer, each member present shall indicate his presence upon the electric roll call system and shall remain in his seat during the call. After the Clerk shall note the names of the absentees, proceedings under the call may be suspended at any time by a majority vote of the members elected, and when so suspended shall not again be ordered on the proposition pending, except by a majority vote of the members present and voting thereon. When the Legislature has been under call for fifteen minutes, and if all absentees were to vote on one side of the question, and if their combined vote would be insufficient to change the result of the vote, the President shall declare the call raised.

Voting, cross references:

Lieutenant Governor votes only when Legislature equally divided. Rule 2, Sec. 10.

Explanation of vote. Rule 4, Sec. 11.

RULE 10

Motions and Their Precedence

Sec. 1. Statement of Motions. When a motion has been made and seconded, the presiding officer shall state it, or being in writing, shall cause it to be read aloud by the Clerk before being debated.

Sec. 2. Motions Must be Written, When. Every motion shall be reduced to writing if the presiding officer or any member desires it.

Sec. 3. Withdrawal or Modification of Motions. After a motion has been stated by the presiding officer, or read by the Clerk, it shall be deemed in possession of the Legislature, but may be withdrawn or modified by the mover at any time before a decision, amendment, or ordering of the yeas and nays, except a motion to reconsider, which shall not be withdrawn without leave.

Sec. 4. Motions Received When Questions Under Debate: Precedence. When a question is under debate no motion shall be received but:

a. To adjourn.
b. To lay on the table.
c. For the previous question.
d. To postpone to a certain time.
e. To commit.
f. To amend.
g. To postpone indefinitely.

Such motions shall have precedence in the order in which they are arranged; except that motions to postpone indefinitely and amend do not yield to each other. No motion to postpone to a certain time, to commit or to postpone indefinitely being decided, shall again be allowed on the same day at the same stage of the bill or proposition.

Sec. 5. Motion to Strike Enacting Clause; Effect, Precedence. A motion to strike the enacting clause of a bill, if carried, is equivalent to rejection of the bill. Such motion shall not have precedence over a motion to amend nor over a motion to postpone indefinitely.

Sec. 6. Motion to Adjourn, Adjourn to Time Certain, to Recess: Precedence. A motion to adjourn, or a motion to fix the day to which the Legislature shall adjourn shall always be in order, except:

a. While a member is speaking.
b. When a motion to adjourn has just been defeated.
c. When a motion to fix the day to which the Legislature shall adjourn has just been defeated.
d. After the final reading of a bill and during roll call thereon.

Provided, however, that a motion to adjourn to a time certain shall have precedence over a motion to adjourn; and provided further, that a motion to recess shall take precedence over either of such motions.

Sec. 7. Motion to Adjourn Pending Motion to Suspend Rules. Pending a motion to suspend the rules, the presiding officer may entertain one motion to adjourn, but after the result thereon is announced he shall entertain no other motion until the vote has been taken on suspension.

Sec. 8. The Previous Question, Form. The previous question shall be in this form, "Shall the debate now close?"

Sec. 9. The Previous Question: Seconds Required, Vote Necessary, Effect. The previous question shall be in order when demanded by five or more members and must be sustained by the vote of a majority of the elected members, and until decided shall, except as provided in Section 11 of this rule, preclude further debate and all amendments and motions, except one motion to adjourn and one motion to lay on the table.

Sec. 10. Previous Question Undebatable. On a previous question there shall be no debate. All incidental questions of order, arising after a motion is made for a previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

Sec. 11. Previous Question Ordered: Proponent to Close Debate. When the previous question shall have been ordered on a proposition under debate, the mover, proponent or introducer of such proposition shall be given the right to close the debate thereon.

Sec. 12. Questions of Privilege, What Are. Questions of privilege shall be, first, those affecting the rights of the Legislature collectively, its safety, dignity, and the integrity of its proceedings; second, the rights, reputation, and conduct of members, individually, in their representative capacity only; and shall have precedence over all other questions, except motions to adjourn. Questions of privilege shall not be used to permit any discussion or debate pertaining to any measure pending before the Legislature.

Question of privilege is not in order for introduction of guests while member speaking. Rule 4, Sec. 6.

Sec. 13. Reconsideration: Who May Move, Time for Motion. When a question has been decided, it shall be in

order for any member voting with the prevailing side, or not voting, to move a reconsideration thereof. A motion to reconsider must be made on the same day the original question was decided or on the next legislative day, except when it be to reconsider the vote on a bill which lacked the constitutional majority on a final reading. In such case, it must be made on the same day the original question was decided or on one of the next three legislative days. If the Legislature shall refuse to reconsider, or upon reconsideration shall affirm its first decision, no further motion to reconsider shall be in order unless by unanimous consent.

Motion to reconsider cannot be withdrawn without leave. Rule 10, Sec. 3.

Sec. 14. Reconsideration, Precedence. Every motion to reconsider shall take precedence over all other questions, except a motion to adjourn.

Sec. 15. Reconsideration, Vote Necessary. For its adoption, a motion to reconsider shall require the vote of a majority of the elected members, except:

a. Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a final reading, then a three-fifths vote shall be required for adoption.

b. Where such motion be to reconsider the vote on a bill which lacked the constitutional majority on a final reading with the emergency clause attached, but which received the constitutional majority with the emergency clause stricken and the purpose of the motion is to again add the emergency clause, then a two-thirds vote of the elected members shall be required for adoption.

Sec. 16. Amendments in Order. When a motion or other proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order.

Sec. 17. Amendment to Title of Bills. Amendments to the title shall not be in order during the consideration of a

bill or resolution on general or select file until the bill or resolution shall have been considered in full.

Sec. 18. Amendment Laid on Table Does Not Carry Principle Measure. When an amendment proposed to any pending measure is laid on the table, it shall not carry with it or prejudice such measure.

Sec. 19. Amendments, Preference in Consideration. When the Legislature is considering bills on either general or select file, after giving consideration to standing committee amendments, it shall give preference to such amendments as may have been on file with the Clerk, with copies on the members' desks for one legislative day in advance, and then to such other amendments as have been deposited with the Clerk, in the order in which they were received by him.

Sec. 20. Amendments, Must Be Germane. No motion, proposition or subject, different from that under consideration, shall be admitted under color of amendment.

Sec. 21. Division of a Question, When. Any member may call for the division of a question, which shall be divided if it comprehends propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the Legislature. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out, being lost, shall not preclude an amendment or a motion to strike out or insert.

RULE 11

Bills—General Provisions

Sec. 1. Introduction. Upon call for the introduction of bills, any member or any standing committee to which bills are referred for consideration may introduce one or more bills. No bill shall be introduced unless it has been approved as to form and draftsmanship by the legislative bill drafter.

Except with unanimous consent or a vote of a majority of the elected members, no bill shall be introduced which bears the names of more than three members. The name of the introducer shall be followed by the number of his legislative district.

Sec. 2. Introducer Must Be Willing to Support. Members shall introduce only such bills as they are willing to endorse and support personally.

Sec. 3. Time for Introduction, Limitation. No bill shall be introduced after the twentieth legislative day, except upon recommendation of the Governor, or by a standing committee upon the vote of a majority of its members and upon the vote of three-fifths of the elected members of the Legislature.

Sec. 4. Bills, How Designated. A bill shall be designated as Legislative Bill ——.

Sec. 5. Bill Must Contain Only One Subject: Amendment of Laws. No bill shall contain more than one subject, and the same shall be clearly expressed in the title. And no law shall be amended unless the new act contains the section or sections as amended, and the section or sections so amended shall be repealed. Const. Art. III, Sec. 14.

Sec. 6. Amendatory Bill, How Printed. An amendatory bill shall be so prepared and printed as to show the new matter proposed, old matter to be retained, and old matter to be omitted from the statutes.

Sec. 7. Bills Must Be Engrossed Before Final Reading. All bills, before being advanced to final reading and passage, shall be engrossed by typewriter, and if amended, shall be reprinted in the manner prescribed in the preceding section, and copies thereof shall be supplied for the use of members.

Sec. 8. Bills Must Receive Two Readings Before Passage. Every bill and resolution shall be read by title when introduced, and a printed copy thereof provided for the use of each member, and the bill and all amendments thereto

shall be printed and read at large before the vote is taken upon its final passage. Const. Art. III, Sec. 14.

Sec. 9. Vote Required to Expend Money or Change Compensation. It shall require the vote of a majority of the members elected to expend money by the Legislature or to change the compensation of any officer or employee.

Sec. 10. Withdrawal of Bills. No bill, having been introduced, may be withdrawn except upon motion of the first introducer with the consent of his co-introducers. Such motion, when made, shall not be considered prior to the next succeeding legislative day, and, for its adoption, shall require the affirmative vote of a majority of those voting upon the question.

RULE 12

Bills—Stages in Consideration

Sec. 1. Introduction and First Reading.

Introduction. Rule 11, Secs. 1, 2.
Time for introduction. Rule 11, Sec. 3.
First reading. Rule 11, Sec. 8.

Sec. 2. Reference to Standing or Select Committee.

Reference committee. Rule 14, Sec. 1.
Readings. Rule 11, Sec. 8.

Sec. 3. Consideration by Standing or Select Committee, Together With Desired Committee Hearings.

Committee hearings. Rule 6, Secs. 2-5.

Sec. 4. Report by Standing or Select Committee and Reference to General File.

Committee reports. Rule 6, Secs. 6-10.
Effect of committee report to postpone indefinitely. Rule 6, Sec. 9.

Sec. 5. General File: Reading, Consideration and General Debate by the Legislature.

a. Each section shall be open to amendment as read, and the amendments, if any, recommended by the

standing committee, shall first be considered for adoption or rejection, after which other amendments may be offered.

Amendments. Rule 10, Secs. 16-20.

b. Bills shall be listed and considered on general file in the order in which they shall be reported from the standing committees, except as modified by the Committee on Order and Arrangement; and no change shall be made in such order, except by a majority vote of the elected members.

c. The general appropriation bills, necessary for the support of the state government for the biennium, shall take precedence over all other bills on general file.

d. At any time during consideration of bills on either general or select file, any member may move that the bill be passed over, and if the motion is carried by a majority of those voting, the bill shall be passed over and shall retain its place on the file. This motion shall have the same precedence as to lay on the table.

e. In the event a motion to indefinitely postpone a bill is made before the bill is read on General File, such motion shall require the affirmative vote of a majority of the elected members.

Sec. 6. Reference to Enrollment and Review. Advancement to Enrollment and Review for recommendations relative to arrangement, phraseology and correlation, unless indefinitely postponed or recommitted to a standing committee. Advancement to Enrollment and Review from General File for such purpose shall require a majority of those voting, but there must be a minimum of fifteen affirmative votes.

Sec. 7. Report by Chairman of Enrollment and Review and Reference to Select File.

Enrollment and Review report. Rule 5, Sec. 6.

Sec. 8. Select File. Consideration by the Legislature, in review on select file, wherein any of the following motions shall be in order:

a. A motion to approve or reject any or all of the changes recommended by the Chairman of Enrollment and Review.

b. A motion to adopt a unanimous consent amendment, to which no objection shall be offered.

c. A motion to recommit to the proper standing committee.

d. A motion to recommit to general file for one or more specific amendments. If such a motion is adopted, the bill shall be transferred forthwith to the head of the general file where consideration of the specific amendment shall be the first order of business on that file. After disposition of the amendment, the bill may be readvanced to Enrollment and Review for review, amended further, indefinitely postponed, or recommitted to the proper standing committee. If the bill is readvanced, it shall be given prior consideration by the Chairman of Enrollment and Review and returned to the select file as soon as possible and placed at the head of that file; Provided, if the bill is not amended, indefinitely postponed, or recommitted, it may be advanced to Enrollment and Review for engrossment.

Effect of passing over bill. Rule 12, Sec. 5d.

e. A motion to postpone indefinitely.

f. Motions made pursuant to subsections c, d and e hereof may be adopted only upon the affirmative vote of a majority of the elected members.

No bill shall be considered initially on select file until three legislative days after its advancement from general file to Enrollment and Review; Provided, that the amendments so recommended shall not be read by the Clerk except upon the request of a member of the Legislature.

Notwithstanding any other provision contained in this section, if the Enrollment and Review Committee returns a bill to select file from engrossment, then only the specific enrollment and review amendments may be considered.

Sec. 9. Advancement to Enrollment and Review for Engrossment, Unless Recommitted to a Standing Committee or Indefinitely Postponed.

Sec. 10. Report by Chairman of Enrollment and Review and Reference to Final Reading File, or to Select File for Specific Amendment.

Bills must be engrossed before advancement to final reading. Rule 11, Sec. 7.

Sec. 11. Conditions Precedent to Placing Bill on Final Reading. No bill shall be placed upon final reading and passage until:

a. Five legislative days after the initial reference to Enrollment and Review.

b. Two legislative days after its reference to final reading file.

c. Printed copies of the bill in its final form, as amended, shall have been available to members and on their desks for at least one legislative day. Const. Art. III, Sec. 14.

Sec. 12. Final Reading. Consideration on final reading and passage when the bill shall be read at large with all amendments thereto before the vote is taken (Const. Art. III, Sec. 14); Provided, that at any time before the roll call shall have begun on final reading of the bill, it shall be in order to move:

a. To recommit the bill to Enrollment and Review to correct an error and for re-engrossment.

b. To recommit the bill to the proper standing committee, with or without instructions.

c. To recommit the bill to select file for specific amendment, which amendment may be adopted by a vote

of a majority of the elected members; Provided, however, if the proposed amendment be to add the emergency clause, it may only be adopted by a vote of two-thirds of the elected members.

Members must be in their seats during final reading. Rule 4, Sec. 7.

Sec. 13. Question After Final Reading: Emergency Clause. The question after the final reading of a bill shall be: "All provisions of law relative to procedure having been complied with, the question is, 'Shall the bill pass?'" If the emergency clause is contained in the bill, the words "with the emergency clause attached" shall be added to the question.

Sec. 14. Emergency Clause: Failure to Receive Constitutional Majority: Effect: Question. When a bill containing the emergency clause does not receive the required two-thirds constitutional majority on final reading, then the emergency clause shall be considered stricken, and the bill without the emergency clause shall be pending on final reading, and the question then shall be, "Shall the bill pass with the emergency clause stricken?" Const. Art. III, Sec. 27.

Sec. 15. Governor's Veto, Consideration. Upon the day of receipt of a message from the Governor announcing his veto of a bill, or on either of the next five legislative days, any member may move that the bill so vetoed be taken up for passage. Whereupon, the question shall be, "Shall the bill pass, notwithstanding the objection of the Governor?"

Three-fifths vote of the elected members required to pass bill over Governor's veto. Const. Art. IV, Sec. 15.

The Governor may disapprove any item or items of appropriation contained in bills passed by the Legislature, and the item or items so disapproved shall be stricken therefrom, unless repassed in the manner prescribed in case of disapproval of bills. Const. Art. IV, Sec. 15.

RULE 13

Petitions and Memorials

Sec. 1. Petitions, Memorials and Other Papers Referred to Committees. Every petition, memorial, or other paper

shall be referred to the proper committee without putting a question for that purpose, unless the reference be objected to by a member at the time such petition, memorial or other paper is presented, in which case the Legislature shall decide the question of reference.

Sec. 2. Introducer May Make Statement. Before any petition or memorial addressed to the Legislature is received and read at the table, whether the same be presented by the presiding officer or a member, a brief statement of the contents of the petition or memorial may be verbally made by the introducer.

Sec. 3. Communications, When Read. No communications or letters shall be read by the Clerk of the Legislature unless such communications or letters are addressed to the presiding officer or Clerk of the Legislature.

RULE 14

Questions and Reference

Sec. 1. Reference Committee for Bills and Resolutions, Who Constitutes. The Lieutenant Governor, the Speaker, and the Chairman of the Committee on Committees shall constitute the Reference Committee for the assignment of bills and resolutions to the various standing committees.

Sec. 2. Nominations by Governor Referred to Committee on Committees. All nominations made to the Legislature by the Governor, requiring confirmation by the Legislature, shall be referred to the Committee on Committees, and the same procedure shall be followed as governs the handling of other matters before standing committees, unless the Legislature shall otherwise direct by unanimous vote.

Sec. 3. Members May Object to Reference. Any member may object to the reference of any bill or other proposition, and correction in case of error in reference may be made by the Legislature on any legislative day, immediately following corrections of the daily journal, by unanimous consent, or by the vote of a majority of the elected members.

Sec. 4. Motions for Reference: Preference. When motions are made for reference of the same subject to a select committee and to a standing committee, the question on reference to the standing committee shall be put first.

Proposed amendments to rules referred to Rules Committee. Rule 17.

Sec. 5. Statement of Purpose by Introducer. Immediately upon the referral of any bill to a standing committee, the first introducer of the bill shall prepare and submit to the committee a statement in writing setting forth the reason for the bill and the purposes sought to be accomplished thereby. Such statement shall be incorporated into the committee records. No bill shall be reported to General File by a committee unless such a statement has been submitted by the introducer of the bill.

RULE 15

Resolutions

Sec. 1. Resolutions: How Designated. A resolution shall be designated as Legislative Resolution ——.

Sec. 2. Resolutions Proposing Constitutional Amendments, Granting Money, or Requiring Governor's Approval: Consideration and Adoption. Resolutions which propose amendments to the state constitution, propose the ratification of amendments to the federal constitution, provide for the grant of money out of the contingent or any other fund, or require the approval of the Governor, shall be considered and adopted in the same manner as bills. Const. Art. III, Secs. 13, 14; Art. XVI, Sec. 1.

No resolution shall be introduced bearing the names of more than three members, but the names of additional introducers may be added by consent of the Legislature.

Sec. 3. Resolutions Proposing Legislative Council Studies Reference. Resolutions which propose that studies be made by the Legislative Council shall be first referred to

the Executive Board of the Legislative Council, this Board to submit a report with each resolution recommending that the proposed study be made or rejected.

Sec. 4. Resolutions Laid Over One Legislative Day. All other resolutions, except by the unanimous consent of the members present and voting, shall lie over for consideration until the next legislative day.

Sec. 5. Resolutions; Reference to Committee; Vote Necessary for Adoption. When called for consideration on the next legislative day after its introduction, any such resolution shall be referred to the proper standing committee, if as many as five members object to its consideration at that time. The vote of a majority of the elected members shall be required for the adoption of any such resolution.

Sec. 6. Effect of Committee Report to Indefinitely Postpone. If the standing committee report on a resolution be to postpone indefinitely, the resolution shall stand indefinitely postponed; *Provided*, that such resolution may be considered by the members of the Legislature or referred back to the standing committee by a majority vote of all the elected members upon motion made within three legislative days after the committee makes its report to the Legislature, or by a two-thirds vote of all elected members upon motion made more than three legislative days after such committee report. Not more than one resolution shall be raised from committee on any one motion. A motion to raise cannot be amended to include any other resolution or subject matter.

RULE 16

Privileges of the Floor

No person shall be admitted to the floor of the Legislature except the following:

Members of the Legislature, officers and employees, including the bill drafter and employees of the Legislative Council

State officers, their deputies and clerks

Judges of the Supreme Court
Judges of the District Courts
Senators and Representatives in Congress
Reporters of regularly accredited newspapers and broadcasting stations
And such other persons as the Legislature may deem proper to admit; however, under no circumstances shall other persons be permitted to be seated beside members while the Legislature is considering bills on final reading.

No person, other than those hereinbefore excepted, shall be admitted to the members' cloak room or post office, unless accompanied by a member.

Any representative of a newspaper, press association, or radio or television station assigned to cover the Legislature, who flagrantly or persistently violates the ethics of news reporting by assuming the facts without regard for accuracy may be denied the privilege of the Senate Chamber on a majority vote of the members elected to the Legislature. Such action shall be brought by the Rules Committee and no action may be brought until after a full hearing has been held on the charges.

No printed or written material of any nature may be placed on the desks of the members or distributed to them in the Legislative Chamber, unless such material clearly indicates on its face the party or parties responsible for its distribution. The distribution must be approved by at least one member of the Legislature.

RULE 17

Suspension and Amendment of Rules

These rules may be suspended by a two-thirds majority vote of the elected members, and may be amended by a three-fifths majority vote of the members elected; Provided, any proposed amendment must first be referred to the Committee on Rules for consideration and report.

MOTION—Adopt Rules

Mr. President: I move that the rules of the last session, as revised and distributed to the members, be adopted until further order by the Legislature. (Signed) William B. Brandt

Mr. Carpenter moved that Rule 6 be amended by adding a new section to be known as section 12 and to read as follows:

"Sec. 12. **Committee on Budget; reporting.** The Budget Committee shall report to the Legislature its recommendations for appropriations for each department, board, commission, institution, or office within five legislative days after the department, board, commission, institution, or office has had a hearing before the committee on its financial needs for the next biennium."

Mr. Russillo moved that Mr. Carpenter's motion be changed as follows:

"Within a period of two weeks, all rule changes proposed previous to January 15, 1963, will be heard by the Rules Committee and the Senate take action on such rule changes as the first order of business on January 15."

The Carpenter motion was adopted as amended with 42 ayes, 0 nays.

MOTION—Committee on Credentials

Mr. President: I move that a committee of five be appointed on credentials. (Signed) Hal Bridenbaugh

The motion prevailed and the President appointed the following members to serve on said committee: Bridenbaugh, Chairman; Kremer, Danner, Ross H. Rasmussen, Warner.

Report of Secretary of State

The committee appointed to call on the Secretary of State retired and subsequently returned with Frank Marsh, Secretary of State, who reported as follows:

January 1, 1963

The Speaker of the Legislature
Seventy-third Session of the
Legislature of Nebraska

Honorable Speaker:

In accordance with Article IV, Section 4, of the Constitution of the State of Nebraska, I have the honor to herewith deliver to you, under seal, the abstract of votes cast in the ninety-three counties of the State of Nebraska at the General Election held on November 6, 1962, for the officers of the executive departments of this State and member of the State Railway Commission, which votes are required by law to be canvassed by the Nebraska Legislature, pursuant to 32-4110, R. R. S. 1943 (Reissue of 1960), as submitted to us for delivery to the Speaker of the Legislature.

I also deliver to you the list of candidates receiving the highest vote for each particular office. The certificate of the Secretary of State accompanies the foregoing list.

The original sheets containing the tabulation of votes for these candidates for the ninety-three counties, covering the General Election of November 6, 1962, which constitutes a part of the official record of the State Board of Canvassers, are submitted for your examination. Inasmuch as these sheets are part of the records of the office of Secretary of State, we respectfully request that they be returned to our files immediately at the completion of your official canvass.

Respectfully submitted,

(Signed) Frank Marsh
Secretary of State

RESOLUTIONS

LEGISLATIVE RESOLUTION 1. Re: Legislative Committee Study of needs, classifications and financing of all public roads, streets and highways.

Introduced by Michael P. Russillo, 9th District.

WHEREAS, the Legislative Council Committee on the distribution of the state gasoline tax, established by resolution of the Seventy-second Session of the Nebraska State Legislature, has recommended

1. That a comprehensive study of the state, county, city, and township highway and street systems be conducted by experts in the field, the study to include road and street administration and financing, construction and maintenance;

2. That this study be broad enough to include the problems of pay and fringe benefits of the professional employees of the Department of Roads with the view of keeping them competitive with the other states; and

3. That the 1963 Nebraska Legislature authorize this study early in the session, including the appropriation of the necessary funds, so that there will be plenty of time for its completion prior to the 1965 session; and

WHEREAS, a study of the finances and administration of these highways, roads and streets should be made.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Legislative Council appoint a committee to make a state-wide study of the needs, classifications and financing of all public roads, streets and highways and to report its study and make recommendations thereon to the next regular session of the Legislature. The study and recommendations shall include, but shall not be limited to, the following:

(a) Sound legislative policies and management practices to be followed in highway construction and maintenance in view of the increase in available funds for these purposes.

(b) An equitable basis for distribution of all highway revenues so that this money will be most judiciously spent.

(c) Techniques to be used to get closer coordination between the state and local units in planning and constructing our highways, roads, and streets.

(d) An engineering study and inventory of the present use and deficiencies and forecast the future needs and improvements necessary for all highways, roads, and streets in the state according to appropriate standards.

(e) Make such other recommendations as will assure the development of an efficient and effective balanced, integrated transportation network within the State of Nebraska.

2. The committee shall prepare and recommend such legislation as may be necessary to secure the objectives of the study.

3. The committee shall utilize the facilities and services of the Federal Bureau of Public Roads, the State Highway Commission, the State Engineer, and the Department of Roads.

4. The committee in making this study is directed to consult and cooperate with agencies named in paragraph 3 hereof and also with any group or groups which may be appointed by the Governor for the purposes of this study.

5. The Department of Roads shall secure such funds as may be needed and available from the Federal Bureau of Public Roads for the financing of any or all aspects of the study, which funds shall be disbursed in the same manner as other federal aid funds appropriated to the Department of Roads, except such expenditures shall be made only pursuant to the approval of the Legislative Council.

6. The committee shall also secure and utilize the cooperative assistance of counties, cities, and villages in the conduct of such study.

Legislative Resolution #1 was referred to Executive Board of Legislative Council.

INAUGURAL ADDRESS OF GOVERNOR FRANK B. MORRISON

January 3, 1963

MR. PRESIDENT, MR. SPEAKER, CHIEF JUSTICE AND ASSOCIATE JUSTICES OF THE SUPREME COURT, AND SENATORS OF THE SEVENTY-THIRD SESSION OF THE LEGISLATURE OF THE STATE OF NEBRASKA:

We are met at a great crossroads in the history of the State of Nebraska. Never before has the state faced a series of more vital choices affecting its economic, sociological and political future. In the hands of Nebraska's state government lies not only the responsibility for the welfare of the state during our present term of office, but also the responsibility for the direction which this state and, in part, this nation will take in the years to come. We face great challenges and great opportunities. We propose to meet these challenges within the framework of the democratic processes. In a democracy, no man—whether he be in the executive, legislative, or judicial branch of government—always has his way. Successful

democracy is an organized society where all men give of their effort, their thought and their action, and the successful state is the composite result of the efforts of the many. A democracy is founded upon the concept that wise action results from informed, intelligent conflict of opinion. The greatest weakness in democracy is the tendency of men to attack each other instead of the problems that hamper their joint progress. Let us in our deliberation devote the best of our mental ability, our physical energy, and our steadfastness of purpose, in attacking the problems with which we are confronted, rather than devoting our energies to an attack upon those with whom we disagree. I share with you the desire and hope that Nebraska's Unicameral non-partisan legislature shall be a model of legislative responsibility, efficiency and accomplishment for all America. I welcome you as partners in the moral responsibility of achievement.

It is appropriate before considering the details of state government to set this term in perspective, to describe the problems and challenges which face us, if possible, define our place in history and illuminate the future paths which will lie open to this great state. Symbolic of our touch with the transition of Nebraska is the fast-approaching centennial anniversary. That event commemorates the hundredth anniversary of the birth of this state and celebrates the pioneer spirit which brought it into being, gave it life and vitality, and built the great institutions which now describe its character. From the land which Thomas Jefferson, author of the Louisiana Purchase of which we are a part, once described as an "immense and trackless desert" our forefathers built the most productive agricultural area of the nation. This semi-arid region whose productivity is not ony envied by the nation, but the entire world, supplies much of the food for America and every year sends huge quantities of agricultural products overseas.

It is fitting that our centennial occurs at a point of great change in the economy of the State. Our economy has been almost wholly dependent upon agriculture for its growth in the past; consolidation of farming units and the mechanization of agriculture has created the necessity of new employment opportunities if we are to retain our population. We are now realizing the importance of attracting other industries to our state and giving encouragement to the expansion of our domestic industrial economy. This effort can bring benefit to both our rural and urban citizens and achieve a better balance to our economy. The importance of industrial growth should cause us to re-examine and re-analyze the action which our state government is taking to encourage such growth.

As I stated in my first inaugural address, the theme of our administration would be "Nebraska must grow." The alternative to

growth is stagnation and decline. In approaching the future we must not abandon the courageous efforts of our forefathers to build this great state, but we must build anew upon the sound economic base which their efforts provided. In addition, our centennial occurs coincidental with a period when democracy is being challenged worldwide and where the integrity of our federal system is being challenged at home. There are those who say the mass of people are unable to select their own leadership with discretion and there are those who say that the states in our federal system have lost the ability and hence the right to govern themselves and respond to today's problems. There are those who say that the provision for the welfare of the citizens of the state must be made in Washington rather than in the states themselves. Increased reliance upon the federal government for solution of our social and economic problems can result in the stagnation of individual effort and the abrogation of state responsibility. We in Nebraska believe in the responsibility of the individual and that state government can and must work with the people in achieving social and economic progress and thereby arrest the necessity for federal intervention. We are here today to prove that the government of this state has the will and the ability to assume primary responsibility, not as a baby sitter for its people, but rather a modern tool in the hands of a responsible people to help them achieve their destiny. We believe that through the exercise of individual responsibility we can tap the potential abilities of our people so that our achievement in the years ahead will know no limit. We believe that we can accelerate our progress in the fields of agriculture and industry, that we can make of our state a cultural center for all America and that all avenues of human accomplishment shall be filled with purposeful living in this great heartland of America.

We propose to turn to the federal government only in those areas which seem essential to our forward march and where existing federal programs can be of assistance to us in achieving our higher standards of civilization.

We renew our faith in the federal system which has made of America the bulwark of human freedom in a revolutionary period in man's history. The chief purpose of political society is for man to collectively preserve and develop his material and human resources for the broadening, deepening, and enrichment of his culture. To this end we are dedicated.

This is neither the time nor the place to outline in detail our past accomplishments nor to dwell upon all of the specifics for your legislative program, but propriety suggests on this occasion that we outline only in the broadest terms the accomplishments of the past and suggest a broad outline for legislative needs in this session.

BUSINESS

Our Division of Resources in the Department of Agriculture has done a remarkable job with a limited budget in aiding in our industrial development program. Over the past term of our present state administration, a great deal of our efforts have been concentrated on establishing Nebraska as a community which is attractive to business expansion. I feel that our efforts have borne encouraging results which illustrate the value of such activity by state government. However, we must not lose sight of the fact that though our business community is expanding and though more industries are being added to our state, over the past decade Nebraska business has not experienced the same rate of growth as the national average. We must realize that the attraction of industry is a highly competitive process and that efforts to improve our industrial position must be well planned, well organized and well executed.

In order to better enable us to organize our efforts to attract industry and tourists to our state, I am proposing that these efforts be concentrated in a new "Department of State Development." This department would carry the responsibility for promoting the economic growth of the state in general. Within the new department an industrial development division would focus its attention upon the increasing flow of industry into Nebraska and further developing industry already here. Given this central purpose, with proper staff and resources, the new division would help to make Nebraska's efforts competitive with those of other areas.

There has been a tremendous increase in travel in recent years. This will continue to accelerate. In some states today tourism is the chief industry. With an ever-increasing mobile society Nebraska must be in a position to attract its share of the tourist industry. There should be included in the new Department of State Development a division of tourism which would be responsible for promoting travel in the state. Various state agencies, local groups and chambers of commerce, as well as the Petroleum Institute and private industry, are engaged in tourist promotion. Mel Steen and the Game Commission have contributed leadership. The Governor's office has given much time to this project but the time has come when it must be coordinated in one agency.

The total focus of the new "Department of State Development" will be to bring to the attention of our own people and of men everywhere the tremendous assets of our state so that Nebraska will have its proper place as a leader in the economic development of America's heartland. Because of the great importance of this program, I assign primary emphasis in my legislative recommendations to the creation of the new "Department of State Development."

We shall, during the course of your deliberations, outline for your consideration our concepts of community planning and regional development of the resources of the various areas of our state.

EDUCATION

The human mind and the human soul are what differentiate mankind from the rest of nature. The human mind is responsible for the creation, the survival, and the advance of civilization. We will advance only to the extent that we cultivate our capacity to think. There is no ceiling upon our potential achievement if we put our joint minds to the task. Nebraska's as well as the world's greatest resource is the human mind. Education is the most important business in which we are engaged. We as men have only begun to learn the secrets of the universe in which we live. If we continue to discover these secrets we can build synthetically anything that we need for our own industrial economy and culture. Our own lack of vision is the only limiting factor in our forward march. The greatest scholars can never be bought and sold in the market place.

Higher education in its true sense is a search for truth and the application of truth to the solution of man's problems. Far too often it becomes the teaching of propaganda and dissemination of the teachers' acquired prejudices. Our duty is to promote education in its finer sense.

Our public school system, including our state colleges and university, are the product of political action. They in turn have the obligation to contribute to political progress. The greatest single need in Nebraska today is better understanding between the politician and the educator of their true objectives and responsibilities. Teaching in the public schools was once considered a mechanical process, which gave birth to the Normal Schools. Today we should consider it the highest expression of the total educational process. The Teachers College becomes a part of the University. We should look forward a few years to making our Teachers Colleges all a part of our State University complex of higher education, with coequal status, administered by the same Board of Regents.

Excellence in education is the foundation upon which we must build. We sit here today in the advent of the great new space age in which the air is the sea of tomorrow. Every Nebraska town is a potential seaport. In today's world, space, air, sunshine and water, and a properly educated and motivated human mind are the only resources that we need for unlimited accomplishment. As we find access to the unlimited power of nature and learn how to use it, a new sense of moral responsibility and knowledge of man's re-

lationship with man becomes necessary. Education in the humanities and social sciences must keep pace with scientific research or all of our materialistic accomplishments can come to an explosive end. We propose ever higher standards of educational excellence for our state and we realize that excellence in education demands, in addition to adequate facilities, new emphasis upon the teacher as the hub of society. To slight education would not only ignore our responsibility to our own children but would deprive the state as a whole of its future leadership upon which its progress depends.

It is evident that the width of our responsibility is increasing. The class of 1963 graduates from Nebraska high schools will be larger than its predecessors. The class of 1964 will include the first group of "war babies" and will be almost one-fifth larger than the class of 1963. The class of 1965 will be a full one-fourth larger than the class of 1964. Significant also is the fact that an ever increasing percentage of the students which make up these large high school classes are realizing that higher education is no longer a luxury but is now a necessity. As the enrollment statistics of our state vocational schools, university and state colleges testify, more and more of these forward looking students are seeking advancement.

We must not make the mistake of regarding these young people as a problem rather than an opportunity. We must not confuse our liabilities and our assets. This crop of youth, intelligence and energy constitutes the biggest single resource for the growth of the State of Nebraska. Properly cultivated, it will mature for the benefit and welfare of the entire state.

The cultivation of this resource and its harvest cannot be accomplished without much planning and hard work. This is our assignment of responsibility.

If we are to meet the challenge of the next decade, we must insure that our schools of higher learning have adequate capacity for the education of these students but, far more important, that they are manned with the best possible teachers. We must not only assess these needs in terms of today but also in terms of tomorrow. We must realize the central place that our great state university occupies in the future growth and welfare of the state. It has instructed more than 100,000 of our young people and today the population of the student body is at an all time high of more than 10,400. This figure is destined to double within the decade. As the one state university whose facilities are available to us, it will continue in the future to carry the increasingly heavy responsibility of educating our high school graduates.

We must not ignore the central importance of our university in the industrial and agricultural growth of our state. We are every

day aware of the great contributions made by the university's research laboratories to our agricultural industries. We must become aware of the similar importance which the university has for the industrial growth of our state. By furnishing trained people, by performing research and by attracting outside educated people to the state, the university will occupy an important place in the state's future industrial development. We must encourage the ability of the university to attract a professional staff which will make these goals realizable.

Our state teachers colleges are serving a dual function. As centers of higher learning, they provide opportunity for many of our young people to realize their educational ambition. As colleges of teaching, they furnish the people of the state with vitally needed teachers. The returns from our investment in our state teachers colleges are realized very bountifully and very soon as exemplified by the fact that over seventy per cent of those educated in these institutions remain in our state to teach. Again, we must seize upon the growth in their enrollment as a great opportunity for the future.

Our new emphasis upon industrial development demands new emphasis upon technical training in our high schools. These programs must be expanded. For those who seek post-high school graduate work in strictly technical fields we must provide adequate instruction at Milford and expand similar programs not only in our high schools but in our junior colleges and other institutions throughout the state. In approaching this problem let us be reluctant to spend money for additional buildings until we have adequately staffed and equipped existing facilities.

Our responsibility is to build a well rounded educational system to develop to its fullest our human potential.

Educational television is the greatest tool for expanding educational opportunities since the invention of the printing press. One of Nebraska's great opportunities lies in the utilization of this medium of education. With an exceptionally good beginning as one of the nation's pioneers in this field, we are now presented with the opportunity of utilizing educational television throughout the state. Such a program will better enable us to disseminate knowledge and instruction by greater use of the exceptional teachers available to us. I recommend to you the full implementation of a program to use the channels reserved and assigned to us by the Federal Communications Commission. Our Committee on Educational television has done a remarkable job and I commend for your consideration their report and recommendations.

Our Inter-agency Committee in the area of the mentally retarded has completed an excellent study and we are making progress in this area of education, but much needs to be done to expand this activity.

Perhaps the greatest challenge in modern education is the full development of the potential of the gifted child and we need to step up our educational opportunities for him.

AGRICULTURE

The latest production records of Nebraska agriculture attests to the hard work, hearty spirit and progressive outlook of the Nebraska farmer. We have just come through a history-making crop year. In 1962, the farmers of our state produced a whopping total of feed grains of 450,000,000 bushels, including an incredible new record for the production of corn at an average yield of 61 bushels per acre. Such production undreamed of a generation ago is not an accident. It results from the ability of Nebraska farmers to combine the pioneer qualities of our forebears with a progressive adoption of new agricultural methods and techniques. With this bountiful harvest made available to us through the efforts of Nebraska farmers, we must devote our efforts to the solution of the greatest problem facing our agricultural community today, the problem of markets. We must insure that our agricultural producers not only have a fair price for their products but that outlets exist for everything they can produce. Nebraska has taken the lead in state efforts to solve the market problem. The Industrial Uses Program initiated in 1959 places Nebraska in the forefront as a pioneer in the field of state effort in this direction. Accomplishment of Nebraska-sponsored projects include the Nebraskit, a group of balanced ration, ready-to-eat wafers and crackers, the potential use of which as a survival ration and for feeding hungry peoples throughout the world is unlimited: a food wrapping film made of amylose corn starch: paper manufactured from corn flour: highway marking paints with soybean oil content which resist wear: and a new soft detergent made from animal fats are but a few of the programs of research which are opening the door to expanded markets for our agricultural products. If we continue to expand this program for industrial use we can whip this so-called surplus problem. These markets are essential to our full economic development.

The fractionalization of grain with additional emphasis on expanding exports can greatly expand our agricultural marketing program. The Nebraska wheat commission has made progress in finding new markets abroad for our wheat production. Nebraska exports to foreign countries half of its present wheat production. We have a stake in the foreign market which we propose to protect

and to expand. By improving the quality of our export and economic exploitation of food concentrates we can compete with any state or any nation successfully in meeting the needs of modern civilization for food supplies.

We recommend a continuance and expansion of our agri-research program and its extension to other states and recommend that by resolution you invite the attention of the Congress of the United States to fuller participation in the expansion of markets in the direction which our experience has indicated is practical. I pledge you that our administration will do everything within our power to foster and promote these programs.

We can further upgrade our agricultural economy by expanding livestock feeding. I shall submit a separate message on this subject. Export of our feed grains should not be necessary. We should feed it.

INSTITUTIONS

The last session of the legislature created Department of Institutions in place of the old Board of Control. This has resulted in improved efficiency and responsibility of administration. The director of institutions and the advisory committee have made a study of our existing facilities and made a determination of our present status and needs which will be communicated to you during the course of your deliberations.

Our state institutional program is one of the most important activities of state government. It involves the lives and welfare of many human beings. Its administration involves an expenditure of thirty per cent of our state tax funds. At this time I wish to suggest legislation placing the penitentiary and men's reformatory under joint administration while preserving the independent character of each institution. This will effect further economies and responsibility of administration. This approach will permit the more effective utilization of manpower and facilities.

We expect our state institutions to be a part of our overall approach to psychiatry, anti-social conduct, probation and parole, so that institutional care and custody may be reduced to a minimum but remain a necessary part of our overall correctional system.

STATE HIGHWAYS

Some significant improvements have been effected in our highway department. At the beginning of our administration we invited the participation of the assistant chief of the Colorado Highway Department in analyzing our procedures. Our state highway engineer spent similar time in Colorado studying and exchanging

ideas with their department. This was followed by further conferences and seminars between personnel of the highway departments of the various states. An interchange of information with the Federal Bureau of Roads has been a part of our search for improved highway administration. We have continued and expanded regional hearings for an exchange of information between the highway user and the highway planner. As a result of this approach, improvements have been made in our operations. We are today spending more of our tax dollar in construction and less of our tax dollar in administration than ever before in the history of the state. We believe that the changes made during the present administration have been orderly and have improved our construction program.

Highway construction on our normal state highways will cover 1,160 miles during the current biennium. This represents an increase of 200 miles over the preceding biennium. This construction provides for the modernization of many miles of highway which through deterioration caused by increased traffic loads have become inadequate. It also provided resurfacing for sections which had served out their useful lives. Likewise, it provided for the replacement of a number of old, weak, narrow bridges with adequate structures for today's load. One of the more noticeable improvements has been the construction of dustless surfacing on many miles of previously graveled state highways. Each year slightly over 300 miles of graveled roads are being replaced with modern dustless highways. At the end of the current biennium, however, there will still remain 1,800 miles of graveled highways on the state system. At our current rate of progress, these should be replaced in the next five or six years and we believe that we should have a long range five-year construction program will will retire all of the graveled highways now on the state system.

As everyone knows, we started late on the interstate construction here in Nebraska. We were further hampered when contract controls made a portion of our unexpended balance unavailable to us for expenditure. I am happy to say, however, that during the past two years we have made great strides in catching up on interstate construction. During this two-year period we opened 50 miles of full standard interstate highway, including the important segment from Lincoln to downtown Omaha. Prior to 1961 only 25 miles of full standard construction and 3 miles of two-lane construction in Kimball County had been opened. Likewise, during 1961 and 1962 contracts were awarded on 95 more miles of full standard interstate construction. This compares with a grand total of 58 miles of similar type construction contracted in all prior years. Funds for the next two years should permit us to let the complete construction on approximately 77 miles of interstate work. Likewise, we will be able to let the grading and structures work on

approximately 30 additional miles. Under current revenue measures and with the federal funds available to Nebraska our next two-year program should be slightly larger than that for the past two years. We anticipate that we will have approximately $51 million during the biennium for construction of our primary and secondary state highways. The amount of money available for interstate construction during the same period will be approximately $50 million. Thus, the coming two years should see further highway progress.

Any citizen traveling over our state today can observe the effects of stepped up construction activity, as now many new roads are open to traffic or nearing completion. Likewise, there are many others in various stages of construction.

As you know, we have seen a decided shift of population to the cities in excess of 5,000 population. I do not advocate the use of any existing highway funds for street construction or maintenance in cities in excess of 5,000 population but I do believe that you should explore additional sources of revenue for state aid to these cities that are facing an acute street problem. We are badly in need of accelerated construction of access routes to our various state parks. I believe that revenue from increased gasoline consumption would more than pay the cost of construction of these roads, but you should explore additional sources of revenue for financing them.

HIGHWAY SAFETY

One of my great concerns as governor has been the increased waste and tragedy involved in automobile accidents, notwithstanding vigorous public information programs designed to alert motorists. Economic loss alone from accidents on our highways exceeds the entire general fund cost of state government.

There can be no question but that the state must accept responsibility for taking vigorous leadership in an accelerated attack upon this problem.

As a first measure to stop the carnage on our highways I strongly urge that additional highway patrolmen be added to our staff.

Studies have demonstrated that there is a direct relationship between illegal behavior on the highways and accident experience. This is shown by the experience in 1961 which had 261 fatal accidents with 322 deaths. Of these 261 accidents, 247 involved violations. Included in this 1961 experience were 200 fatal rural accidents resulting in 254 deaths and involving 190 violations. Among all accidents reported in 1961, 30,840, there was indicated a total of 30,942 violations.

There has been a substantial increase in miles traveled on our highways and it is expected that the planned addition of 170 miles to our interstate system before the end of the next biennium will result in still greater travel mileage. However, the addition of highway patrolmen alone is no solution to our problem of safety.

As a second measure, I recommend the enactment of a drivers' license re-examination program requiring a re-examination every four years of all operators.

As a third measure, I recommend the enactment of a program of state aid for driver education.

National and state safety leaders agree that driver education is a vitally important part of any balanced action program of traffic accident prevention. No other single element shows such promise for eventually producing a nation of safe drivers. Responsible surveys show the driving records of students successfully completing quality driver education courses are significantly better than those of young people who have not had the advantage of such training.

Only about a third of our students in Nebraska now receive driver education. Surveys have clearly shown that lack of money to budget for this vital program is the primary reason why more schools do not offer it.

Nearly 40 per cent of the states in the union now provide some form of financial aid for driver education and I urge that Nebraska join in this effort to make high quality driver education available to the young people of our state.

As a fourth measure, I recommend the establishment of a state safety office with a limited staff to assist in the coordination of official accident prevention and control activities under the direction of the governor's office.

Nebraska is one of only a few states in the nation which has no paid director of safety. All of our sister states in the surrounding area have already given recognition to the need by the creation of such a coordinating unit as I now propose.

In addition to effective internal coordination of official state safety activities, a state safety officer could perform the important function of providing appropriate communication between the official programs and activities and those being carried on by the newly formed Nebraska Safety Council and other citizen support organizations. This is extremely important as it is vital that we have citizen understanding of, and support for, our official programs.

As a fifth measure I recommend the use of reflectorized license plates.

As a sixth measure, consider making safety belts mandatory. Wearing safety belts alone could reduce fatalities 50 per cent.

There are many other constructive suggestions which could be made as a part of a total accident prevention and control program for Nebraska. All ideas which might offer a contribution to our goal should be given conscientious study by responsible agencies.

Among these other measures is the possible development of interstate compacts between states involving driver licenses and uniform safety standards. This program is now being advanced by the governors' conference and other responsible national groups interested in safety.

Periodic motor vehicle inspection is another safety measure which has strong advocates and which should be given study. The recodification of our traffic laws also deserves a place in our considerations and should be carried out as soon as practicable.

In short, no avenue which gives promise of contributing to a safer Nebraska should be overlooked in our search for progress in safety.

TAXES

Nebraska has the lowest per capita tax rate of any of the fifty states. I would like to see it remain so. The federal government is now faced with a situation where it was recognized that excessive taxation constitutes a brake upon the economy. The greatest challenge that we have is to maintain a balance between furnishing the state with needed services and at the same time keeping taxes within bounds of the ability of the taxpayer to pay without seriously impairing his ability to purchase consumer goods.

During both years of the current biennium we have reduced the tax levy for the general expenses of state administration. The levy in 1960 was 6.35 mills; the levy in 1961 was 6.33 mills. The levy in 1962 is 6.18 mills which reflects a reduction of .17 mills over the two-year period.

This performance, unique among state governments, has been made possible by an increase in tangible property valuations of 2% in 1961 over 1960 and by an increase of 2.7% in 1962 over 1961. This increase in tangible property valuations is attributable to our improving assessment facilities and the expanding economy of the state with its increased capital investment.

At the same time as the state government levy was being reduced the figures show local taxes levied in Nebraska were going up. This increase in local taxes levied by governmental subdivisions

in Nebraska amounted to an increase of 5.51% in 1961 over 1960. The total tax load to the Nebraska taxpayer therefore increased in the biennium even though we were reducing the tax levy at the state level. Localities now crying about high taxes voted it upon themselves. Local taxes percentagewise are increasing faster than either state or federal taxes. The place to start examining taxes is at home.

The state has conducted a vigorous campaign to assist local tax officials in getting property upon the tax rolls. This has resulted in the adding of considerable property which has been omitted or under-valued in the past. In addition, the state tax officials have assisted the various county boards of equalization in making re-appraisals where necessary. All tax loopholes should be plugged. We still need far more uniformity in assessment approaches and valuations.

One of the most urgent areas of need for legislation correction is the matter of tax exemptions. The procedure for granting or refusal of an exemption should be more fully spelled out in the statutes and provisions should be included for mandatory periodic review. A procedure should be established under which the State Tax Commissioner either determines the matter of exemptions or reviews the determination of exemptions that has been made by the local taxing agencies. Although we have been able to reduce the state tax levy, we must recognize that it is unlikely that we can continue to do so. The need for expansion of certain state functions and activities is pointed out elsewhere in this message, and state government is no different from private business in that costs of operation at present levels are increasing. We must be aware of the fact that expanding needs for revenue, particularly in the field of education, demands additional funds. We cannot continue to increase property taxes indefinitely. I have been in hopes that the federal government would make available to the states a percentage of the income tax or other sources of revenue now used by the federal government, pursuant to the unanimously adopted resolution at the Governors' Conference. It is questionable whether the incoming Congress will enact such a program, but I urge you to request it to do so. Such an act on the part of the Congress would render unnecessary, in my opinion, any expansion of the tax base over that hereinafter indicated.

As immediate sources of revenue we recommend that the various provisions for fees and service charges for state services be examined to determine whether they are commensurate with the services rendered, and to make more state activities which are specific in nature self-supporting through service charges. I also recommend an increase in cigaret taxes, liquor taxes, and pari-mutuel betting

taxes. For example, an increase of two cents per pack on cigaret taxes would return a sum to the state of about the same as one mill increase in property taxes.

I shall not support a general sales or income tax because all other equitable sources of revenue have not been exhausted and the state tax enforcement structure has not been perfected. It is therefore obvious I could not and will not lend my support to any general sales or income tax under the present state of the record.

SOIL AND WATER CONSERVATION

The state soil and water conservation program has brought to the State of Nebraska national recognition, but we have barely started to move in this direction. As long as one drop of flood water runs out of the state without performing some useful economic function, our job is not done. This is a long-range program that should be projected over the next 25-year period. We must step up our Watershed Development Program and our basin-wide approach to soil and water conservation practices. Cooperation with the agencies of federal government involved through state legislation and appropriations will pay big dividends in the economic development of Nebraska's future. Water retention structures, improved permeability of the soil, grass ways, terracing, contour farming, and crop rotation are vital in this program. We plan on inaugurating this year an afforestation and reforestation program designed to plant millions of trees all over Nebraska as a check to soil, water and wind erosion and as a beautification measure. To this program we invite your attention individually and collectively. Nebraska is the tree planter state, but to live up to our title we have a long way to go.

PUBLIC POWER

Nebraska is the only state in the union which is 100% public power. Our great public power system and our rural electrification expansion has brought an abundance of low cost electricity to our citizens everywhere. Nebraska's great grid system is an important asset in our industrial development program. We have at Hallam one of the nation's first atomic power reactors. The radioactive sodium which constitutes a by-product of this reactor should be fully utilized for research in the areas of medicine and industry.

Unfortunately, rivalry and conflicting jurisdiction between various power districts has resulted in unnecessary litigation and cost to the power user. This is a serious problem. There has now been demonstrated that a legislative approach to the solution of this rivalry is necessary. I invite your attention to legislative proposals to be submitted to you designed to correct this situation.

NEBRASKA RESEARCH INSTITUTE

Full development of industrial research requires a bridge between the research conducted at the university and the demands of industry for new techniques. Your last session set up the Nebraska Research Institute. It must have funds with which to work if it is to succeed, and I again invite your attention to appropriating the state's unclaimed property for this necessary and important public service.

SPACE FOR STATE AGENCIES

A space utilization study of the State Capitol and all offices occupied by the state government in Lincoln is needed. With approval of the Capitol Building Commission, I plan to have such a study made. This study should give recommendations on the use of space within the Capitol, and future space to cover the state needs for at least ten years. Various state agencies are today renting space in downtown Lincoln. This is not economical. This is not consistent with good state administration. The state should construct an office building of size sufficient to meet the state's housing needs for the next ten years. Such a study should recommend the type, size and location of such a state-owned facility.

CARE OF THE AGING

Nebraska, as every other state, has a present responsibility to take care of the older generation. The extension of the life span has created many problems when coupled with increased costs of medical care and hospitalization. In order to properly exercise the responsibility of the state in this area and take advantage of federal funds available for the purpose, I strongly urge that our state participate in the Kerr-Mills program and enact necessary legislation to implement it.

PURCHASING

The State Purchasing Department has effected substantial improvements with resulting savings to the state. We have instituted a program of weekly meetings of "Standards and Specifications Committee" to improve practices of state purchasing. We have expanded competitive bidding and it should be still further expanded. Excavation has been made in the basement of the state house to provide additional storage space to enable the state to buy in larger quantities. Single bidders on state purchases have largely been eliminated, and increased competition and enlarged volume purchases have afforded substantial savings. It is my judgment that sufficient studies have been made in the past to warrant the establishment of a state motor pool to promote lower transportation costs by state

officers and employees. There are some 160 vehicles based at the state house. A motor pool, properly organized and equipped, should substantially reduce the number of automobiles required for state use.

BUDGET CONTROL AND FISCAL MANAGEMENT

A report was recently submitted to the Legislative Council by a study committee under the chairmanship of Senator Marvel. In this report certain recommendations were made in the field of budget control and fiscal management. Two recommendations were made which I endorse for your consideration. One of these calls for a professional study of accounting systems and practices of state agencies and the establishment of standard accounting procedures using modern techniques and practices. The other recommendations which I endorse calls for professional study of personnel classification salary scales. I became more keenly aware of the need for more standardization in this regard during our recent hearings on budget requests.

RETIREMENT SYSTEM

We must approach the necessity of instituting a statewide retirement system to become competitive with private enterprise in retaining competent personnel. I invite your considered attention to this problem.

CONCLUSION

Time will not permit further discussion of legislative recommendations nor an analysis of past accomplishments, but I can again report to you that material progress has been made in Indian crafts and trades, tourist promotion, law endorcement on the Indian reservations, interstate cooperation, and many other areas of mutual interest.

I shall from time to time send to you special messages on various subjects and upon suggested legislation. I invite all of you to call upon me at your convenience and assure you that the governor's office and all of its staff are available to you for consultation at any time. We welcome the opportunity of working with you in helping write the history of a great people. Working together we can build as great a tomorrow as our vision dictates.

There is inscribed for our guidance over the south portico of this, the most beautiful governmental building in all of the world, this inscription:

"Political society exists for the sake of noble living."

Let us remain loyal to this concept of our duty.

I would like to invoke divine guidance in our joint efforts, to measure up to our historic responsibility.

Announcements

Speaker Moulton announced that a reception would be held in the Governor's office.

Governor Morrison was escorted from the Chamber.

Lt. Governor Burney was escorted from the Chamber.

The Chief Justice, Associate Justices, and Judges of the Supreme Court were escorted from the Chamber.

The State Officers were escorted from the Chamber.

The Morrison Family, the State Officers' wives, and other honored guests were escorted from the Chamber.

Speaker Moulton announced the following distinguished guests were present from the State of Louisiana:

Carroll Proctor
Jimmie Davis

Adjournment

At 3:25 p.m., on a motion by Mr. Klaver, the Legislature adjourned until 10:00 a.m., Friday, January 4, 1963.

Hugo F. Srb
Clerk of the Legislature

FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, January 4, 1963

Pursuant to adjournment, the Legislature met at 10:00 a.m., President Burney presiding.

Prayer was offered by the Chaplain.

The roll was called and all members were present except Mr. Skarda who was excused, and Mr. McGinley who was excused until 10:30.

Invitations

The Nebraska Cooperative Council cordially invites all Senators and their wives to attend their annual meeting banquet on Monday, February 11, 1963, at 6:30 p.m. at the Hotel Cornhusker.

An invitation was extended to the members of the Legislature and their wives from the Kearney Chamber of Commerce to visit the three state institutions located in Kearney.

Report—Revisor of Statutes

January 7, 1963

Hon. Hugo Srb,
Clerk, Nebraska State Legislature,
State House,
Lincoln, Nebraska.

Dear Mr. Srb:

I hand you herein, for consideration by the Legislature, the report prepared by the Revisor of Statutes pursuant to the provisions of section 49-702, Reissue Revised Statutes of Nebraska.

Yours very truly,

(Signed) Walter D. James

REPORT OF JUDGES OF THE SUPREME COURT AS TO DEFECTS IN CONSTITUTION AND LAWS OF NEBRASKA

To the Members of the Seventy-third
Session of the Nebraska Legislature:

Section 49-702, Reissue Revised Statutes of Nebraska, 1943, places upon the Revisor of Statutes the duty of preparing the report of the Judges of the Supreme Court as to defects in the Constitution and laws of Nebraska, and to draft in the form of bills legislation to carry out the recommendations contained in the report.

A report has been made to each regular session of the Legislature since the office of Revisor of Statutes was created in 1945. The process of correcting mistakes in legislation is a continuing one. The office of Revisor of Statutes serves as a clearing house for the reporting of mistakes in existing laws. Corrective legislation is then drafted to cure the defects. This year the Revisor of Statutes has prepared and submits for consideration thirty-two bills for that purpose.

Another of the duties imposed upon the Revisor of Statutes is to prepare and publish replacement of permanent volumes of the statutes. Replacement volumes can only be issued upon specific authority of the Legislature. Commencing in 1947, each regular session of the Legislature has authorized the reissuance of specific volumes. In this way the statutes have been kept current. This year, a bill is being submitted to reissue volumes II and IIA.

The bills that have been prepared to accompany this report will be delivered upon request to the Chairman of the Committee to which this report is referred.

Respectfully submitted,
Walter D. James
Revisor of Statutes

Announcement

"This is to advise that at a recent meeting of the Rules Committee, Senator Russillo was elected as Vice-Chairman of this committee." (Signed) Don Thompson, Chairman.

Notice of Committee Hearing

A meeting of the Rules Committee has been scheduled for Thursday, January 10 at 1:00 p.m. in the West Senate Lounge. (Signed) Don Thompson, Chairman.

The President called attention to the fact that committee hearings are set for 2:00 p.m., while the above committee will meet at 1:00. No objections. So ordered.

Discussion

Mr. Carpenter began a discussion on the printing of bills. After some comments from various members, Mr. Srb was instructed to contact the printer and ask him to hold up the printing of the longer bills so that there would be no delay in getting the shorter ones delivered. This would enable the committees to schedule meetings.

Announcement

Mr. Marvel announced that the Budget Committee set the hearings today and Thursday at 1:30.

Resolution

LEGISLATIVE RESOLUTION 2. Re: Commemoration of the first Soil Conservation District organized in the State of Nebraska.

Introduced by Ross H. Rasmussen, 11th District.

WHEREAS, the 1937 session of Legislature in passing L. B. 553 made possible the organization of Soil Conservation Districts, and

WHEREAS, January 8, 1963, will mark the 25th anniversary of the organization of the PAPIO District in Washington County, the first district to be organized in the State of Nebraska, and

WHEREAS, Nebraskans take pride in the fact that all agricultural land within the state was included in districts by 1950 and Nebraska has been in the forefront in promoting soil and water conservation to protect the two most precious natural resources within the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN THE SEVENTY-THIRD SESSION ASSEMBLED:

1. That this Legislature joins in offering a commendation to the PAPIO Soil and Water Conservation District, its supervisors, its cooperators, and all of those who have assisted in any way in beginning this conservation movement of which all Nebraskans can be justly proud.

2. That the Clerk of the Legislature forward a copy of this Resolution, suitably engrossed, to the Papio Soil and Water Conservation District at Blair, Nebraska.

Unanimous Consent—Add Co-introducers

Mr. Gerhart requested that the name of E. Rasmussen be added to LB 59. No objection. So ordered.

RESOLUTION

LEGISLATIVE RESOLUTION 3. Re: Need for additional space for various departments of State Government.

Introduced by Terry Carpenter, 42nd District.

WHEREAS, the present capitol building is overcrowded and there is urgent need for a state office building to provide space for various departments of state government, as pointed out by the Governor in his inaugural address to this Legislature, and

WHEREAS, it has been reported that the Department of Roads will seek authorization for erection of additional office space in the City of Lincoln but at some distance from the present capitol building; and

WHEREAS, it is desirable that all state officers and state departments be concentrated in one area rather than scattered throughout the city, so that individuals having business to transact with the state can readily find and contact the office involved, as well as for reasons of economy and good administration.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Director of Research of the Legislative Council assemble figures showing the amount of rental being paid by the State of Nebraska for office space in Lincoln outside the capitol building, and indicating the location and occupant of such office space, as well as the location and occupant of other space owned by the state in Lincoln and occupied by state government offices, and that he make such information available to the State Building Commission and to the Legislature.

2. That the State Building Commission, of which the Governor and State Engineer are members, report to the present session of the Legislature on or before March 1, 1963, on the feasibility of constructing, on a site adjacent to the present capitol building, a state

office building adequate to the needs of the Department of Roads for additional space, with provision to construct additions to such building as funds become available from time to time in order to relieve crowded conditions in the state capitol and provide needed office space for other departments of state government.

RESOLUTIONS

LEGISLATIVE RESOLUTION 4. Re: Memorializing Congress to call a convention for the purpose of proposing an amendment to the Constitution of the United States relating to Article V thereof.

Introduced by Hal Bridenbaugh, 13th District, Cecil Craft, 38th District, Kenneth L. Bowen, 32nd District and Terry Carpenter, 42nd District.

Be it Resolved by the Members of the Nebraska Legislature in Seventy-Third Session Assembled:

that this Legislature respectfully petitions the Congress of the United States to call a convention for the purpose of proposing the following article as an amendment to the Constitution of the United States.

"ARTICLE .....

"Section 1. Article V of the Constitution of the United States is hereby amended to read as follows:

The Congress, whenever two-thirds of both Houses shall deem it necessary, or, on the application of the Legislatures of two-thirds of the several states, shall propose amendments to this Constitution, which shall be valid to all intents and purposes, as part of this Constitution, when ratified by the Legislatures of three-fourths of the several states. Whenever applications from the Legislatures of two-thirds of the total number of states of the United States shall contain identical texts of an amendment to be proposed, the President of the Senate and the Speaker of the House of Representatives shall so certify, and the amendment as contained in the application shall be deemed to have been proposed, without further action by Congress. No State, without its consent, shall be deprived of its equal suffrage in the Senate.

"Section 2. This Article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the Legislatures of three-fourths of the several states within seven years from the date of its submission."

Be It Further Resolved that if Congress shall have proposed an amendment to the Constitution identical with that contained in this resolution prior to January 1, 1965, this application for a convention shall no longer be of any force or effect.

Be It Further Resolved that a duly attested copy of this resolution be immediately transmitted to the Secretary of the Senate of the United States, the Clerk of the House of Representatives of the United States and to each member of the Congress from this State.

LEGISLATIVE RESOLUTION 5. Re: Memorializing Congress to call a convention for the purpose of proposing an amendment to the Constitution of the United States.

Introduced by Hal Bridenbaugh, 13th District, Cecil Craft, 38th District, W. H. Hasebroock, 12th District and Terry Carpenter, 42nd District.

Be it Resolved by the Members of the Nebraska Legislature in Seventy-Third Session Assembled:

that this Legislature respectfully petitions the Congress of the United States to call a convention for the purpose of proposing the following article as an amendment to the Constitution of the United States.

"ARTICLE _____

"Section 1. No provision of this Constitution, or any amendment thereto, shall restrict or limit any state in the apportionment of representation in its legislature.

"Section 2. The judicial power of the United States shall not extend to any suit in law or equity, or to any controversy, relating to apportionment of representation in a state legislature.

"Section 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the Legislatures of three-fourths of the several States within seven years from the date of its submission."

Be It Further Resolved that if Congress shall have proposed an amendment to the Constitution identical with that contained in this resolution prior to January 1, 1965, this application for a convention shall no longer be of any force or effect.

Be It Further Resolved that a duly attested copy of this resolution be immediately transmitted to the Secretary of the Senate of the United States, the Clerk of the House of Represntatives of the United States and to each member of the Congress from this State.

LEGISLATIVE RESOLUTION 6. Re: Memoralizing Congress to call a convention for the purpose of proposing an amendment to the Constitution of the United States.

Introduced by Hal Bridenbaugh, 13th District, Cecil Craft, 38th District, Kenneth L. Bowen, 32nd District and Terry Carpenter, 42nd District.

Be it Resolved by the Members of the Nebraska Legislature in Seventy-Third Session Assembled:

that this Legislature respectfully petitions the Congress of the United States to call a convention for the purpose of proposing the following article as an amendment to the Constitution of the United States.

"ARTICLE .....

"Section 1. Upon demand of the legislatures of five states, no two of which shall share any common boundary, made within two years after the rendition of any judgment of the Supreme Court relating to the rights reserved to the states or to the people by this Constitution, such judgment shall be reviewed by a Court composed of the chief justices of the highest courts of the several states to be known as the Court of the Union. The sole issue before the Court of the Union shall be whether the power or jurisdiction sought to be exercised on the part of the United States is a power granted to it under this Constitution.

"Section 2. Three-fourths of the justices of the Court of the Union shall constitute a quorum, but it shall require concurrence of a majority of the entire Court to reverse a decision of the Supreme Court. In event of incapacity of the chief justice of the highest court of any state to sit upon the Court of the Union, his place shall be filled by another justice of such state court selected by affirmative vote of a majority of its membership.

"Section 3. On the first Monday of the third calendar month following the ratification of this amendment, the chief justices of the highest courts of the several states shall convene at the national capital, at which time the Court of the Union shall be organized and shall adopt rules governing its procedure.

"Section 4. Decisions of the Court of the Union upon matters within its jurisdiction shall be final and shall not thereafter be overruled by any court and may be changed only by an amendment of this Constitution.

"Section 5. The Congress shall make provision for the housing of the Court of the Union and the expenses of its operation.

"Section 6. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the Legislatures of three-fourths of the several states within seven years from the date of its submission."

Be It Further Resolved that if Congress shall have proposed an amendment to the Constitution identical with that contained in this resolution prior to January 1, 1965, this application for a convention shall no longer be of any force or effect.

Be It Further Resolved that a duly attested copy of this resolution be immediately transmitted to the Secretary of the Senate of the United States, the Clerk of the House of Representatives of the United States and to each member of the Congress from this State.

BUDGET MESSAGE
OF
GOVERNOR FRANK B. MORRISON
TO THE LEGISLATURE OF NEBRASKA
January 21, 1963

Mr. President, Mr. Speaker, Senators of the
Seventy-third Session of the Nebraska State Legislature:

At the time I made my last budget recommendations to you two years ago I suggested that the message was only advisory and should not be regarded by you as binding and conclusive, partially because of the short time and lack of staff available to a new Governor who had not had experience in dealing with state budgetary problems. At that time I certainly felt that two years later I would be in a much better position to make meaningful recommendations in all budgetary matters.

Since then, I have spent many long hours in an effort to serve the people in a way that would promote the public interest. Today, as Governor I am faced with making new budget recommendations to you for the ensuing biennium. My experience as Governor has given me an insight into the complexity of the many departments directly under my jurisdiction, the problems of our great educational institutions, and those of the many boards and commissions functioning as part of our state government.

The Budget Committee of the Legislature has recognized this problem of intelligently analyzing the financial needs of government by spending many hours studying the budget with the aid of a full-time staff. The Budget Committee is still in a much better position to analyze many of the fiscal needs of the state because of the interim study made by a fiscal analyst. No corresponding staff has been available to the Governor for such a study, and for that reason I hope that you do not regard this budget message as final authority on the needs of various agencies of state government, but only to be considered by you along with all other pertinent evidence and testimony available to you in the course of your deliberations.

In order for a Governor to properly carry out his responsibility in the area of analyzing the needs of these departments, boards, and commissions and recommend procedures for improvement and econ-

omy, it is absolutely essential that additional personnel be provided in the Tax Commissioner's office to carry out this function. For this reason I have recommended the full budget request of the Tax Commissioner and also that an additional amount of $30,000.00 be appropriated to that office so that in the future the recommendations of the Governor's office for a budget can be considered as much more authoritative than is now possible in view of the limited staff in the Tax Commissioner's office available for budget analysis.

As stated in my inaugural address, Nebraska enjoys the lowest per capita tax rate of any of the fifty states. We hope to keep it this way, even though the programs I have recommended and hope to see inaugurated for the benefit of Nebraska so that it may grow will cost money. The areas in which I have recommended these additional expenditures are the areas in which I consider we are making investments in the future—investments that will return many dividends to the State of Nebraska. There is a difference between expanding the operational costs of government itself and investing money in the development of the material and human resources of the state to produce additional wealth in the future. The state must invest in the future just as any organization or business must if it is to realize its full potential.

The expenditures set forth in my budget recommendations before you will amount to an increase for the next biennium. Many of these additional expenditures are in specialized areas to be paid for by income from increased service fees. For part of these expenditures I have already recommended specific tax increases for added revenue.

It is estimated that there will be a three per cent increase in the assessed valuation of the state. This in addition to the improvements that I hope will be brought about by legislation to get more of the tangible and intangible property on the tax rolls will enable us to keep any increase in our state tax levy extremely low.

I wish to say at the outset that I hope no increase in the property tax levy will be required, but I do not wish to see the areas in which we are making an investment cut in such a way as to damage our forward movement. To do other than this would be a failure to live up to the responsibilities vested in me as your Governor.

In making my recommendations I have given special consideration to those areas in which I felt we were making an investment in the future instead of an expenditure for housekeeping functions.

In this area Education ranks at the top of the list. This is our most important activity and one in which the entire future of the state and nation depends in large degree.

With reference to the recommended budgets for higher education, particularly the University and Teachers Colleges, we have recommended approximately a twenty per cent increase over the last biennium. We regard this as an absolute minimum which cannot be reduced without damage to the state. We must attract some high-ranking scientists to enable us to obtain foundation grants and endowments. Some of the colleges are badly in need of new equipment to modernize them. Classic examples are the Dental College at the University and the Scientific Laboratories at Kearney Teachers College. We are badly in need of additional full-time staff at the College of Medicine. Spasmodic biennial approaches to budgeting in our long-range educational needs in my opinion is not the proper procedure. A ten-year improvement program for higher education in Nebraska should be set up, realizing that over the next ten years it is going to be necessary to double our budget for higher education. There should be closer coordination and cooperation between the University of Nebraska, the Teachers Colleges, and other tax-supported institutions of higher learning. With proper planning, cooperation and coordination between all of these educational institutions and the legislative and executive branches of government, this goal can be achieved. At this time I can see no plateau in the forseeable future of either budgets or programming for higher education, but it is going to be a constant climb. I am prepared to fight for this ten-year program and centralized administration of our higher educational complex. We must build this, not competitive with the Big Eight, but as good as anything in America.

This budget recommendation provides additional funds for faculty and facilities at the Milford Trade School, and in addition to that I hope that you will consider the possibility of state-subsidized technical programs in the junior colleges and in addition thereto, in assessing the budgets for the Teachers Colleges, particular emphasis be given to expansion of the technical training program and facilities of each of the institutions which are now offering some excellent technical training and creating employment opportunities both by inspiring the student to undertake founding his own small industry and also training him in both teaching and service in existing and potential industrial establishments within our state. The state has entered into a manpower training program which will not require during the coming biennium any contribution of state funds but should contribute materially to expanding our trained labor force.

There is a need to have more vocational and technical training available in our high schools to those students who are not going on to college. I recommend to you a Legislative Council study to determine to what extent the state should subsidize such training in our high schools in the future.

Since these technical programs will take some time to develop, I have recommended that the Vocational and Technical School at Milford be given a sizeable increase in its budget over the last biennium to meet the demands being placed upon that school. This should place the buildings now in existence at the Milford School close to their capacity for training students. I do feel that the Milford School should be developed to its full capacity along with the other educational institutions in the state before we get into the area of developing entirely new institutions.

Highway safety, as I pointed out in my inaugural message to you, is a perplexing problem and we recommend the following:

(1) A budget sufficient to add an additional 60 patrolmen to our present force.

(2) The establishment of a driver education program in the high schools of the state under state aid to be financed through an increase in the drivers' license fees. A bill with these provisions will be introduced in the near future.

As pointed out in my inaugural message, we need a full-time safety director responsible to the Governor's office. In the event you establish a Department of State Promotion, the extra assistant in the Governor's office, whose time is now largely devoted to tourism, could be replaced with a State Safety Director operating under the same budget.

You will be and are presently faced with requests for salary increases for state officials. May I say at the outset I have no personal interest in the salary changes you will consider. Law prohibits a change of salary for the department heads during the term for which they were appointed, so the recommended changes will not occur during this present administration.

I ask each of you to take an objective look at all salaries set forth by statute. In order that the next Governor of Nebraska can get capable people to serve for him or to retain those now in office you should make it possible for him to offer salaries in keeping with responsibilities. I wish to express the same feeling for the salaries of elected officials so that we will continue to have capable, well qualified candidates file for every elective position.

I would like to cooperate with you in taking an overall look and re-evaluating our whole salary schedule. The present salary schedule has developed somewhat at random and in a haphazard way.

Most large private business concerns and industries have adopted comprehensive retirement plans. In order to become competitive with private enterprise in attracting and retaining competent per-

sonnel, many states have adopted state-wide retirement systems. It is becoming increasingly evident that we must approach this problem. I direct your attention to the report of the Legislative Council committee on this subject which recommends the introduction of the bill contained in that report. Under the plan proposed, the cost to the state would require an additional general fund levy of about one-eighth mill plus cash and federal funds now available to the various state agencies.

In my inaugural message to you I referred to a report to the Legislature by the Budget Committee in which recommendations were to be made for a professional study of accounting systems and practices of state agencies. The expansion of the electronic data processing is also vital. I also endorse the recommendation for a professional study of personnel classification. The Budget Committee has been diligent in its investigation of these areas. I commend its members for this. The findings of these studies on accounting procedures, electronic data processing, and the establishment of a permanent personnel division should certainly be implemented.

I respectfully request that the division of the present Institutional and Military Department Building Fund receive careful consideration to determine if it is now being properly distributed or whether a new distribution might be in the best interest of the state.

A little history on this matter should be considered. In 1957 the distribution allowed the then Board of Control twenty per cent for the institutions under its jurisdiction. Since that time the fund as been redistributed, leaving the present Department of Institutions with eleven per cent. In reality this is a reduction of six per cent, since the School for the Deaf and the School for the Blind were given a separate fund of three per cent.

I do not know why other departments of state government were increased at the expense of the unfortunate persons committed and living in our state institutions. During the past year, under new administration, the spotlight has been returned to the dire needs of our state institutions. The most serious, of course, is at the Beatrice State Home. There is no question but that the amount allocated the Department of Institutions should be increased to meet the backlog caused by the unfortunate reduction of the levy to the state institutions.

In a recent meeting of the Capitol Building Commission a space utilization study was authorized. This study is to provide a complete report on the utilization of the space now available in the Capitol, the amount of space that will be needed over the next

ten years, and what should be done in the way of a future office building. Matters which will need to be considered by your honorable body are the cost of renting space outside the Capitol and the time lag between the decision to build and the completion of an office building. The suggestion made by Senator Thompson that this might be a worthy project for the Centennial Commission in the construction of a Centennial Building which would also serve as an office building should certainly be given serious consideration.

The number one need as visualized by me is the creation of a separate Department of Economic Development to better promote industrial expansion, state planning and tourist promotion. In my budget submitted to you I have recommended an amount of $230,000.00 for tourist promotion in the Game, Forestation and Parks Commission budget and $318,300.00 in the Resources Division budget for industrial development and planning. In establishing a separate Department of State Economic Development all funds herein set forth in the Game, Forestation and Parks Commission budget for tourist promotion and the entire Resources Division budget should be considered as the budget for the new Department of State Economic Development.

I have previously recommended the establishment of a Motor Pool. This will most likely take an original investment by the state, but will result in an overall savings. At the last Capitol Building Commission meeting, I as Governor was directed to explore the possibility of having private enterprise construct and operate a motor pool for state vehicles on a fee basis. As soon as this information is available I shall supply you with it.

The Nebraska Research Institute which was established by the last session of the Legislature is badly in need of funds. Research institutes in other states have become self-supporting after the initial investment was made. In this light I recommend to you that the income from an abandoned property law would be very appropriate for financing this institute. The income from such a law would be rather sizeable the first year and then would rapidly decline. This would fit the needs of the Nebraska Research Institute.

The budget recommendation for the Soil and Water Conservation Committee is an absolute minimum. I consider this area one of those which is an investment. Therefore I would earnestly request no reduction in it by your body.

I believe that the development of Educational Television is vital to our state and that it should be adequately financed. For this reason I recommend that a levy of .33 mill be provided to implement the program.

In order to finance the Kerr-Mills bill I am informed an appropriation of $1,200,000.00 will be needed for the biennium to match federal funds for a program that would give assistance to approximately three per cent of those people over 65.

There is a need for the state to offer assistance to cities over 5000 population, just as is now being done for the smaller towns, in the improvement of the highways through the towns. I would like to have your honorable body give careful consideration to an increase in the license fees of motor vehicles to finance this program.

Your Capitol Building Commission during the past two years has had studies made with reference to the cost of air conditioning the State Capitol. I commend for your consideration a report made to the Capitol Building Commission by the engineering firm of Henningson, Durham and Richardson. The estimated cost of air conditioning the Capitol Building is the sum of $1,000,000.00. By the end of this biennium there will be approximately $700,000.00 available for this purpose, which would mean an additional $300,000.00 should be appropriated for this purpose. The Capitol Building Commission has directed me as Governor to request that you set forth in your budget this sum of money to enable us to complete the air conditioning of the Capitol Building. The resulting increase in efficiency of state employees during the summer months and the necessity of keeping working conditions in conformity with private enterprise make it necessary that this program be undertaken. In addition thereto, individual rooms within the building are being air conditioned by units which damage the beauty and aesthetic appearance of the Capitol Building, and a progression of this policy is something that cannot be tolerated.

The study made of air conditioning indicates that while some money might be saved by the installation of cooling towers on state property adjacent to the Capitol Building, the additional cost of piping the chilled water from the State University would soon be offset by a savings in cost of operation of the cooling towers in the vicinity of the Capitol Building. Taking into consideration the loss of valuable ground adjacent to the Capitol, together with spoiling the aesthetic beauty of the adjacent area, we highly recommend a joint arrangement with the University of Nebraska for piping chilled water from the University campus to the State Capitol Building. In the construction of the pipes, consideration should be given to additional capacity for the air conditioning of any office facility constructed by the state for state office purposes in the Capitol area.

In 1967 Nebraska celebrates its 100th anniversary. It is fitting and proper that we observe this great year in our history. To that end I have requested an appropriation of $65,000 for the next bi-

ennium. The observance of our centennial can and must develop into an occasion of national significance.

SUMMARY

The total amount of the general fund budget submitted to you by me for the biennium amounts to		$91,548,709
Other programs not included but recommended by me in this message are:		
State Retirement System	$ 800,000	
Educational Television	2,000,000	
Kerr-Mills Program	1,200,000	
Tax Commissioner's office	30,000	
Driver Training Program	1,600,000	
		5,630,000
For a total of		97,178,709
I am proposing additional revenue be raised as follows:		
Increase tax on cigarettes	6,500,000	
Increase tax on liquor	2,000,000	
Increase tax on pari-mutuel betting	1,300,000	
Increase in drivers licenses	1,600,000	
Estimated total special tax increase	11,400,000	
Which, subtracted from the budget figures set forth, leaves a balance of		$85,778,709
Less the total amount estimated to be available from cash funds		37,500,000
Leaves a balance of		48,278,709
One half of which equals the amount to be raised annually by tax levy		24,139,354

This full budget recommendation can be adopted without any appreciable increase in the state property tax levy. I am hopeful that some of the loopholes in our present tax structure can be plugged. If this is done there is a possibility that no increase in the levy will be needed. We feel that this can be done and we will still be preserving Nebraska's reputation for fiscal responsibility and retaining Nebraska's position as the state with the lowest per capita tax levy of any of the fifty states.

The total general fund budget increase requested by me amounts to about $20 million increase over two years ago. Of this amount,

the University of Nebraska increase amounts to approximately one-fourth of the total increase allotted to all agencies of government, including the new areas of educational television, retirement system for state employees, driver training programs for the public schools, and the enactment of the Kerr-Mills medical care bill. If we eliminate these new programs and consider only existing agencies, the University increase would amount to about a third of the increase allotted to all state agencies from the general fund.

As pointed out in my inaugural address, I believe that Education is the most important business in which we are engaged, and an analysis of these budget recommendations shows that we have allotted over half of the increases called for over the last biennium to Education. These increases for education over the preceding biennium are as follows:

University of Nebraska	$5,000,000
State Teachers Colleges	1,500,000
Drivers Training	1,600,000
Educational Television	2,000,000
Nebraska Vocational Technical School	197,000
State Department of Education	207,349
	10,504,349

You will note that the total recommended for increases in the field of education amount to a sum considerably in excess of $10 million.

We do feel that this investment in education is not a housekeeping cost of government, but is an investment in the future which will repay itself many times over.

I shall be available from time to time to testify or to explain these various recommendations to your Budget Committee or any other agency of the Legislature. Nebraska has always operated under the principle of a balanced budget and I hope it always will. Your state government cannot borrow against the future and I hope it never will. It is my ambition, as I know it is yours, to make Nebraska the most progressive state in the Union in all areas that are really vital and at the same time preserve fiscal responsibility. We have a tradition of conservatism in fiscal responsibility, but liberalism in social, economic and cultural progress. This reputation we intend to preserve and protect while at the same time accelerating and mobilizing all the forces of the state in achieving ever greater progress in the cultural, industrial, educational and economic progress of a great people.

RESOLUTIONS

LEGISLATIVE RESOLUTION 7. Re: Vocational technical school.

Introduced by Cecil Craft, 38th District and Peter H. Claussen, 16th District.

WHEREAS, there is now only one vocational technical school located in Nebraska, and

WHEREAS, the vocational technical school is located in the eastern part of the state, and

WHEREAS, other young men would like training in vocational work, but the distance in many instances makes it impossible to attend the school located at Milford, Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Legislative Council appoint a committee to study the needs of additional vocational technical schools in Nebraska and report its findings to the next regular session of the Legislature. The report shall contain recommendations as to whether other vocational technical schools should be established in Nebraska and if other schools should be established, where they should be located.

Referred to the Executive Board of the Legislative Council.

RESOLUTIONS

LEGISLATIVE RESOLUTION 8. Re: Public Hearing in Omaha, Nebraska inquiring into local service rendered by the television stations of Omaha.

Introduced by William Moulton, Legislative District 10, George Syas, Legislative District 4, F. O. Gottschalk, Legislative District 26, Matt Wylie, Legislative District 27, and Cecil Craft, Legislative District 38.

WHEREAS, the federal Communiciations Commission in Washington, D. C. has announced its intention to hold a public hearing in the City of Omaha, Nebraska, for the purpose of inquiring into the local service rendered by the television stations of Omaha to the citizens in and around this great community of our state, and

WHEREAS, this forthcoming hearing which is scheduled to commence on January 28 is not related to any complaints received from the citizens of this state, as to the kind and quality of service which is provided by the Omaha television stations, nor has any issue been raised in any renewal or revocation proceeding as to the qualifications of these licensees to operate in the public interest, and

WHEREAS, television in this country constitutes a major and vital arm of our free press which should not be subject to direct or indirect pressure or control by government at any level if it is to exercise its full responsibility of serving and informing the people in our democratic society.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Legislature of the State of Nebraska convened on this 24th day of January in the year of our Lord 1963 does register its strong opposition to the scheduling of this public hearing by the Federal Communications Commission without just cause or reason, believing that this action constitutes an unwarranted intrusion by the federal government into the freedom of broadcasting, and the affairs of the citizens of this sovereign state.

2. That the Legislature of the State of Nebraska expresses both pride and commendation for the outstanding service which is provided by television stations, KETV, KMTV, and WOW-TV, Omaha, and the broadcast media generally of this state, in advancing the best interests of our citizens.

RESOLUTIONS

LEGISLATIVE RESOLUTION 9. Re: In memory of Lee Lawrie, Easton, Maryland.

Introduced by Fern Hubbard Orme, Legislative District 20.

WHEREAS, Lee Lawrie, whose sculpture is known to millions, died at Easton Memorial Hospital at Easton, Maryland, on January 23, 1963, after a lingering illness. He was 85. One of his most famous works is carried in the pockets of virtually every American. He was instrumental in creating the bas-relief of former President Franklin D. Roosevelt on the American dime. The statue of Atlas, which stands in Rockefeller Center in New York City, is his work also, as are many of the other statues, reliefs, and friezes that yearly draw the attention of hundreds of thousands of tourists to the famed complex. Born in Rixdorf, Germany, on October 16, 1877, Lawrie came to the United States as an infant. He studied sculpture while still in his teens under such notables as Richard Henry Parks, Augustus Saint-Gaudens and Phillip Martiny. Nebraska's world-famous Capitol is topped with the figure of the Sower, one of the outstanding works of Lawrie. As sculptor for the Nebraska Capitol, Lawrie worked with the architect, Bertram Goodhue, in bringing powerful symbolism into play in exterior and interior design. The Indian doors to the East Senate chamber were also designed and modeled by Lawrie. From 1908 to 1911, he was commissioned to do much of the sculpturing for the United States Military Academy at West Point. Survivors include his widow, Mildred, and a son, Lee Lawrie Jr.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That we pause for a moment in our deliberations and stand in humility and reverence in honor of Lee Lawrie.

2. That the Clerk of the Legislature be directed to spread at large on the Legislative Journal this resolution, and that a copy of said resolution, properly authenticated and suitably engrossed, be sent by the clerk to the bereaved family of Lee Lawrie, as an expression of our respect for the deceased, and our sympathy for the bereaved.

LEGISLATIVE RESOLUTION 10. Re: In memory of August Wagner, former State Legislator, Columbus, Nebraska.

Introduced by Fred O. Gottschalk, Legislative District 26.

August Wagner, a former member of the Nebraska State Legislature for the years 1957-1958, died in Columbus, Nebraska, January 27, 1963. He was born in Cuming County, October 1, 1876. He was graduated from Columbus High School and the University of Nebraska College of Law. He served as justice of the peace, Referee in Bankruptcy and City Attorney. He is a past department commander of United Spanish War Veterans and past department judge advocate of Veterans of Foreign Wars. He was a member of the Protestant Episcopal Church and always active in civic affairs. He is survived by a wife Pearl, and son and three daughters and many grandchildren and great grandchildren.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That we pause for a moment in our deliberations and stand in humility and reverence in honor of our departed member, August Wagner, who served so loyally and ably as a member of the Nebraska State Legislature.

2. That the Clerk of the Legislature be directed to spread at large on the Legislative Journal this resolution, and that a copy of said resolution, properly authenticated and suitably engrossed be sent by the Clerk to the bereaved family of our departed colleague, as an expression of our respect for the deceased, and our sympathy for the bereaved.

MOTION—Suspend Rules

Mr. Gottschalk moved that we suspend the rules and take up Legislative Resolution 10 today. The motion prevailed with 38 ayes, 0 nays and 5 not voting. The Resolution was adopted.

MOTION—Introduce Bill

Mr. President: I move that the Committee on Agriculture be permitted to introduce a bill relating to the changing of certain provisions in game laws. It would eliminate the squaw fish and add the gizzard shad to the list of game fish, add the provision that the commission could, by regulation, authorize the use of rifles in the hunting of wild turkeys, provide that the seiner, rather than the vendor, of catfish shall first procure a permit to seine, and provide that conservation officers would have the authority to enforce other sections of the law pertaining to offenses committed on or near any state recreation area, parks, etc.

The Committee on Agriculture voted 6 ayes and 1 nay to introduce this as a Committee bill.

(Signed) Frank Nelson, Chairman of
Agriculture Committee

Permission to introduce the bill was granted with 28 ayes, 3 nays and 12 not voting.

RESOLUTIONS

LEGISLATIVE RESOLUTION 11. Re: The Medal of Honor Centennial in Nebraska.

Introduced by William B. Brandt, 2nd District.

WHEREAS, the Medal of Honor is the highest honor this nation can bestow on a member of its armed forces who has conspicuously distinguished himself by gallantry and intrepidity at the risk of his own life above and beyond the call of duty in actual combat with enemy forces; and

WHEREAS, since 1862, when the Medal of Honor was inaugurated by Congress, a number of Nebraskans have earned this supreme award for gallantry displayed against armed enemies of this nation; and

WHEREAS, since the Medal of Honor was established by joint resolution of Congress on July 12, 1862, and the first presentation to an Army man was made on March 25, 1863, it is appropriate that these events be celebrated to commemorate the significance and the proud history of the Medal of Honor.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the period from July 12, 1962 to March 25, 1963, be recognized as

THE MEDAL OF HONOR CENTENNIAL IN NEBRASKA

and that the citizens of this state be urged to commemorate the significance of the Medal of Honor during this centennial period by cooperating with county and municipal officials and the various civic and patriotic organizations to plan and conduct, in conjunction with local Army commanders, appropriate ceremonies.

REPORT—Information Requested in LR 3

February 6, 1963

To: The Seventy-Third Session of the Nebraska Legislature

From: Jack W. Rodgers, Director of Research, Nebraska Legislative Council

Re: Submission of information requested in Legislative Resolution 3

Legislative Resolution 3, passed by the Legislature on January 10, 1963, directed the Legislative Council to furnish to the Legislature and the State Building Commission figures showing the amount of rental being paid by the State of Nebraska for office space in Lincoln outside the capitol building, and indicating the location and occupant, of such office space, as well as the location and occupant of other space owned by the state in Lincoln and occupied by state government offices.

This information is attached to this letter. Exhibit I shows the rental being paid by government offices in various buildings in Lincoln. Exhibit II shows those state offices located outside the capitol but occupying space owned by the state in Lincoln. As directed by the Resolution a copy of this information is being sent to the Governor to be made available to the State Building Commission.

STANDING COMMITTEE REPORTS

Public Works

LEGISLATIVE BILL 262. Placed on General File as amended.

Standing Committee amendments to LB 262:

1. Strike section 1.

2. Renumber original section 2 as sections 1, and in line 1 thereof, strike "Sec." and insert "Section".

3. In renumbered section 1, strike the new matter in lines 6 to 8; lines 15 and 16 by striking "judges of the district court" and showing the same as stricken and inserting in lieu thereof "*members of the Legislature*"; and by inserting "*chartered*" at the end of line 17.

4. Add a new section to be known as section 2 and to read as follows:

"Sec. 2. That section 70-614.01, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

70-614.01. Where the district operates, or is interested by ownership, lease, or otherwise in the operation of, electric power plants, distribution systems, or transmission lines in more than fifty counties in the state, and an amendment to the petition for creation of the district has been filed, as provided in section 70-609.01, membership on the board of directors of the district shall be filled as follows:

(1) Where, prior to the amendment of the petition for creation of the district, the board of directors consisted of more than seven members, no new members shall be elected until the membership is reduced to seven;

(2) Where, prior to the amendment of the petition for the creation of the district, the board of directors consisted of less than seven members, there shall be nominated and elected at the first general election held after August 27, 1951, additional directors, no two of whom may be from the same district, as hereinafter defined, sufficient to bring the number up to seven. All unfilled positions on the board of directors resulting from the increase in the number of directors to seven, as hereinafter set forth, shall be filled by the Governor by appointment from districts not represented on the board of directors, and in the sequence hereinafter set forth, to serve until the first Thursday after the first Tuesday succeeding the next general state election held after such increase is made and until successors so elected shall have been qualified. At the first general state election held after the increase of the number of directors to seven, one director shall be elected for a term of two years and one director, if necessary to bring the number up to seven, for a period of four years, and each director shall be elected from districts, in the sequence hereinafter set forth, not having full term representation on the board of directors; and

(3) Where, prior to the amendment of the petition for creation of the district, the board of directors consisted of seven members, or when the number has been reduced or increased to seven as hereinbefore provided, as the terms of members of the board of directors expire, or when any vacancy occurs in the membership of the board, their successors shall be nominated, elected, and take office, subject to the provisions of this act, in the

same manner, as nearly as may be, as by law provided for the nomination and election of ~~Judges of the Supreme Court~~ *members of the Legislature.* For the purpose of the election of directors, the state shall be divided into seven districts as follows: District 1 shall comprise the counties of Dawes, Sheridan, Box Butte, Morrill, Scotts Bluff, Cheyenne, Kimball, Banner, Deuel, Keith, Perkins, Garden, Cherry, Sioux, Grant, Hooker, Arthur, and McPherson; District 2 shall comprise the counties of Brown, Rock, Boyd, Holt, Knox, Pierce, Cedar, Dixon, Dakota, Thurston, Wayne, Madison, Stanton, Cuming, Burt, Keya Paha, and Antelope; District 3 shall comprise the counties of Wheeler, Platte, Nance, Merrick, Boone, Greeley, Valley, Sherman, Howard, Garfield, Polk, Butler, and Colfax, and areas, if any, within Dodge, Saunders, and Washington counties, as shall be receiving or hereafter receive electric service from such district; District 4 shall comprise the counties of Thomas, Blaine, Loup, Custer, Dawson, Buffalo, Gosper, Furnas, Harlan, Franklin, Kearney, Phelps, Logan, Lincoln, Chase, Hayes, Frontier, Dundy, Hitchcock, and Red Willow; District 5 shall comprise the counties of Hall, Hamilton, Seward, York, Adams, Clay, Fillmore, Webster, Nuckolls, and Thayer; District 6 shall comprise the counties of Saline, Jefferson, Gage, Pawnee, Richardson, Johnson, Nemaha, Cass, and Otoe; and District 7 shall comprise the county of Lancaster. Except as otherwise provided for in section 70-614.02, qualified electors of any voting precinct comprised in whole or in part of any municipality, as defined in section 70-601, situated within any of the foregoing election districts, shall be qualified electors for the purpose of voting for a director to be elected from any such election district. Each of the election districts above set forth in which the power district operates shall be entitled to have one member serve on the board of directors and, until all such election districts are represented on the board of directors, one member from each of such districts shall be elected as the terms of members expire or a vacancy occurs; in the case of an expiration of a term, at the general state election held before such expiration; and in the case of a vacancy, at the first general state election held after such vacancy occurs. In case there are two or more of such election districts that are not represented on the board of directors by qualified district electors residing in such districts as defined at the time a vacancy occurs or the term of office of any director expires, the districts heretofore enumerated shall elect directors at

the next following general election in the following order until all of such districts are represented on said board: District 1; district 7; district 2; district 6; district 4; district 5; and district 3. After all election districts have attained membership on the board of directors, their successors shall be nominated and elected from the same district. Where the territory corresponding to one of the election districts above defined does not have within its boundaries a municipality that is a part of such power district for the purpose of voting for directors, as provided by section 70-601, a member of the board of directors of such power district shall not be elected from such territory, but instead shall be elected at large. The terms of each member of the board thus elected, except to fill a vacancy, shall be six years and until his successor is elected and qualified. All vacancies thereafter occurring on the board of directors shall be filled by the Governor by appointment in writing and continue for the unexpired term and until a successor is elected and qualified. The written appointment shall be filed with the Secretary of State. Such appointment shall be made from the district in which the vacancy to be filled by such appointment occurred.".

5. In section 3, line 1, strike "70-601" and insert "70-614.01".

MESSAGE FROM THE GOVERNOR

February 8, 1963

The President, the Speaker,
and Members of the Legislature:

Your attention is called to the attached resolution which was adopted by the Nebraska State Building Commission at its meeting on January 14, 1963.

Respectfully,

(Signed)
FRANK B. MORRISON
Governor

NEBRASKA STATE BUILDING COMMISSION

RESOLUTION

(Adopted at Meeting of January 14, 1963)

Whereas the State Building Commission has considered the problem of air conditioning of the State Capitol Building over a two year period, and during that time has consulted in detail on the matter with officials of the University of Nebraska and with consulting engineers whose report is on file with the Commission, and

Whereas it is the consensus of opinion of all concerned that a cooperative project for air conditioning the Capitol Building through the use of chilled water piped from the University through existing tunnels would have the following advantages over alternative plans which would involve locating of all cooling apparatus in the Capitol Building or its immediate vicinity:

1. It would avoid the necessity of building cooling towers which would be aesthetically objectionable in the vicinity of the Capitol.

2. Engineering studies show that savings in maintenance and operation costs of a chilled water system would repay any additional initial construction costs in a period of less than ten years.

3. A chilled water system would require less space for machinery within the Capitol Building, where space is at a premium.

4. The value of land required adjacent to the Capitol for cooling towers would be considerably greater than the land required for such installation near the University power plant, and would largely offset additional construction costs.

Whereas the University is now enlarging its cooling capacity to handle additional air conditioning on the campus and could readily coordinate the providing of chilled water for the Capitol Building with their plan, thus resulting in subsequent saving, and

Whereas Section 72-710 of the Nebraska Statutes which now provides that the heat and power plant of the University of Nebraska, together with the tunnels and conduits which connect such plant with the Capitol Building, shall supply heat, light, and power for the Capitol Building, has provided a pattern for other successful cooperative arrangements between the University and the State, and

Whereas the State Building Commission finds that it is advisable, from an economic standpoint as well as from an aesthetic standpoint, that plans be adopted for air conditioning the Capitol Building with the chilled water to be piped from the University to the Capitol Building, and that appropriate agreements should be entered into between the University and the State to accomplish such plan, with provision for adequate capacity in the pipeline to serve future public buildings which may be added in the Capitol vicinity, and

Whereas the plans for added cooling capacity on the part of the University call for completion during the summer of 1964, and the need for air conditioning the Capitol Building is long overdue, and

Whereas some funds for such air conditioning are now available in the State Institutional and Military Department Building Fund, but an additional appropriation will be needed during the coming biennium in order to carry out the plans contemplated herein, and

NOW THEREFORE, BE IT RESOLVED, that immediate steps be taken to provide authority and funds for a joint air conditioning agreement between the University and the State of Nebraska.

Mr. Smith moved adoption of the resolution, and that the Governor be asked to take the necessary steps to call the resolution to the attention of the Legislature. Seconded by Mr. Schimmel. Motion carried.

RESOLUTION

LEGISLATIVE RESOLUTION 12. Re: Full citizenship in the State of Nebraska granted Sir Winston Churchill.

Introduced by Sam Klaver, Legislative District 6 and Marvin E. Stromer, Legislative District 19.

WHEREAS, Sir Winston Churchill has, by his courage, tenacity, wisdom, and leadership both in war and in peace, assured for himself a place of eminence among the great men of history; and

WHEREAS, it is proper that the highest honor and acclaim be accorded Sir Winston Churchill during his lifetime; and

WHEREAS, the greatest honor that this Legislature can confer is the grant of citizenship in the great State of Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That full citizenship in the great State of Nebraska, with all rights and privileges appertaining thereto, is hereby granted Sir Winston Churchill.

2. That a copy of this resolution, suitably engrossed and signed by the President of the Legislature be transmitted by the Clerk of the Legislature to Sir Winston Churchill, Vice President Johnson, Senator Young, Senator Javits, Senator Magnussen, Seantor Roman Hruska, Senator Curtis, Congressman Cunningham, Martin and Beerman.

RESOLUTION

LEGISLATIVE RESOLUTION 13. Re: REA Lines

Introduced by Frank Nelson, Legislative District 28, George C. Gerdes, Legislative District 41 and Elvin Adamson, Legislative District 40.

WHEREAS, the extension of electric services to the farms and ranches of this state is of great value to the state as a whole and particularly to its rural inhabitants; and

WHEREAS, all possible should be done to lower the cost of rural electric service without cost to the general public; and

WHEREAS, in the granting of easements for the construction of rural electric lines upon public roads, school lands, and other public lands should be done having in mind the potential benefits conferred upon such lands by the availability of electric service; and

WHEREAS, since such easements make no serious encroachment upon public land, the consideration should be nominal and should in any event be minimized as much as possible.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That all public bodies, and particularly the Board of Educational Lands and Funds, be urged by the Legislature to grant easements for the necessary construction and extension of rural electric lines for a nominal consideration if any is to be exacted and in any event at the minimum consideration legally permissible.

UNANIMOUS CONSENT—Add Co-introducer

Mr. Claussen requested unanimous consent to add his name as co-introducer to LR 13. No objections. So ordered.

GENERAL FILE

LEGISLATIVE BILL 184. Considered.

Mr. Adamson offered the following amendment to the Standing Committee amendments:

1. In section 1, strike beginning with "Physically" in line 17 through "In" in line 20, showing the old matter stricken, and insert:

"For the educable mentally handicapped, two hundred dollars per pupil, (2) for speech and hearing therapy, fifty dollars per pupil, (3) for the acoustically handicapped, four hundred dollars per pupil, (4) for the home-bound physically handicapped and those instructed through school-to-home telephone, two hundred fifty dollars per pupil, (5) for the orthopedically handicapped, three hundred dollars per pupil, and (6) for the visually handicapped, one hundred twenty-five dollars per pupil. In"; and at the end of line 23, insert:

"Whenever the cost of any such program of education and therapy exceeds the total of the regular per pupil cost and the amount of state aid specified in this section for the particular program, the state shall pay one half of such excess but the total paid as state aid shall not exceed twice the amount specified for the particular program.".

Amendment pending.

Mr. Moulton moved that LB 184 be held over until Wednesday, February 13, and that Mr. Adamson's amendments and statement be entered in the Journal for reference.

Motion prevailed.

Mr. Adamson's statement on LB 184 is as follows:

It is most imperative that we take a very close look at LB 184 and its ultimate effects upon the physical and mentally handicapped programs in the Nebraska Schools.

It would seem that we must survey the need for, the cost of and the types of existing programs. The source of my information is the 1961-62 report of the Department of Education on Special Education Programs for Nebraska Handicapped Children.

The 1961 census of crippled children lists 5,872 students. 1,629 were listed as Mentally handicapped and therefore the balance of 4,243 would be physically handicapped. It would appear that under the wording of LB 184 it would be possible to obligate the state for the amount of $3,034,500 if all the children were under a program and the local districts chose to spend the maximum allowed by law.

This possibility would never materialize due to the various types of programs. Under the physically handicapped classification, we find everything from allergy, asthma, heart condition, diabetes, the emotionally disturbed to the extreme multiple handicapped and the severely orthopedically handicapped. To me, this is the first ridiculous portion of the bill in that it places the same mandatory appropriation for each category. This is about as sensible as it would be to set a surgeons rate for stitching a minor cut at the same as for performing major surgery.

The report shows that in 1961-62, 4,713 children were served under 122 programs in 79 public school districts. Due to the shortage of state funds, the Dept. of Education pro-rated the payment to servicing districts at the rate of 57.651% of the approved excess cost.

1,064 children were served by 44 schools under the educable mentally handicapped program. The average per pupil approved cost was $235.36. The pro-rated payment was $135.68. There was a variation in excess costs from above the maximum of $300 to a low of $42 per pupil. Each district received 57.651% of these approved excess costs. Let me call attention to the Omaha Senators (I mention Omaha because they educate a great percentage of the handicapped children). The school that had an approved expenditure of $333.33 per student received reimbursement of $192.20 per student while Omaha received $68.65 per student of 57.651% of their cost of only $119.00. Also note that there are nine schools that have one teacher for one pupil.

Now let us turn to the physically handicapped category, which includes the other 3,649 children. This is the $600 category. The higher cost, we are told, is due to the extra care and therapy. First, let us break these down into categories. 22-accoustically handicapped; 104-homebound physically handicapped; 22-school to home telephone physically handicapped; 166-orthopedically handicapped; 30-visually handicapped and 3,305 under speech and hearing therapy. We are speaking of 344 students, exclusive of the speech and hearing.

3,305 of these students were aided in speech or hearing therapy in 19 schools at an average excess cost of $52.90 per student. This

varied from a high of $112.50 to a low of $31.50. The latter cost representing Omaha schools that carry over 47½% of the total burden (1575). Let me again point out that the Omaha schools received $18.16 reimbursement while another Nebr. school was reimbursed $64.86.

Only one school participated in the accoustical handicapped program and had an approved excess cost of the $600 maximum.

There were 104 students served in 14 schools under the home-bound physically handicapped program. In only two of these schools, Omaha and Lincoln, were there over four pupils and one school shows three teachers or therapists for four students. Most of the other programs is again a one to one situation. The per pupil excess cost varies from $45 to $505.81 with the average at $268.93. Again, Omaha educates over 48% of these students at an excess cost of $180.

22 physically handicapped are in a school-to-home telephone program with no extra teacher involved at an average cost of $269.38 with a variance from $22.50 to the maximum of $600.

The orthopedically handicapped serves 166 children in 12 schools with an average excess cost of $395.43 with a variance from $43 to a high of $616.30. Again Omaha serves 103 of these or 62% at an excess cost of $305.80. One school is reimbursed $341.00 per student while Omaha receives $176.30.

The visually handicapped serves 30 children in 12 schools at an average excess cost of $153.01. Only one school lists an extra teacher or therapist. The variance here is from $5.39 to $225.00.

My proposed amendment is not going to result in any great financial savings, but we are setting up a program with realistic expenditures in the various categories.

I again call your attention to the fact that two schools received 57.651% of approved costs which exceeded the maximum allowance while other schools received 57.651% of an economical expenditure. Had the provisions of my amendment been in effect the past year, the Omaha schools would have received nearly 100% reimbursement of excess costs. I reiterate, that I mention the Omaha schools because of the high percentage of the students they serve and because I feel that they have taken a realistic approach with a practical program in these various categories and I do not feel that such schools should suffer because others offer a more grandiose and perhaps unneeded plan.

Nebraska Alpha
of
PHI DELTA THETA

Lincoln, Nebraska

February 12, 1963

Senator Marvin Stromer
State Capitol
Lincoln, Nebraska

Dear Senator Stromer:

I am happy to extend to you and to your colleagues our sincere appreciation for the support and encouragement that you have offered to us in promoting the use of seat belts by the citizens of our community and state.

The tragic waste of human life and economic resources that plagued our state in 1962 must be curtailed. We feel that by publicizing the facts about the value of seat belts we can offer a token contribution toward this end.

This past year we lost 400 human lives on the roads and highways of the state of Nebraska. The use of safety belts would probably have prevented 45 per cent of these fatalities. In blunt but sadly realistic terms, this means that 180 lives could have been saved through the responsible use of this safety device.

In an age when technological improvement and scientific advancement are surging ahead at an unprecedented rate, we must, by whatever means available, learn to live with the products of our progress. In Nebraska, the unwise use of the motor vehicle has been the cause of untold misery and hardship. Only by alerting the citizenry of the state to the responsibilities of driving on the

state highways and by educating them as to the devices available for insuring personal safety will we be able to combat our fatality record.

As a fraternity interested in doing our share to contribute to the improvement of the community, we are willing to spend several weeks, if not months, working however we can to bring the facts to the public.

Again, we appreciate your support and, further, solicit your suggestions and assistance in carrying out our program. We hope that our actions will merit your efforts.

Respectfully yours,

(Signed)

LEGISLATIVE RESOLUTION 4. Recommended adoption by Committee.

Statement on LR 4:

Article V of the Constitution deals with the procedure by which that Constitution may be amended. Although two methods set forth may presently be used in several combinations there are only two basic ways of proposing amendments to the Constitution.

First, action by two-thirds of each House of Congress can initiate an amendment. Article V also provides that amendments can be made by action of at least two-thirds of the State Legislatures.

However, this method is so complicated that it has never been used and no convention has ever been called by Congress pursuant to Article V. This resolution provides for initiating amendments by the State Legislatures as well as by Congress.

The Committee recommended the adoption of Legislative Resolution 4 by a vote of 4 ayes, 3 nays.

(Signed) Kenneth L. Bowen, Chairman

LEGISLATIVE RESOLUTION 5. Recommended adoption by Committee.

Statement on LR 5:

The judicial power of the United States shall not extend to any suit in law or equity, or to any controversy, relating to the apportionment of representation in the State Legislature.

Recently there have been some Supreme Court decisions giving the Federal Court authority to require and to a degree make certain requirements in the redistricting of the members of the various state Legislatures. This resolution would restrict the Federal Government from interfering with any state reapportionment of their Legislatures. However, the main objective of repealing this authority of the Federal Courts is to prevent the use of this test case to permit them to further restrict state rights in other branches of State Governments.

The Committee recommended the adoption of Legislative Resolution 5 by a vote of 4 ayes, 3 nays.

(Signed) Kenneth L. Bowen, Chairman

LEGISLATIVE RESOLUTION 6. Recommended rejection.

Statement on LR 6:

LR 6 would set up a Court of the Union to which an appeal might be filed after the Supreme Court had rendered a decision.

The proponents of the Resolution felt that since there had been many changes in the philosophies, and since their members who are appointed to this position for life and their decisions were used by many other courts as a method of determination of appeals, we should set up a Court of the Union to which a final appeal might be taken.

The opponents of the Resolution felt that the Supreme Court should be the final determination, as anyone who did not receive a favorable decision would continue to carry his appeal to higher courts until the decision was rendered in his favor.

It was also felt that this could be a very complicated group and

would not serve the purposes which the supporters of this Resolution proposed to accomplish.

The Committee recommended that LR 6 not be adopted by unanimous decision.

MOTION—Washington's Day Program

Mr. President: I move that we have the Chaplain arrange a program for Washington's birthday. (Signed) J. W. Burbach

The motion prevailed.

RESOLUTIONS

LEGISLATIVE RESOLUTION 15. Re: Labor Disputes.

Introduced by Sam Klaver, 6th District; Terry Carpenter, 42nd District; and Dale L. Payne, 3rd District.

WHEREAS, the State of Nebraska has, in accordance with public policy as enunciated in Section 48-802, Revised Statutes of Nebraska, 1943, limited individual and group rights of economic recourse and defense of employees in governmental service in a proprietary capacity employed in publicly owned public utilities, and

WHEREAS, it is the further policy of the State of Nebraska as pronounced in Section 48-901, Revised Statutes of Nebraska, 1943, in order to preserve and promote the interests of the public, the employee, and the employer alike, to establish standards of fair conduct in employment relations and to provide a convenient and expeditious method through the Courts by which these interests may have their respective rights and obligations adjudicated, and

WHEREAS, in personnel relations between employer and employees it has been an accomplished fact that voluntary collective bargaining between employer and employee is the best and most feasible means of eliminating labor disputes, and

WHEREAS, the present law prevents employees in public utilities from striking but does not afford them an effective means or method of voluntary collective bargaining so that many disputes may be resolved by voluntary action before submission to the Court of Industrial Relations and thereby save time and expense,

THEREFORE, BE IT RESOLVED that the Nebraska Legislature at its 73rd Session provide for the appointment of an interim committee which committee shall proceed to investigate the absence of suitable machinery for the adjudication of labor disputes, including disputes with respect to representation, that may arise between

groups of employees rendering governmental service in a proprietary capacity in publicly owned public utilities, further

BE IT RESOLVED that this committee shall make recommendations for any amendments to present statutes that are necessary to make effective the above announced objectives.

Referred to the Legislative Council Executive Board.

1. Amend the bill by adding a new section to be known as section 1 and to read as follows:

"Section 1. That section 60-311.04, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

60-311.04. (1) The Department of Motor Vehicles shall, in ~~each even-numbered year~~ *the year 1968 and each four years thereafter* , furnish to every person, whose motor vehicle shall be registered as aforesaid, two number plates upon which shall be displayed the registration number assigned to such motor vehicle, in figures not less than three inches in height; *Provided,* that the owners of trucks, truck-tractors, semitrailers, buses, motor vehicles of dealers, and motorcycles shall be issued only one plate; *and provided further,* that truck-tractor plates shall be displayed on the front of the vehicle. The letters and figures for motorcycles and trailer plates may be one half the size of those required herein for motor vehicles. On number plates issued to a manufacturer or dealer there shall be displayed, in addition to the registration number, the letter D.

(2) In ~~each odd-numbered~~ year *in which number plates are not furnished* , ~~in lieu of furnishing such plates, as referred to in subsection (1) of this section,~~ the department shall furnish to every person, whose motor vehicle shall be registered, one or two renewal tabs, as the case may be, which renewal tabs shall bear the year for which furnished and be so constructed as to permit them to be permanently affixed to the number plates."

LB 602	Thursday, February 21, 1963	2:00 p.m.

RESOLUTIONS

LEGISLATIVE RESOLUTION 16. Re: Highway Construction

Introduced by Terry Carpenter, 42nd District.

WHEREAS, the State of Nebraska is lagging in its highway construction program, especially in regard to the completion of four-lane facilities; and

WHEREAS, it is evident that the benefits to be derived from the National System of Interstate and Defense Highway will be unduly postponed unless all the states make scheduled progress on their sections; and

WHEREAS, it is believed that expediting the construction of four-lane highways will in part serve to retard the growing state highway fatality rate; and

WHEREAS, lack of sufficient engineering personnel in the State Department of Roads is a major contributing factor to the lag in four-lane highway construction; and

WHEREAS, the lack of enough engineers in the State Department of Roads does not result from insufficient funds but from the failure of the Department to set the pay scales high enough to attract and hold such personnel;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the State Engineer be directed to proceed immediately to employ the additional engineering personnel necessary to step up the construction of state highways, especially the Interstate Highway, and

2. That he set the pay scales for such personnel at whatever level is necessary to attract them to the state service and retain them.

RESOLUTIONS

LEGISLATIVE RESOLUTION 17. Re: Citizenship of Sir Winston Churchill, Clearwater, Nebraska.

Introduced by Matt Wylie, 27th District.

WHEREAS, this honorable body has conferred full citizenship on Sir Winston Churchill; and

WHEREAS, the Legislature of Tennessee in an effort to outdo this honorable body has conferred honorary citizenship on Sir Winston Churchill; and

WHEREAS, the great State of Nebraska is not about to be outdone by one of its sister states in honoring a great international hero who is a full citizen of this state; and

WHEREAS, the village of Clearwater by proclamation of the mayor following the lead of this body has proclaimed Sir Winston Churchill a citizen of Clearwater; and

WHEREAS, there has been set aside in the village of Clearwater, on Highway 275 in Antelope County, the Gateway to the Cattle Country, a six-room, fully modern, landscaped home designated as Sir Winston Churchill residence; and

WHEREAS, this home is available for use at any time by Sir Winston Churchill and is well stocked with cigars and champagne; and

WHEREAS, the citizens and businessmen of Clearwater plan to maintain this home as a museum when Sir Winston Churchill is not occupying it.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That this Legislature hereby formally designates the home set aside by the residents of Clearwater as the Sir Winston Churchill Residence and Museum of Nebraska.

LEGISLATIVE RESOLUTION 18. Re: Public Power Districts.

Introduced by Clifton N. Foster, 24th District.

WHEREAS, Nebraska is the only state in the union that has all public power; all such systems are the property of its citizens; and by and large this has been beneficial to the electric utility users, although there has been uncalled for duplication of facilities and litigation; and

WHEREAS, the question of proper advertising and promotional efforts is one which is of real concern to the general public; and

WHEREAS, we feel that it is not within the proper limits of the state's public power and irrigation districts to promote and sponsor advertising intended to influence legislation; and

WHEREAS, measures are now before the Legislature which will have a far reaching effect upon the public power districts and their future operation; and the results of this legislation is therefor of great concern to the continued future good of the State of Nebraska and the general welfare of its people.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the members of the Legislature do disapprove and deplore this type of advertising and pronounce it detrimental to the unbiased, nonpartisan approach which must be used in trying to solve these problems. We further recommend that all parties concerned cease and desist in any further such advertising from the date of the adoption of this resolution.

LEGISLATIVE RESOLUTION 19. Re: Gratitude and appreciation of all people of Nebraska to the Rehabilitation Services.

Introduced by Fern Hubbard Orme, 20th District.

WHEREAS, the State Legislature has learned that the rehabilitation of six hundred thirty-four disabled Nebraska citizens was completed during the past fiscal year by the Rehabilitation Services, Division of the State Department of Education; and

WHEREAS, the number aided during the year is a new record for the division in rehabilitating handicapped people; and

WHEREAS, public assistance payments to clients were eliminated or reduced in one year amounting to sixty-five thousand forty dollars; and

WHEREAS, for every tax dollar that is spent five dollars comes back in taxes during the first five years; and

WHEREAS, the salvaged productive energy for the community and state has increased the self-worth, dignity, and happiness of rehabilitated individuals and their families; and

WHEREAS, Fred A. Novak, Assistant Commissioner and Director of the Division is chiefly responsible for this excellent record.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Legislature of the State of Nebraska does hereby express the gratitude and appreciation of all the people of Nebraska to the Rehabilitation Services, Division of the State Department of Education to Fred A. Novak, its director and his staff, for these accomplishments.

2. That a copy of this resolution be sent to Fred A. Novak, and be spread upon the journal of the Legislature of the Seventy-third legislative Session.

MOTION—Introduce Bills

The Banking, Commerce and Insurance Committee wishes to introduce a new bill.

This bill eliminates obsolete and non-effective provisions of the previous law and also liberalizes the length of time in which personal loans can be issued; the purpose being to accommodate

those borrowers who wish to buy merchandise exceeding the amounts which were conveniently taken care of in the previous law.

The bill further provides that real estate owners can use their holdings as collateral which was prohibited in the old law.

A majority of the members of the Committee voted to introduce this bill. (Signed) Albert A. Kjar, Chairman

Permission to introduce the bill granted with 35 ayes, 0 nays and 8 not voting.

The Budget Committee requests permission to introduce a new bill for the following purposes:

This bill would increase the rate from $1.50 to $5.00 per volume for the sale of Supreme Court Reports.

The Committee was informed that approximately 1000 volumes are printed each year at a cost of $5.20 per volume. Of this number, about 400 are sold and 300 are distributed free as provided for in Section 1, 24-209 of this bill. The remaining 300 are left on record for future references.

Although this increase would not pay the entire cost of the printing of the volumes, it could increase the revenue approximately $1400.00 to be paid into the General Fund.

A majority of the Committee voted to introduce the bill.

Permission was granted to introduce the bill with 34 ayes, 0 nays and 9 not voting.

BILLS ON FIRST READING

The following bills were read for the first time by title:

LEGISLATIVE BILL 754. By Banking, Commerce and Insurance Committee, Albert A. Kjar, Legislative District 36, Chairman.

RESOLUTIONS

LEGISLATIVE RESOLUTION 20. Re: Full-time fiscal staff—Governor's Office.

Introduced by Terry Carpenter, 42nd District.

WHEREAS, the State Constitution provides that the Governor shall present to the Legislature at each regular session a complete itemized budget of the financial requirements of all departments, institutions and agencies of the state for the ensuing biennium; and

WHEREAS, the State Constitution also provides that the Governor's budget shall be prepared with such expert assistance and under such regulations as may be provided by law; and

WHEREAS, while the statutes designate the State Tax Commissioner as the official to assist the Governor in the preparation of his budget and to perform other duties in determining the needs of the various spending agencies and institutions, he has not been provided with an adequate fiscal staff; and

WHEREAS, it is not possible to submit a proposed biennial budget which meaningfully reflects the needs of the various agencies and institutions based on their duties and responsibilities without continuous fiscal study and analysis; and

WHEREAS, the Legislature, which has the responsibility of making the actual biennial appropriations for the expenses of the state government, has provided itself and its Budget Committee with a full-time fiscal analysis staff; and

WHEREAS, both the executive and legislative branches are interested in the same purpose, namely the providing of the funds which accurately reflect the needs and programs of the various state agencies and institutions; and

WHEREAS, final budget decisions should be the result of greater executive-legislative cooperative efforts.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Governor be urged to submit the legislation and request the funds necessary to provide his office with a full-time fiscal staff; which staff could work in conjunction with the legislative fiscal staff between sessions in determining the actual operations of the state agencies and institutions, their future needs, the funds necessary to support them, and possible improvements and

economies in their activities; to the end that when the Legislature convenes there will be virtual agreement on budget requirements for the ensuing biennium.

STANDING COMMITTEE REPORTS

Budget

LEGISLATIVE BILL 550. Placed on General File as amended.

Standing Committee amendments to LB 550:

1. Add the emergency clause.

2. Amend the Title to conform.

(Signed) Richard D. Marvel, Chairman

Miscellaneous Subjects

LEGISLATIVE BILL 113. Placed on General File as amended.

Standing Committee amendments to LB 113:

1. Amend section 1 of the bill, line 31 by striking "and" and showing same as stricken matter, lines 32 to 34 by reinstating the stricken matter and striking the new matter, and line 33 by inserting after the reinstated word "vehicle" the following:

", and (5) be authorized to destroy all certificates of title and all supporting records and documents which have been on file for a period of seven years or more from the date of filing the certificate or a notation of lien, whichever shall occur later.".

2. Amend the bill by inserting immediately after section 1, four new sections to be known as sections 2 to 4 and to read as follows:

"Sec. 2. That section 60-111, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

60-111. In the event of the transfer of ownership of a motor vehicle by operation of law as upon inheritance, devise or bequest, order in bankruptcy, insolvency, replevin or execution sale, or whenever the engine of a motor vehicle is replaced by another engine, or whenever a motor vehicle is sold to satisfy storage or repair charges, or repossession is had upon default in performance of the terms of a chattel mortgage, trust receipt, conditional sales contract or other like agreement, the clerk of the county in which the last certificate of title to such motor vehicle was issued, upon the surrender of the prior certificate of title or the manufacturer's or importer's certificate, or when that is not possible, upon presentation of satisfactory proof to the county clerk of ownership and right of possession to such motor vehicle,

and upon payment of the fee prescribed in this act, and the presentation of an application for certificate of title, may issue to the applicant a certificate of title thereto. Only an affidavit by the person, or agent of the person to whom possession of such motor vehicle has so passed, setting forth facts entitling him to such possession and ownership, together with a copy of the journal entry, court order, or instrument upon which such claim of possession and ownership is founded, shall be considered satisfactory proof of ownership and right of possession. If the applicant cannot produce such proof of ownership, he may apply directly to the Department of Motor Vehicles and submit such evidence as he may have, and the department may thereupon, if it finds the evidence sufficient, authorize the county clerk to issue a certificate of title. If, from the records in the office of the county clerk, there appear to be any lien or liens on such motor vehicle, such certificate of title shall contain a statement of such liens unless the application is accompanied by proper evidence of their satisfaction or extinction. *If the county in which the last certificate of title to such motor vehicle was issued cannot be determined, the application for title shall be processed by the clerk of the county where the court entering the journal entry or order is located or the county where the instrument was executed upon which such claim of possession and ownership is founded, as the case may be.*

Sec. 3. That section 60-112, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

60-112. In the event of a lost or destroyed certificate of title, application shall be made to the clerk of the county where such certificate of title was issued, by the owner of such motor vehicle, or the holder of a lien thereon, for a certified copy of the same upon a form and accompanied by the fee prescribed by this act. Such application shall be signed and sworn to by the person making the same. Thereupon the county clerk shall issue a certified copy of the certificate of title to the person entitled to receive the certificate of title under the provisions of this act, and with the approval of the state department. *If the county clerks records of said title have been destroyed pursuant to subdivision (5) of section 60-107, the county clerk shall issue a substitute certificate of title to the person entitled to receive the same upon such showing as the clerk may deem sufficient. If the applicant cannot*

produce such proof of ownership, he may apply directly to the Department of Motor Vehicles and submit such evidence as he may have, and the department may thereupon if it finds the evidence sufficient, authorize the county clerk to issue a substitute certificate of title. The new purchaser shall be entitled to receive an original title upon presentation of the assigned duplicate *or substitute* copy of the certificate of title, properly assigned to the new purchaser, to the county clerk of the county where such new purchaser resides. Any purchaser of such motor vehicle may at the time of such purchase require the seller of the same to indemnify him and all subsequent purchasers of such motor vehicle against any loss which he or they may suffer by reason of any claim or claims presented upon the original certificate. In the event of the recovery of the original certificate of title by the owner, he shall forthwith surrender the same to the county clerk for cancellation.

Sec. 4. That section 60-115, Revised Statutes Supplement, 1961, be amended to read as follows:

60-115. The clerks of the various counties shall charge a fee of three dollars for each *replacement or* duplicate copy of a certificate of title *and the duplicate copy issued* which shall show only those unreleased liens of record. *A fee of two dollars shall be charged for refiling a certificate of title pursuant to section 5 of this act.* Such fees shall be retained by the county. In addition to the foregoing fees, the clerks of the various counties shall charge a fee of two dollars for each certificate of title, and a fee of fifty cents for each notation of any lien on a certificate of title. The clerks of the various counties shall retain for the county one dollar of the two dollars charged for each certificate of title, and thirty-five cents for each notation of lien. The remaining one dollar charged for the certificate of title and the remaining fifteen cents charged for notation of any lien on a certificate of title shall be paid to the State Treasurer to be credited to the state General Fund. The clerks of the various counties shall remit all funds due the State Treasurer under this act monthly and not later than the fifth day of the month following the collection thereof. The clerks of the various counties shall remit fees not due the State of Nebraska to their respective county treasurers who shall credit such fees so remitted to the county general fund.".

3. Amend section 2 by striking sections 1 and 2 and inserting the following:

"Sec. 6. That original sections 60-107, 60-111, and 60-112, Reissue Revised Statutes of Nebraska, 1943, and section 60-115, Revised Statutes Supplement, 1961, are repealed.".

Communication

Mr. Carpenter received the following letter from Mr. B. H. G. Eiting, Director of Motor Vehicles and asked that it be printed in the Journal:

STATE OF NEBRASKA
Department of Motor Vehicles
Lincoln 9

February 22, 1963

Senator Terry Carpenter
Legislative Chamber
State House
Lincoln, Nebraska

Dear Senator Carpenter:

I respectfully write you for a clarification of intent with respect to your amendment to L. B. 178, the reflectorized license bill, as adopted by the Legislature on February 13, 1963, and advanced as a part of this measure from General File.

Your amendment states that "the Director of Motor Vehicles shall adopt specifications for the extent of reflectorization required with respect to visibility and legibility distances which will not result in the forced acceptance of proprietary items and that the Director in selecting material shall not exclude any present method of license plate reflectorization, either direct process or sheeting."

After a thorough investigation over the past few days and following the considerable research I have made of reflectorization and reflective material during the past several months, I find that it may be extremely difficult for this Department to select the proper reflective material for our license plates under the present wording of this bill.

Does this amendment mean the Legislature intends that the Director select the lowest priced material? Is the Director prohibited from selecting the material having the highest reflective properties, the most uniform production control qualities, the greatest durability, and the best all-weather performance? The material that can be stored and housed with the greatest degree of safety in the hands of prison inmates? Can the Director select the material which, upon investigation, will perform most adequately even though its cost is greater than other available materials?

If it is the intent of the amendment that the Director may select the most suitable reflective material, may I suggest that the amendment be re-worded to read as follows:

"The Director of Motor Vehicles shall select the reflective material after investigation and study of all reflective materials suitable for license plate reflectorization."

Very truly yours,

DEPARTMENT OF MOTOR VEHICLES

RESOLUTIONS

LEGISLATIVE RESOLUTION 21. Re: In Memory of Max Baskins Introduced by Terry Carpenter, 42nd District.

WHEREAS, Max Baskins died at Lincoln, Nebraska, on February 23, 1963 at the age of sixty-seven. He was serving the Legis-

lature as assistant sergeant at arms. Max Baskins was an X-ray technician at United States Veteran's Hospital until his retirement therefrom. He was active in civic and fraternal organizations. He leaves to mourn his death, his widow Ethel, two daughters and four grandchildren.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That we pause for a moment in our deliberations and stand in humility and reverence in honor of Max Baskins who served so loyally and ably in the Nebraska State Legislature.

2. That the Clerk of the Legislature be directed to spread at large on the Legislative Journal this resolution, and that a copy of said resolution, properly authenticated and suitably engrossed, be sent by the Clerk to the bereaved family of Max Baskins, as an expression of our respect for the deceased, and our sympathy for the bereaved.

SUSPEND RULES—Adopt Resolution

Mr. Carpenter requested unanimous consent that the rules be suspended and that LR 21 be adopted at this time. No objections. So ordered.

The members stood for a moment in silent tribute.

GENERAL FILE

LEGISLATIVE BILL 424. Read and considered.

Mr. Moulton offered the following amendments, which were adopted:

1. Amend section 1 of the bill by striking lines 10 to 15 and inserting the following:

"therewith in order to test the efficiency thereof, for tabulating the votes cast in one or more precincts or election districts, at three elections held after the passage of this act. The tabulating may be done at a location within the county as designated by the election commissioner. The election commissioner may select a ballot or ballots to be tabulated under this trial system without tabulating all races or issues in this manner; *Provided,* that the Secretary of State shall approve the form of the ballot used in any election, the results of which are canvassed by the state canvassing board.

Any reference to the folding of ballots in the statutes will not apply to card ballots for this trial. The voter after casting his or her card ballot or ballots will bring same to the judge in charge of the ballot box, will hold the voted portion of the ballot downward while allowing the election official to inspect the two signatures on the back of the ballot, and then will deposit same in the ballot box.

Any references in the statutes having limitations with regard to the size of type required on ballots will not be operative during this trial. The election commissioner will arrange to have the type size as large as is practicable within the space limitation of the card ballot.

The election commissioner may, through his duly appointed election officials, arrange to have partial returns delivered to the central tabulating location at any time desired after the opening of the polls.

The provision in the statutes which states that the ballot boxes cannot be opened until 8:00 p.m. when there is no counting board will not be in effect during this trial."

Report of the Legislative Council

February 27, 1963

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Third Session of the Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The 1959 Legislature created the Nebraska Retirement Systems Advisory Committee (50-416, 50-417, *R. R. S.* 1943). According to the statutes the Committee "shall study any legislative proposal, bill, or amendment, other than an amendment proposed by the Committee on Enrollment and Review, affecting any public retirement system, existing or proposed, established by the State of Nebraska or any political subdivision thereof and report the results of such study to the Legislature, which report shall, when applicable, include an actuarial analysis and cost estimate and the recommendation of the committee regarding passage of any bill or amendment."

The Nebraska Retirement Systems Advisory Committee is composed of the following members: Senators Harold B. Stryker, chairman; George C. Gerdes, Fern Hubbard Orme, Albert A. Kjar, and J. W. Burbach.

The Committee herewith submits its report of the studies it has made of the following bills affecting public retirement systems or proposing new retirement systems: LB 110, LB 115, LB 247, LB 395, and LB 70. The Committee has employed the services of a professional actuary as it is authorized to do by statute to assist it in its studies.

LB 110

Purpose of the Bill. This bill adds to the requirements for retirement for firemen in first class cities. Under the present law firemen may retire on half salary after 21 years service regardless of age. This bill would require the attainment of age 55 as well as the completion of 21 years of service.

Cost to the State. This bill would result in no cost to the state.

Committee's Recommendation. The Committee is neither recommending that the bill pass nor that it not pass. The Committee voted to call to the attention of the introducer and the other members of the Legislature one or two comments of the actuary in his report.

Reasons For Committee Recommendation. The actuary's report to the Committee indicated that the language of the bill seemed confusing in that the words "after the effective date of this act, no person entering the employment. . . ." seem to imply that the age 55 requirement will apply to future firemen but not to those presently employed, while later reference to service in World War II seems to imply that the age 55 requirement will apply to present firemen.

His other comment was as follows: "Regardless of the interpretation as to whether the bill applies to present firemen, passage of the bill would result in a savings to first class cities. Furthermore, half salary after 21 years with no age restriction seems to me to be unnecessarily liberal and unnecessarily costly."

LB 115

Purpose of the Bill. This bill is a technical amendment to remove any doubt as to whether employees of the Omaha Airport Authority are included in the Omaha retirement plan. The language of the bill would make sure that they are included.

Cost to the State. This bill would result in no cost to the state.

Committee's Recommendation. The Committee recommends that the bill be passed.

Reasons for Committee Recommendation. The bill is in the nature of the a mere technical change in the law. It in no way affects existing state retirement plans now will it result in any cost to the state.

LB 247

Purpose of the Bill. This bill would permit the Lincoln Board of Education to establish a retirement system for teachers and other employees of the Lincoln Public School System. Any such plan would be supplemental to social security benefits and to benefits from the state system for school employees.

Cost to the State. Passage of this bill would result in no cost to the state.

Commitee's Recommendation. The Committee recommends that this bill be passed.

Reasons For Committee's Recommendation. This bill is merely an enabling act for the Lincoln Board of Education, affects no existing state retirement plans, and would result in no cost to the state.

LB 395

Purpose of the Bill. The bill provides that "the governing body of any school district shall have the authority to purchase retirement annuity contracts for any or all of its employees from any insurance company licensed to do business in the State of Nebraska, may enter into contracts with its employees providing for the purchase by it of such retirement annuity contracts, or may provide for the purchase by it of such retirement annuity contracts in the general contract of employment with any or all of its employees."

Cost to the State. Passage of the bill would result in no cost to the state.

Commitee's Recommendation. The actuary reported to the Committee that "the language of this bill could be interpreted as permitting any school board to set up a retirement system for its employees, subject only to the condition that it be funded through purchase of retirement annuities. If the language should be so interpreted, there is a danger that some school board might set up a retirement system with overly liberal past service benefits without a real understanding of the costs involved."

He suggested that the Committee get an interpretation from the Attorney General before final action on the bill is taken. Since the bill is being held on General File until March 18 anyway, the Committee voted to seek such an interpretation.

LB 70

Purpose of the Bill. The purpose of this bill is to permit the city-county (Omaha) board of health to either establish its own retirement plan or participate in the Omaha city plan or participate in the Douglas County Plan.

Cost to the State. This bill would result in no cost to the state.

Committee's Recommendation. The Commitee recommends that the bill be passed.

Reasons For Committee's Recommendation. The bill would not affect any existing state retirement plan, would result in no cost to the state, and if the people of Douglas County want it the Committee sees no reason why the bill should not pass.

Status of the Above Bills

LB 110 and LB 115 are on Final Reading and will be voted on today. LB 247 is in Enrollment and Review for Engrossment. LB

395 is being held on General File until March 18. LB 70 is still in the Public Health Committee, and the Committee's Report on this latter bill will be transmitted to that Committee for its information.

Other bills affecting present retirement plans or proposing new retirement plans are as follows: LB 54, LB 256, LB 343, LB 351, LB 512, LB 535, LB 563, LB 605, L 639, and LB 727. All of these bills are still in Committee. Studies of these bills are now being undertaken by the Advisory Committee, and the results of these studies, together with the Committee's recommendations on the individual bills, will be completed in the near future and the information made known to the standing committees involved and the Legislature.

RESOLUTIONS

LEGISLATIVE RESOLUTION 22. Re: State Building Commission to Implement LB 90.

Introduced by Fern Hubbard Orme, 20th District.

WHEREAS, Legislative Bill 90, directing the State Building Commission to place a suitable plaque in the capitol building commemorating the persons on the Capitol Commission at the time the capitol was erected has been enacted into law; and

WHEREAS, the members of the Capitol Mural Commission are particularly qualified for the task of designing and preparing such plaque.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the State Building Commission be urged to implement Legislative Bill 90 by utilizing the services of the Capitol Mural Commission for the designing, preparing, and placing of such plaque and the planning of an appropriate ceremony to be held in conjunction with the placing thereof.

MOTION—Introduce Bill

Mr. President: I move that the Committee on Revenue be permitted to introduce a bill pertaining to cemetery districts and to provide for a method of transferring funds to newly organized ceme-

tery districts. This method of transfer was inadvertently omitted from the Cemetery District bill in the 1961 Legislative Session.

The Committee on Revenue voted unanimously to introduce this as a Committee bill. (Signed) J. W. Burbach, Chairman
Revenue Committee

Permission to introduce the bill was granted with 41 ayes, 0 nays, and 2 not voting.

BILLS ON FIRST READING

GENERAL FILE

LEGISLATIVE BILL 346. Considered.

Mr. R. Rasmussen offered the following amendment:

1. Amend the bill by adding a new section to be known as section 1 and to read as follows:

"Section 1. That section 81-2,137.01, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

81-2,137.01. Each container of agricultural or vegetable seed, which is sold, offered for sale or exposed

for sale within this state for sowing purposes, shall bear thereon or have attached thereto in a conspicuous place a printed label or tag in the English language, giving the following information:

(1) For agricultural seed:

(a) The commonly accepted name of the kind, or the kind and variety, of each agricultural seed component, in excess of five per cent of the whole, and the percentage by weight of each in the order of its predominance. *Other than a bluestem seed mixture which may consist of big bluestem, little bluestem and sand bluestem, or any of them, of which at least 95 per cent of the total pure live seed content is provided by the aforesaid listed species. Any combination of native grass seed in which less than 95 per cent of the total pure live seed content is not provided by one species, such combination cannot be labeled by a specific species designation and must be called a native grass mixture.* Where more than one component is required to be named, the word "mixture" or the word "mixed" shall be shown conspicuously on the label;

(b) The lot number or other lot identification;

(c) The origin, if known, of alfalfa, red clover, field corn and hybrid corn. If the origin is unknown, that fact shall be stated;

(d) The percentage by weight of all weed seed;

(e) The name and approximate number of each kind of secondary noxious weed seed per ounce in group (a) and per pound in groups (b) and (c), when present singly or collectively in excess of: Group (a), one seed in each five grams of agrostis spp., bluegrasses, timothy, orchard grass, fescues, alsike and white clover, reed canary grass, ryegrass, foxtail millet, alfalfa, red clover, sweetclovers, lespedezas, brome grass, crimson clover, brassica spp., flax, agropyron spp., and other agricultural seed of similar size and weight, or mixtures within this group; (b), one seed in each twenty-five grams of proso, sudan-grass and other agricultural seed of similar size and weight, or mixtures not specified in groups (a) or (c); and group (c), one seed in each one hundred grams of wheat, oats, rye, barley, buckwheat, sorghums (except sudan-grass), vetches, and other agricultural seed of a size and weight similar to or greater than those within this group, or any mixtures within this group. All determinations of secondary noxious

weed seed are subject to tolerances and methods of determination prescribed in the rules and regulations under sections 81-2,135.01 to 81-2,146.01;

(f) The percentage by weight of agricultural seed other than those required to be named on the label;

(g) The percentage by weight of inert matter;

(h) For each named agricultural seed, percentage of germination, exclusive of hard seed, percentage of hard seed, if present, and the calendar month and year the test was completed to determine such percentages. Following the percentage of germination and of hard seed, the additional statement "total germination and hard seed" may be stated if desired; and

(i) The name and address of the person who labeled said seed or who sells, offers or exposes said seed for sale within this state. No tag or label shall be affixed to any package or container of agricultural seed or mixture thereof, unless the same has been approved by the Department of Agriculture and Inspection ; *and*

(j) No seed offered for sale shall consist of a kind of native grass from two or more states .

(2) For vegetable seed:

(a) The name of the kind and variety of seed;

(b) For seed which germinate less than the standard last established in the rules and regulations of the Director of the Department of Agriculture and Inspection under sections 81-2,135.01 to 81-2,146.01: Percentage of germination, exclusive of hard seed; percentage of hard seed, if present; the calendar month and year the test was completed to determine such percentages; and the words "Below Standard" in not less than eight-point type; and

(c) The name and address of the person who labeled said seed or who sells, offers, or exposes said seed for sale within this state.".

2. Amend the bill by renumbering original section 1 as "Sec. 2.".

3. Amend the bill by striking original section 2 and inserting:

"Sec. 3. That original sections 81-2,137.01 and 81-2,138.01, Reissue Revised Statutes of Nebraska, 1943, are repealed.".

4. Amend the title to conform.

LEGISLATIVE BILL 169. Placed on General File as amended.

Standing Committee amendments to LB 169:

1. Amend section 1, lines 9 and 28 by inserting "*class, and housing authorities of cities of the metropolitan, primary, first, or second class,*" after "*primary*"; and in line 29, by inserting "*or housing authority*" after "city".

2. Immediately after section 1, insert three new sections to read as follows:

"Sec. 2. That section 14-1424, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

14-1424. Bonds of an authority shall be authorized by its resolution and may be issued in one or more series and shall (1) bear such date or dates, (2) mature at such time or times, (3) bear interest at such rate or rates, not exceeding six per cent per annum, (4) be in such denomination or denominations, (5) be in such form, either coupon or registered, (6) carry such conversion or registration privileges, (7) have such rank or priority, (8) be executed in such manner, and (9) be payable in such medium of payment and at such place or places, *and (10) be subject to such terms of redemption, with or without premium,* as such resolution, its trust indenture or mortgage may provide. The bonds shall be sold at not less than par at public sale held after notice has been published once at least five days prior to such sale in a legal newspaper having a general circulation in the city or the county and in a financial newspaper published in the city of New York, New York, or in the city of Chicago, Illinois; *Provided, however,* that such bonds may be sold at not less than par to the federal government at private sale without any public advertisement. In case any of the commissioners or officers of the authority whose signatures appear on any bonds or coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to sections 14-1423 and 14-1424 shall be fully negotiable. In any suit, action or proceeding involving the validity or enforceability of any bond

of any authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing project of such character, and said project shall be conclusively deemed to have been planned, located and constructed in accordance with the purposes and provisions of sections 14-1406, 14-1409, and 14-1415 to 14-1430. *No proceedings for the issuance of bonds of an authority shall be required other than those required by the provisions of this article; and the provisions of all other laws and city charters, if any, relative to the terms and conditions for the issuance, payment, redemption, registration, sale or delivery of bonds of public bodies, corporations, or political subdivisions of this state shall not be applicable to bonds issued by an authority pursuant to this article.*

Sec. 3. That section 15-834, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

15-834. No bonds issued by the city for any purpose shall draw interest at a greater rate than five per cent per annum, and no bonds shall be sold for less than par or face value. All bonds shall be redeemable at the option of the city at any time on or after five years from their date *may contain such provisions with respect to their redemption as the city shall provide.* There shall be no tax levy to pay more than the interest upon such bonds until the year before they become due, and then only so much as is needed to meet the bonds maturing the year after.

Sec. 4. That section 19-1015, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

19-1015. Bonds of a housing authority (1) shall be authorized by its resolution, (2) may be issued in one or more series, (3) shall bear such date or dates, (4) shall mature at such time or times, (5) shall bear interest at such rate or rates, not exceeding six per cent per annum, (6) shall be in such denomination or denominations, (7) shall be in such form, either coupon or registered, (8) shall carry, such conversion or registration privileges, (9) shall have such rank or priority, (10) shall be executed in such manner, and (11) shall be payable in such medium of payment and at such place or places, *and (12) be subject to such terms of redemption with or without premium,* as such resolution and its trust indenture or mortgage may provide. The bonds shall be sold at not less than par at public sale held after notice has been published once at least five days prior to such sale in a legal newspaper having a general circulation in the city, the village, or the county and in

a financial newspaper published in the City of New York, New York, or in the City of Chicago, Illinois; *Provided,* that such bonds may be sold at not less than par to the federal government at private sale without any public advertisement. In case any of the commissioners or officers of the authority, whose signatures appear on any bonds or coupons, shall cease to be such commissioners or officers before the delivery of such bonds such signatures shall nevertheless be valid and sufficient for all purposes the same as if they had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this section and section 19-1014 shall be fully negotiable. In any suit, action, or proceedings involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing project of such character, and said project shall be conclusively deemed to have been planned, located, and constructed in accordance with the purposes and provisions of sections 19-1001 to 19-1022. *No proceedings for the issuance of bonds of an authority shall be required other than those required by the provisions of this article; and the provisions of all other laws and city charters, if any, relative to the terms and conditions for the issuance, payment, redemption, registration, sale or delivery of bonds of public bodies, corporations, or political subdivisions of this state shall not be applicable to bonds issued by an authority pursuant to this article.".*

RESOLUTIONS

LEGISLATIVE RESOLUTION 23. Re: Congratulations to Coach Frank Sevigne and his University of Nebraska track team.

Introduced by: Marvin E. Stromer, 19th District, George Syas, 4th District, Dale L. Payne, 3rd District, Kenneth L. Bowen, 32nd District, Eric Rasmussen, 23rd District, Eugene T. Mahoney, 8th District, Ross H. Rasmussen, 11th District, Peter H. Claussen, 16th District, Richard D. Marvel, 31st District, J. W. Burbach, 14th District, and Cecil Craft, 38th District.

WHEREAS, there has been a resurgence of The University of Nebraska athletic powers, and

WHEREAS, the conference championship that track coach Frank Sevigne and his University of Nebraska track team won in Kansas City, Missouri, on March 2, 1963 was the first conference championship won by any Cornhusker team in any sport in twelve years, and

WHEREAS, this new conference title is a rekindling of state pride.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the members of this Legislature congratulate Coach Frank Sevigne and his University of Nebraska track team for their brilliant performance.

2. That a copy of this resolution, suitably engrossed, be sent by the Clerk of the Legislature to Coach Frank Sevigne and the

young men who carried the Cornhusker colors to such an invigorating victory.

MOTIONS—Introduce Bills

Mr. President: I move that the Budget Committee be permitted to introduce a bill appropriating $50,000 for the accounting and data processing study, Phase I.

The Committee voted unanimously to introduce this as a committee bill. (Signed) Richard D. Marvel, Chairman

Permission to introduce the bill was granted with 39 ayes, 0 nays and 4 not voting.

Mr. President: I move that the Committee on Salaries and Claims be permitted to introduce a bill providing for the administrative payment of claims for motor vehicle fuel tax refunds based upon lost, mutilated or destroyed originals of the gas tax invoices.

The Salaries and Claims Committee is faced year after year with the prospect of considering all of the claims sought to be paid under this bill. Almost without exception, they are paid without the proper benefit of audit facilities to the committee.

It was the unanimous decision of the committee that the paying of these claims amounts to an administrative function that should not be considered by the committee.

(Signed) William B. Brandt, Chairman

Permission to introduce the bill was granted with 30 ayes, 0 nays and 13 not voting.

Mr. President: I move that the Public Works Committee be permitted to introduce a bill.

The committee voted unanimously to introduce this as a committee bill. (Signed) Arnold Ruhnke, Chairman

Permission to introduce the bill was granted with 32 ayes, 0 nays and 11 not voting.

RESOLUTIONS

LEGISLATIVE RESOLUTION 24. Re: In Memory of Ernest Fouts

Introduced by William Moulton, Legislative District 10.

WHEREAS, Ernest Fouts died at Minneapolis, Kansas, on March 6, 1963 at the age of ninety years. He was loved and respected by everyone who knew him. He became interested in fraternal work in his later years and spent much time working in degree work. At the time of his retirement he was custodian for the Legislature, which position he held for more than fourteen years. He leaves a son and daughter to mourn his death.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That we pause for a moment in our deliberations and stand in humility and reverence in honor of Ernest Fouts, who served so loyally and ably as custodian of the Legislature.

2. That the Clerk of the Legislature be directed to spread at large on the Legislative Journal this resolution, and that a copy of said resolution, properly authenticated and suitably engrossed, be sent by the Clerk to the bereaved family of Ernest Fouts, as an expression of our respect for the deceased, and our sympathy for the bereaved.

Report of the Legislative Council

March 11, 1963

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Third Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The Nebraska Retirement Systems Advisory Committee is herewith submitting its second report to the Seventy-Third Session of the Nebraska Legislature on proposed retirement legislation. This report covers the following measures: LB 343, LB 465, and LB 508.

LB 343

Purpose of the Bill. This bill would include in the state teachers retirement system "the executive officer appointed to administer the school employees' retirement act and his professional staff." The act involves only two people working in the retirement systems office.

Cost to the State. Passage of this bill would increase the liabilities of the teachers retirement system by about $4300. If future service costs were properly funded, the annual cost to the state would be about $235.

Committee's Recommendation. The Committee recommends that this bill not be passed.

Reasons For Committee Recommendation. There are two reasons for this recommendation. First, it would only place two of the employees of the Retirement Systems Office under the teachers retirement program. This appears to be somewhat discriminatory in that there are about nine other employees. Secondly, neither the executive officer of the retirement systems nor the other person to be affected is a teacher or in any way related to education. There appears to be no reason therefore for placing them under the teachers retirement system.

LB 465

Purpose of the Bill. The bill contains two provisions relating to the state teachers retirement system.

First, the bill provides for a full month's payment at the end of the month of death. Under the present system a pro rata payment is made for the month of death. It is understood that there are some administrative problems in issuing new checks under the present system because the office is not always notified of death before checks are sent out.

Second, the bill provides that a person receiving retirement benefits may waive payments and return to regular employment in a public school.

Cost to the State. The cost under the first provision comes from the fact that, in effect, the bill provides life insurance for an amount

equal to one-half of one month's service annuity (on the average) for retired persons except that there is no such insurance for persons who elect the cash refund option or the 120 month guarantee option and who die during the guarantee period. In theory, at least, there is no cost to the state from the savings annuity because savings annuity purchase rates are supposed to be adjusted as necessary to make this part of the system self-supporting.

Based on the number of deaths among retirements in the last year and assuming no change in the service annuity, the estimated annual cost to the state under this first provision would vary from $600 to $2500. This would be at least partially offset by an administrative saving.

The second provision of the bill would result in no cost to the state and might result in a saving.

Committee's Recommendation. The Committee recommends that the bill be passed.

Reasons For Committee Recommendation. The first provision would result in a minimum increased cost and the second in none. Furthermore, the first provision would simplify some of the administrative procedures of the system. They both appear to be reasonable changes in the present system.

LB 508

Purpose of the Bill. This bill is concerned with the savings annuity of the state teachers retirement system. It provides that the contribution be made by the employer rather than the employee and would amount, in most cases, to an increase in salary of $120 per year.

It is our understanding that the purpose of the bill is to effect a federal income tax saving for school employees. If the employee's salary should be reduced by the amount of the contribution, the cost to the school board would not be changed and the employee's federal taxes would be reduced by 120 times his tax bracket percentage. In most cases it is estimated that this would be a net gain to the employee of $24 per year at the expense of the federal government.

Cost to the State. Whether this would cost the state any money depends on whether the state employees covered under the system would have their salaries reduced. According to the Retirement Systems Office there are 646 members of the system paid from state funds. If the bill passes, and if the salaries for these 646 people are not reduced by the amount of the contribution, the cost to the state

would be about $77,000. If the salaries were reduced by the amount of the contribution, there would be no cost to the state.

For the fiscal year ending June 30, 1962, the total contributions were $1,772,803.70. Since this is not expected to change substantially in the future, this is a reasonable estimate of the maximum cost to the state and the school districts. Whether or not there would actually be any cost depends on the contracts between the school boards and the employees and the salary action taken by the school boards (and the state).

Committee's Recommendation. The Committee recommends that the bill not be passed.

Reasons For Committee Recommendation. Other legislation is being considered by the Legislature which require contributions to be paid by the employees. Also, it is felt that if this bill passes, the Legislature will be requested to pass similar legislation for the other state retirement systems under which the employees now pay their contributions. The Committee feels that the employees should make these contributions.

Report of Legislative Council on LR 1

March 12, 1963

From: The Executive Board of the Nebraska Legislative Council

To: The Seventy-Third Nebraska Legislature

Subject: Report on Resolution Proposing a Legislative Council Study

According to Section 3 of Rule 15 of the Rules of the Nebraska Legislature, resolutions proposing that studies be made by the Legislative Council are to be referred to the Executive Board of the Legislative Council, which Board is to make recommendations that the proposed studies be made or rejected.

The Executive Board has had under consideration Legislative Resolution 1 proposing a comprehensive study of highway and street systems in Nebraska. The Board met on Monday, March 11, to take final action on the Resolution. It voted to recommend the adoption of the Resolution by the Legislature, as amended.

The Board made several changes in the wording of the original Resolution, but made no substantive changes which would affect the type of study proposed originally. Accompanying this Report is a copy of the Resolution with the changed wording, and the Board recommends its adoption.

LEGISLATIVE RESOLUTION 1

Introduced by Michael P. Russillo, 9th District

WHEREAS, the Legislative Council Committee on the distribution of the state gasoline tax, established by resolution of the Seventy-second Session of the Nebraska State Legislature, has recommended:

1. That a comprehensive study of the state, county, city, and township highway and street systems be conducted by competent personnel, the study to include road and street administration and financing, construction costs, and maintenance;

2. That this study be broad enough to include the administration of the Department of Roads, and salaries and fringe benefits of the employees of the Department of Roads;

3. That the 1963 Nebraska Legislature authorize this study early in the session, including the appropriation of the necessary funds, so that there will be plenty of time for its completion prior to the 1965 session; and

WHEREAS, a study of the finances, construction costs, and administration of these highways, roads and streets should be made.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Executive Board of the Legislative Council appoint a committee of nine members of the Legislative Council to make a statewide study of the needs, classifications and financing of all public roads, streets and highways, and to report its study and make recommendations thereon to the next regular session of the Legislature. The study and recommendations shall include, but shall not be limited to, the following:

(a) Administrative and management practices to be followed in highway construction and maintenance in view of available funds for these purposes.

(b) That the allocation of all highway revenues be so distributed as to effect a well-balanced highways, roads, and streets transportation network.

(c) Techniques to be used to obtain closer coordination between the state and local units in planning and constructing our highways, roads, and streets.

(d) A study and inventory of the present use and deficiencies, and forecast of the future needs and improvements necessary for all highways, roads, and streets in the state according to appropriate standards.

(e) Make such other recommendations as will assure the development of an efficient and effective balanced, integrated highways, roads and streets transportation network within the State of Nebraska.

2. The committee shall prepare and recommend such legislation as may be necessary to secure the objectives of the study.

3. The committee shall utilize the facilities and services of the Federal Bureau of Public Roads, the State Highway Commission, the State Engineer, and the Department of Roads.

4. The committee in making this study is directed to consult and cooperate with agencies named in paragraph 3 hereof, and also with any group or groups which may be appointed by the Governor for the purposes of this study.

5. The Department of Roads shall secure such funds as may be needed and available from the Federal Bureau of Public Roads for the financing of any or all aspects of the study, which funds shall be disbursed in the same manner as other federal aid funds appropriated to the Department of Roads, except such expenditures shall be made only pursuant to the approval of the Legislative Council.

6. The committee shall also secure and utilize the cooperative assistance of counties, cities, and villages in the conduct of such study.

Laid over until Thursday, March 14 at the request of Mr. Carpenter.

LEGISLATIVE BILL 386. Placed on General File as amended.

Standing Committee amendments to LB 386:

1. Amend the bill by striking sections 1 to 9 and inserting in lieu thereof the following:

"Section 1. Any person, corporation or organization seeking tax exempt status to real property shall apply for exemption to the county assessor by January 1 of the year following adoption of this act, on forms prescribed by the Tax Commissioner. The county assessor shall examine the application and recommend either taxable or exempt status of the real property to the county board of equalization by February 1 following.

Sec. 2. The county board of equalization after a hearing on ten days' notice to the applicant, and after considering the recommendation of the county assessor and any other information it may obtain shall grant or withhold tax exemption of the real property on the basis of law and of regulations promulgated by the Tax Commissioner. The board shall certify its decision to the applicant, the county assessor, and with the Tax Commissioner within ten days thereafter.

Sec. 3. When real estate has been exempted from taxation as provided by this act, it shall continue for a period of four years from January 1 of the year following adoption of this act; *Provided,* that each person or organization so exempt shall file an affidavit with the county assessor by January 1 of each intervening year certifying that the use of each exempted real property has not changed during the year. On or before the expiration of such exemption, a new application shall be filed on which the procedure shall be the same as provided for other applications under the provisions of this act. If any person, corporation or organization shall seek tax exemption for any real property in any intervening year, he or it shall apply on or before January 1 of any such

intervening year as hereinbefore provided and procedure thereon shall be the same as provided for other applications under the provisions of this act.

Sec. 4. Persons, corporations or organizations denied exemption of real estate from taxation by a county board of equalization may appeal de novo to the district court of the county where such real estate is located in the same manner and under the same procedure as provided by sections 77-1510 and 77-1511, Revised Statutes Supplement, 1961, in the case of appeals from other actions of a county board of equalization except that such appeal shall be taken within twenty days after the certification of the decision, determination or order made by said board of equalization and except that the court on appeal shall make its decision on the law and equity and may reverse the action of said board even though it is not established that the action of the board was unreasonable or arbitrary. The Tax Commissioner may at his discretion intervene in any such appeal.

Sec. 5. The Tax Commssioner shall prepare forms for distribution to the county assessors on which persons, corporations, and organizations may apply for tax exemption of real property. The forms shall include the following information:

(1) Name of owner or owners of the property, and if a corporation, the names of the officers and directors, and place of incorporation;

(2) Legal description of the property;

(3) The precise statutory provision under which exemption of real estate is claimed; and

(4) A statement that all taxes levied on such property have been paid up to the year for which exemption of real estate is being claimed.

Sec. 6. The Tax Commissioner shall have the power to review and reverse any decision of the county board of equalization granting tax exemption of real property, but only after a hearing has been held by the Tax Commissioner in the county where the property exempted is situated, upon ten days' written notice to the applicant and to the county board of equalization. The Tax Commissioner shall forthwith certify his order to the applicant, the county assessor and the county board of equalization.

Sec. 7. The applicant or county may appeal de novo directly from the order of the Tax Commissioner to the district court of the county where the property is situated within twenty days after

such order, in the same manner as provided in section 4 of this act.".

2. Amend the title to conform.

"Section 1. That section 17-516, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

17-516. For the purpose of paying the cost of paving, repaving, macadamizing or graveling, curbing and , guttering streets, *or otherwise improving* avenues or alleys in any improvement district, the mayor and council or board of trustees shall have the power and may, by ordinance, cause to be issued bonds of the city or village to be called "District ~~Paving~~ *Improvement* Bonds of District No. .....," payable in not exceeding ten years from date, and to bear interest payable annually or semiannually at not exceeding six per cent per annum, with interest coupons attached or may issue its warrants, as other warrants are issued, to be called "District ~~Paving~~ *Improvement* Warrants of District No. .....," payable in the order of their number, to be issued in such denominations as may be deemed advisable, and to bear interest at not exceeding seven per

cent per annum. *When warrants are issued for the payment of such cost, special taxes and assessments shall be levied sufficient to pay such warrants and the interest thereon within three years from the date of issuance.*

Sec. 2. That original section 17-516, Reissue Revised Statutes of Nebraska, 1943, and also section 17-517, Reissue Revised Statutes of Nebraska, 1943, are repealed."

2. In the title, strike lines 2 to 8 and insert:

"FOR AN ACT to amend section 17-516, Reissue Revised Statutes of Nebraska, 1943, relating to cities of the second class and villages; to provide for additional street improvements as prescribed; to redesignate bonds and warrants as prescribed; to provide for the payment of warrants as prescribed; and to repeal the original section and also section 17-517, Reissue Revised Statutes of Nebraska, 1943."

LEGISLATIVE BILL 382. Placed on General File as amended.

Standing Committee amendments to LB 382:

1. Strike sections 1 to 7 and insert six new sections to be known as sections 1 to 6 and to read as follows:

"Section 1. The Tax Commissioner shall prepare and administer a course of training which shall be attended by all county assessors and county clerks who are ex officio county assessors. Such course shall be designed so as to impart a thorough knowledge of the techniques for the valuation of real and personal property and to develop the essential administration skills for the proper discharge of the duties of his office.

Sec. 2. The course of training required by this act shall consist of not less than one week of instruction each year to be conducted in Lincoln. Not less than one week of instruction under this act shall be conducted for newly elected assessors prior to their taking office. A written examination shall be given at the conclusion of each course of instruction under this act. On the basis of the results of such examination additional courses of instruction may be ordered by the Tax Commissioner.

Sec. 3. The necessary expenses for travel, meals and lodging incurred by any county assessor or county clerk who is ex officio county assessor in attending any course of training provided by this act shall be borne by the general fund of the county of which the county assessor or county clerk who is ex officio county assessor is an

officer. This shall include the necessary expenses for travel, board, and lodging of newly elected assessors or county clerks who are ex officio county assessors in attending any course of training under this act prior to commencement of their term of office. All other costs of conducting courses of training under this act shall be borne by the State of Nebraska.

Sec. 4. Upon request of the Tax Commissioner, The University of Nebraska shall cooperate in the preparation and administration and shall provide classroom facilities for the courses of instruction required by this act.

Sec. 5. The Tax Commissioner shall prepare certificates of achievement which he shall award to county assessors and county clerks who are ex officio county assessors after successful completion of the courses of training provided by this act. No such certificate shall be awarded until the successful completion of at least three annual courses of instruction.

Sec. 6. MESSAGE FROM THE GOVERNOR

March 13, 1963

The President, the Speaker, and
Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-third Session:

Deep personal convictions require that I return to you Legislative Resolution No. 4 without my signature. I am compelled to and do veto this resolution for the following reasons:

American citizenship is the greatest civil privilege ever accorded mankind in human history. Its protection is dependent upon certain eternal truths set forth in the Constitution of the United States. This Constitution is a tower of strength and the bulwark of Freedom in the stormy sea of a world wracked with tyranny and oppression. The great English statesman, Gladstone, once referred to it as the greatest document ever struck from the mind and pen of man at one time. It has been the hope of men everywhere for more than 170 years. Our fathers have lived and died to protect it and handed it on to us enriched, vital and alive. Regardless of state lines, we are all Americans. Every civil right that we have is preserved, protected, and guaranteed to us by virtue of this immortal document.

In my opinion Resolution No. 4 makes possible a change in the Constitution without any official act of the Congress of the United States. It means an expression by the government of this state of a lack of confidence in our Congress. In my opinion this is a dangerous precedent. It would weaken the Constitution and deprive our duly elected representatives in the Congress of the United States of any responsibility for its change, should three-fourths of the states elect to change it. Throughout the history of this nation there have been many times when individuals or states thought that their liberty or property was in jeopardy by virtue of some decision of the federal court. This is nothing new to our time. There have been times when honest, temporary, and ill-advised hysteria have swept the nation, but mature reflection has always taught every generation that tampering with this document would have been dangerous. Abridgement of either the Congress or the Courts could have serious consequences.

I think that it is our duty as citizens and public officials to strengthen and not weaken the application of this, our Constitution. The government of the United States is not an alien government—it is our government. The Congress of the United States is not an adversary body—its members are our representatives in the greatest legislative body in all human history.

Each of us, before he entered upon his official duties, took an oath the first statement of which was to support the Constitution of the United States. This is our primary official obligation. It is the first responsibility of our every official act we perform as Legislators and as Governor of this one of the 50 states of the American Union.

With reference to Resolution No. 5, I shall return it to you, vetoed, not only for the reasons herein set forth which apply to Resolution No. 4, but in addition thereto, this resolution would in effect deny the jurisdiction of the federal courts in protecting the basic rights of American citizenship. The motto of our state is "Equality Before The Law." Our country and our Constitution are founded upon the premise that all men are created equal. We believe that every man has a right to be represented in his government, and to say in effect that it is no business of the federal courts what any state might do with reference to the rights of American citizens to participate in or have a voice in or an equal and equitable vote in the selection of their public officials would be an obvious abridgement of one of the basic rights of American citizenship. The so-called states rights, federal rights, or the rights of any government at any level must, according to our basic faith, be founded upon human rights upon which they draw their vitality and their potential. The rights of the states to function exists basically by virtue of the Constitution and laws of the United States and have their basic roots in American citizenship as expressed in the Constitution of the United States and the laws of this country as interpreted, preserved, and protected by the courts of this nation. Any abridgement of the jurisdiction of the federal courts to guarantee, protect, and preserve our rights as citizens would inevitably lead to the destruction of the Union and then to the rights of American citizenship as guaranteed therein.

The United States of America is now vested with the leadership of the free world and men everywhere look to us for the preservation of basic human freedoms. Resolution No. 5 would, in my opinion, cast a shadow which could in time weaken the role which America is destined to play as a United Nation of 50 States determined to pursue her historic responsibility in the preservation of human freedom in a world threatened with tyranny and oppression.

For us in Nebraska to express at this time a lack of faith in the Congress of the United States and the federal courts would, in my opinion, be a demonstration of a lack of unity and faith in our American institutions when history demands American unity and faith in our American traditions which have served us so well.

Respectfully,

(Signed) Frank B. Morrison
Governor

Mr. John Fink

Lincoln, Nebraska

Mr. Fink:

You will be pleased to know that I have thoroughly digested the message from Mr. Hawley that you were considerate enough to send me. I have also had time to carefully react from the statements you penned thereto.

I have had the three-page letter mimographed and delivered to the desks of the senators you listed as enemies and I think your underlining of certain remarks will also be of particular interest to them. I am wondering if this is the normal method of procedure of Safeway when they are thwarted.

Now as to your remarks: A last minute hurry-up phone call campaign without benefit of complete understanding does more damage than good. Your efforts to bombard me with telephone calls the week end prior to the voting fall into this category. I would also like to comment on your threat to defeat me in the next election.

First I would enjoy an outsider such as yourself coming into my district to tell my constituents that you didn't get your way on a piece of legislation while most of the people in my district favored my stand. Secondly if you think I am about to run from the giant organization of Safeway which by your inference would also be lined up against me you have another serious think coming. I would more than enjoy campaigning against a huge "octopus" trying to dictate to the people of my district.

Sincere regards

SUBJECT: **LB105—WE LOST—33 VOTED IN FAVOR AND 9 FRIENDS VOTED AGAINST**

You have probably heard we lost in the final vote Tuesday (2/26) on this bill. We lost to a combination of Tavern owners, Independent stores and Church groups. We lost because:

(1) We were deceived or insufficiently informed as to the probably Legislative Miscellaneous Committee reaction to this bill;

(2) **We lost completely in Lincoln** and with all but two of the Omaha Senators;

(3) We lost because we did not accurately evaluate and were insufficiently prepared to overcome the amazing momentum that the proponents had carefully planned and executed in putting this bill through by:

(a) their moving in real early in the session

(b) their prior campaign of vilification **lies and mis-information**

(c) some of the good church people and their legislative representatives believing that this bill would limit the number of licenses in grocery stores **whereas it will actually increase them in the independent grocery stores.**

(4) Not enough of us were sufficiently acquainted with our Senators to talk to them personally to change their minds on the **pre-legislation propaganda with which they obviously had been indoctrinated.**

We did appear at the committee hearing. Immediately upon learning the action of the committee we went to you and our other friends to build a backfire. Many of you did a wonderful job in contacting your Senators and in getting our friends to give us the very helpful hand that most of them did with considerable ability. It is said by many Senators that this was the hottest most controversial bill in the legislature so far this session. We did make an impression! But it obviously was not enough.

We have learned a lesson in government—every one of us must know his Senator personally and not hesitate to talk **to him personally** about **our problems.** Just a letter while helpful is not sufficient when the chips are down and we are in a brawl like this one.

We ask you personally to thank the Senators who were with us and personally thank our friends, the newspapers, bankers, and Chambers of Commerce for their most able assistance. It is said that no piece

of legislation in years has brought out the local editorials that this did and that on no piece of legislation in years have so many Chambers of Commerce actively worked and expressed themselves on a bill. **Even with all this power, and it was power, we were not able to defeat this amazing, tavern coddling discriminating bill.**

When we rolled we did an amazing job, thanks to everyone. Given more time we might have succeeded. We said after the committee hearing that if we could stop the bill it would be a miracle. We tried for that miracle and came closer to succeeding than the vote indicated. From the start - even before the legislature met - the proponents of this bill had committed to them more than the 22 majority votes it would take to pass it. Many others just fell in to be on the winning side. **The cards were really stacked on this one.** Attached is a map shaded showing the Districts and the Senators who were FOR US.

Sincerely,

(S) Brick Hawley
Public Relations Manager

(The following note was added by Mr. Fink: The underlining—bold face—in the above letter was also apparently done by Mr. Fink.)

Mr. Stromer—

I was one of the Safeway Mgrs. that called you before this bill was passed. I was polite and did not expect to receive the **very beligerant** (sic) attitude that I received from you. **I believe you had your mind made up.** I feel you are a very poor man to represent the people of this dist. - and I will do everything possible to see you are defeated in the next election.

(9) Consumer shall mean any person, firm, association, partnership, copartnership, joint stock company, syndicate or corporation not having a license to sell cigarettes.

2. Amend the bill by renumbering sections 1 and 2 of the bill as sections 2 and 3 respectively.

3. Amend the bill by striking original section 3 and adding ten new sections to be known as sections 4 to 13 respectively and to read as follows:

"Sec. 4. *Commencing on July 1, 1963, there is hereby imposed a tax on the sale at wholesale of tobacco products as defined in subdivision (5) of section 77-2601. The tax imposed herein shall be ten per cent of the wholesale price of tobacco products sold by a wholesaler to a licensed retail dealer. On every invoice issued by a wholesaler to a dealer of tobacco products as defined in subdivision (5) of section 77-2601, shall show the wholesale price to the retailer to which shall be added ten per cent of such wholesale price and which shall be shown on the invoice. A copy of each invoice of tobacco products shall be mailed to the director within three days after the invoice is issued.*

Sec. 5. *Every wholesaler as defined in subdivision (4) of section 77-2601, shall before the effective date of this act make application to the department to sell tobacco products at wholesale. Each application shall be accompanied by a license fee of ten dollars and a good and sufficient surety bond in the penal amount of one thousand dollars if he is a wholesale dealer in cigarettes and a wholesaler of tobacco products, or five hundred dollars if he is a wholesaler of tobacco products, conditioned upon the payment to the department of all taxes due and payable under the provisions of this act. The form of the application and the contents thereof shall be determined, prescribed and furnished by the director. Upon approval of the application and bond the director is authorized to issue to the applicant a wholesale tobacco products license to be effective July 1, 1963, and which license shall expire July 1, 1964. Applications for renewal licenses shall be made prior to July 1 of each year thereafter.*

Sec. 6. *On or before August 20, 1963, and on or before the twentieth of each month thereafter each wholesaler licensed under the provisions of section 4 of this act shall compute the amount of tax due the State of Nebraska under the provisions of section 4 of this act for the previous month and shall report such amount to the director on such form as may be prescribed by the director and remit the amount due to the department with said report. Failure to make the report and remittance within the prescribed time shall be sufficient grounds for revocation or suspension of the wholesale license involved after ten days notice and hearing before the director if in the judgment of said director such suspension or*

revocation is justified. It shall be unlawful for any wholesaler to sell any tobacco products within this state during the time of any such suspension or revocation.

Sec. 7. *It shall be unlawful for any person to sell tobacco products at wholesale within this state without being the holder of a valid license to do so as prescribed in section 5 of this act.*

Sec. 8. *All taxes collected by the director for the department from the sale of tobacco products as defined in subdivision (5) of section 77-2601, shall be deposited by the director in the state treasury and by the State Treasurer placed in the Centennial Fund. Any balance in such fund not appropriated by the Legislature shall revert to the General Fund.*

Sec. 9. *If the tax provided for in section 4 of this act is not paid within the prescribed time, the same shall become delinquent and a penalty of twenty-five per cent shall be added thereto, together with interest at the rate of one per cent per month until paid. If attorneys are employed to collect such delinquent tax, ten per cent of the tax, penalty, and interest shall be added thereto as a part of the costs of collection.*

Sec. 10. *The director is hereby authorized and empowered to make such rules and regulations as may be necessary to carry out provisions of sections 4 to 10 of this act in the same manner and under the same conditions as are prescribed by law for the adoption of rules and regulations by other administrative agencies of this state.*

Sec. 11. *Any person who shall willfully violate any provision of sections 4 to 10 of this act or any rules and regulations promulgated by the director shall, upon conviction thereof, be fined not less than twenty-five dollars nor more than five hundred dollars.*

Sec. 12. That original sections 77-2601 and 77-2602, Reissue Revised Statutes of Nebraska, 1943, and section 77-2616, Revised Statutes Supplement, 1961, are repealed.

Sec. 13. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law."

4. Amend the title to conform.

STANDING COMMITTEE REPORT

Agriculture

March 14, 1963

The Agriculture Committee met Monday, March 11, 1963 with Mr. Pearle Finigan from the Department of Agriculture and he reported he did not have anything to report at that time but if a Committee was appointed and money was provided for an investigation it might take three or four months to get the facts in the case.

Mr. Mel Kammerlohr from the Attorney General's office informed us we could not appropriate money unless it was for the purpose of getting information for the drafting of legislation. If it was to find out about price fixing or collusion in restraint of trade it became executive and we had no authority to enter therein.

Also, our rules prohibit Legislative investigations or studies while the Legislature in session. We would have to suspend the rules if a study was made at this time, and four or five Senators taken from this body during the session for three or four months, even part-time, would seriously affect the work of the Legislature.

We met again Wednesday, March 13, 1963 and decided that because of these facts and a feeling that to be effective this would have to be a nation wide study, the Committee does not recommend that a Committee be appointed but are having a Resolution drawn to send to President John F. Kennedy and to our Congressional delegation and Senators in Washington, asking them to look into the imports of meat and its effects on our markets.

RESOLUTIONS

LEGISLATIVE RESOLUTION 25. Re: Imports of Veal and Beef.

By Agriculture Committee, Frank Nelson, Legislative District 28, Chairman.

WHEREAS, this Legislature wishes to focus the attention of the nation and the federal government upon the probability that the rising volume of imports of beef and veal into the United States has been a factor in contributing to the serious decline of livestock prices; and

WHEREAS, the imports of beef and veal, product weight, for the eleven-month period of January through November of 1962, totaled eight hundred eighty-four million pounds, which volume was equal to nine per cent of the United States production of beef and veal during this same period and represented a thirty-nine per cent increase from the six hundred thirty-five million pounds of beef and veal imported during the same period in 1961.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Nebraska Legislature hereby petitions the executive branch of the federal government, the Senators and Congressmen from Nebraska to exercise their authority immediately under the powers and privileges granted in Public Law 87-794, and to further consider the wisdom of flexible quota of imports to balance the consumptive need, in relation to United States domestic production.

2. That action be taken immediately because the situation is unusually serious and requires correction at the earliest possible moment.

3. That copies of this resolution be transmitted by the Clerk of the Legislature to the President of the United States, and to each member from Nebraska in the United States Senate and in the House of Representatives.

Mr. Carpenter asked unanimous consent that LR 25 be laid over until Monday, March 18, 1963. No objections. So ordered.

Senators of the Seventy-third Session:

I am herewith returning Legislative Resolution 5 without my signature, for the reasons stated in my message to you of March 13, 1963.

I am therefore vetoing this resolution for the reason that the same would, in my opinion, deprive the federal courts of jurisdiction essential to the protection of basic rights of American citizens.

Sincerely yours,

Mr. Adamson offered the following amendment, which was adopted with 20 ayes, 18 nays and 5 not voting.

1. Amend section 5 of the bill by striking lines 40 to 42 and inserting in lieu thereof the following:

"city shall be presumed legal as to territories where the inhabitants do not appeal. Any inhabitant who is the legal owner of any territory annexed may appeal from the annexation ordinance to the district court of the county in which such city is situated, within one year from the date of the passage of the ordinance, praying that the territory be eliminated from such ordinance. Such appeal may be taken from the enactment of the ordinance as in other civil actions, but notice of appeal must be given within ten days from the filing of the petition by causing a copy of the petition to be served on the mayor and the members of the city council of the city in the manner provided by law for service of summons in a civil action. The city shall file its answer, if it desires to contest such appeal, within thirty days from filing the petition on appeal. The city shall set forth in its answer the grounds for sustaining the ordinance and why territory should not be eliminated from such annexation ordinance. The case shall be tried by a court as a suit in equity de novo, and the burden of proof shall be upon the city. The court may hear and determine in one suit the appeal of all persons appealing from the annexation ordinance, but shall make specific finding in reference to each tract of land set forth in a petition or petitions on appeal. If the court finds in favor of the petition or petitions, or any of them, it shall enter a

decree accordingly. In all cases a decree finding that any of the territory described in the proceedings should be eliminated from the annexation ordinance, a certified copy shall be recorded in the office of the clerk of the city affected thereby. Either party may prosecute appeal from the finding and decree of the district court to the Supreme Court.".

Revenue

LEGISLATIVE BILL 612. Placed on General File as amended.

Standing Committee amendments to LB 612:

1. Strike sections 1 to 9 and insert the following in lieu thereof.

"Section 1. A tax, at a rate to be determined as provided in sections 5 and 6 of this act, is hereby imposed in the year earned on the taxable income, as defined in section 2 of this act, of all natural persons resident in this state from whatever source such income might be earned, received, or derived.

Sec. 2. As used in section 1 of this act, taxable income shall mean adjusted gross income as determined under the federal Internal Revenue Code of 1954 and amendments thereto as of January 1, 1963, to which shall be added (1) all interest received on the securities of any state or any political subdivision thereof and (2) all capital gains not included in adjusted gross income for purposes of federal income taxation as of such date, and from which shall be deducted (3) all capital losses not deducted for purposes of federal income taxation as of such date, (4) alimony paid, and (5) a personal exemption of six hundred dollars for each separate return and twelve hundred dollars for each joint return.

Sec. 3. A tax, at a rate to be determined as provided in sections 5 and 6 of this act, is hereby imposed in the year earned on (1) the taxable income, as defined in section 4 of this act, of all estates and trusts located in this state, and (2) upon the portion of such taxable income allocable to residents of this state of any estate or trust located outside this state.

Sec. 4. As used in section 3 of this act, taxable income shall mean the total income of such estate or trust as determined under the federal Internal Revenue Code of 1954 and amendments thereto as of January 1, 1963, to which shall be added all interest received on the securities of any state or any political subdivision thereof, and from which shall be deducted (1) the expense of earning income not deducted for purposes of federal income taxation as of such date, (2) any dividend exclusion allowed for purposes of federal income taxation as of such date, and (3) the income distributable to beneficiaries and included in their income for purposes of federal income taxation as of such date.

Sec. 5. The rate of the tax imposed by sections 1 and 3 of this act shall be determined by the State Board of Equalization and Assessment on or before September 1 of each year. In determining such rate, the board shall (1) determine the fixed appropriations from the General Fund from a certified statement of all appropriations made by the last session of the Legislature, which statement the Auditor of Public Accounts shall prepare and furnish to the board on or before August 1, (2) determine the amounts necessary for the various special funds described in Legislative Bill 613, Seventy-third Session, Nebraska State Legislature, 1963, and (3) estimate the total taxable income, as defined in sections 2 and 4 of this act, for the ensuing calendar year. The rate for each year shall provide for one half of the appropriation and special funds for the biennium less the unappropriated miscellaneous receipts and fees to the General Fund estimated annually in advance. In the calendar year in which the Legislature convenes, the rate shall also include the appropriations for the legislative session, all miscellaneous claims, deficiency bills, and emergency appropriations payable from the General Fund.

Sec. 6. The rate for the General Fund, as determined under section 5 of this act, shall be not less than five nor more than ten per cent in excess of the amount of the appropriations and special funds, less the deductions, for the year for which the rate is determined.

Sec. 7. (1) Except as provided in subsection (3) of this section, every natural person resident in this state and having taxable income as defined in section 2 of this act shall, on or before April

15 of each year, submit to the Tax Commissioner, on forms to be prescribed by him, a report showing all taxable income received by him in the immediately preceding calendar year and pay the tax imposed by section 1 of this act. Married persons may submit such report and pay such tax either separately or jointly. The guardian or conservator of any person under guardianship or conservatorship shall submit such report and pay such tax on behalf of his ward.

(2) Except as provided in subsection (3) of this section, the fiduciary of every estate or trust on which a tax is imposed by section 3 of this act shall, on or before April 15 of each year, submit to the Tax Commissioner, on forms to be prescribed by him, a report of all taxable income received by such trust in the immediately preceding calendar year and pay the tax imposed by section 3 of this act. The executor or administrator of the estate of any person who (a) died during such immediately preceding calendar year and (b) during such year and prior to his death had, on or before April 15, or as provided in subsection (3) of this section, taxable income, shall separately report such income and pay the tax thereon, except that, upon certificate of the court in which such executor or administrator was appointed that it is essential to the orderly administration of the estate to do so, the time for filing such report and payment of such tax may be extended not to exceed six months, with any tax the time for payment of which is so extended to draw interest at the rate of six per cent per year until paid.

(3) The Tax Commissioner, upon written application and for good cause shown, may permit the submission of reports and payment of taxes imposed by this act on the basis of a fiscal year other than the calendar year. Such permission shall only be granted upon a showing that it is justified by sound business or other economic reasons and that it will not hinder or impair the administration of this act. When such permission has been granted, the report of taxable income and payment of the tax thereon shall be due on or before the fifteenth day of the fourth calendar month following the close of the taxpayer's fiscal year. When such permission has been granted, no change shall be made from the fiscal year thereby established except upon similar application and showing. The report and payment of tax required by subsection (2) of this section by any executor or administrator on behalf of any decedent to whom such permission had been granted during his lifetime shall conform to the fiscal year so permitted.

Sec. 8. The rate determined as provided in sections 5 and 6 of this act shall apply to all taxes the final due date of which, without extension, falls within the calendar year following the

determination of such rate no matter when such tax shall actually be paid.

Sec. 9. The Tax Commissioner shall prescribe the form of all reports and applications required under the provisions of this act, and shall adopt necessary rules and regulations for the administration and enforcement of the provisions of this act and not inconsistent therewith.

Sec. 10. The tax imposed by this act shall upon notice thereof being filed by the Tax Commissioner in the office of the register of deeds of the county in which real property is located or in the office of the county clerk of the county in which personal property is located, be a lien upon all property, both real and personal, belonging to the natural person, estate, or trust liable therefor, subject to the rights of any prior purchaser encumbrancer of record and to the lien of any prior tax or special assessment. No charge shall be made for any notice filed under the provisions of this section or for the release of any such notice.

Sec. 11. Any tax imposed by this act and not paid within the time provided in section 7 of this act shall bear interest at the rate of six per cent from the due date until paid.

Sec. 12. The Tax Commissioner shall remit all proceeds of the tax imposed by this act to the State Treasurer for deposit in the state treasury to the credit of the General Fund.

Sec. 13. (1) Except as provided in subsection (2) of this section, any person who fails to submit any report or pay any tax imposed by the provisions of this act on or before the final due date thereof shall, unless it be shown that any such failure was the result of an innocent mistake or resulted from factors beyond the taxpayer's control, and could not in any way be deemed to be the result of an intent to avoid the submission of a lawful report or the payment of tax lawfully due, be guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine of not less than twice the amount of the tax due in addition to being required to pay such tax with interest as provided in section 11 of this act.

(2) Any person required by the provisions of this act to submit a report of taxable income who knowingly submits a false or fraudulent return shall be guilty of perjury and shall, upon conviction thereof, be punished accordingly.

Sec. 14. This act shall become operative January 1, 1965, and the tax imposed by this act shall first be imposed on taxable income received during 1965. All property taxes levied and as-

sessed for state purposes in 1964 and prior years shall be due and collected in the manner provided by law, but no property tax for state purposes shall be levied or assessed in 1965 and subsequent years.".

2. In the title, strike lines 2 to 8 and insert:

"FOR AN ACT relating to taxation; to impose a tax on income as prescribed; to define taxable income; to provide duties; to provide for determination of the tax rate; to provide for reports and payment of tax; to provide for forms, rules, regulations, and enforcement; to provide for liens; to provide penalties; to provide an operative date; and to provide for elimination of the property tax for state purposes.".

Standing Committee amendment to LB 425:

1. In section 1, strike lines 3 to 14 and insert:

"79-449. The school board or board of education may authorize or order the expulsion or suspension of any pupil from school for gross misdemeanors, immorality, persistent disobedience, or for violation of the regulations, rules, or policies established by the board, or when the presence of the pupil is detrimental to the best interests of the school; and it may confer upon any teacher, principal, or superintendent the power to suspend temporarily a pupil, notice of such suspension being given at once in writing to the president of the board, or to any administrator or teacher designated by the board. When the school board shall expel or suspend a pupil, the parents or legal guardians of the pupil shall be notified in writing of such expulsion or suspension and the reason or reasons for such action. The parents or legal guardians shall have the right to appeal such action to the school board at the first regular meeting of the board following the expulsion or suspension. When a pupil is suspended by the teacher, principal, or superintendent, as above provided, he may be readmitted by such teacher, principal, or superintendent, but when expelled or suspended by the board he may be readmitted only by the board or in the manner prescribed by the board; Provided, that such expulsion or suspension shall not extend beyond the close of the school semester.

The board may exclude from school any incorrigible child or any child who in its judgment is so abnormal that his attendance at school will be of no substantial benefit to him, or any child

whose presence in school may be injurious to the health or morals of other pupils or to the welfare of such school."

Nebraska Retirement Systems Advisory Committee Report

March 20, 1963

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Third Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The Nebraska Retirement Systems Advisory Committee is herewith submitting its third report to the Seventy-Third Session of the Nebraska Legislature on proposed retirement legislation. This report covers LB 512.

LB 512

Purpose of the Bill. This bill would create a retirement system for state employees not now covered by a retirement system.

Cost to the State. The bill as drafted contains a provision for past service. If the bill is adopted with this provision the estimated cost to the state at present would be $987,000. If the bill passes without the past service provision the estimated cost would be $725,000. Assuming that the past service provision is retained, it is estimated that approximately $511,000 of the total cost of $987,000 would come from the state property tax.

Committee's Recommendation. The Committee believes that it is time for the state to adopt a general retirement plan for all those state employees not now under separate plans. It believes this is greatly preferable to continuing on the piecemeal basis as in the past in the creation of separate retirement plans limited to certain categories of employees. The Committee also believes that LB 512 is a sound plan and that it is worthy of the Legislature's consideration as the starting point. The Committee does express reservations, however, as to the past service provision in this bill.

MOTION—Introduce Bill

Mr. President: I move that the Committee on Public Health be permitted to introduce a bill.

The vote of the committee on introduction of this bill was 5 ayes and 2 nays. (Signed) Terry Carpenter, Temporary Chairman
Committee on Public Health

STANDING COMMITTEE REPORTS

Miscellaneous Subjects

LEGISLATIVE BILL 571. Placed on General File as amended.

Standing Committee amendments to LB 571:

1. Amend section 1 of the bill by striking lines 1 to 10 and inserting the following:

"Section 1. It shall be unlawful for any person to sell or offer for sale or to use drain oil, or a mixture of drain oil and standard commercial fuels, for heating or power fuel purposes unless such drain oil has been reprocessed so as to reduce the combined water and solids content to a maximum of one per cent by weight and completely remove highly flammable aromatic hydrocarbons having a flash point of sixty degrees Fahrenheit or less, such as gasolines, toluol, benzol, methyl and ethyl alcohols, acetone, methyl ethyl ketone, etc.

For the purposes of this section, drain oil shall mean used lubricating oil which has been drained from any internal combustion engine. Any person violating the provisions of this section shall be guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine of not less than one hundred dollars and not more than one thousand dollars.".

LEGISLATIVE BILL 100. Placed on General File as amended.

Standing Committee amendment to LB 100:

Strike Sections 1 to 15. Insert in lieu thereof the following:

Section 1. There is hereby established for the State of Nebraska a plan to be known as medical assistance for the aged. The purpose of this plan shall be to pay for necessary medical care to the individuals and to the extent hereinafter provided.

Sec. 2. If provided in or after the third month before the month in which the recipient makes application, medical services and assistance included within the provisions and terms of this act consist of the following:

(1) Such portion of the reasonable cost of hospital care which exceeds fifty dollars in any one six-month period.

(2) Such portion of the reasonable cost of nursing care as may be ordered by a licensed physician and surgeon not to exceed three days in any one six-month period which exceeds twenty-five dollars in any one six-month period.

(3) Such portion of the reasonable cost of services of a physician licensed to practice medicine and surgery which exceeds twenty-five dollars in any one six-month period.

(4) Such portion of the reasonable cost of services of a doctor licensed to practice dentistry which exceeds twenty-five dollars in any one six-month period.

(5) Such portion of the reasonable cost of services of a doctor licensed to practice osteopathy which exceeds twenty-five dollars in any one six-month period.

(6) Such portion of the reasonable cost of services of a doctor licensed to practice chiropractic which exceeds twenty-five dollars in any one six-month period.

(7) Such portion of the reasonable cost of services of a doctor licensed to practice podiatry which exceeds twenty-five dollars in any one six-month period.

(8) Such portion of the reasonable cost of services of a doctor licensed to practice optometry which exceeds twenty-five dollars in any one six-month period.

(9) Such portion of the reasonable cost of drugs and medicines which may be prescribed by licensees mentioned in this section which exceeds twenty-five dollars in any one six-month period.

(10) Such portion of the reasonable cost of prosthetic appliances which may be prescribed by licensees mentioned in this section which exceeds twenty-five dollars in any one six-month period.

Sec. 3. Medical assistance for the aged shall not include care or services for any individual who is an inmate of a public institution (except as a patient in a medical institution) or any individual who is a patient in an institution for tuberculosis or mental diseases; or care or services for any individual who is a patient in a medical institution as a result of a diagnosis of tuberculosis or psychosis, with respect to any period after the individual has been a patient in such an institution, as a result of such diagnosis, for forty-two days.

Sec. 4. An individual shall be eligible to receive medical assistance for the aged provided he—

(1) Is a bona fide resident of the State of Nebraska.

(2) Has arrived at the age of sixty-five years.

(3) Has no parent, child or spouse residing in the State of Nebraska who is financially able to meet necessary medical expenses of the applicant; *Provided,* that if an applicant is in all other respects eligible, the county board of public welfare shall pay assistance for a period of time not to exceed sixty days while the ability of such parent, child or spouse to furnish such support is being investigated or for a reasonable time while suit is being brought to establish the liability of such parent, child or spouse to support, in whole or in part, such needy person; *and provided further,* that where the county board of public welfare in its investigation finds that a child or children have been estranged from their parent or parents for a period of more than ten years, assistance payments shall be made even though such relative may be financially able to furnish support. This provision shall not preclude the bringing of an action against such child for the purpose of requiring him to contribute toward the support of his parent or parents. When the applicant has a relative legally liable for medical expenses in accordance with the provisions of this paragraph, but said relative is unable to pay the expenses of such necessary medical services in full, and the applicant is otherwise eligible under the terms of this act, he shall receive medical assistance for the aged to the extent that said relative is unable to meet such expenses.

(4) If living alone, has a net annual income of fifteen hundred dollars or less or, if living with a spouse, the combined net annual income of husband and wife is twenty-one hundred dollars or less. Any portion of the income expended for purchase of health insurance shall be excluded in determining annual income for the pur-

poses of this section. When the applicant's income exceeds the amount specified in this paragraph, but he is otherwise eligible under the terms of this act, he may receive medical assistance for the aged in any year when he has expended the amount by which his income exceeds said amount for purchase of necessary medical services during said year.

(5) If living alone, has readily available resources not exceeding a combined cash value of seven hundred fifty dollars or, if living with a spouse, their resources do not exceed fifteen hundred dollars. In calculating the value of readily available resources, there shall be considered his or her interest in all real property and personal property except the following: (a) the home actually occupied by the applicant or the applicant's spouse, (b) reasonable furnishings for the home actually occupied by the applicant or the applicant's spouse, (c) reasonable wearing apparel and personal effects used in daily living, (d) when used to produce income, tools or property with a net value not to exceed three thousand dollars, and (e) the cash surrender value of life insurance not to exceed one thousand dollars.

(6) Has not deprived himself directly or indirectly of any property whatsoever for the purpose of qualifying for medical assistance for the aged.

(7) Has no health, accident or other insurance, or workmen's compensation benefits which provide payment for the required medical services.

(8) Is not a recipient of old age assistance, blind assistance, aid to the disabled, or aid to dependent children.

Sec. 5 From such sums as may be appropriated by the Legislature, payment shall be made by county warrant directly to the vendor of medical services provided for by this act. Such payment shall be made by the county in which the recipient has his residence.

Sec. 6. The county board of public welfare and the State Department of Public Welfare shall be entitled to file a claim for reimbursement against the estate of a deceased recipient of medical assistance for the aged to the extent of payments made during his or her lifetime; *Provided,* that no such claim shall be paid from said estate until after the death of the surviving spouse, if any, except to the extent that such claim involves a claim for payments erroneously or improperly made to said deceased recipient.

Sec. 7. The State Director of Public Welfare is hereby authorized to promulgate rules and regulations establishing maximum pay-

ments for medical services provided for by this act. The State Director of Public Welfare shall negotiate with such advisory committee or committees as may be designated by the professional associations furnishing health services or drugs.

Sec. 8. Information regarding applicants for or recipients of medical assistance for the aged shall be confidential and shall be used only for purposes directly connected with the administration of such assistance.

Sec. 9. Except when otherwise provided by this act, the agencies administering and supervising the administration of medical assistance for the aged, the right to make applications, the right to file appeals and have hearings, the general procedures for administration, the requirements for investigations and reinvestigations, and the making of reports shall, in the administration of medical assistance for the aged, be the same as provided for the administration of old age assistance.

Sec. 10. It is the purpose of this act to provide a program of medical assistance for the aged which qualifies the State of Nebraska to receive federal grant-in-aid funds made available to states by the Congress of the United States.

RESOLUTIONS

LEGISLATIVE RESOLUTION 26. Re: Livestock and Meat Prices.

Introduced by Arnold Ruhnke, Legislative District 22, Terry Carpenter, Legislative District 42, and William R. Skarda, Legislative District 7.

WHEREAS, livestock and meat prices are of major economic concern to ranchers, stock growers, feeders, and consumers, and therefor to every Nebraskan; and

WHEREAS, the Legislature has been asked by an administrative officer of the state to investigate the situation, but it has no authority under is rules and in the opinion of the Attorney General's office to investigate for other than obtaining information for the drafting of legislation; and

WHEREAS, the retail prices of meats show little change in the last six months although choice steers have dropped $7.00 per hundred live weight and one large Omaha retailer in November advertised T-bone at 98c and Sirloin at 89c. The same store advertised these cuts in late February at unchanged prices. A large chain had Porterhouse steak at $1.00, T-bone at 99c, and Sirloin at 79c last fall. In February, the corresponding prices were $1.09 and again, 99c, and 79c; and

WHEREAS, approximately eighty-five per cent of meat retailed is sold through multiple-owned stores.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Governor of Nebraska be requested to make inquiry immediately to try to solve the discrimination existing in the pricing of retail meat products under the authority of sections 81-119 and 81-201, Reissue Revised Statutes of Nebraska, 1943; *Provided,* that if additional funds are needed, he ask this body for same.

2. That a copy of this resolution, properly certified, be sent to Frank B. Morrison, Governor of Nebraska.

STANDING COMMITTEE REPORTS

Public Works

LEGISLATIVE BILL 220. Placed on General File as amended.

Standing Committee amendment to LB 220:

1. Amend the bill by striking sections 1 to 17 and inserting twenty new sections to read as follows:

"Section 1. In order to provide the citizens of the state with adequate electric service at as low overall cost as possible, consistent with sound business practices, it is the policy of this state to avoid and eliminate conflict and competition between public power districts, public power and irrigation districts, municipalities, electric membership associations, and cooperatives in furnishing electric energy to retail customers, to avoid and eliminate the duplication of facilities and resources which result therefrom, and to facilitate the settlement of rate disputes between suppliers of electricity.

Sec. 2. (1) All suppliers of electricity, including public power districts, public power and irrigation districts, municipalities, electric membership associations, and cooperatives, serving customers at retail in adjoining service areas shall have the authority to enter into written agreements with each other specifying either the service area or customers each shall serve with electric energy. Before such agreements shall be effective, except agreements referred to in subsection (2) of this section, they shall be submitted to and approved by the Nebraska Power Review Board created by section 3 of this act. In the event that such suppliers fail to consummate such agreements prior to July 1, 1964, except agreements referred to in subsection (2) of this section, the matter shall be referred to the Nebraska Power Review Board created by section 3 of this act.

(2) When two or more suppliers serve the same municipality at retail, such agreements shall specify the service areas within such municipality which each supplier is to serve.

(3) It is declared to be the purpose of this section to promote and encourage the making of such agreements. Such agreements may be amended by the parties thereto at any time, and, except agreements referred to in subsection (2) of this section, shall require the approval of the Nebraska Power Review Board, and they shall be submitted to the board for amendment upon the transfer of ownership or control of the facilities serving a service area.

Sec. 3. There is hereby established, within the Department of Water Resources, the Nebraska Power Review Board to consist of five members, one of whom shall be an engineer, one an attorney, one an accountant, and two lay persons. No person who is or who has within four years preceding his appointment been either a director, officer, or employee of any electric utility or an elective state officer shall be eligible for membership on the board. Members of the board shall be appointed by the Governor subject to the approval of the Legislature. Members of the board first appointed shall be appointed within thirty days of the effective date of this act. Of the members initially appointed, two shall serve until January 1, 1965, two until January 1, 1966, and one until January 1, 1967. Upon expiration of such terms, the successors shall be appointed for terms of four years. No member of the board shall serve more than two consecutive terms. Any vacancy on the board arising other than from the expiration of a term shall be filled by appointment for the unexpired portion of the term. Each member of the board shall receive fifty dollars per day for each day actually and necessarily engaged in the performance of his duties, but not to exceed five thousand dollars in any one year, and shall be reimbursed for his actual and necessary expenses while so engaged. The board shall have jurisdiction as provided in this act.

The board shall meet promptly after its members have been appointed. They shall elect from their members a chairman and a vice-chairman.

The Director of Water Resources shall serve as secretary of the board. The Department of Water Resources shall maintain all files and records of the board, issue all notices required by the provisions of this act, and otherwise perform such duties as the board may direct.

Expenses incurred by the board in connection with any proceeding before it shall be paid from the budget of the Department of Water Resources.

Decisions of the board shall require the approval of a majority of the members of the board.

Sec. 4. On or before July 1, 1964, each supplier which has become a party to an agreement under the provisions of section

2 of this act shall file with the secretary of the board a suitable map or maps, in such form as the board shall prescribe, showing either the service area or customers to be served. Whenever any changes occur in the service area, new maps shall be filed. Each supplier in the state which fails to file a map or maps on or before July 1, 1964, showing its service area or customers to be served as established by agreement shall file a statement with the secretary showing the service area and customers actually served by it, what it claims to be its service area, stating the reason it has not entered into agreements with suppliers in adjoining service areas, and if a dispute exists as to furnishing service to any service area, the nature and extent thereof. This section shall not apply to agreements referred to in subsection (2) of section 2 of this act.

Sec. 5. Any supplier may at any time on or after July 1, 1964, apply to the board to establish its service area. In such case and in all cases where agreements have not been entered into the secretary shall give written notice to the parties involved citing them to appear at a time, not less than thirty days hereafter, and at a place specified in the notice for a hearing upon the matter of establishing the service areas or customers to be concerned in the notice. The provisions of this section shall not apply to service within the corporate limits of any municipality.

Sec. 6. At the hearing the board shall hear testimony and receive other evidence relating to the matter and may continue the hearing from time to time. The board shall adopt such rules of procedure as are advisable and in conformity with law.

Sec. 7. After the hearing, the board shall make an order establishing the service areas in the matter covered by the notice. In determining any such matter, the board shall seek to carry out the policy stated in section 1 of this act. It shall give such consideration as is appropriate in each case to the following:

(1) The supplier best able to supply the load required;

(2) The most logical future supplier of the area;

(3) The desires of the supplier with respect to loads and service areas it wishes to serve;

(4) The ability to provide service at costs comparable to other suppliers in the service area; and

(5) The ability of the supplier to cope with the problems of expanding loads and increased costs.

Sec. 8. In the absence of an agreement between the suppliers affected and notwithstanding the provisions of subsections (1) to (5) of section 7 of this act:

(1) In the zoning area surrounding any municipality and outside the corporate limits thereof, the supplier which serves the municipality at retail shall have the right to serve such zoning area at retail except as to such customers as are presently served by other suppliers. The retail supplier of the municipality may acquire the facilities of other suppliers in such zoning area by negotiation.

(2) In determining the service area of a municipally-owned electric system, there shall be included, as a maximum, the corporate area of the municipality, the zoning area outside the corporate limits of such municipality, and the area beyond the zoning area which is presently being served by such municipality, including not more than the area one half mile on each side of the line presently used by such municipality to serve its existing customers, except for customers presently served by other suppliers.

Sec. 9. If two or more suppliers, one of which is municipally owned, serve the same municipality at retail, the municipally-owned supplier shall have first preference to acquire the service area, customers, and facilities of any other supplier providing service at retail within such part of the zoning area surrounding such municipality as it becomes annexed to such municipality.

Sec. 10. The board shall have authority upon application by a supplier at any time to modify service areas or customers to be served as previously established. The same procedures as to notice, hearing, and decision shall be followed as in the case of an original application. Suppliers shall have authority by agreement to change service areas or customers to be served with the approval of the board. This section shall not apply to agreements referred to in subsection (2) of section 2 of this act.

Sec. 11. Except by agreement of the suppliers involved, no supplier shall offer electric service to additional ultimate users outside its service area or construct a new electric line or extend an existing line into the service area of another supplier for the purpose of furnishing service to ultimate users therein without first applying to the board and receiving approval thereof, after due notice and hearing under rules and regulations of the board. Such approval shall be granted only if the board finds that the customer or customers proposed to be served cannot or will not be furnished adequate electric service by the supplier in whose service area the customer is located, or that the provision thereof by such supplier would involve wasteful and unwarranted duplication of facilities.

This section shall not apply to agreements referred to in subsection (2) of section 2 of this act.

Sec. 12. Before any electric generation facilities or any transmission lines or related facilities carrying more than seven hundred volts are constructed by any supplier other than a municipality within its corporate limits and its zoning area outside such corporate limits, an application, filed with the board and containing such information as the board shall prescribe, shall be approved by the board; *Provided,* that such approval shall not be required for the construction of a transmission line extension or related facilities within a supplier's own service area or for the construction of a line not exceeding one half mile outside its own service area when all owners of electric lines, communication lines, and railroads located within one half mile of the extension consent thereto in writing and such consents are filed with the board; *and provided further,* that such approval shall not be required of any municipal supplier for the construction or use within the county containing that municipality of any electric generation facility or any transmission lines connecting such generation facilities with the service area of such a municipal supplier where such facilities shall not be used to serve at retail any customers or service area not already within the service area of such municipality.

Sec. 13. Upon application being filed under section 12 of this act, the board shall fix a time and place for hearing and shall give ten days' notice by mail to such alternate power suppliers as it deems to be affected by the application. The hearing shall be had within thirty days and the board shall give its decision within ten days after the conclusion of the hearing. Any parties interested may appear, file objections, and offer evidence; *Provided,* the board may grant the application without notice or hearing, upon the filing of such waivers as it may require, if in its judgment the finding required by section 14 of this act can be made without a hearing. Such hearing shall be conducted as provided in section 6 of this act. The board may allow amendments to the application, in the interests of justice.

Sec. 14. After hearing, the board shall have authority to approve or deny the application. Before approval of an application, the board shall find that the application will serve the public convenience and necessity, and that the applicant can most economically and feasible supply the electric service resulting from the proposed construction, without unnecessary duplication of facilities or operations.

Sec. 15. If any generation facilities or any transmission lines or related facilities are constructed or customers served in violation

of the provisions of this act, such lines or facilities shall not be used, and the use of such facilities or service of such customers shall be enjoined, until the provisions of this act have been complied with, in an action brought by the board in the name of the State of Nebraska.

Sec. 16. An appeal may be taken to the Supreme Court from any final action of the board in the same manner as appeals are taken from decisions of the State Railway Commission.

Sec. 17. Any supplier of electricity at retail shall furnish service, upon application, to any applicant within the service area of such supplier. Any applicant may be required to bear the necessary expense to make the physical connection with the facilities of the supplier. If the supplier and the applicant cannot agree upon any of the terms under which service is to be furnished, or if the applicant alleges that the supplier is not treating all customers and applicants fairly and without discrimination, the matter shall be submitted to the board for hearing and determination.

Sec. 18. In the event of any dispute between suppliers concerning rates for service between such suppliers which cannot be settled by negotiations, the dispute shall be submitted to the board. The board may intervene in any such dispute on its own motion. Upon the submission of such dispute or the board's decision to intervene, the board shall set a time and place for hearing thereon and give notice as provided in section 13 of this act. Following such hearing the board shall make its recommendations for the settlement of such dispute, which recommendations shall be advisory only.

Sec. 19. In any proceeding had before it under the provisions of this act, the board shall have authority, by subpoena, to compel the attendance of witnesses, and the production of any books, papers, records, accounts, or other documents which may be necessary to assist in a determination of any matter pending before the board. If any person shall disobey any such subpoena or refuse to testify concerning any matter regarding which he may be lawfully interrogated, the district court of Lancaster County, upon application by the board, may compel obedience by proceedings for contempt as in the case of disobedience to the requirements of a subpoena issued from such court or a refusal to testify therein.

Sec. 20. That sections 70-401, 70-402, 70-403, 70-404, 70-405, and 70-406, Reissue Revised Statutes of Nebraska, 1943, and sections 86-327.01, 86-327.02, 86-327.03, 86-327.04, and 86-327.05, Revised Statutes Supplement, 1961, are repealed.".

2. In the title, strike lines 2 to 15 and insert:

"FOR AN ACT relating to public power; to define terms; to provide that suppliers of electricity may enter into agreements respecting the service area and customers which each shall serve at retail; to provide for the enforcement thereof; to provide for establishing the boundaries of the areas which each supplier shall serve at retail; to provide for the establishment of the Nebraska Power Review Board and to define its powers and duties; to regulate the construction of prescribed facilities; to provide for enforcement; to provide procedures and appeals; to provide subpoena power as prescribed; and to repeal sections 70-401, 70-402, 70-403, 70-404, 70-405, and 70-406, Reissue Revised Statutes of Nebraska, 1943, and sections 86-327.01, 86-327.02, 86-327.03, 86-327.04, and 86-327.05, Revised Statutes Supplement, 1961.".

LEGISLATIVE BILL 338. E and R amendments found in the Legislative Journal for the Fifty-fifth Day were adopted.

Mr. Brandt offered the following unanimous consent amendment, which was adopted:

1. Amend section 6 of the bill by striking lines 1 to 3 and all amendments thereto, and inserting in lieu thereof the following:

Sec. 6. *The inhabitants of territories annexed to such city shall receive substantially the benefits of other inhabitants of such city as soon as practicable, and adequate plans and necessary city*

council action to furnish such benefits as police, fire, snow removal and water must be adopted not later than one year after the date of annexation, and such inhabitants shall be subject to the ordinances and regulations of such city; Provided, that such one year period shall not begin to run until final court decision is made on any appeal taken from such annexation.".

Mr. Adamson offered the following unanimous consent amendment which was adopted, as a substitute for the amendment adopted on March 15, 1963, Fifty-third Legislative Day:

"city shall be presumed legal as to territories where the inhabitants do not appeal. Any legal owner of any territory annexed may appeal from the annexation ordinance to the District Court of the county in which such city is situated. Such appeal may be taken from the enactment of the ordinance as in other civil actions, but notice of appeal must be given within 30 days from the effective date of such annexation ordinance by filing written notice with the City Clerk and by causing a copy of the Petition on appeal to be served upon the city in the manner provided by law for service of a summons in a civil action. The city shall file its answer, if it desires to contest such appeal, within 30 days from the filing of the Petition on appeal and shall set forth in its answer the grounds for sustaining the ordinance and why the territory should not be eliminated from such annexation ordinance. The case shall be tried by a court as a suit in equity de novo, and the burden of proof shall be upon the city. The court may hear and determine in one suit the appeal of all persons appealing from the annexation ordinance, but shall make specific finding in reference to each tract of land set forth in a petition or petitions on appeal. If the court finds in favor of the petition or petitions, or any of them, it shall enter a decree accordingly. In all cases a decree finding that any of the territory described in the proceedings should be eliminated from the annexation ordinance, a certified copy shall be recorded in the office of the Clerk of the city affected thereby. Either party may prosecute appeal from the finding and decree of the District Court to the Supreme Court."

Advanced to E and R for engrossment.

"Sec. 2. That section 72-201, Revised Statutes Supplement, 1961, be amended to read as follows:

72-201. (1) The Board of Educational Lands and Funds shall consist of five members to be appointed by the Governor with the consent of a majority of the members elected to the Legislature. One member shall be appointed from each of the congressional districts as the districts were constituted on January 1, 1961, and a fifth member shall be appointed from the state at large. One member of the board shall be competent in the field of investments. The initial members shall be appointed to take office on October 1, 1955, and shall hold office for the following periods of time: The member from the first congressional district for one year; the member from the second congressional district for two years; the member from the third congressional district for three years; the member from the fourth congressional district for four years; and the member from the state at large for five years. As the terms of the members expire, the Governor shall appoint or reappoint a member of the board for a term of five years, except members appointed to fill vacancies whose tenures shall be the unexpired terms for which they shall be appointed. If the Legislature is not in session when such members, or some of them, are appointed by the Governor, such members shall take office and act as recess appointees until the Legislature next thereafter convenes. The compensation of the members shall be twenty dollars per day for each day's time actually engaged in the performance of the duties of their office. Each member shall also be paid his necessary traveling expenses incurred while away from his place of residence upon business of the board. The board shall cause all school, university, agricultural college, and normal school lands, owned by or the title to which may hereafter

vest in the state, to be registered, leased, and sold, as hereinafter provided, and shall have the general management and control of such lands, and make necessary rules not provided by law. The funds arising from these lands shall be disposed of in the manner provided by the Constitution, sections 72-201 to 72-252, and other laws of Nebraska not inconsistent herewith.

(2) No person shall be eligible to membership on the board who is actively engaged in the teaching profession, who holds or has any financial interest in a school land lease, who is a holder of or a candidate for any state office or a member of any state board or commission, or who has not resided in this state for at least three years.

(3) The board shall elect one of its members as chairman of the Board of Educational Lands and Funds. In the absence of the chairman, any member of the board may, upon motion duly carried, act in his behalf as such chairman. It shall keep a record of all proceedings and orders made by it. No order shall be made except upon the concurrence of at least three members of the board. It shall make all orders pertaining to the handling of all lands and funds set apart for educational purposes.

(4) The board shall maintain an office in the State Capitol at Lincoln and shall meet in its office not less than once each month.

(5) The board may nominate and, with the advice and consent of a majority of the members elected to the Legislature, appoint a secretary for the board, whose term of office, unless sooner removed by the board, shall be two years and until his successor shall be duly appointed and qualified. The compensation of the secretary shall be not to exceed ~~seven thousand five hundred~~ *eight thousand* dollars per annum, payable monthly, as fixed by the board."

STANDING COMMITTEE REPORTS

Labor and Public Welfare

LEGISLATIVE BILL 347. Placed on General File as amended.

Standing Committee amendments to LB 347:

1. Sec. 2, Sub-section 2, at line 6 by deleting the word "four" and inserting in lieu thereof the word "eight".

2. Sec. 10, at line 8 by deleting the words "one year" and inserting in lieu thereof the words "thirty days"; and in line 9 by deleting the words "one thousand dollars" and inserting in lieu thereof "one hundred dollars".

LEGISLATIVE BILL 364. Placed on General File.

LEGISLATIVE BILL 607. Placed on General File as amended.

Standing Committee amendments to LB 607:

1. Amend section 1 of the bill, line 27 by striking "through 900.00" and inserting *"and over"*, and by striking line 28.

2. Amend the bill by adding two new sections immediately after section 1 to be known as sections 2 and 3 and to read as follows:

"Sec. 2. That section 48-626, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

48-626. Any otherwise eligible individual shall be entitled during any benefit year to a total amount of benefits equal to whichever is the lesser of (1) twenty-six times his benefit amount or fifty-two benefit units, and (2) the number of benefit units equal to two-thirds of his wages in the employment of each employer per calendar quarter of his base period divided by his weekly benefit amount. Fractions of a unit less than one half shall be disregarded. Fractions of one half or more shall be considered a whole unit. Earnings of less than three-fourths of his weekly benefit amount during any calendar quarter in the employment of a base period employer shall not be included in computing such entitlement. *Should such individual be determined to have, during his base period, voluntarily left work without good cause, or to have been discharged for misconduct connected with his work, his total benefit amount during the benefit year, based on the employment from which he was so separated, shall be reduced by an amount equal to his weekly benefit amount multiplied by the number of weeks for which he was found disqualified.* For purposes of sections 48-623 to 48-626, wages shall be counted as wages for insured work for benefit purposes with respect to any benefit year only if such benefit year begins subsequent to the date on which the employer by whom such wages were paid has satisfied the conditions of section 48-603 or section 48-661 (c) with respect to becoming an employer. In order to determine the benefits due under this section and sections 48-624 and 48-625, each employer shall make reports in conformity with reasonable regulations adopted by the commissioner, of the wages of any claimant. If any such employer shall fail to make such report within the time prescribed, the commissioner may accept the statement of such claimant as to his wages, and any benefit payments based on such earnings and claimed prior to the time a report is filed by the employer will be final as to amount.

Sec. 3. That section 48-627, Revised Statutes Supplement, 1961, be amended to read as follows:

48-627. An unemployed individual shall be eligible to receive benefits with respect to any week, only if the Commissioner of Labor finds:

(a) He has registered for work at, and thereafter continued to report at, an employment office in accordance with such regulations as the commissioner may prescribe, except that the commissioner may, by regulation, waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations, with respect to which he finds that compliance with such requirements, would be oppressive, or would be inconsistent with the purposes of sections 48-601 to 48-669; *Provided,* that no such regulation shall conflict with section 48-623;

(b) He has made a claim for benefits, in accordance with the provisions of section 48-629;

(c) He is able to work, and is available for work; *Provided,* that no woman shall be deemed available, after she has voluntarily quit work due to pregnancy, nor shall any woman be eligible to receive benefits within twelve weeks prior to the expected date of childbirth and within four weeks after the date of childbirth in either of which cases the commissioner may require the production of a doctor's certificate to establish such date; *provided further,* that no individual, who is otherwise eligible, shall be deemed ineligible, or unavailable for work, because he is on vacation without pay during such week, if said vacation is not the result of his own action as distinguished from any collective action by a collective bargaining agent or other action beyond his individual control, and regardless of whether he or she has not been notified of said vacation at the time of his or her hiring; *and provided further,* that receipt of a non-service connected total disability pension by a veteran at the age of sixty-five or more, shall not of itself bar the veteran from benefits as not able to work;

(d) He has been unemployed for a waiting period of one week; no week shall be counted as a week of unemployment for the purpose of this subdivision (1) unless it occurs within the benefit year, which includes the week with respect to which he claims payment of benefits; *Provided,* that this requirement shall not interrupt the payment of benefits for ~~consecutive~~ *consecutive* weeks of unemployment; *and provided further,* that the week immediately preceding a benefit year, if part of one uninterrupted period of unemployment which continued into such benefit year, shall be deemed, for the purposes of this subdivision only, to be within such benefit year as well as within the preceding benefit year, (2) if benefits have been paid with respect thereto, or (3) unless the individual was eligible for benefits

with respect thereto, as provided in sections 48-627 and 48-628, except for the requirements of this subdivision and of subdivision (f) of section 48-628; and

(e) For any benefit year, he has, within any two calendar-quarters in his base period, been paid a total sum of wages for employment by employers equal to not less than four *six* hundred dollars, of which sum at least one *two* hundred dollars shall have been paid in each of said *two* quarters *in his base period.* For the purposes of this subdivision, wages shall be counted as wages for insured work for benefit purposes with respect to any benefit year only if such benefit year begins subsequent to the date on which the employer, by whom such wages were paid, has satisfied the conditions of section 48-603 or subsection (c) of section 48-661, with respect to becoming an employer.".

3. Amend the bill by renumbering original sections 2 and 3 as sections 4 and 5, respectively.

4. Amend renumbered section 4 of the bill, line 6 by reinstating the stricken matter, and line 8 by reinstating the stricken matter and striking the new matter.

5. Amend renumbered section 5, line 1 by striking "section 48-624" and inserting "sections 48-624 and 48-626", and line 2 by striking "section" and inserting "sections 48-627 and".

6. Amend the title to conform.

Mr. Brandt offered the following amendments which were adopted:

Section 3. Whenever the Board of Trustees of a Village in the State of Nebraska, by three-fourths vote of the members elected to its Board, shall by Ordinance determine the necessity of constructing street improvements within the Village, which improvements are in the nature of a general benefit to the whole community, and consist of graveling, base stabilization, oiling, or other improvements to the streets, but which improvements do not consist of curb and gutter or asphalt or concrete pavings, the Chairman and Board of Trustees may by said Ordinance, provide for the levy and collection of a special tax of not exceeding 5 mills against all the taxable property in the Village for a period of not to exceed five (5) years and to use the proceeds of such special tax only to pay the cost of such improvements.

Section 4. Any such levy shall not be considered within the 25 mill limitation on the Village for the levy of taxes as contained in Sec. 17-702 (1) Reissue Revised Statutes of Nebraska, 1943.

Section 5. In order to construct the improvements as outlined above pursuant to such determination of necessity, the Chairman and Board of Trustees may let contracts and in payment thereof issue warrants in an amount not exceeding 85% of the amount of taxes to be collected. In order to allow the construction of the contemplated improvements immediately, the Chairman and Board of Trustees may issue warrants to pay for said improvements in the amount of 85% of the total amount of the estimated taxes to be collected over the period of years provided for said levy; the amount of said warrants authorized to be issued to be based upon the amount of revenue to be raised by the number of mills to be levied and the assessed valuation of the taxable property in the Village at the time the determination of necessity is made by ordinance multiplied by the number of years the tax has to run. Said warrants shall not bear interest in excess of six per centum (6%) per annum, can be issued in such denominations as may be

convenient, and shall be paid from the collection of the special tax levy.

Section 6. Since an emergency exists, this act shall be in full force and take effect from and after its passage and approval according to law.

1. Amend section 3 of the bill, line 3 by striking "not", and by striking line 5 and inserting *"holic liquor at retail for any member."*.

2. Amend section 4 of the bill, line 94 by striking "ten" and inserting *"twenty"*, lines 95 and 96 by striking "twenty-five" and inserting *"fifty"*, line 100 by striking "fifty" and inserting *"one hundred"*, line 104 by striking "one" and inserting *"two"*, line 109 by striking ", payment to the commission", line 110 by striking "twenty-five" and inserting *"two hundred fifty"*, line 145 by insert-

ing *"payment to the city or village treasurer"* after "premises", line 146 by striking "ten" and inserting *"twenty"*, lines 147 and 148 by striking "twenty-five" and inserting *"fifty"*, line 152 by striking "fifty" and inserting *"one hundred"*, line 155 by striking "one" and inserting *"two"*, line 160 by striking "commission" and inserting *"county treasurer"*, and line 161 by striking "twenty-five" and inserting *"two hundred fifty"*.

3. Amend the bill by striking sections 5 and 6 and inserting 4 new sections to be known as sections 5, 6, 7, and 8, and to read as follows:

"Sec. 5. *The procedure and all other requirements set forth in sections 53-131, 53-132, 53-133, 53-134, 53-135, and 53-135.01 with respect to retail licenses shall in all respects be applicable to and be followed in the case of bottle club licenses provided for in subdivision (9) of section 53-124.*

Sec. 6. That section 53-122, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

53-122. The commission may issue licenses for the sale of alcoholic liquors, except beer, by the drink, subject to all the terms and conditions of this act, in all cities and villages in this state except in those cases where it shall affirmatively appear that the issuance thereof will rended null and void prior conveyances of land thereto for public uses and purposes by purchase, gift or devise under the conditions and in the manner hereinafter provided. If a sufficient petition shall be signed by the electors of any such city or village of such number as shall equal twenty per cent of the votes cast at the last general election held therein, which shall request that the question of licensing the sale of alcoholic liquors, except beer, therein by the drink be submitted to the electors thereof, at a special election to be called for that purpose, as hereinafter provided, and shall be presented to the municipal clerk of the governing body thereof, the municipal clerk shall cause to be published one time in a legal newspaper published in or of general circulation in such city or village a notice of a special election to be held not less than ten days nor more than twenty days from the date of such publication. The notice shall state therein the proposition to be submitted to the electors at such special election. The question of licensing the sale of such alcoholic liquors either by the drink or in the original package, or both by the drink and in the original package, as the case may be, may also be submitted at any general municipal election, except as otherwise provided in section 53-121, in any city or village in this state subject to the following conditions or procedure: Upon the filing with the municipal clerk of the gov-

erning body of such city or village of a petition signed by electors of such city or village of such number as shall equal twenty per cent of the votes cast at the last general election held therein, such proposition or propositions shall be submitted. Each sheet of each petition shall contain not more than thirty signatures of electors with their personal signatures, addresses, and the date of signatures, all in their own handwriting. If residing within a city where the electors are required to be registered, the signature shall be the same as it appears upon the registration records. At the top of each sheet shall be stated the proposition or propositions to be submitted and the date of the general municipal election at which it is proposed to be submitted. No signature on such petition shall be valid unless appended to the petition within the last ninety days prior to the date of filing the petition with the governing body of the city or village. At the bottom of each sheet of such petition shall be the affidavit of the person who circulated same, stating that the signatures to the petition were made in his presence, that he has reasonable cause to believe that they are qualified electors of the particular city or village, and that they are the persons they represent themselves to be. Such petition shall be filed thirty days prior to the day of the general municipal election at which the proposition is to be submitted, and during such thirty-day period no signature shall be withdrawn and no signature shall be added. Whoever signs any proposal or petition contemplated under this section, knowing that he is not a qualified elector in the place where such proposal or petition is made, or who aids or abets any other person in doing any of the acts mentioned, or whoever bribes, gives or pays any money or thing of value to any person directly or indirectly, to induce him to sign such proposal or petition, shall upon conviction thereof be punished by a fine of not exceeding three hundred dollars or by imprisonment in the county jail not exceeding ninety days, or by both such fine and imprisonment, in the discretion of the court.

Upon the ballot either at the special election hereinbefore provided or at any general municipal election, the proposition or propositions shall be stated as follows:

Shall the sale of alcoholic liquors except beer by the drink be licensed in (here insert the name of the city or village)?

For license to sell by drink.

Against license to sell by drink.

Shall the sale of alcoholic liquors except beer by the package be licensed in (here insert the name of the city or village)?

For license to sell by the package.

Against license to sell by the package.

The provisions of the statutes of this state relating to election officers, voting places, election apparatus and blanks, preparation and form of ballots, information to voters, delivery of ballots, calling of elections, conduct of elections, manner of voting, counting of votes, records and certificates of elections, and recounts of votes, so far as applicable, shall apply to voting on the proposition or propositions under the provisions of this act; and a majority vote of those voting on the question shall be mandatory upon the commission.

The provisions of subdivisions (5) G or (9) of section 53-124, shall not be subject to the provisions of this section.

Sec. 7. That section 53-123.02, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

53-123.02. An alcoholic liquor distributor's license (except beer) shall allow the wholesale purchase, importation, and storage of alcoholic liquors and sale of alcoholic liquors (except beer) to licensees in this state *except bottle club licensees,* and to such persons without the state as may be permitted by law; and shall permit the purchase of such alcoholic liquor in barrels, casks or other bulk containers and the bottling of such alcoholic liquors before resale thereof, but all bottles or containers so filled shall be sealed, labeled, stamped, and otherwise made to comply with all provisions, rules, and regulations governing manufacturers in the preparation and bottling of alcoholic liquors and comply with all federal rules, regulations and laws.

Sec. 8. That section 53-123.03, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

53-123.03. A beer distributor's license shall allow the wholesale purchase, importation and storage of beer and sale of beer to licensees in this state *except bottle club licensees,* and to such persons without the state as may be permitted by law, and shall allow the licensee to do all things incident to the carrying on of the wholesale beer business.".

4. Amend the bill by renumbering sections 7 to 11 as sections 8 to 12.

5. Amend renumbered section 8, lines 13 to 16 making a separate paragraph thereof.

6. Amend renumbered section 12, line 1 by striking "53-123" and inserting "53-122, 53-123, 53-123.02, and 53-123.03".

SPECIAL COMMITTEE REPORT

April 3, 1963

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Third Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The Nebraska Retirement Systems Advisory Committee is herewith submitting its fourth report to the Seventy-Third Session of the Nebraska Legislature on proposed retirement legislation. This report covers LB 256, LB 351, and LB 535. These bills will all be given public hearings before the Education Committee on April 4.

LB 256

Purpose of the Bill. This bill would make four major changes in the state teachers retirement system. They are as follows:

(1) It would increase from 5 years to 10 years the service requirement for eligibility to receive a retirement annuity and would require that a member terminating with less than 10 years of service take his accumulated contributions in cash. The bill would also require that a member terminating with 10 or more years of service leave his contributions in the system and accept the state service annuity.

(2) At the present time the service annuity is $1.50 per month for each year of creditable service with a maximum of 35 years. This bill would increase this to $1.50 for each of the first 10 years; $2.00 for each of the next 10 years; $2.50 for each of the next ten years; and $3.00 for each year thereafter.

(3) This bill would grant a death benefit to non-retired members who die after 25 or more years of creditable service. The death benefit would consist of a percentage of the state service annuity credited to the date of death and this payment would be made to the beneficiary for 120 months. The percentage would be 50 for 25 years of service, 75 for 30 years of service, and 100 for 35 years of service.

(4) Finally the bill would change the contributions from 5% of the first $2400 to 3½% of total earnings. This would increase the contribution for everyone with an annual salary of $3429 or more.

Cost to the State. The first change (termination benefit) would result in no increased cost to the state, and would result in a de-

crease in the unfunded liability of the system of $408,000. The second proposed change (in the service annuity) would increase the unfunded liability of the system by $15,732,000, of which $6,348,000 would be for members already retired. It is also estimated that this provision would result in an annual cost of $343,000 for future service—if the future service costs were paid for as they are incurred. The third proposed change (death benefit) would cost $292,000 per year if properly funded. The fourth proposed change (members deposits) would result in no significant cost to the state.

In summary, the whole bill would result in an immediate increase in the unfunded liability of $15,324,000 and an additional annual cost of $635,000.

Committee's Recommendation. The Committee recommends that this bill not be passed.

Reasons For Committee Recommendation. As of June 30, 1962, the unfunded liability of the teachers retirement system was $28,374,000. The Legislature has attempted to fund the plan by the special half-mill levy, but since the liability has consistently increased, it is obvious the levy is not enough. This bill would result in an additional unfunded liability of $15,324,000, which would make a total of $43,698,000. The bill makes no provision for the payment of the increased benefits proposed.

LB 351

Purpose of the Bill. This bill concerns the retirement system for Omaha teachers. It provides for the elimination of the deduction of the state service annuity from the retirement allowance paid by the Omaha system. It also provides for a change in the membership of the board of trustees of the system.

At the present time, the retirement allowance for an Omaha school employee is computed from a formula. The Omaha system pays an allowance equal to the formula allowance less the service annuity paid by the state. The financial effect is that the state reimburses the Omaha system by the amount of the state service annuity and the retired employee receives, in total, the formula allowance.

Under this bill, the retired employee would receive the formula allowance plus the state service annuity so that the retirement allowance would be increased by the amount of the state service annuity. The increase would apparently apply to employees who have already retired.

Cost to the State. This bill would result in no cost to the state. The cost of the increase would be borne by the Omaha system. It is estimated that this bill would increase the liabilities of the system by about $3,500,000.

Committee Recommendation. The Committee recommends that the bill be passed.

Reasons For Committee Recommendation. This bill does not directly affect the state or its retirement systems, but is purely a concern of the Omaha teachers and the Board of Education. If they desire such a bill this Committee sees no reason why it should not be passed.

LB 535

Purpose of the Bill. This bill would make the following 3 changes in the state teachers retirement system:

(1) The present law requires that in order to become an emeritus member a person must apply to the retirement board and receive approval from the board. This bill would make it unnecessary for the board to grant approval provided the school district or agency made proper certification to the board.

(2) The state service annuity would be changed from $1.50 per month for each year of service to $2.00. This would apply to retired members, to present employees, and to non-retired former employees who have not withdrawn their contributions.

(3) The present law provides that no more than 35 years of service may be counted in computing the service annuity. This bill would eliminate the 35-year limit. This provision would also apply to retired, active, and terminated members.

Cost to the State. It is estimated that this bill would increase the unfunded liability of the system by $11,708,000.

Committee Recommendation. The Committee is making no recommendation at this time whether the bill should be passed or not.

Reasons For Committee Recommendation. This bill is subject to the same major criticism as LB 256, that is, it increases the liability of the system measureably but makes no provision for paying for the increased benefits proposed. However, the Committee has been advised by the introducer that a number of amendments will be offered to the bill at the time of the public hearing, and that they will remove some of the objections voiced to the bill by the consulting actuary.

RESOLUTIONS

LEGISLATIVE RESOLUTION 28. Re: Nebraska Property Tax

Introduced by Terry Carpenter, Legislative District 42.

WHEREAS, four governmental agencies have responsibilities in the administration of the property tax in Nebraska as follows: (1) the county assessor who appraises all classes of property except that appraised by the State Board of Equalization and Assessment; (2) the county board sitting as a board of equalization to adjudicate the values of individual parcels or classes of property within the county; (3) the State Tax Commissioner who supervises assessment procedures statewide; and (4) the State Board of Equalization and

Assessment which equalizes assessed values of classes of property among counties and assesses railroads and certain other properties; and

WHEREAS, the efficiency, uniformity, and productivity of the property tax system depends on proper administration and enforcement at each stage; and

WHEREAS, it is known that inequities exist which are due in part to faulty administration or enforcement of the tax laws; and

WHEREAS, the property tax will remain the principal source of revenue for local governments even if the state tax base is broadened.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Legislative Council appoint a committee of five members to conduct a study of the administration and enforcement of the property tax in Nebraska.

2. That the study include the responsibilities of the State Tax Commissioner, the State Board of Equalization and Assessment, the county boards, the county assessors, the county attorney, the county sheriff, and the county treasurer, and the degree to which they are being carried out according to law.

3. That the Attorney General of Nebraska be instructed to provide assistance to the committee as needed.

4. That the committee be authorized to exercise the Legislative Council's power of subpoena when necessary.

5. That the sum of five thousand dollars be appropriated by the Legislature to defray the costs of the study.

6. That the committee report to the next regular session of the Legislature its findings and conclusions together with its recommendations.

Referred to the Legislative Council Executive Board.

MOTION—Introduce Bill

Mr. President: I move that the Committee on Agriculture be permitted to introduce a bill relating to extending the limitation on the expiration of weed eradication districts.

MOTION BY STATE BUILDING COMMISSION

March 13, 1963

Re: Legislative Resolution No. 3

It was moved by Mr. Havelone that the following report be made by the State Building Commission to the Legislature:

WHEREAS, Legislative Resolution No. 3 introduced by Senator Carpenter requires this Commission to report to the present session of the Legislature on the feasibility of constructing on a site adjacent to the present capitol building, a state office building adequate to the needs of the Department of Roads and with provision for additions to such building as funds become available from time to time to relieve crowded conditions in the state capitol and to provide needed office space for other Departments; and

WHEREAS, the space situation in the capitol building has become critical and that during the last past several years a considerable number of state activities have been moved from the capitol building to other sites within Lincoln owned by the state and into rented office space; that at the present time office space is being rented by the Department of Roads at four different locations; the entire Liquor Commission is renting office space adjacent to the capitol building; the Department of Labor is almost completely housed in rented space; that the Game, Forestation & Parks Commission, Department of Resources, and the Military Department have moved a considerable amount of office personnel from the capitol building, yet the overcrowded conditions and critical space shortage remains in the building; and

WHEREAS, the Department of Roads occupies a considerable percentage of the available office space within the capitol building and that the removal of the Department of Roads from the building would offer temporary relief from the congestion and overcrowded conditions until plans can be formulated and money made available for an additional and adequate state office building; and

WHEREAS, the Department of Roads has sufficient funds available for the construction of an office building for that Department, and has indicated a desire to construct such a building upon land

belonging to the Department located near 14th and Burnham Streets in Lincoln, at which site the Department now has located their testing laboratory and an office building; that such building would be of adequate size to properly house all Department of Roads personnel now headquartered in the capitol building and those now occupying rented space throughout Lincoln relieving their present crowded conditions and would provide space for anticipated growth; and

WHEREAS, the architect making a space study for the Commission has pointed out that efficiency should control the location of the new building for the Department of Roads and that a division of the Department to two separate locations is most inconvenient and inefficient, and that the cost of erecting an office building at the south Lincoln location would be considerably cheaper per square foot of space from the elimination of the aesthetic need to build in conformity with the neighboring capitol building; and

WHEREAS, in addition to the space problem the problem of parking is becoming increasingly severe resulting from increased personnel in the capitol building, in the development of the area immediately surrounding the capitol building and from the expansion of the business district of Lincoln southward and nearer to the capitol building and that the moving of the Department of Roads to the 14th and Burnham location will also aid in relieving the parking situation.

NOW, THEREFORE, BE IT RESOLVED BY THE STATE BUILDING COMMISSION:

1. That answer be made to Legislative Resolution 3 by recommending that in the interest of efficient operation of the Department of Roads that an office building should be constructed as soon as possible at the site owned by the Department and where their testing laboratory and office building are now located, that such building should be of adequate size to properly house all Department personnel now headquartered in the capitol building and those now occupying rented space at various locations throughout Lincoln, to relieve their present crowded conditions, and to provide space for anticipated growth.

2. That the Commission continue their study and make a later report on the possibility of providing laboratory space other than in the state capitol building for the Health Department and Agriculture Department laboratories now housed in the building, such laboratories being objectionable from both a health and safety standpoint and their removal would aid considerably in immediately giving additional relief to the space problem.

3. That the consultant aiding in the space study be instructed to include in his final report conclusion and recommendations concerning the need for additional office space necessary to adequately provide for both present and future state government needs, as well as to recommend the desirable location and type of building which will best serve government purposes giving consideration to function, aesthetics, and cost.

Seconded by Mr. Smith.

Carried.

Mr. Stromer asked that the following letter be read and made a part of the Legislative Journal.

State of Nebraska
LIQUOR CONTROL COMMISSION
State House, Lincoln 9

April 3, 1963

Senator Marvin E. Stromer, Vice Chairman
Committee on Government and Military Affairs

Nebraska State Legislature
Lincoln, Nebraska

Dear Senator:

Our attention has just been directed to the statement of the Committee on Government and Military Affairs reporting L.B. 21, the so-called "Bottle Club" bill, to General File for consideration by the Legislature.

In that statement you include a statement that the "bill is endorsed by the State Liquor Commission". May we most respectfully call your attention to the fact that this Commission has never taken any position either endorsing or opposing this measure. We feel that this is purely a legislative problem. We will do our best to administer intelligently and effectively any measure passed by the Legislature and approved by the Governor.

In order that the bill, if enacted into law, will present as few administrative problems as possible, certain amendments have been suggested by us to sponsors of this legislation. Some of those amendments have been favorably acted upon by your committee. This has been the only part taken by the Commission or any of it's members with respect to L.B. 21.

We do not oppose the bill; neither do we endorse it. We are willing to abide by the decision of the Legislature in this matter. We will appreciate it if you will correct any possible misconception in the minds of the Legislators or the public which may have been caused by the mistaken statement that L.B. 21 carries the endorsement of the Liquor Control Commission.

Very respectfully yours,

NEBRASKA LIQUOR CONTROL COMMISSION

LEGISLATIVE BILL 489. Placed on General File as amended.

Standing Committee amendments to LB 489:

1. Strike sections 1 to 3 and insert two new sections as follows:

"Section 1. The Legislature finds that the pumping of water for irrigation purposes from pits located within fifty feet of the bank of any natural stream may have a direct effect on the surface flow of such stream.

Sec. 2. The use of water described in section 1 of this act may only be made after securing a permit from the Department of Water Resources for such use. In approving or disapproving applications for such permits, the Director of Water Resources shall take into account the effect that such pumping may have on the amount of water in the stream and its ability to meet the requirements of appropriators from the stream.".

2. In the title, strike lines 2 to 5 and insert:

"FOR AN ACT relating to ground water; to make a legislative finding; and to provide for the taking of water for irrigation purposes from pits near any natural stream as prescribed.".

(Signed) Cecil Craft, Vice-Chairman

MOTION—Expedite LB 173, LB 49 and LB 82

Mr. President: I move that Legislative Bill 173 be processed expeditiously by Enrollment and Review both for review and for engrossment but without interrupting the flow of bills to select file and to final reading, and that the same instructions apply to Legislative Bills 49 and 82, as they are advanced by this body. (Signed) Terry Carpenter

The motion prevailed.

RESOLUTIONS

LEGISLATIVE RESOLUTION 29. Re: Review of Lease contracts by Department of Aeronautics, before effective date of LB 75.

Introduced by Arnold Ruhnke, District 22 and Eric Rasmussen, District 23.

WHEREAS, the Seventy-third Session of the Nebraska State Legislature enacted into law Legislative Bill 75 which has been approved by the Governor; and

WHEREAS, Legislative Bill 75 provides that certain lands shall be attached to a school district and by doing so certain personal property will be subject to a tax for school purposes; and

WHEREAS, the Department of Aeronautics has entered into lease contracts previous to the effective date of Legislative Bill 75.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That the Department of Aeronautics review their lease contracts entered into before the effective date of Legislative Bill 75 to see that no unfair burden of tax is placed on such lessees.

MOTION—Introduce Bill

Mr. President: I move that a new bill be introduced.

Intent of new bill—to be introduced by the Labor and Public Welfare Committee.

The language in Section 23-343, which reads "an indigent hospital, a home for aged persons or a county community hospital" is not all used in the remaining implementing sections (23-343 to 23-343.19) in that the phrase, "a home for the aged persons" is left out.

This bill will merely bring into conformity Sections 23-343 to 23-343.19 inclusive.

The Committee on Labor and Public Welfare voted unanimously to introduce this bill. (Signed) W. H. Hasebroock, Chairman

Permission to introduce the bill was granted with 36 ayes, 0 nays and 7 not voting.

BILLS ON FIRST READING

The following bill was read for the first time by title:

LEGISLATIVE BILL 775. By Committee on Labor and Public Welfare, W. H. Hasebroock, Legislative District 12, Chairman.

MOTION—Introduce Bill

Mr. President: I move that the Committee on Revenue be permitted to introduce a bill calling for a constitutional amendment making permissive hound racing in the State of Nebraska.

The bill would permit the Legislature to license and regulate the wagering on results of hound racing by the pari-mutuel or certificate method. This would be proposed to the electors at the general election in November, 1964.

It was the intent of the committee that this could be an additional source of revenue to the State of Nebraska, county fairs, or any political subdivision.

The Committee voted to introduce the bill with 5 ayes and 2 not voting. (Signed) J. W. Burbach, Chairman
Revenue Committee

Permission to introduce the bill was granted with 28 ayes, 5 nays and 10 not voting.

BILLS ON FIRST READING

The following bill was read for the first time by title:

LEGISLATIVE BILL 780 By Committee on Revenue, J. W. Burbach, Legislative District 14, Chairman.

A BILL FOR AN ACT for submission to the electors of an amendment to Article III, section 24, of the Constitution of Nebraska, relating to legislative power; to permit the Legislature to license and regulate the wagering on results of hound races by the pari-mutuel or certificate method; to provide for the submission of the proposed amendment to the electors at the general election in November, 1964; to provide for the manner of submission and form of ballot; and to provide the effective date thereof.

MOTION—LB 764

Mr. President: I move that LB 764 be placed on General File and that this motion be considered by the Legislature on April 17, 1963. (Signed) Clifton N. Foster.

RESOLUTIONS

LEGISLATIVE RESOLUTION 31. Re: Fort Omaha - United States Naval Reserve Training Command.

Introduced by: Michael P. Russillo, District 9, Sam Klaver, District 6, Eugene T. Mahoney, District 8, William R. Skarda, Jr., District 7, William Moulton, District 10, George Syas, District 4 and Edward R. Danner, District 5.

WHEREAS, Fort Omaha has had a long and outstanding reputation of being a command post in the great plains, which the people in the middle west desire; and

WHEREAS, at Fort Omaha, there are located sixteen military activities of all services; and

WHEREAS, the United States Naval Reserve Training Command administers the training efforts of over forty thousand officers and eighty-five thousand enlisted personnel throughout the United States; and

WHEREAS, the United States Naval Reserve Training Command administers four hundred fifty naval reserve training facilities; and

WHEREAS, the United States Naval Reserve Training Command operates eighty-eight naval reserve training ships including destroyers and submarines; and

WHEREAS, Fort Omaha employs two hundred fifty-one personnel including both military and civilians; and

WHEREAS, to move the military activities from Fort Omaha to other locations both local and elsewhere in the United States cannot be accomplished without marked increase in costs to the people of the United States to carry out the same military functions; and

WHEREAS, any attempt to move the United States Naval Reserve Training Command from Omaha to another location would leave the great plains of the United States without a centrally located naval headquarters, which the people of the great plains desire shall be kept in Fort Omaha, and which has become a focal point of naval interest and military security.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That Fort Omaha be retained as the Headquarters of the United States Naval Reserve Training Command and the other fifteen military facilities.

2. That copies of this Resolution be suitably engrossed by the Clerk of the Legislature and be transmitted by him to the President of the United States, the Senators and Representatives from Nebraska, the Secretary of Defense, the Secretary of the Navy, the Secretary of the Army, and the Secretary of the Air Force.

3. That the Governor of the State of Nebraska do his utmost to support this Resolution.

RESOLUTIONS

LEGISLATIVE RESOLUTION 32. Re: In Memory of Henry Behrens

Introduced by: W. H. Hasebroock, District 12.

WHEREAS, Henry Behrens died at Los Angeles, California, on April 13, 1963, and will be laid to rest on April 18 in the cemetery at West Point, Nebraska. He was born April 7, 1864, on a farm in Benton County, Missouri, of German parents. He was educated in public schools in Missouri and came to Nebraska in 1886. He served in the House of Representatives of this state in 1917, 1919, and 1921, and served in the Senate of this state in 1923, 1925, 1927, and 1931. He served as a member of the Board of Control. While a resident of Nebraska he was a farmer and was an active officer in the First National Bank of Beemer. He was married to Elizabeth Sila and two children were born of this marriage. His wife predeceased him but he leaves two daughters, Mrs. Marguerite Kloth and Mrs. Elizabeth Weber of Los Angeles, surviving.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-THIRD SESSION ASSEMBLED:

1. That we pause for a moment in our deliberations and stand in humility and reverence in honor of our departed member, Henry Behrens, who served so loyally and ably as a member of the Nebraska State Legislature.

2. That the Clerk of the Legislature be directed to spread at large on the Legislative Journal this resolution, and that a copy of said resolution, properly authenticated and suitably engrossed, be sent by the Clerk to the bereaved family of our departed colleague, as an expression of our respect for the deceased, and our sympathy for the bereaved.

MOTION—Suspend Rules

Mr. Hasebroock moved that the rules be suspended and that LR 32 be adopted today. The motion prevailed with 34 ayes, 0 nays and 9 not voting.
